MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. Indian Economy

According to the second advance estimates for FY24-25 released by MoSPI, India's real GDP growth is projected at 6.5% for FY24-25, lower than the average growth of 8.8% recorded during FY23-24. On a quarterly basis, growth is estimated at 6.5% for Q1FY25, 5.6% for Q2FY25, and 6.2% for Q3FY25. The slowdown in economic activity in FY24-25 can be largely attributed to weakness in industrial sectors, namely manufacturing, electricity and mining—which tempered overall growth. On the demand side, urban consumption remained subdued, primarily due to persistently high food inflation, which impacted household disposable income, and macro-prudential measures announced by the RBI, which slowed retail credit creation. However, GDP growth is expected to pick up from Q4FY25, supported by a healthy Rabi harvest, income tax cuts announced in the budget, and the RBI's accommodative policy stance, all of which are expected to aid demand conditions.

CPI inflation cooled to a 67-month low of 3.3% in March 2025, mainly due to a continued moderation in food prices. For FY24–25, CPI inflation declined to 4.6%, down from 5.4% in FY23–24 and 6.7% in FY22–23. Additionally, RBI noted that the long-term inflation outlook remained anchored to the MPC's 4% target assuming a normal-monsoon. On the growth front, the economy began to show signs of a slowdown, prompting the MPC to tilt towards supporting growth. Consequently, RBI reduced the repo rate from 6.50% to 6.00%, with 25 bps cuts in both the February and April 2025 policy meetings. It also changed its stance from "Withdrawal of accommodation" to "Neutral," and subsequently to "Accommodative." Also, RBI proactively deployed a slew of measures, including a 50 bps cut in Cash Reserve Ratio (CCR), open market operations, daily variable Repo (VRR) auctions, and dollar/rupee buy-sell swap auctions to augment liquidity in the system.

2. The Growth Environment

The global growth environment remained volatile during the period, marked by a regime change in the U.S. government, an escalating trade war with the implementation of tariffs across geographies, and ongoing geopolitical tensions resulting in commodity price volatility. According to the IMF's World Economic Outlook (April 2025), global output is estimated to decline to 2.8% in CY2025 from 3.3% in CY2024. Global growth is expected to slow, and downside risks are likely to intensify as major policy shifts unfold.

Amidst the challenges posed by the external environment, India's economic activities have exhibited marked resilience, with growth poised to recover from the blip witnessed during H1FY24-25. India's growth engines, consumption and investment, grew by a healthy 7.6% and 6.1%, respectively, in FY24-25, compared to 5.6% and 8.8% growth recorded in FY23-24. India's consumption was well-supported by a healthy Rural demand on the back of normal-monsoon and softer food prices. Urban consumption that experienced a softening is expected to improve by the income-tax cut and reduction in interest rates.

On the external front, India's foreign exchange reserves stood at USD 665.4 billion as of 28th March 2025, providing a cover of more than 11 months of goods imports and 96% of outstanding external debt (as of December 2025). FDI inflows have seen a steady rise, increasing from USD 36.05 billion in FY13–14 to USD 81.04 billion in FY24–25 — a 14% increase from USD 71.28 billion in FY23–24. In FY24–25, the Indian Rupee traded within a relatively stable range against the US Dollar compared to other emerging economies, averaging around INR 84.57/USD, with a high of INR 87.58/USD and a low of approximately INR 83.10/USD. The movement in the domestic currency was influenced by the continued resilience of the Dollar Index, which, however, lost momentum by the end of the fiscal year. Amid a foreign capital pull-out driven by global uncertainty, the RBI remained active in the forex market to provide stability under evolving external macroeconomic conditions.

3. Industry Structure and Bond Market Developments

The yield on the Indian 10-year benchmark paper declined to 6.58% at the end of FY24-25, compared to 7.12% at the beginning of the fiscal year. Domestic bond yields steadily declined to multi-year lows, supported by consecutive policy rate cuts in February and April 2025, as well as liquidity measures that enhanced durable liquidity. The RBI, through a 50 bps Cash Reserve Ratio (CRR) cut in December 2025 and a slew of liquidity measures, including open market operations (OMOs), daily variable rate repo (VRR) auctions, and dollar/rupee buy-sell swap auctions, infused durable liquidity worth INR 7.40 lakh crore in FY24-25, which helped ease financial conditions during the year.

In the corporate bond market segment, the Indian bond market remains the primary medium for resource mobilization by Indian corporations. As per SEBI data, bond market issuances through public and private modes stood at INR 8,149 crore and INR 9.87 lakh crore, respectively. The private placement of debt securities has registered a CAGR of 9% over the last three fiscal years ending in FY25, resulting in the total outstanding amount increasing to INR 51.58 lakh crore as of December 2024 compared to INR 43.14 lakh crore as at FY22-23. In the secondary market, total volume of corporate bonds trades at NSE and BSE stood at INR 17.10 lakh cr. in FY24-25, compared to INR 13.73 lakh crore in FY23-24. With the recent relaxation of norms for foreign portfolio investors regarding investments in shorter-maturity corporate bonds, the depth of the Indian corporate debt market is likely to increase further.

India officially joined the JP Morgan's Government Bond Index-Emerging Markets (GBI-EM) on June 28, 2024. The move involved inclusion of 29 Fully Accessible Route (FAR) government securities, initially contributing 1% to the index's weight, aiming to reach a 10% cap by FY25. As per NSDL data, following the inclusion, Foreign Portfolio Investors (FPIs) have invested a substantial INR 80,691 crore in FY24-25, highlighting the immediate positive impact on foreign investment flows. Overall FPI investment in Indian Debt capital market through all channels stood at INR 1.43 lakh crore in FY24-25, compared to INR 1.27 lakh crore of outflow recorded in equity segment during FY24-25.

During FY 2024-25, some key initiatives taken by the regulatory authorities to deepen the bond market in India are as follows:

- Reduction in face value from INR 1,00,000 to INR 10,000:** SEBI has reduced the face value of privately placed debt securities to INR 10,000 from INR 1 lakh. This move aims to significantly increase retail investor participation and enhance liquidity in the corporate bond market, under specific conditions.

- ii. **Increase in Partial Credit Enhancement:** NaBFID seeks RBI's approval to increase partial credit enhancement for infrastructure bonds from 20% to 50% of issue size. This aims to help lower-rated companies access bond markets, moving beyond bank loans, and democratize India's corporate bond market.
- iii. **RBI Launched Retail Direct App:** The RBI launched a mobile app for its Retail Direct Scheme, simplifying individual investment in Government Securities (G-Secs). This move, following a 62% account surge to 109,212 by January 2024, aimed to enhance convenience and deepen the G-sec market.
- iv. **RBI expands Sovereign Green Bond Access:** The RBI has included 10-year Sovereign Green Bonds in the Fully Accessible Route (FAR) category, allowing unrestricted investment for both non-resident and domestic investors. With INR 36,000 crore issued since FY23, the government aims to raise another INR 20,000 crore in FY25 for sustainable projects.

7. Outlook and Strategy

The Indian economy is expected to maintain a positive trajectory in FY25-26, driven by a rebound in consumption demand, sustained government focus on capital expenditure alongside fiscal consolidation, strong balance sheets in the banking and corporate sectors, more accommodative financial conditions, a resilient services sector, and growing consumer and business confidence, all underpinned by robust macroeconomic fundamentals. However, risks to this outlook include uncertainties surrounding global trade amid rising protectionism, prolonged geopolitical tensions, and volatility in global financial markets, which could weigh on growth and exert upward pressure on inflation.

The central government has adhered to its medium-term objective of reducing the Gross Fiscal Deficit (GFD) to below 4.5% of GDP by FY25-26 by targeting a GFD of 4.4% of GDP in 2025-26 (BE), down from 4.7% in FY24-25 (RE). Government finances are expected to remain in good shape, and the budgeted GFD of 4.4% of GDP for FY25-26 appears achievable, considering the higher-than-estimated RBI surplus transfer of INR 2.69 lakh crore to the government. From FY26-27 onwards, the central government aims to maintain the fiscal deficit on a trajectory that ensures a declining public debt-to-GDP ratio, reaching approximately 50% by end of March 2031.

The measures undertaken by the Reserve Bank since January 2025 have significantly eased liquidity conditions and calmed financial markets amid a volatile external environment. Considering the RBI's push to spur economic activity, it is expected that the MPC will further reduce the policy rates in the meetings ahead this fiscal, as the long-term inflation forecast remains anchored around the 4% target range. Additionally, the RBI is also expected to maintain sufficient liquidity in the system, close to 1% of the NDTL of SCBs, so that the lending activities of banks and NBFCs adequately cater to domestic demand.

Reflecting the current benign financial conditions, money market rates and bond yields have eased significantly across credit profiles and maturities. Taking advantage of this conducive environment, private placements through NCDs by domestic corporates reached a record INR 87,088 crore in April 2025. This buoyancy is expected to persist throughout FY25-26, supported by the accommodative policy stance of the MPC.

8. Opportunities and Challenges

• Opportunities

- Corporate bond markets have witnessed an exponential growth in the Country over last decade which may be seen from the table given below:

Private Placement of Debt (Non-Convertible Debentures/ Bonds)

FY 2024-25		FY 2014-15	
Total No. of issues	Amount (INR in Crores)	Total No. of issues	Amount (INR in Crores)
3,634	10,83,979.63	1,085	3,56,703.11

- Further, inclusion of India's government bonds in the widely tracked JP Morgan EM Bond Index is gradually expected to trigger capital inflows which shall free up an equivalent amount of domestic financial resources for private sector investment and deepen the country's corporate bond markets.
- SEBI's recent step to reduce face value of privately placed debt securities from INR 1,00,000 to INR 10,000 under specific cases, shall significantly increase retail investor participation and enhance liquidity in the corporate bond market.
- Bond structures backed with partial credit enhancement by high rated financial institutions shall open up window for lower-rated companies for accessing bond markets and move beyond conventional bank/ institutional funding.

• Challenges

Like any other market:

- Corporate bond markets are vulnerable to market risks originating from volatility in interest rates;
- Operations in corporate bond markets are vulnerable to competition thereby affecting margins;
- Besides market risks, corporate bonds are vulnerable to credit risk;
- Growth and performance of domestic corporate bond markets is dependent upon a host of domestic and global macro and micro-economic factors. India offers moderate-risk, high-yielding debt investment opportunities to offshore investors. However, any significant tightening of monetary policy rates by the global central banks may lead to flight of capital and pose competition to Indian bond markets.

9. Segment wise performance

Company's whole business is being considered as one segment, viz. providing merchant banking services within India. The Company has only one segment of activity in accordance with the definition of "Segment" covered under Indian Accounting Standard (Ind AS) 108 on Operating Segments.

BRIEF STATEMENT ON COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE:

The Corporate Governance represents values, culture and behavior of the organization. Further, the term Corporate Governance is wide to encompass processes, accountability and level of transparency deployed by the organization in its functioning. In all the term Corporate Governance covers the conduct of the organization in different situations over a period.

Since, every company/body-corporate is an artificial person created by law, it cannot act on its own. Ultimately, it is the Board of Directors, KMPs' and Senior Management who generally governs the behavior of organization/company, and they are responsible for setting the right culture and values at all levels. Accordingly, presence of human element plays pivotal role in success of corporate governance standards at all levels for any organization. In view of the same, the Company believes that it is the collective responsibility of Board Members, KMPs' and the members of Senior Management to foster a culture in which high standards of ethical behavior, individual accountability and transparent disclosures are ingrained in all its dealings.

A. K. Capital Services Limited ("Company/the Company") completed the journey of more than 31 Years of its existence and over the years, efforts have been put to enhance the level of compliance standards, processes and practices to ensure transparency in all its dealings. As a Company, we believe in implementing Corporate Governance practices that goes beyond meeting the letter of law and we are committed in achieving the same.

The Report on Corporate Governance, as per the applicable provisions of the Companies Act, 2013 (hereinafter referred to as "the Act") and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as the "Listing Regulations") and other applicable laws for the time being in force, is as under:

(1) BOARD OF DIRECTORS

An effective Board of Directors is a pre-requisite for strong and effective Corporate Governance. INDEPENDENT AUDITOR'S REPORT

To
The Members of
A. K. Capital Services Limited
Report on the audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **A. K. Capital Services Limited**, (hereinafter referred to as "the Company"), which comprise the balance sheet as at 31 March 2025, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended on that date, and notes to the standalone financial statements including a summary of the material accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standard prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standard) Rules 2015 as amended (Ind AS) and the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, description of how our audit addressed the matter is provided in that context. We have determined the matters described below to be the key audit matters to be communicated in our report.

Information Other than the standalone financial statements and Auditor's Report thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report namely Directors' Report, Annexures to Board Report, Management Discussion and Analysis, Corporate Governance Report, Business Responsibility Statement, but does not include the financial statements and our auditor's report thereon. The Reports are expected to be made available to us after the date of this auditors' report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Board report including Annexures to Board Report, Management Discussion and Analysis, Corporate Governance Report, Business Responsibility Statement, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 (Revised) 'The Auditor's responsibilities Relating to Other Information'.

Management's and Board of Directors' responsibilities for the standalone financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for the safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the management and Borad of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also

- a) Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (If the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- d) Conclude on the appropriateness of the Management's and Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as, it appears from our examination of those books;
 - c) The balance sheet, the statement of profit and loss (including other comprehensive income), statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account;
 - d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended;
 - e) On the basis of the written representations received from the directors as on 31 March 2025 and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2025, from being appointed as a director in terms of Section 164(2) of the Act;
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial control over financial reporting;
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid or provided to its directors during the year is in accordance with the provision of Section 197 of the Act;
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements (Refer Note No. 44 to the standalone financial statements);
 - ii. The Company did not have any material foreseeable losses on long-term contracts including derivative contracts during the year ended 31 March 2025;

- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended 31 March 2025;
- iv. a) The Management has represented that, to the best of its knowledge and belief, as mentioned in note 53 (a) to the standalone financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- b) The Management has represented, that, to the best of its knowledge and belief, as mentioned in note 53 (b) to the standalone financial statements, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement;
- v. In respect of dividend:
 - a) The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.
 - b) The interim dividend declared and paid by the Company during the year and until the date of this report is in compliance with Section 123 of the Act.
 - c) The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable (Refer note 57(i) to the standalone financial statements).
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended 31 March 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of the audit trail feature being tampered with.

The Company is using independent softwares for sale and purchase of investments and payroll processing which are not integrated with the accounting system of the Company. Based on the output of these softwares, the Company account for the entries related to investment and payroll on a timely basis. Accordingly, in our view, the reporting responsibility under Rule 11(g) is not applicable.

Further, the audit trail has been preserved by the company as per the statutory requirements for record retention.

**ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT****(Referred to in paragraph 1 under the heading 'Report on Other Legal and Regulatory Requirements' of our report of even date of A. K. Capital Services Limited)**

- (i) In respect of the Company's Property, Plant and Equipment and Intangible Assets, according to the information and explanations given to us and on the basis of our examination of the records of the Company:
- (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation of property, plant and equipment and relevant details of right-of-use assets.
 - (B) The Company is maintaining proper records showing full particulars of intangible assets.
 - The Company has a regular programme for physical verification of its property, plant and equipment by which all the assets are verified every year. In our opinion, the periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, all the property, plant and equipment have been physically verified by the management during the year and no discrepancies were observed in such verification.
 - The title deeds of immovable properties are held in the name of the Company.
 - The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.
 - No proceedings have been initiated during the year or are pending against the Company as of 31 March 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

- (ii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in respect of the Company's inventories:
- Considering the nature of the business, the Company does not have inventory. In view of this, Clause 3 (ii) (a) of the Order is not applicable to the Company.
 - The Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. According to information and explanations given to us and the records examined by us, the quarterly returns or statements including revised, if any filed by the Company during the year with such banks are in agreement with books of account.

- (iii) In respect of the Company's investments, loan, guarantee or security:

- During the year, the Company has not provided loans or advances in the nature of loans, or provided security or guarantee to any entity. Further, there is a outstanding guarantee provided to a bank in respect of secured working capital facility and cash credit facility taken by a subsidiary company. In our opinion, the said guarantee is not prejudicial to the Company's interest. The details are as under:

Name of the statute	Guarantees
Aggregate amount granted/ provided during the year	NIL
- Subsidiary	27,500.00 lacs
Balance outstanding as at balance sheet date in respect of guarantee provided in favor of a above cases	
- Ssubsidiary company	27,500.00 lacs

- During the year, the Company has invested in debt instruments, mutual fund and alternate investment fund, which are not prejudicial to the Company's interest.
 - During the year, the Company has not provided loans or advance in the nature of loans and accordingly, reporting of repayment of principal and payment of interest under Clause 3(iii)(c) of the Order is not applicable to the Company.
 - During the year, the Company has not provided loans or advance in the nature of loans and accordingly, reporting of amount overdue under Clause 3(iii)(d) of the Order is not applicable to the Company.
 - During the year, no loan or advance has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties and accordingly, reporting under Clause 3(iii)(e) of the Order is not applicable to the Company.
 - During the year, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment and accordingly, reporting under Clause 3(iii)(f) of the Order is not applicable to the Company.
- (iv) According to information and explanations given to us and on the basis of our examination of the records of the Company, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made, guarantees, and securities provided, as applicable.
- (v) The Company has not accepted any deposits during the year from the public to which the directives issued by the Reserve Bank of India and provision of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder apply. Accordingly, Clause 3 (v) of the Order is not applicable to the Company.
- (vi) In our opinion and according to the information and explanations given to us, the Central Government has not prescribed maintenance of cost records under Sub-section (1) of Section 148 of the Act.

- (vii) (a) According to the information and explanations given to us, the Company is generally regular in depositing the undisputed statutory dues including provident fund, goods and service tax, income tax, cess and any other statutory dues applicable to it with the appropriate authorities. There are no arrears of outstanding statutory dues as at the last day of the financial year for the period of more than six months from the date they became payable. As explained to us, the Company did not have any dues on account of duty of excise, sales tax and value added tax.
- (b) According to the information and explanations given to us, there are no dues of income tax, goods and service tax and other statutory dues which have not been deposited on account of any dispute with the appropriate authorities except the following dues of income Tax:

Name of the statute	Nature of the dues	Amount (Rs. in Lakhs)	Period which the amount relates	Forums where the Dispute is pending
Income Tax Act, 1961	Income Tax	124.59*	Assessment Year 2018-19	Commissioner of Income Tax (Appeals), Mumbai

*Disputed demand of Rs. 159.54 Lakhs has been adjusted against the refund order issued for the assessment year 2022-23 of Rs. 2.95 Lakhs. Further, an amount of Rs. 32.00 Lakhs has been paid under protest against the said demand during the previous year.

- (viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- (ix) In respect of borrowings:
- During the year, the Company has not defaulted in repayment of loans or other borrowings in the payment of interest thereon to any lender and hence, reporting under Clause 3(ix) (a) of the Order is not applicable to the Company.
 - The Company is not declared wilful defaulter by any bank or financial institution or other lender and hence, reporting under Clause 3(ix) (b) of the Order is not applicable to the Company.
 - The Company has applied the term loans for the purpose for which the loans were obtained.
 - During the year, the funds raised on short term basis by the Company have not been utilized for long-term purposes.
 - During the year, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures and hence, reporting under Clause 3(ix) (e) of the Order is not applicable to the Company.
 - During the year, the Company has not raised any loan on the pledge of securities held in its subsidiaries, joint ventures or associate companies and hence, reporting under Clause 3(ix) (f) of the Order is not applicable to the Company.
- (x) In respect of issue of shares or debt instruments:
- The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence, reporting under clause 3(x)(a) of the Order is not applicable to the Company.
 - During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence, reporting under Clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) In respect of frauds and whistle blower complaints:
- No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
 - No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
 - No whistle blower complaints received by the Company during the year (and upto the date of this report), while determining the nature, timing and extent of our audit procedures.
- (xii) The Company is not a Nidhi Company and hence, reporting under clause (xii) of the Order is not applicable to the Company.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with related parties are in compliance with Sections 177 and 188 of the Act, where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- (xiv) In respect of internal audit system:
- In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
 - We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- (xv) In our opinion during the year, the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence, the provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) In respect of the Reserve Bank of India Act, 1934:

- (a) In our opinion, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.
- (b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not conducted any Non-Banking Financial or Housing Finance activities during the year. Hence, reporting under Clause 3(xvi) (b) of the Order is not applicable to the Company.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Hence, reporting under Clause 3(xvi) (c) of the Order is not applicable to the Company.
- (d) In our opinion, the Group does not have more than one Core Investment Company (CIC) as defined in the Core Investment Companies (Reserve Bank) Directions, 2016. Hence, reporting under Clause 3(xvi) (d) of the Order is not applicable to the Company.

(xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In respect of Corporate Social Responsibility (CSR):

- (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under Clause 3(xx)(a) of the Order is not applicable to the Company.
- (b) There are no amounts that required to be transfer to unspent Corporate Social Responsibility (CSR) account as at the end of the previous financial year and for this financial year also hence, provisions of Section 135 of the said Act are not applicable to the Company during the year. Accordingly, reporting under Clause 3(xx) (b) of the Order is not applicable to the Company.

ANNEXURE 'B' TO THE INDEPENDENT AUDITORS' REPORT **(Referred to in paragraph 2(f) under the heading 'Report on Other Legal and Regulatory Requirements' of our report of even date)**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **A. K. Capital Services Limited** (the Company) as of and for the year ended 31 March 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management and Board of Directors' are responsible for establishing and maintaining internal financial controls based on, the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to further periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at and for the year ended 31 March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

NOTE - 1

CORPORATE INFORMATION

A. K. Capital Services Limited ("the Company") is a listed Company having its registered office at 603, 6th Floor, Windsor, Off CST Road, Kalina, Santacruz East, Mumbai - 400098 and incorporated on 5 October 1993 under the provisions of the Companies Act, 1956. The Company is a SEBI Registered Category I Merchant Banker. The Financial statements are approved by the Company's Board of Directors on 23 May 2025.

NOTE - 2

SUMMARY OF MATERIAL ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

2.01 Basis of preparation and presentation of financial statements

These standalone financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act 2013 ("the Act"), read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, and on the basis of accounting principle of a going concern in accordance with generally accepted accounting principles (GAAP). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Financial Statements are presented in Lakhs or decimal thereof unless otherwise specified.

The financial statements have been presented in accordance with Schedule III-Division III General Instructions for Preparation of financial statements of a Non-Banking Financial Company (NBFC) that is required to comply with Ind AS.

2.02 Functional and presentation currency

Items included in the financial statements of Company are measured using the currency of the primary economic environment in which the Company operates ("the functional currency"). Indian rupee is the functional currency of the Company. All amounts are rounded to two decimal places to the nearest lakh, unless otherwise stated.

2.03 Use of estimates, judgements and assumptions

The preparation of financial statements in conformity of Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of financial statements, income and expenses during the year. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods which are affected.

Application of accounting policies that require critical accounting estimates, judgements and assumptions having the most significant effect on the amounts recognised in the financial statements are:

- Valuation of financial instruments
- Measurement of defined employee benefit obligation
- Useful life of property, plant and equipment
- Useful life of investment property
- Provisions

2.04 Fair value measurement and hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level I - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level II - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level III - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.05 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Ind AS 115 "Revenue from contracts with Customers" provides a control-based revenue recognition model and provides a five step application approach to be followed for revenue recognition.

- a) Identify the contract(s) with a customer;
- b) Identify the performance obligations;
- c) Determine the transaction price;
- d) Allocate the transaction price to the performance obligations;
- e) Recognise revenue when or as an entity satisfies performance obligation.

Merchant banking fees

Revenue from merchant banking fees includes arranger fees, advisory fees, lead manager fees are recognized when the Company satisfies performance obligation. Lead manager fees are recognised over a point of time. The Company measures its progress towards satisfaction of performance obligation based on output method i.e. milestone basis. Revenue from arranger services and advisory services are recognised point in time.

Brokerage

Revenue from brokerage is recognised point in time.

Interest Income

Under Ind AS 109, Interest income is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at fair value through Profit and loss (FVTPL).

The EIR in case of a financial asset is computed

- a. As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b. By considering all the contractual terms of the financial instruments in estimating the cash flows
- c. Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premium or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

Net gain on Fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss held by Company on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under revenue from operations and if there is a net loss the same is disclosed under "Expenses" in the statement of Profit and Loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at Fair value through Other Comprehensive Income ("FVTOCI") is recognised in net gain/loss on fair value changes.

However, net gain / loss on derecognition of financial instruments classified as amortised is presented separately under the respective head in the Statement of Profit and Loss.

Dividend Income

Dividend income is recognised

- a. When the right to receive the payment is established.
- b. it is probable that the economic benefits associated with the dividend will flow to the entity and
- c. the amount of the dividend can be measured reliably

Rental Income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature.

2.06 Taxes

The tax expense for the period comprises of current tax and deferred tax. Tax is recognised in the Statement of Profit and Loss except to the extent it relates to items recognised in the other comprehensive income or equity. In which case, the tax is also recognised in other comprehensive income or equity.

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

Current income taxes are recognized in profit or loss except to the extent that the tax relates to items recognized outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates position taken in the tax returns with respect to situations in which applicable tax regulations are subjected to interpretation and establishes provisions, where appropriate.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exist to set-off current tax assets and current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.07 Property, plant and equipment

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent Cost

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Depreciation

Depreciation on PPE is provided using the straight-line method at the rates specified in Schedule II to the Act. Depreciation is calculated on a pro-rata basis from the date of installation till the date the assets are sold or disposed.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Derecognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the income statement when the asset is derecognised.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

2.08 Investment property

Property that is held for long term rental yield or for capital appreciation or both, and that is not occupied by the Company, is classified as Investment property. Investors properties measured initially at cost including related transactions cost and where applicable borrowing cost. Subsequent expenditure is capitalised to the assets carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the entity and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is incurred the carrying amount of replaced part is derecognised.

Investment properties other than land are depreciated as per the estimated useful life of assets prescribed by the Schedule II to the Companies Act, 2013 i.e. 60 years for office premises.

2.09 Intangible assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use and net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.

Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, are recognized in profit or loss as incurred.

Derecognition of assets

An item of intangible asset and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the income statement when the asset is derecognized.

Intangible assets comprising of Software are amortised on a straight line basis over its estimated useful life or maximum 5 years, whichever is shorter.

2.10 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.11 Provisions, contingent liabilities and contingent assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The contingent liability is not recognized in books of account but its existence is disclosed in financial statements.

A contingent assets, where an inflow of economic benefits is probable, an entity shall disclose a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect, measured using the principles set out for provisions in Ind AS 37.

2.12 Impairment of assets

a) Financial assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The Company applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

For all other financial assets, expected credit losses are measured at an amount equal to the 12 months ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the Statement of profit or loss.

Overview of the ECL principles

The Company records allowance for expected credit losses for all loans, other debt financial assets not held at FVTPL, together with financial guarantee contracts, in this section all referred to as 'financial instruments. Equity instruments are not subject to impairment under Ind AS 109.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is the portion of Lifetime ECL that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both Lifetime ECLs and 12-month ECLs are calculated on either an individual basis or a collective basis.

The Company has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Company does the assessment of significant increase in credit risk at a borrower level. If a borrower has various facilities having different past due status, then the highest days past due (DPD) is considered to be applicable for all the facilities of that borrower. In addition, the Company uses reasonable and supportable information on future economic conditions including macroeconomic factors. Since incorporating these forward looking information increases the judgment as to how the changes in these macroeconomic factor will affect ECL, the methodology and assumptions are reviewed regularly.

Non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

2.13 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

The classification depends on the contractual terms of the financial assets' cash flows and the Company's business model for managing financial assets which are explained below:

Business model assessment

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- (a) How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel
- (b) The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed
- (c) How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- (d) The expected frequency, value and timing of sales are also important aspects of the Company's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account.

If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

The Solely Payments of Principal and Interest (SPPI) test

As a second step of its classification process, the Company assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/ discount). In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

Financial assets

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, except for trade receivable which are initially measured at transaction price. In case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified as measured at:

Amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortization of EIR and loss arising from impairment, if any is recognized in the Statement of Profit and Loss.

Fair value through profit and loss (FVTPL): A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, except interest income and dividend income if any, recognized as 'Net gain on fair value changes' in the Statement of Profit and Loss.

Fair value through other comprehensive income (FVTOCI): Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognized in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognized in OCI is reclassified from the equity to the Statement of Profit and Loss.

Financial assets are not reclassified subsequent to their recognition, except if and in the period, the Company changes its business model for managing financial assets.

Trade Receivables:

Trade receivables which are initially measured at transaction price. Subsequently, the asset is held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

Debt Instruments:

Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVTOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

(a) Measured at amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

(b) Measured at fair value through other comprehensive income: Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

(c) Measured at fair value through profit or loss: A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, except interest income and dividend income if any, recognized as 'Net gain on fair value changes' in the Statement of Profit and Loss. Interest income /dividend income on financial assets measured at FVTPL is recognised separately from "net gain on fair value changes in the statement of profit and loss.

Equity Instruments:

All investments in equity instruments other than investments in subsidiary companies classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVTOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVTOCI. Fair value changes

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

excluding dividends, on an equity instrument measured at FVTOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised in the Statement of Profit and Loss.

Derecognition

The Company derecognises a financial asset (or, where applicable, a part of a financial asset) when:

- The right to receive cash flows from the asset has expired such as repayments in the financial asset, sale of the financial asset etc.; or
- The Company has transferred its right to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under an assignment arrangement and the Company has transferred substantially all the risks and rewards of the asset. Once the asset is derecognised, the Company does not have any continuing involvement in the same.

A write-off of a financial asset constitutes a derecognition event.

On derecognition of a financial asset in its entirety, the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new asset obtained less any new liability assumed) is recognised in the Statement of Profit and Loss.

Financial assets measured at amortised cost are generally held for collection of contractual cashflow. The Company on looking at economic viability of certain portfolios measured at amortised cost may enter into immaterial and infrequent transaction for sale of portfolios which doesn't affect the business model of the Company.

Write-off

Financial assets are written off when the Company has no reasonable expectation of recovery or expected recovery is not significant basis experience. Where the amount to be written off is greater than the accumulated loss allowance, the difference is recorded as an expense in the period of write-off"

Financial Liabilities:

Initial recognition and measurement

Financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate. All financial liabilities are recognised initially at fair value and in the case of borrowings trade payables and other financial liabilities, net of directly attributable transaction costs. The Company's financial liabilities include borrowings, trade payables, deposits and other financial liabilities.

Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

(a) Borrowings: Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the EIR method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

(b) Trade and Other Payables:

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. Trade and other payables are initially recognised at fair value and net of directly attributable transaction costs, and subsequently measured at amortised cost using the effective interest method

(c) Deposits:

They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method

Derecognition

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability.

The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

2.14 Investments in equity instruments including deemed equity instruments of subsidiaries

Investments in equity instruments including deemed equity instruments of subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and carrying amounts are recognised in the Statement of Profit and Loss.

2.15 Segment Reporting:

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, the Chief Operating Decision Maker evaluates the Company's performance and allocates the resources based on an analysis of various performance indicators by business segments.

Segment Policies:

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

Segment information

Companies whole business is being considered as one segment.

2.16 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, as they are considered an integral part of the Company's cash management.

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of noncash future, any deferrals or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated

2.17 Retirement benefits

i) Defined contribution plans

In accordance with Indian Law, eligible employees receive benefits from Provident Fund, Pension Fund and Labour welfare fund which is defined contribution plan. In case of Provident fund, both the employee and employer make monthly contributions to the plan, which is administrated by the Government authorities, each equal to the specific percentage of employee's basic salary. The Company has no further obligation under the plan beyond its monthly contributions. Obligation for contributions to the plan is recognised as an employee benefit expense in the Statement of Profit and Loss when incurred.

ii) Defined benefit plans (Gratuity)

In accordance with applicable Indian Law, the Company provides for gratuity, a defined benefit retirement plan (the Gratuity Plan) covering eligible employees. The Gratuity Plan provides a lumpsum payment to vested employees, at retirement or termination of employment, and amount based on respective last drawn salary and the years of employment with the Company. The Company's net obligation in respect of the Gratuity Plan is calculated by estimating the amount of future benefits that the employees have earned in return of their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognised past service cost and the fair value of plan assets are deducted. The discount rate is yield at reporting date on risk free government bonds that have maturity dates approximating the terms of the Company's obligation. The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognised asset is limited to the total of any unrecognised past service cost and the present value of the economic benefits available in the form of any future refunds from the plan or reduction in future contribution to the plan.

The Company recognises all remeasurements of net defined benefit liability/asset directly in other comprehensive income and presented within equity.

iii) Short term benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as a related service provided. A liability is recognised for the amount expected to be paid under short term cash bonus or profit sharing plans if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

The employees of the Company are entitled to leave as per the leave policy of the Company. The liability in respect of unutilized leave balances is provided at the end of year and charged to the Statement of Profit and Loss.

2.18 Lease

As a lessee

i) Right of use assets and Lease liability

The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if it conveys the right to control the use of an identified asset for a period in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- a) the contract involves the use of an identified asset;
- b) the Company has substantially all the economic benefits from use of the asset through the period of the lease; and
- c) the Company has the right to direct the use of the asset.

Recognition and initial measurement

At the lease commencement date, the Company recognizes a Right-of-Use ("RoU") asset and equivalent amount of lease liability. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Company, an estimate of any costs to dismantle and remove the asset at the end of the lease (if any), and any lease payments made in advance of the lease commencement date (net of any incentives received).

Subsequent measurement

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

At the lease commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the notional borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed payments). Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in the in-substance fixed payments. When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset or is recorded in statement of profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Presentation

Lease liability and right of use assets have been separately presented in the balance sheet and lease payments have been classified as financing cash flows.

The Company has elected to account for shortterm leases and leases of low-value assets using the practical expedients. Instead of recognizing a right-of-use asset and lease liability, the payments in relation to these leases are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

ii) De-recognition

An item of right of use assets and lease liability is de-recognized upon termination of lease agreement. Any difference between the carrying amount of right of use asset and lease liability is recognized in statement of profit or loss.

As a lessor:

Leases under which the company does not transfer substantially all the risks and rewards of ownership are classified as operating leases. Rental income arises from operating leases is accounted for on straight line basis over the lease term, and is included in rental income in Statement of Profit and Loss, unless the increase is in line with expected general inflation, in which case lease income is recognised based on contractual terms. Contingent rents are recognised as revenue in the period in which they are earned.

2.19 Earnings per share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.20 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31 March 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. 01 April 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

LEASES

I Lease commitments as lessee:

The Company has entered into agreements for taking on lease certain guest house and office on lease and licence basis. The lease term is for a period ranging from 12 to 108 months. The Company has contracts which have fixed rentals.

The following is the summary of practical expedients elected on initial application:

- Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.

- Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS116 is applied only to contracts that were previously identified as leases under Ind AS 17.

RISK MANAGEMENT

Financial risk management

The risk management policies of the Company are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Management has overall responsibility for the establishment and oversight of the Company's risk management framework. In performing its operating, investing and financing activities, the Company is exposed to the Credit risk, Liquidity risk and Market risk.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits and investments.

Credit risk

Revenue/Trade receivable

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is from trade receivables amounting to Rs. 578.03 Lakhs and Rs. 30.16 Lakhs as at 31 March 2025 and 31 March 2024, respectively. Trade receivables are typically unsecured and are derived from revenue earned from customers located in India. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal cause of business.

The Company applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. Based on the provision matrix, no provision is required to be made at the respective reporting date.

The Company have provided details of revenue from single largest customer, revenue from top 5 customer and ageing of trade receivables below:

(a) The following table gives details in respect of revenues generated from top customer and top 5 customers:

Balances with banks and other financial assets:

The Company holds cash and cash equivalents with bank, which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For other financial assets, the Company assesses and manages credit risk based on reasonable and supportive forward looking information. The Company does not have significant credit risk exposure for these items.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

Investments in debt securities measured at amortised cost

The impairment of the credit risk on the investments is carried out through a detailed ECL model. The ECL model provides for the ECL on a 12 month ECL basis for standard to stage 1 Assets whereas the same is calculated based on a lifetime ECL for stage 2 & 3 level assets. The ECL is calculated based on a probability default (PD) X exposure at default (EAD) X (Loss given default X discount rate - LGD)). The Company calculates the PD by taking into account the past historical trends of the portfolio and its credit performance based on a homogenous characteristic of the underlying portfolio. This is calculated based on a 12 month PD perspective. In case of Impaired assets where lifetime PD is applied, the PD is extrapolated to take into account the probability of default over the life time of asset.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has interest rate risk exposure mainly from changes in rate of interest on borrowing. The following table analyse the breakdown of the financial assets and liabilities by type of interest rate:

NOTE - 35

LIQUIDITY RISK

The Company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing including debt and overdraft from banks at an optimised cost.

The Company's maximum exposure to liquidity risk for the components of the balance sheet at 31 March 2025 and 31 March 2024 is the carrying amounts. The liquidity risk is managed on the basis of expected maturity dates of the financial liabilities. The Company's major financial liabilities include term loans with maturity profile ranging between 0 to 5 years and short term borrowings are generally payable within one year. The average credit period taken to settle trade payables is about 30 days. The other payables are with short-term durations. The following table analysis undiscounted financial liabilities by remaining contractual maturities:

Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value. The Company manages its capital to ensure that it will continue as going concern while maximising the return to stakeholders. The Company manages its capital structure and makes adjustment in light of changes in business condition. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company's policy is to keep optimum gearing ratio. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents, excluding discontinued operations.

Measurement of Fair Value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the financial statements, these fair values were calculated for disclosure purpose only.

a. Short Term Financial Assets And Liabilities

For financial assets and financial liabilities that have a short term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: other financial assets (excluding security deposit), trade payables and other financial liability.

b. Borrowings

In case of borrowings, the interest rate represents the market rate. Consequently the carrying amount represents the fair value.

SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the Company's financial statements requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, liabilities, the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. Estimates and assumptions are reviewed on periodic basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

The key assumptions concerning the future and other key sources of estimation, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities, within the next financial year, are described below. The Company's assumptions and estimates are based on parameters available at the time of preparation of financial statements. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(a) Employee benefit plans

The cost of the defined benefit plan and other employment benefits plan are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases & mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans, the management considers the interest rates of government bonds in currencies consistent with the currencies of the postemployment benefit obligation. The mortality rate is based on publicly available mortality tables for India. Those mortality tables tend to change only at intervals in response to demographic changes. Future salary increases are based on expected future inflation rates.

Based on periodic review of the demographic assumptions, attrition rate assumption used for actuarial valuation of liability related to gratuity has been re-assessed during the year ended 31 March 2025. For the purpose of assessing the attrition rate, the Company considered the historical attrition trend and expected rate based on such trend/ experience. The change in assumption resulted in a decrease of closing gratuity by Rs.1.30 lakhs for the year ended 31 March 2025.

Further details about gratuity obligations are given in Note - 28.

(b) Leases

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain to exercise the option to renew or terminate the lease. It considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate..

(c) Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

INDEPENDENT AUDITOR’S REPORT

To,
The Members of
A. K. Capital Services Limited

Report on the audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of A. K. Capital Services Limited (“the Holding Company”) and its subsidiaries (together referred to as “the Group”), which comprise the consolidated balance sheet as at 31 March 2025, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended on that date, and notes to the consolidated financial statements including a summary of material accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standard prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standard) Rules 2015, as amended (“Ind AS”) and the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2025, consolidated profit and other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor’s responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements.

The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

1 (a)	<p>Measurement of investments in accordance with Ind AS 109 “Financial Instruments”</p> <p>On initial recognition, investments are recognized at fair value, in case of Investments which are recognised at fair value through profit and loss (FVTPL), its transaction cost is recognised in the statement of profit and loss. In other cases, the transaction costs are attributed to the acquisition value of the investments.</p> <p>The Group’s investments are subsequently classified into following categories based on the objective of its business model to manage the cash flows and options available in the standard:</p> <ul style="list-style-type: none"> • Debt instruments at amortised cost • Debt instruments and equity instruments at fair value through profit or loss (FVTPL) • Equity instruments measured at fair value through other comprehensive income FVTOCI. 	<p>Principal audit procedures applied by us and the auditors of the component namely A. K. Capital Finance Limited</p> <ul style="list-style-type: none"> • Obtained an understanding of the Group’s business model assessed in accordance with Ind AS 109; • Evaluated the Group’s assessment of business model; • Obtained an understanding of the determination of the measurement of the investments and tested the reasonableness of the significant judgments applied by the management; • Evaluated the design of internal controls relating to the measurement and also tested the operating effectiveness of the aforesaid controls; • Ensured that the Group has used valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs, including consideration of the current economic and market conditions.

Sr. No.	Key Audit Matter	Auditor's response
	<p>The Group has assessed following two business model:</p> <ul style="list-style-type: none"> - Held to collect contractual cash flows - Realising cash flows through the sale of investments. The Group makes decisions based on the assets' fair values and manages the assets to realise those fair values. <p>Since valuation of investments at fair value involves critical assumptions, significant risk in valuation and complexity in assessment of business model, the valuation of investments as per Ind AS 109 is determined to be a key audit matter in our audit of the consolidated financial statements.</p> <p>(Refer note 2, 6, 7(a), 41, 42, 44 and 45 to the consolidated financial statements)</p>	<ul style="list-style-type: none"> • Obtained and assessed the valuation certificate of independent valuer in respect of fair value of investments of the holding company; and • Assessed the appropriateness of the disclosure in the consolidated financial statements in accordance with the applicable financial reporting framework. • Broadly reviewed the IT systems and internal controls related to investment in place.
1(b)	<p>Impairment loss on investments measured at amortized cost:</p> <p>Recognition and measurement of impairment relating to the investments measured at amortized cost involves significant management judgment and as per the requirements of Ind AS 109, credit loss assessment is based on management's ECL model. Management exercises judgment in determining the quantum of loss based on a range of factors.</p> <p>The most significant areas are:</p> <ul style="list-style-type: none"> • Credit ratings of the investments; • Investment staging criteria; • Calculation of probability of default rate / Loss given default rate; • Consideration of probability weighted scenarios; and • Forward looking macro-economic factors. <p>The Group considered current and anticipated future economic conditions relating to industries the Group deals. In calculating expected credit loss, the Group has also considered credit reports and other related credit information for its investments to estimate the probability of default in future.</p> <p>There is a large increase in the data inputs required for the computation of ECL of investments. This increases the risk of completeness and accuracy of the data that has been used as a basis of assumptions in the model and therefore, we identified allowance for credit losses of investments as a key audit matter in our audit of the consolidated financial statements.</p> <p>(Refer note 2, 6, 41, 42 and 45 to the consolidated financial statements)</p>	<p>Principal audit procedures applied by the auditors of the component namely A. K. Particularly, assessed the approach of the Group regarding the definition of default, probability of default, loss given default and forward-looking information for the calculation of ECL. • Verified the computation of the allowance for credit losses and tested the mathematical accuracy; and • Assessed the appropriateness of the disclosure in the financial statements of A. K. Capital Finance Limited in accordance with the applicable financial reporting framework. • Verified the data input used for probability of default rate and loss given default rate.
2	<p>Loans and impairment loss allowance</p> <p>The value of loans as at 31 March 2025 is significant and there is a high degree of complexity and judgment involved for the Group in estimating individual and collective credit impairment provisions and write-offs against these loans.</p> <p>Recognition and measurement of impairment relating to the loans measured at amortized cost involves significant management judgment and as per the requirements of Ind AS 109, credit loss assessment is based on management's ECL model. The Group's impairment allowance is computed based on estimates including the historical default and loss ratios. Management exercises judgment in determining the quantum of loss based on a range of factors.</p> <p>The most significant areas are:</p> <ul style="list-style-type: none"> • Credit ratings of the parties to whom loans have been given; • Loans staging criteria; 	<p>Principal audit procedures applied by us and the auditors of the component namely A. K. Capital Finance Limited</p> <ul style="list-style-type: none"> • Started audit procedures with understanding of the internal control environment related to loans and impairment loss allowance. • The procedures over internal controls focused on recognition and measurement of impairment loss allowance. • Assessed the design and tested the operating effectiveness of the selected key controls implemented. • Assessed whether the impairment methodology used is in line with Ind AS 109 "Financial instruments" requirements. Particularly, the approach regarding definition of default, probability of default, loss given default and incorporation of forward-looking information for the calculation of ECL.

Sr. No.	Key Audit Matter	Auditor's response
	<ul style="list-style-type: none"> • Calculation of probability of default rate / Loss given default rate; • Consideration of probability weighted scenarios; and • Forward looking macro-economic factors. <p>In calculating expected credit loss, the Group has also considered credit reports and other related credit information for its loans to estimate the probability of default in future.</p> <p>There is a large increase in the data inputs required for the computation of ECL of loans. <p>3</p>	<p>IT Systems and Controls</p> <p>a) Investments in financial instruments – w.r.t. A. K. Capital Finance Limited:</p> <p>The financial accounting and reporting, especially in financial services sector, are fundamentally reliant on IT systems and IT controls for processing significant transaction volumes and other calculations. Hence, the component auditors of A. K. Capital Finance Limited identified IT systems and controls over financial reporting as a key audit matter.</p> <p>Automated accounting procedures and IT environment controls, which include IT governance, general IT controls over program development and changes, access to programs and data and IT operations, are required to be designed and to operate effectively to ensure reliable financial reporting.</p> <p>b) Loans - w.r.t. Family Home Finance Private Limited:</p> <p>The financial accounting and reporting systems are highly dependent on the effective working of the operating and accounting system.</p> <p>The Component has separate software applications for management of its loan portfolio from origination to servicing and closure and for the routine accounting. Transfer of data from/to this software is critical for accurate compilation of financial information.</p> <p>Due to extensive volumes, variety and complexity of transactions the operating system is functioning, consistently and accurately, specifically with respect to following:</p> <ul style="list-style-type: none"> • Interest, Fee income and other charges collected on Loans. • Bifurcation of the Loan Portfolio based on maturity pattern and Assets Classification based on ageing of default. <p>We have identified 'IT systems and controls' as key audit matter because of significant use of IT system and the scale and complexity of the IT architecture. Our audit outcome is dependent on the effective functioning of such operating and accounting system.</p>	<p>Principal audit procedures applied by us and the auditors of the component namely A. K. Capital Finance Limited</p> <ul style="list-style-type: none"> • Obtained a detailed understanding and assessed whether the general IT controls, IT policies and procedures designed and implemented by the management are adequate and operating effectively. • Broadly reviewed and tested the IT systems and internal controls in place. • Tested key automated and manual business cycle controls and logic for the reports generated through the IT infrastructure that were relevant for financial reporting or were use in exercise of internal financial controls with reference to the financial statements. Test including testing of the compensating controls or alternate procedures to assess whether there were any unaddressed IT risks that would materially impact the financial statements. • Placed reliance on work of IT System auditor after observance of the relevant provisions of applicable Indian Accounting Standards. • Our audit procedures included verifying, testing and reviewing the design and operating effectiveness of the key automated and manual business cycle controls and logic for system generated reports relevant to the audit by verifying the reports/returns and other financial and non-financial information generated from the system on a test check basis. • We have tested and reviewed the reconciliations between the loan origination/ servicing application and the accounting software to mitigate the risk of incorrect data flow to/from separate application software. • We have also obtained management representations wherever considered necessary. • We tested the Group's periodic review of access rights. We also tested requests of changes to systems for approval and authorization.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's annual report namely Directors' Report, Annexures to Board Report, Management Discussion and Analysis, Corporate Governance Report, Business Responsibility Statement, but does not include the consolidated financial statements and our auditor's report thereon. The Holding Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Directors' Report including Annexures to Board Report, Management Discussion and Analysis, Corporate Governance Report, Business Responsibility Statement, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 (Revised) 'The Auditor's responsibilities Relating to Other Information'.

Management's and Board of Directors' responsibilities for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors' are responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including consolidated total comprehensive income), consolidated changes in equity and consolidated cash flows of the Group in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act and other accounting principles generally accepted in India.

The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors' of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of each company.

Auditor's responsibilities for the audit of Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(If the Act, we are also responsible for expressing our opinion on whether the Holding Company and its subsidiaries which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management's and Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify

our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other companies included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- a) We did not audit the financial statements of 6 subsidiaries, whose financial statements excluding consolidation adjustment reflect total assets of Rs. 332,926.76 Lakhs as at 31 March 2025, total revenues of Rs. 36,958.25 Lakhs, total profit before tax of Rs. 8,718.17 Lakhs, total net profit after tax of Rs. 7,027.69 Lakhs and total net cash outflow amounting to Rs. 174.35 Lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management of the Holding Company and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the aforesaid subsidiary companies and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary companies, is based solely on the report of the other auditors.
- b) One of the subsidiary is located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in its country and which has been audited by other auditors under generally accepted auditing standards applicable in its country. The Management of the Holding Company has converted the financial statements/financial information of such subsidiary company, located outside India from accounting principles generally accepted in its country to accounting principles generally accepted in India. We have audited these conversions made by the Management of the Holding Company based on the closing rate as on 31 March 2025 and average rate for financial year 2024-25, wherever applicable. Our opinion in so far as it relates to the balances and affairs of such subsidiary, located outside India is based on the reports of other auditors and the conversion prepared by the Management of the Holding Company and audited by us.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - (c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.

- (e) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2025 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies, incorporated in India is disqualified as on 31 March 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of internal financial controls over financial reporting with reference to financial statements of the Holding Company and its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate report in "Annexure A".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us and on the reports of the statutory auditors of the subsidiary companies incorporated in India, the remuneration paid or provided during the current year by the Holding Company and the subsidiary companies incorporated in India (wherever applicable) to its directors, wherever applicable, is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company and the subsidiary companies incorporated in India is not in excess of the limit laid down under Section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- (i) The Group has disclosed the impact of pending litigations on the financial position in the consolidated financial statements (Refer note 33 to the consolidated financial statements);
- (ii) The Group did not have any material foreseeable losses on long-term contracts including derivative contracts during the year ended 31 March 2025;
- (iii) There has been no delay in transferring amounts required to be transferred, to the Investor Education and Protection Fund by the Holding Company during the year ended 31 March 2025. Further, there are no amounts which are required to be transferred to the Investor Education and Protection Fund by the subsidiary companies incorporated in India during the year ended 31 March 2025.
- (iv) a) The respective Managements of the Holding Company and its subsidiaries, whose financial statements have been audited under the Act, have represented to us and other auditors of the subsidiaries that, to the best of their knowledge and belief, as disclosed in the Note 59(a) to the consolidated financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or its subsidiaries to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or its subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- b) The respective Managements of the Holding Company and its subsidiaries, whose financial statements have been audited under the Act, have represented to us and other auditors of subsidiary that, to the best of their knowledge and belief, as disclosed in the Note 59(b) to the consolidated financial statements, no funds (which are material either individually or in the aggregate) have been received by the Holding Company or its subsidiaries from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or its subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances and the reports of the auditors of its subsidiaries, whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11 (e), as provided under (a) and (b) above, contain any material misstatement.
- (v) In respect of the dividend:
- a) The final dividend proposed in the previous year, declared and paid by the Holding Company and one of its subsidiary company during the year is in accordance with Section 123 of the Act, as applicable.
- b) The interim dividend declared and paid by the Holding Company and one of its subsidiary company during the year and until the date of this report is in compliance with Section 123 of the Act.
- c) The Board of Directors of the Holding Company and one of its subsidiary company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of the dividend proposed is in accordance with section 123 of the Act, as applicable (Refer note 64(b) to the consolidated financial statements).
- (vi) Based on our examination, which included test checks, and as communicated by the respective auditors of the subsidiary companies which are companies incorporated in India, the Holding Company and subsidiary companies have used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we and the respective auditors of the above referred subsidiary companies did not come across any instance of audit trail feature being tampered with.

Further, the Holding Company and subsidiary companies incorporated in India are using independent softwares for debt securities management, loan management and payroll processing which are not integrated with the accounting system of the respective companies. Based on the output of these softwares, the respective companies account for the entries related to investment in debt securities, loans and payroll on a timely basis. Accordingly, in our view and in the view of the auditors of subsidiary companies incorporated in India, the reporting responsibility under Rule 11(g) is not applicable.

Further, the audit trail has been preserved by the Holding companies and its subsidiaries as per the statutory requirements for record retention.

2. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Holding Company and by other auditors for its subsidiary companies incorporated in India included in the consolidated financial statements, to which reporting under CARO is applicable. We report the following remarks given by respective auditors:

ANNEXURE 'A' TO THE INDEPENDENT AUDITORS' REPORT
(Referred to in paragraph 1(f) under the heading 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the A. K. Capital Services Limited ("the Holding Company") as of and for the year ended 31 March 2025, we have audited the internal financial controls over financial reporting with reference to the financial statements of the Holding Company and its subsidiaries which are incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Company's Management and Board of Directors of the Holding Company and its subsidiary companies are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiaries which are incorporated in India based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI (the "Guidance Note") and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters Paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reporting of other auditors as mentioned in "Other Matter" paragraph, the Holding Company and its subsidiaries, which are incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at and for the year ended 31 March 2025, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting, insofar as it related to 6 subsidiaries which are incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries incorporated in India.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

NOTE - 1

CORPORATE INFORMATION

The consolidated financial statements comprise of financial statements of A. K. Capital Services Limited ('the Company' or 'the Holding Company' or 'Parent') and its subsidiaries (collectively, 'the Group'). The Company was incorporated on 05 October 1993. The registered address of the Company is situated at 603, 6th Floor, Windsor, Off CST Road, Kalina, Santacruz East, Mumbai - 400098. The Company is a SEBI Registered Category I Merchant Banker. The financial statements of the Group for the year ended 31 March 2025 were authorized by the Board of Directors on 23 May 2025

NOTE - 2

SUMMARY OF MATERIAL ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

2.01 Basis of preparation and presentation of financial statements

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act 2013 ("the Act"), read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

The consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, and on the basis of accounting principle of a going concern in accordance with generally accepted accounting principles (GAAP). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Financial Statements are presented in Lakhs or decimal thereof.

The consolidated financial statements have been presented in accordance with Schedule III-Division III General Instructions for Preparation of financial statements of a Non-Banking Financial Company (NBFC) that is required to comply with Ind AS.

Basis of consolidation

The consolidated financial statements comprise the financial statements of the Holding Company and its subsidiaries as at 31 March 2025. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- (i) Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee).
- (ii) Exposure, or rights, to variable returns from its involvement with the investee, and
- (iii) The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- a) The contractual arrangement with the other vote holders of the investee
- b) The ability to use its power over the investee to affect its returns
- c) The Group's voting rights and potential voting rights
- d) The size of the group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiaries begins when the Group obtains control over the subsidiaries and ceases when the Group loses control of the subsidiaries. Assets, liabilities, income and expenses of a subsidiaries acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiaries.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

The consolidated financial statements have been prepared on the following basis:

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiaries are based on the amounts of the assets and liabilities recognized in the consolidated financial statements at the acquisition date.
- (b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiaries and the parent's portion of equity of each subsidiaries.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognized in assets, such as inventory and fixed assets, are eliminated in full) except as stated in point no (d). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.
- (d) Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.
- (e) Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiaries. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in Consolidated Profit and Loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to Consolidated Statement of Profit and Loss.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

- (f) The excess of cost to the Parent Company of its investment in the subsidiaries over the Parent Company's portion of equity of the subsidiaries as at the date of its investment is recognised in the Consolidated Financial Statements as Goodwill. This Goodwill is tested for impairment at the end of the financial year. The excess of Parent Company's portion of equity over the cost of investment as at the date of its investment is treated as Capital Reserve.
- (g) The financial statements of the subsidiaries used in consolidation are drawn upto the same reporting date as that of the Parent Company.
- (h) Following companies are consolidated:

2.02 Functional and presentation currency

Items included in the financial statements of Group are measured using the currency of the primary economic environment in which the Group operates ("the functional currency"). Indian rupee is the functional currency of the Group. All amounts are rounded to decimal places to the nearest lakhs unless otherwise stated.

2.03 Material accounting estimates, judgements and assumptions

The preparation of financial statements in conformity of Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of financial statements, income and expenses during the year. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods which are affected.

Application of accounting policies that require critical accounting estimates and assumption having the most significant effect on the amounts recognised in the financial statements are:

- Fair value of financial instruments
- Impairment of financial assets
- Measurement of defined employee benefit obligation
- Useful life of property, plant and equipment
- Business model assessment
- Provisions

2.04 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 -Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group's Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Group's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.05 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Ind AS 115 "Revenue from contracts with Customers" provides a control-based revenue recognition model and provides a five step application approach to be followed for revenue recognition.

- A) Identify the contract(s) with a customer;
- B) Identify the performance obligations;
- C) Determine the transaction price;
- D) Allocate the transaction price to the performance obligations;
- E) Recognise revenue when or as an entity satisfies performance obligation.

Merchant banking fees

Revenue from merchant banking fees includes arranger fees, advisory fees and lead manager fees are recognized when the Group satisfies performance obligation. Lead manager fees are recognised over a point of time. The Group measures its progress towards satisfaction of performance obligation based on output method i.e. milestone basis. Revenue from arranger services and advisory services are recognised point in time.

Brokerage

Revenue from brokerage is recognised point in time.

Interest income

Under Ind AS 109, Interest income is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at fair value through Profit and loss (FVTPL).

The EIR in case of a financial asset is computed

- a. As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b. By considering all the contractual terms of the financial instruments in estimating the cash flows
- c. Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premium or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

Net gain on fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss held by Group on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised in Net gains on fair value changes" under revenue from operations and if there is a net loss the same is disclosed under "Expenses" in the statement of Profit and Loss.

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at Fair value through Other Comprehensive Income ("FVTOCI") is recognised in net gain/loss on fair value changes.

However, net gain / loss on derecognition of financial instruments classified as amortised is presented separately under the respective head in the Statement of Profit and Loss.

Dividend income

Dividend income is recognised

- a. When the right to receive the payment is established.
- b. it is probable that the economic benefits associated with the dividend will flow to the entity and
- c. the amount of the dividend can be measured reliably

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature.

2.06 Taxes

The tax expense for the period comprises of current tax and deferred tax. Tax is recognised in the Statement of Profit and Loss except to the extent it relates to items recognised in the other comprehensive income or equity. In which case, the tax is also recognised in other comprehensive income or equity.

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

Current income taxes are recognized in profit or loss except to the extent that the tax relates to items recognized outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates position taken in the tax returns with respect to situations in which applicable tax regulations are subjected to interpretation and establishes provisions, where appropriate.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exist to set-off current tax assets and current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.07 Property, plant and equipment

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent cost

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Depreciation

Depreciation is calculated as per the estimated useful life of assets prescribed by the Schedule II to the Companies Act 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Derecognition of assets

An item of property plant & equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the income statement when the asset is derecognised.

2.08 Investment property

Property that is held for long term rental yield or for capital appreciation or both, and that is not occupied by the Group, is classified as Investment property. Investors properties measured initially at cost including related transactions cost and where applicable borrowing cost. Subsequent expenditure is capitalised to the assets carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the entity and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is incurred the carrying amount of replaced part is derecognised.

Investment properties other than land are depreciated as per the estimated useful life of assets prescribed by the Schedule II to the Companies Act 2013 i.e. 60 years for office premises.

2.09 Non-financial Assets held for Sale

Non-financial assets are classified as held for sale if their carrying amount is intended to be recovered principally through a sale (rather than through continuing use) when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset and the sale is highly probable and is expected to qualify for recognition as a completed sale within one year from the date of classification. In accordance with Ind AS 105, the Group is committed to sell these assets. Non-financial assets classified as held for sale are measured at lower of their carrying amount and fair value less cost to sell.

2.10 Intangible assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

intended use and net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.

Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, are recognized in profit or loss as incurred.

Derecognition of assets

An item of intangible asset and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the income statement when the asset is derecognized.

Intangible assets comprising of Software are amortised on a straight line basis over its estimated useful life or maximum 5 years, whichever is shorter.

2.11 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.12 Provisions, contingent liabilities and contingent assets

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The contingent liability is not recognized in books of account but its existence is disclosed in financial statements.

A contingent assets, where an inflow of economic benefits is probable, an entity shall disclose a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect, measured using the principles set out for provisions in Ind AS 37

2.13 Impairment of assets

a) Financial assets

Overview of the ECL principles

The Group records allowance for expected credit losses for all loans, other debt financial assets not held at FVTPL, together with financial guarantee contracts, in this section all referred to as 'financial instruments. Equity instruments are not subject to impairment under Ind AS 109.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is the portion of Lifetime ECL that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both Lifetime ECLs and 12-month ECLs are calculated on either an individual basis or a collective basis.

The Group has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Group does the assessment of significant increase in credit risk at a borrower level. If a borrower has various facilities having different past due status, then the highest days past due (DPD) is considered to be applicable for all the facilities of that borrower.

Based on the above, the Group categorises its loans into Stage 1, Stage 2 and Stage 3 as described below:

Stage 1: All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Group classifies all standard advances and advances up to 0-30 days default under this category. Stage 1 loans also include facilities where the credit risk has improved, and the loan has been reclassified from Stage 2.

Stage 2: All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. Financial assets past due for 31-90 days are classified under this stage. Stage 2 loans also include facilities where the credit risk has improved, and the loan has been reclassified from Stage 3.

Stage 3: All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, a lifetime ECL is recognised and interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount. More than 90 days Past Due is considered as default for classifying a financial instrument as credit impaired. If an event warrants a provision higher than as mandated under ECL methodology, the Group may classify the financial asset in Stage 3 accordingly.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

The Group recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The Group applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For all other financial assets, expected credit losses are measured at an amount equal to the 12 months ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the Statement of Profit or Loss.

b) Non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

2.14 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

The classification depends on the contractual terms of the financial assets' cash flows and the Group's business model for managing financial assets which are explained below:

Business model assessment

The Group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Group's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the Group's key management personnel
- The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed
- How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- The expected frequency, value and timing of sales are also important aspects of the Group's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account."

If cash flows after initial recognition are realised in a way that is different from the Group's original expectations, the Group does not change the classification of the remaining financial assets held in that business model but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The Solely Payments of Principal and Interest (SPPI) test

As a second step of its classification process, the Group assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/ discount). In making this assessment, the Group considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss."

Financial assets

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified as measured at

Amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortization of EIR and loss arising from impairment, if any is recognized in the Statement of Profit and Loss.

Fair value through profit and loss (FVTPL): A financial asset not classified as either amortised cost or FVTOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, except interest income and dividend income if any, recognized as 'Net gain on fair value changes' in the Statement of Profit and Loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

Fair value through other comprehensive income (FVTOCI): Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognized in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognized in OCI is reclassified from the equity to the Statement of Profit and Loss.

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Group changes its business model for managing financial assets.

Trade receivables and loans:

Trade receivables and loans are initially recognized at fair value. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

Debt instruments:

Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVTOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

(a) Measured at amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

(b) Measured at fair value through other comprehensive income: Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the Statement of Profit and Loss.

(c) Measured at fair value through profit or loss: A financial asset not classified as either amortised cost or FVTOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, except interest income and dividend income if any, recognized as 'Net gain on fair value changes' in the Statement of Profit and Loss. Interest income /dividend income on financial assets measured at FVTPL is recognised separately from "net gain on fair value changes" in the statement of profit and loss.

Equity instruments:

All other investments in equity instruments classified under financial assets are initially measured at fair value, the Group may, on initial recognition, irrevocably elect to measure the same either at FVTOCI or FVTPL.

The Group makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised in the Statement of Profit and Loss unless the Group has elected to measure such instrument at FVTOCI. Fair value changes excluding dividends, on an equity instrument measured at FVTOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised in the Statement of Profit and Loss.

Derecognition

The Group derecognises a financial asset (or, where applicable, a part of a financial asset) when:

- The right to receive cash flows from the asset has expired such as repayments in the financial asset, sale of the financial asset etc.; or
- The Group has transferred its right to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under an assignment arrangement and the Group has transferred substantially all the risks and rewards of the asset. Once the asset is derecognised, the Group does not have any continuing involvement in the same.

A write-off of a financial asset constitutes a derecognition event.

On derecognition of a financial asset in its entirety, the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new asset obtained less any new liability assumed) is recognised in the Statement of Profit and Loss.

Financial assets measured at amortised cost are generally held for collection of contractual cashflow. The Group on looking at economic viability of certain portfolios measured at amortised cost may enter into immaterial and infrequent transaction for sale of portfolios which doesn't affect the business model of the Group.

Write-off

Financial assets are written off when the Group has no reasonable expectation of recovery or expected recovery is not significant basis experience. Where the amount to be written off is greater than the accumulated loss allowance, the difference is recorded as an expense in the period of write-off.

Financial liabilities:

Initial recognition and measurement

Financial liabilities are recognized when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate. All financial liabilities are recognised initially at fair value and in the case of borrowings trade payables and other financial liabilities, net of directly attributable transaction costs. The Group's financial liabilities include borrowings, trade payables, deposits and other financial liabilities.

Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

(a) Borrowings:

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the EIR method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

(b) Trade and other payables:

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(c) Deposits:

They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Derecognition

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires.

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

2.15 Segment reporting:

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, the Chief Operating Decision Maker evaluates the Group's performance and allocates the resources based on an analysis of various performance indicators by business segments.

Segment policies:

The Group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Group as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

Segment information

Companies whole business is being considered as one segment.

2.16 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, as they are considered an integral part of the Group's cash management.

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of noncash future, any deferrals or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated

2.17 Retirement benefits

i) Defined contribution plans

In accordance with Indian Law, eligible employees receive benefits from Provident Fund, Pension Fund and Labour welfare fund which is defined contribution plan. In case of Provident fund, both the employee and employer make monthly contributions to the plan, which is administrated by the Government authorities, each equal to the specific percentage of employee's basic salary. The Group has no further obligation under the plan beyond its monthly contributions. Obligation for contributions to the plan is recognised as an employee benefit expense in the Statement of Profit and Loss when incurred.

ii) Defined benefit plans (Gratuity)

In accordance with applicable Indian Law, the Group provides for gratuity, a defined benefit retirement plan (the Gratuity Plan) covering eligible employees. The Gratuity Plan provides a lump sum payment to vested employees, at retirement or termination of employment, and amount based on respective last drawn salary and the years of employment with the Group. The Group's net obligation in respect of the Gratuity Plan is calculated by estimating the amount of future benefits that the employees have earned in return of their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognised past service cost and the fair value of plan assets are deducted. The discount rate is yield at reporting date on risk free government bonds that have maturity dates approximating the terms of the Group's obligation. The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Group, the recognised asset is limited to the total of any unrecognised past service cost and the present value of the economic benefits available in the form of any future refunds from the plan or reduction in future contribution to the plan.

The Group recognises all remeasurements of net defined benefit liability/asset directly in other comprehensive income and presented within equity.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

iii) Short term benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as a related service provided. A liability is recognised for the amount expected to be paid under short term cash bonus or profit sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

iv) Compensated absences

The employees of the Group are entitled to leave as per the leave policy of the Group. The liability in respect of unutilized leave balances is provided at the end of year and charged to the statement of profit and loss.

2.18 Lease

As a lessee:

i) Right of use assets and Lease liability

The Group assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if it conveys the right to control the use of an identified asset for a period in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- the contract involves the use of an identified asset;
- the Group has substantially all the economic benefits from use of the asset through the period of the lease; and
- the Group has the right to direct the use of the asset.

Recognition and initial measurement

At the lease commencement date, the Group recognizes a Right-of-Use ("RoU") asset and equivalent amount of lease liability. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Group, an estimate of any costs to dismantle and remove the asset at the end of the lease (if any), and any lease payments made in advance of the lease commencement date (net of any incentives received).

Subsequent measurement

The Group depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Group also assesses the right-of-use asset for impairment when such indicators exist.

At the lease commencement date, the Group measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the notional borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed payments). Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in the in-substance fixed payments. When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset or is recorded in statement of profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Presentation

Lease liability and right of use assets have been separately presented in the balance sheet and lease payments have been classified as financing cash flows.

The Group has elected to account for shortterm leases and leases of low-value assets using the practical expedients. Instead of recognizing a right-of-use asset and lease liability, the payments in relation to these leases are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

ii) De-recognition

An item of right of use assets and lease liability is de-recognized upon termination of lease agreement. Any difference between the carrying amount of right of use asset and lease liability is recognized in statement of profit or loss."

As a lessor:

Leases under which the Group does not transfer substantially all the risks and rewards of ownership are classified as operating leases. Rental income arises from operating leases is accounted for on straight-line basis over the lease term, and is included in rental income in Statement of Profit and Loss, unless the increase is in line with expected general inflation, in which case lease income is recognised based on contractual terms. Contingent rents are recognised as revenue in the period in which they are earned.

2.19 Earnings per share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Group by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.20 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31 March 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Group w.e.f. 01 April 2024. The Group has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its consolidated financial statements.

LEASES

I Lease commitments as lessee:

The Group has entered into agreements for taking on lease certain guest house and office on lease and licence basis. The lease term is for a period ranging from 12 to 108 months. The Group has contracts which have fixed rentals.

The following is the summary of practical expedients elected on initial application:

- Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.

- Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.

Following are the changes in the carrying value of right-of-use assets (disclosed under note 10 - property, plant and equipment):-

RISK MANAGEMENT

Financial risk management

The risk management policies and systems of the Group are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Management has overall responsibility for the establishment and oversight of the Group's risk management framework. In performing its operating, investing and financing activities, the Group is exposed to the Credit risk, Liquidity risk and Market risk.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, investments and stock of securities.

Credit risk

Revenue / Trade receivable

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is from trade receivables amounting to Rs. 802.18 Lakhs and Rs 194.69 Lakhs as at 31 March 2025 and 31 March 2024, respectively. Trade receivables are typically unsecured and are derived from revenue earned from customers located in India. Credit risk has always been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Group grants credit terms in the normal course of business. The Group applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. Based on the provision matrix, no provision is required to be made at the respective reporting date.

The Group have provided details of revenue from single largest customer, revenue from top 5 customer and ageing of trade receivables below:

(a) The following table gives details in respect of revenues generated from top customer and top 5 customers:

₹ in Lakhs

Particulars	Current Year 2024-2025	Previous Year 2023-2024

Balances with banks and other financial assets:

The Group holds cash and cash equivalents with bank, which are having highest safety ratings based on ratings published by various credit rating agencies. The Group considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For other financial assets, the Group assesses and manages credit risk based on reasonable and supportive forward looking information. The Group does not have significant credit risk exposure for these items.

Investments in debt securities measured at amortised cost

The impairment of the credit risk on the investments is carried out through a detailed ECL model. The ECL model provides for the ECL on a 12 month ECL basis for standard to stage 1 Assets whereas the same is calculated based on a lifetime ECL for stage 2 & 3 level assets. The ECL is calculated based on a probability default (PD) X exposure at default (EAD) X (Loss given default X discount rate - LGD)). The Company calculates the PD by taking into account the past historical trends of the portfolio and its credit performance based on a homogenous characteristic of the underlying portfolio. This is calculated based on a 12 month PD perspective. In case of Impaired assets where lifetime PD is applied, the PD is extrapolated to take into account the probability of default over the life time of asset.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

Loans

Credit risk is controlled by analysing the credit limits and creditworthiness of the customer on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. An impairment analysis is performed at each reporting date on a portfolio basis. The Group holds collateral as security against the loans. The impairment of the credit risk on the loan is carried out through a detailed ECL model. The ECL model provides for the ECL on a 12 month ECL basis for standard to stage 1 Assets whereas the same is calculated based on a lifetime ECL for stage 2 & 3 level assets. The ECL is calculated based on a probability default (PD) X exposure at default (EAD) X (Loss given default X discount rate - LGD)). The Group calculates the PD by taking into account the past historical trends of the portfolio and its credit performance based on a homogenous characteristic of the underlying portfolio. This is calculated based on a 12 month PD perspective. In case of Impaired assets where lifetime PD is applied, the PD is extrapolated to take into account the probability of default over the life time of asset.

Loss given default (LGD) represents estimated financial loss the Group is likely to suffer in respect of default account and it is used to calculate provision requirement on EAD along with PD. The Group uses collection details on previously defaulted cases for calculating LGD including estimated direct cost of collection from default cases. Appropriate discounting rates are applied to calculate present value of future estimated collection net of direct collection cost. LGD thus calculated is used for all Stages, i.e. Stage 1, Stage 2 and Stage 3.

The exposure at default (EAD) represents the gross carrying amount of the financial instruments subject to the impairment calculation; To calculate the ECL for a Stage 1 loan, the Group assesses the possible default events within 12 months for the calculation of the 12 month ECL. For Stage 2 and Stage 3 financial assets, the exposure at default is considered for events over the lifetime of the instruments

The Group uses historical empirical data to arrive at factors that are indicative of future credit risk on the basis of combinations of these parameters. Some of the factors that the Group may consider are:

- | | |
|--|----------------------------------|
| a) Loan to value | b) Type of collateral |
| c) Cash-flow and income assessment of the borrower | d) Credit Rating of the borrower |
| e) Repayment track record of the borrower | |

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group has interest rate risk exposure mainly from changes in rate of interest on borrowing. The following table analyse the breakdown of the financial assets and liabilities by type of interest rate:

LIQUIDITY RISK

The Group's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. Liquidity risk is the risk that the Group may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Group objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Group closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing including debt and overdraft from banks at an optimised cost.

The Group's maximum exposure to liquidity risk for the components of the balance sheet at 31 March 2025 and 31 March 2024 is the carrying amounts. The liquidity risk is managed on the basis of expected maturity dates of the financial liabilities. The Group's major financial liabilities include term loans with maturity profile ranging between 0 to 5 years and short term borrowings are generally payable within one year. The average credit period taken to settle trade payables is about 30 days. The other payables are with short-term durations. The following table analysis undiscounted financial liabilities by remaining contractual maturities: ₹ in Lakhs

Capital management

For the purpose of the Group's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Group. The primary objective of the Group's capital management is to maximise the shareholder value. The Group manages its capital to ensure that it will continue as going concern while maximising the return to stakeholders. The Group manages its capital structure and makes adjustment in light of changes in business condition. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group's policy is to keep optimum gearing ratio. The Group includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents, excluding discontinued operations.

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call borrowings. There have been no breaches in the financial covenants of any borrowings in the current period.

No changes were made in the objectives, policies or processes for managing capital during the aforesaid financial period. Consolidated Financial Statements | 143

Description of techniques and valuation inputs used for Level II and Level III hierarchy are under:

Assets class	Fair value hierarchy	Valuation techniques and inputs
Debt instruments, Government securities, commercial paper and state development loan measured at FVTPL	Level II	Valuation techniques and inputs in order of first preference are as under: 1. Cost of securities only if the securities are allotted within last 20 days or purchased within 7 days from the measurement date or, latest traded price reported on recognised stock exchange or settlement house close to measurement date i.e. in the range of 0-7 days, whichever is later. 2. Weighted average (appropriate weight considered by the company) of; -Future cash flows which are discounted using a discount rate arrived at by adding the spread provided by FIMMDA and -Latest subsequent traded price reported on recognised stock exchange or settlement house close to measurement date i.e. in the range of 0-7 days" 3. Future cash flows are discounted using a discount rate arrived at by adding the spread provided by FIMMDA or other approved agencies and annualised government security yield provided by regulatory authorities.
Alternative Investment Fund measured at FVTPL	Level II	The valuation is done based on the rating agency valuation provided by the Alternative Investment Fund.
Unquoted equity instruments measured at FVTOCI	Level III	Based on unobservable inputs which generally approximates to the carrying value of the investments unless significantly impaired. Fair value has been considered Nil for significantly impaired investments. Sensitivity change in the unobservable input does not have a significant impact in its value and accordingly, sensitivity disclosure is not given.

Measurement of fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the financial statements, these fair values were calculated for disclosure purpose only.

a. Short term financial assets and liabilities

For financial assets and financial liabilities that have a short term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: trade receivables, other financial assets (excluding security deposit), trade payables and other financial liabilities.

b. Loans

In case of loans with floating rates, the interest rate represents the market rate. Consequently the carrying amount represents the fair value.

In case of loan with fixed rate, the fair values estimated by discounted cash flow model that incorporates assumptions for credit risk, probability of default and loss given default estimates. As per management assumptions, the fair value of the loans & advances has been at par with the carrying value of the portfolio considering the fact that the competitive interest rates in the operational area of the company and the portfolio in which the company has exposure are more or less as per prevailing market rates.

c. Investments

Refer Note 44 for description of techniques and valuation inputs used for Level II hierarchy adopted for fair valuation of investments measured at amortised cost

d. Debt securities

Refer Note 44 for description of techniques and valuation inputs used for Level II hierarchy adopted for fair valuation of debt securities measured at amortised cost

e. Borrowings

In case of borrowings, the interest rate represents the market rate. Consequently the carrying amount represents the fair value.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025**NOTE - 52****SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS**

The preparation of the Group's financial statements requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, liabilities, the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. Estimates and assumptions are reviewed on periodic basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

The key assumptions concerning the future and other key sources of estimation, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities, within the next financial year, are described below. The Group's assumptions and estimates are based on parameters available at the time of preparation of financial statements. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(a) Employee benefit plans

The cost of the defined benefit plan and other employment benefits plan are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans, the management considers the interest rates of government bonds in currencies consistent with the currencies of the postemployment benefit obligation. The mortality rate is based on publicly available mortality tables for India. Those mortality tables tend to change only at intervals in response to demographic changes. Future salary increases are based on expected future inflation rates.

Based on periodic review of the demographic assumptions, attrition rate assumption used for actuarial valuation of liability related to gratuity has been re-assessed during the year ended 31 March 2025. For the purpose of assessing the attrition rate, the Group considered the historical attrition trend and expected rate based on such trend/ experience. The change in assumption resulted in an increase of closing gratuity by Rs.25.06 Lakhs, for the year ended 31 March 2025.

Further details about gratuity obligations are given in Note - 37

(b) Leases

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain to exercise the option to renew or terminate the lease. It considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate.

(c) Impairment allowance for investments and loans

Recognition and measurement of impairment relating to the investments and loans measured at amortized cost involves significant management judgment and as per the requirements of Ind AS 109, credit loss assessment is based on management's ECL model. Management exercises judgment in determining the quantum of loss based on a range of factors. The most significant areas are:

- Credit ratings of the investments and loans;
- Investment and loans staging criteria
- Calculation of probability of default / Loss given default
- Consideration of probability weighted scenarios and
- Forward looking macro-economic factors.

The Group considered current and anticipated future economic conditions relating to industries the Group deals. In calculating expected credit loss, the Group has also considered credit reports and other related credit information for its investments to estimate the probability of default in future.

(d) Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

NOTE - 53**Code on Social Security, 2020**

The Indian Parliament has approved the Code on Social Security, 2020 which subsumes the Provident Fund and the Gratuity Act and the Rules thereunder. The Ministry of Labour and Employment has also released draft rules thereunder on 13 November 2020, and has invited suggestions from the stakeholders which are under active consideration by the Ministry. The Group will evaluate the rules, assess the impact, if any, and account the same once the rules are notified and become effective."

NOTE - 54

There was no impairment loss on the non-financial assets on the basis of review carried out by the management in accordance with Indian Accounting Standard (Ind AS) – 36 'Impairment of Assets'.

Item No. 5:

The Board at its meeting held on May 23, 2025, based on the recommendation of the Audit Committee, and after evaluating and considering various factors such as eligibility of the firm’s qualification, experience, independent assessment & expertise of the partners in providing secretarial audit related services, competency of the staff and Company’s previous experience based on the evaluation of the quality of audit work done by them in the past, has approved the appointment of M/s. Ragini Chokshi & Co., practicing Company Secretaries, a peer reviewed firm (Firm Registration Number: P1988MH090600) as Secretarial Auditors of the Company for a term of five consecutive years commencing from FY 2025-26 till FY 2029-30, subject to approval of the Members.

The appointment of Secretarial Auditors shall be in terms of the amended Regulation 24A of the SEBI Listing Regulations vide SEBI Notification dated December 12, 2024 and provisions of Section 204 of the Act and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014.

M/s. Ragini Chokshi & Co., a leading firm of practicing Company Secretaries with over three decades of experience in delivering comprehensive professional services across Corporate Laws, SEBI Regulations and FEMA Regulations. Their expertise includes conducting Secretarial Audits, Due Diligence Audits, Compliance Audits etc.

M/s. Ragini Chokshi & Co., have given their consent to act as Secretarial Auditors of the Company and confirmed that their aforesaid appointment (if approved) would be within the limits specified by Institute of Company Secretaries of India. Furthermore, in terms of the amended regulations, M/s. Ragini Chokshi & Co., has provided a confirmation that they have subjected themselves to the peer review process of the Institute of Company Secretaries of India and hold a valid peer review certificate.

The proposed remuneration to be paid to M/s. Ragini Chokshi & Co., for secretarial audit services for the financial year ending March 31, 2026, is INR 45,000/- plus applicable taxes and out-of-pocket expenses. Besides the secretarial audit services, the Company may also obtain certifications from M/s. Ragini Chokshi & Co., under various statutory regulations and certifications required by banks, statutory authorities, audit related services and other permissible non-secretarial audit services as required from time to time, for which they will be remunerated separately on mutually agreed terms, as approved by the Board of Directors in consultation with the Audit Committee. The above fee excludes the proposed remuneration to be paid for the purpose of secretarial audit of subsidiaries, if any.

The Board of Directors and the Audit Committee shall approve revisions to the remuneration of M/s. Ragini Chokshi & Co., for the remaining part of the tenure.

The Board of Directors, in consultation with the Audit Committee, may alter and vary the terms and conditions of appointment, including remuneration, in such manner and to such extent as may be mutually agreed with M/s. Ragini Chokshi & Co.

None of the Directors and Key Managerial Personnel of the Company and their respective relatives are concerned or interested, financially or otherwise, in passing the proposed Resolution.

The Board recommends the Ordinary Resolution under Item no. 5 for approval by the shareholders.

The transactions, which are enabling in nature, have been approved by the "Board" (which term shall be deemed to include any committee constituted/to be constituted by the Board, from time to time, to exercise its powers conferred by the said resolution) of the Company at its meeting held on August 7, 2025 in terms of the requirements of Regulation 23(4) of the Listing Regulations.

The Board of the Company recommends the Ordinary Resolution as set out in Item no. 8 of this Notice for approval of the Members.

Item No. 9:

The Members had approved appointment of Mr. Rajiv Bakshi (DIN: 00264007) as an Independent Director of the Company at the 30th Annual General Meeting held on September 16, 2023 for a term of three consecutive years from August 5, 2023 up to August 4, 2026. The first term of Mr. Rajiv Bakshi as an Independent Director of the Company will conclude on August 4, 2026.

The Board of Directors of the Company at its meeting held on August 7, 2025, based on the recommendation of the Nomination and Remuneration Committee and after review of performance evaluation and subject to the approval of the Members through Special Resolution, re-appointed Mr. Rajiv Bakshi as an Independent Director of the Company, for a second term of five consecutive years commencing from August 5, 2026 to August 4, 2031.

In accordance with the provisions of Section 149(10) of the Act and Regulation 25(2A) of SEBI Listing Regulations, re-appointment of Independent Director will be subject to the approval of Members by way of a special resolution. Further, pursuant to Regulation 17(1A) of SEBI Listing Regulations, no listed entity shall appoint a person, reappoint or continue the directorship of any person who has attained the age of seventy-five years, unless a special resolution is passed to that effect. Mr. Rajiv Bakshi will attain the age of 75 years during the continuation of his second term i.e., on October 21, 2027. Accordingly, the prior approval of the Members of the Company is being sought by way of a special resolution for the same.

The Company has also received a declaration of Independence from Mr. Rajiv Bakshi. In the opinion of the Board, Mr. Rajiv Bakshi fulfills the conditions as set out in Section 149(6) and Schedule IV of the Act and Listing Regulations for being eligible for his appointment. Mr. Rajiv Bakshi has confirmed that he is neither disqualified from being appointed as a Director in terms of the Act nor debarred from holding office as Director of the Company, by virtue of any SEBI Order or any other such authority and has given his consent to act as a Director. The Board of Directors have taken on record the declaration and confirmation submitted by Mr. Rajiv Bakshi.

Mr. Rajiv Bakshi, is a professional banker with over 39 years rich experience of Banking operations with a thorough knowledge of process, International Banking, Treasury, Large Corporate Credit & Risk Management and Business Process Reengineering.

Mr. Rajiv Bakshi meets the skills and capabilities as required for the role of an Independent Director, as have been identified by the Nomination & Remuneration Committee and Board of Directors of the Company.

Mr. Rajiv Bakshi is not inter-se related with any other Director or Key Managerial Personnel of the Company and does not hold any share(s) in the Company. The Board of Directors based on the recommendation of the Nomination and Remuneration Committee considers the re-appointment of Mr. Rajiv Bakshi as an Independent Director in the interest of the Company.

A copy of the draft letter for the appointment proposed of Mr. Rajiv Bakshi as an Independent Director setting out the terms and conditions thereof is available for inspection by the Members at the Registered Office of the Company during normal business hours on all working days between 11:00 am to 2:00 pm to the date of this AGM.

None of the Directors or Key Managerial Personnel of the Company or their relatives other than those Directors mentioned in the respective resolutions and their relatives are in any way concerned or interested, financially or otherwise, in the resolution.

The Board of the Company recommends the Special Resolution as set out at Item no. 9 of this Notice for approval of the shareholders.

Additional information in respect of Mr. Rajiv Bakshi, pursuant to Regulation 36 of the Listing Regulations and the Secretarial Standard on General Meetings (SS-2), is given as part of this Notice.

Item No. 10 & 11:

As per the provisions of Section 180(1)(c) of the Companies Act, 2013, the Board of Directors of a Company shall not borrow money, where the money to be borrowed, together with the money already borrowed by the Company exceeds the aggregate of its paid-up share capital, free reserves and securities premium, apart from temporary loans obtained from the Company's bankers in the ordinary course of business, without the consent of the Members of the Company accorded by means of a special resolution.

The shareholders of the Company at their 25th AGM held on September 22, 2018, had approved the limit of INR 2,000 crores pursuant to the provisions of Section 180(1)(c).

Further, the Board of Directors of the Company in its meeting held on August 7, 2025, has recommended to shareholders for increase the said limit from existing INR 2,000 Crores (Indian Rupees Two Thousand Crores Only) to INR 3,000 Crores (Indian Rupees Three Thousand Crores Only) pursuant to the provisions of Section 180(1)(c) of the Companies Act, 2013, subject to the approval of shareholders.

As a SEBI-registered Category 1 Merchant Banker, the Company is engaged in a wide range of capital market, investment banking, and advisory activities that may require timely deployment of capital or structured financial commitments.

The proposed increase limit will enable the Company to:

- Raise funds through diverse instruments including loans, debentures, commercial paper, and other permissible instruments;
- Respond swiftly to market opportunities and customer mandates that may necessitate upfront financial arrangements;
- Ensure operational agility without being constrained by procedural delays in seeking shareholder approval every time a higher borrowing threshold is needed.
- Enable greater financial flexibility and preparedness to meet the funding requirements arising from the Company's growth plans, potential business opportunities, and dynamic market conditions.

Accordingly, it is proposed to increase the existing limits from INR 2,000 Crores (Indian Rupees Two Thousand Crores Only) to INR 3,000 Crores (Indian Rupees Three Thousand Crores Only).

Further, Section 180(1)(a) of the Companies Act 2013 provides for the power to sell, lease or otherwise dispose of the whole or substantially the whole of the undertaking of the company or where the company owns more than one undertaking, of the whole or substantially the whole of any of such undertakings subject to the approval of members by way of Special Resolution in the general meeting.

Accordingly, the Board of Directors on August 7, 2025 proposed to obtain approval of the shareholders by way of a Special Resolution under Section 180(1)(a) of the Companies Act, 2013, to create charge/ mortgage/ hypothecation /pledge on the Company's assets including such immovable and movable properties, receivables in favour of any person including, but not limited to, qualified institutional buyers, foreign institutional investors, banks, foreign portfolio investors, financial institutions, multilateral financial institutions, other investing agencies, regional rural banks, cooperative banks, mutual funds, trusts, provident, pension, superannuation and gratuity funds, companies, partnership firms, limited liability partnerships, resident individual investors, hindu undivided families, trustee(s), agent(s), to secure the borrowings of the Company availed / to be availed by way of loans, debentures, ICDs, senior notes, bonds, loans, hire purchase and/or lease portfolio management transaction(s) for finance and other instruments under the limits of Section 180(1)(c) of the Companies Act, 2013.

None of the Directors / Key Managerial Personnel of the Company / their relatives is in any way concerned or interested, financially or otherwise, in the resolution set out at Item no. 10 & 11 of the Notice except to the extent of shares held by them.

The Board recommends the Special resolution set out at Item no. 10 & 11 for approval by the shareholders.

Item No. 12:

The Members are informed that in order to augment resources inter alia, to expand its operations and its working capital requirements, the Company may offer or invite subscription for issuance of Commercial Papers ("CPs") of nominal value aggregating up to INR 250 crores (Indian Rupees Two Hundred Fifty Crores), in one or more tranches on such terms and conditions as the Board of Directors ("the Board") may deem fit and appropriate from time to time.

The Board of the Company at its meeting held on August 7, 2025 has, subject to the approval of the Members in the general meeting proposed to issue CPs on private placement basis, at such terms and conditions and at such price(s) in compliance with the requirements of regulatory authorities, if any and as may be finalized by the Board and/or Committee of Board thereof. The issue price, yield of CP shall be determined by the Board/Committee keeping into consideration various economic factors, tenure and other relevant factors.

The proposed issuance of Commercial Papers is intended to meet the Company's short-term funding needs in a cost efficient manner, enabling effective cash flow management and timely working capital availability.

Accordingly, the consent of the Members is being sought for passing a Special Resolution as set out at Item no. 12 of the Notice.

This resolution enables the Board of the Company or any other Committee which the Board may have constituted or hereinafter constitute to exercise its powers including the powers conferred by this resolution to offer or invite subscription for CPs aggregating up to INR 250 crores (Indian Rupees Two Hundred Fifty Crores), in one or more series or tranches, as deemed fit, and within the overall borrowing limits of the Company, as approved by the Members from time to time and as per the details specified in the said Special Resolution. The Board of the Company or any other Committee thereof shall decide, inter alia, other terms and conditions for such fund raising.

None of the Directors, Key Managerial Personnel of the Company and their relatives is in any way, except to the extent of their respective shareholding in the Company, concerned or interested, financially or otherwise, in the set out at Item no. 12 of the Notice.

The Board of the Company recommends the Special Resolution as set out at Item no. 12 of this Notice for approval of the Members.

Item No. 13:

Pursuant to Rule 14(1) of the Companies (Prospectus and Allotment of Securities) Rules, 2014, an Explanatory Statement relating to the Special Resolution is given as under:

The Company has plans to expand its operations and therefore needs to augment its long-term capital base and in the course of which, the Board of Directors ("the Board") of the Company may need to raise further funds to meet the expansion plans and augment the long term capital base and working capital requirements through the issue of further securities. Accordingly, in terms of Sections 42 and 55 of the Companies Act, 2013 (the "Act") and other applicable provisions, if any, read with the Companies (Share Capital & Debentures) Rules, 2014, consent of the Members is being sought by way of special resolution for the issue of Non-convertible Redeemable Preference Shares ("NCRPS"), whether Cumulative or Non-Cumulative of face value of INR 100/- each, aggregating to nominal amount not exceeding INR 100 Crores (Indian Rupees One Hundred Crores) at such price and on the terms and conditions set out hereunder:
