G-20 MEET

India, Russia, China hold trilateral meet

PRESS TRUST OF INDIA
Buenos Aires, December 1

LEADERS OF INDIA, China and Russia have called for reforming multilateral institutions, including the United Nations and the World Trade Organisation, as they underscored the benefits of a multilateral trading system and an open world economy for global growth and prosperity. The discussions were part of the trilateral meeting they held after a gap of 12 years.

Prime Minister Narendra Modi, Chinese President Xi Jinping and Russian President Vladimir Putin held the trilateral meeting, the second among the three countries after a gap of 12 years, on the sidelines of the G-20 summit to discuss cooperation in various areas.

"Excellent meeting of the RIC (Russia, India, China) Trilateral. President Putin, President Xi Jinping and I discussed a wide range of subjects that would further cement the friendship between our nations and enhance world peace," Modi said. The RIC meeting came hours after Prime Minister Modi, his Japanese counterpart Shinzo Abe and US President Donald Trump held their first trilateral meeting on the margins of the summit. "Deepening engagement with valued development partners. President Vladimir Putin, President Xi Jinping and PM Narendra Modi participate in the RIC trilateral in Buenos Aires," the Prime Minister's Office tweeted. In a statement, the External Affairs Ministry said the three leaders exchanged views on expanding mutual cooperation in international forums to encourage greater interaction among the countries.

Nations agree on reforming WTO

EUROPEAN OFFICIALS SAID that G20 nations have agreed to commit to reforming the World Trade Organisation in a preliminary draft of the communique due to be released at the end of a two-day meeting of the bloc on Saturday. An EU official said the language currently being negotiated for the communique said leaders support reforms needed to improve the WTO. The language on multilateral trade had been a sticking point for the United States, which insisted the communique say the multilateral trading system was not working, the official added. **REUTERS**

Leaders give Bush tributes, little else

PRESS TRUST OF INDIA
Buenos Aires, December 1

A SINO-US showdown on trade loomed Saturday as G20 leaders wrapped up tense summit talks with a rare show of unity over the death of former president George Bush.

There was an implicit contrast in some of the tributes offered at the Buenos Aires summit between Bush and the current White House occupant, Donald Trump, whose disruptive brand of diplomacy has stoked the deepest divisions in the G20's 10-year history. "He was a world leader, who strongly supported the alliance with Europe," said French President Emmanuel Macron, who has been lobbying other G20 leaders to carve out a 19 versus 1 statement on climate change excluding Trump.

British Prime Minister Theresa May lauded the late Bush as a "great statesman and true friend of our country", words that few observers in Britain would apply to Trump. He said that Bush had "inspired generations of his fellow Americans to public service." There was no immediate comment in Buenos Aires from Russian President Vladimir Putin who regards the breakup of the Soviet Union under Bush's presidency as a "historical tragedy." Bush also served as the US envoy to China in the 1970s as the countries were establishing relations.

Chinese President Xi Jinping was yet to comment, as he prepared to dine with Trump later Saturday for a large helping of debate on trade tariffs. With markets watching nervously, Trump has described the Xi encounter as a deadline for China to meet his demands or risk even further pressure.

India proposes plan to tackle fugitive economic offenders

India suggested that the Financial Action Task Force (FATF) should be called upon to assign priority and focus to establishing international cooperation that leads to timely and comprehensive exchange of information between the competent authorities and financial intelligence units. "FATF should be tasked to formulate a standard definition of fugitive economic offenders. FATF should also develop a set of commonly agreed and standardised procedures related to identification, extradition and judicial proceedings for dealing with fugitive economic offenders to provide guidance and assistance to G-20 countries, subject to their domestic law," it said. India also advocated setting up of a common platform for sharing experiences and best practices including successful cases of extradition, gaps in existing systems of extradition and legal assistance, etc. It said the G20 forum should consider initiating work on locating properties of economic offenders who have a tax debt in the country of their residence for its recovery.

GST revenue shortfall continues

While gross GST collections of a little over ₹1 lakh crore/month are estimated to be what is required to wipe out a shortfall, the collections breached the threshold only twice since the tax's July 2017 launch — March 2018 (collected in May) and September 2018 (collected in October). However, both these were special months for accounting settlements. GST revenue shortfall is more of an issue for the Centre than the states as the latter are compensated for any shortfall from 14% annual growth. As per a government release , "The total number of GSTR 3B returns filed for October up to November 30, 2018, is 69.6 lakh." Compensation released to states for the August-September period stood at ₹11,922 crore. Of the ₹97,637 crore collected, central GST (CGST) collection is ₹16,812 crore, state GST (SGST) is ₹23,070 crore, integrated GST (IGST) is ₹49,726 crore (including ₹24,133 crore collected on imports) and cess is ₹8,031 crore (including ₹842 crore collected on imports). The total revenue earned by the central government and state governments after regular settlement in November 2018 is ₹35,073 crore for CGST and ₹38,774 crore for SGST. Commenting of the number, EY tax partner Abhishek Jain said: "While GST collections have fallen vis-a-vis the earlier month, it is higher than the average monthly collection in the year. This steady increase in average collection raises hopes of a regular monthly collection of ₹1 lakh crore."

More advertisers, consumers increase digital ad pie

Apart from this, platforms have other inventories sold as per the cost per thousand views, cost per thousand impressions (CPM) and cost per click (CPC). To get a further sense of the charges levied by digital streaming platforms, it is to be noted that YouTube, which has over 245 million monthly active users, charges ₹400 per thousand views.

Hotstar prices itself at a CPM (views) of ₹235, while during cricket matches featuring India, the CPM (views) goes up to ₹600. Similarly, SonyLiv — which is currently streaming the India-Australia cricket series — has priced its CPM (views) at ₹ 525, whereas its regular cost is ₹300 per thousand views. Voot spikes up its ad rates during Bigg Boss, while otherwise pricing at ₹280 per thousand views. "For marquee properties like IPL, platforms rope in sponsors and guarantee them a certain number of impressions. The growth in digital ad spends is driven by the increase in the number of advertisers and impressions," says Nimesh Shah, founder of digital media agency Windchimes Communication. "Furthermore, digital allows for more targeted advertising, reducing wastage."

Uday Sodhi, business head (digital), Sony Pictures Networks India, shares that the OTT player has witnessed a four-fold growth year-on-year in the number of advertisers. "For the Australia-India cricket series, we have 15 digital-only advertisers, whereas during the FIFA World Cup, we had more than 35 advertisers," Sodhi shares. "So we are in a situation where we have significant inventory available, with more advertisers coming in. The growth will come from increased consumption." E-commerce, FMCG, consumer durables and digital native brands like Swiggy and OLA are the big spenders on digital.

For telcos, it's about capturing data mkt

They added that voice and SMS revenues will decline further as low-cost bundled plans have now become an industry standard. Operators, too, are focusing on increasing data usage and are offering various incentives like cashbacks on purchasing smartphones and premium video and music content. The battle now is for market share and on increasing data consumption. In such a scenario, where operators are competing against each other to gain market leadership, it's the subscribers who are gaining the most, not just in terms of dirt cheap data and free voice, but also better content offerings and speed. This is resulting in higher data consumption. Similarly, data consumption per subscriber per month was higher by a whopping 146% YoY at 3.2 GB in during the same period this year. Data prices, too, have witnessed an unprecedented decline during this period, especially since the commercial launch of Reliance Jio in September 2016. Prices plunged multifold to ₹3.5 per GB in September 2018 from around ₹250 per GB two years back. Analysts now anticipate 4G data consumption to rise further as operators focus on providing more content to subscribers. They are investing on digital offerings and, in turn, a burgeoning digital ecosystem is revolutionising consumption.

Gloomy Nov for car companies

During the start of the fiscal, Siam had projected a growth on 9-11% in PVs, which, last month it had said, would be at the lower end of the guidance. However, some industry members are now expecting that the numbers might even be revised downwards. "November was a challenging month for the industry with muted consumer sentiment caused by liquidity crunch, non-availability of retail finance and moderate festive season," Tata Motors, which saw a decline of 1% in its PV sales. "We can expect inventory correction from manufacturers during December, which is a strong sales month. It would be interesting to see the level of discounting companies resort to in order to lift sentiment," said Gaurav Vangaal, senior analyst, IHS Markit. PV sales were robust in the first quarter of the current fiscal, growing at 20% y-o-y.

प्रादेशिक पाणी पुरवठा योजना सौर ऊर्जेवर चालविणार - लोणीकर

विशेष प्रतिनिधी

मुंबई, शनिवार - राष्ट्रीय पेयजल योजनेंतर्गत यापुढे राज्यातील प्रादेशिक पाणी पुरवठा योजना सौर ऊर्जेवर करण्यात येणार आहेत, असे पाणी पुरवठा व स्वच्छता मंत्री बबनराव लोणीकर यांनी विधानसभेत सांगितले.

नाशिक जिल्ह्यातील प्रादेशिक पाणी पुरवठा योजनांसाठी पथदर्शी प्रकल्प म्हणून सौरऊर्जा प्रकल्प राबविण्याबाबत सदस्य छगन भुजबळ यांच्या प्रश्नाला उत्तर देताना लोणीकर बोलत होते. ते म्हणाले, लासलगाव विंचूरसह १३ व येवला तालुक्यातील ३८ गावांतील प्रादेशिक पाणी पुरवठा योजना पथदर्शी प्रकल्प म्हणून सौर ऊर्जेवर करण्यात येणार आहे. त्या अनुषंगाने नाशिकच्या जिल्हा नियोजन समितीमार्फत या योजनेसाठी निधीची तरतूद करण्याबाबतचा प्रस्ताव आहे.

परिचारकांचा मुद्दा शिवसेनेमुळे गुंडाळला

मुंबई, शनिवार (विशेष प्रतिनिधी)- राज्यातील दुष्काळी परिस्थितीवरच्या उपाययोजनांवरून सत्ताधारी आणि विरोधकांमध्ये झालेल्या जोरदार घोषणाबाजीच्या गदारोळात विधान परिषदेचे कामकाज संपले. त्याआधी सभापती रामराजे नाईक निंबाळकर यांनी निलंबित सदस्य प्रशांत परिचारक यांच्याबाबतचा मुद्दा सभागृहात मांडण्याचा प्रयत्न केला. पण, शिवसेनेच्या जोरदार विरोधानंतर तोही थंड्या बस्त्यात टाकण्यात आला.
