FORWARD-LOOKING STATEMENTS

This Tranche V Prospectus contains certain “forward-looking statements”. These forward looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “future”, “goal”, “plan”, “contemplate”, “propose” “seek to” “project”, “should”, “will”, “will continue”, “will pursue”, “will likely result” or other words or phrases of similar import. All forward-looking statements are based on our current plans and expectations and are subject to a number of uncertainties and risks and assumptions that could significantly and materially affect our current plans and expectations and our future financial condition and results of operations. Important factors that could cause actual results, including our financial conditions and results of operations to differ from our expectations include, but are not limited to, the following:

- Instability of global and Indian economies and banking and financial sectors could affect the liquidity of our Company, which could have a material adverse effect on our Company’s financial condition;
- General economic and business conditions in India and globally;
- Our ability to successfully sustain our growth strategy;
- Our ability to compete effectively and access funds at competitive cost;
- Unanticipated turbulence in interest rates, equity prices or other rates or prices; the performance of the financial and capital markets in India and globally;

- The outcome of any legal or regulatory proceedings we are or may become a party to;
- Any disruption or downturn in the economy of southern India;
- Our ability to control or reduce the level of stage 3 assets in our loan portfolio;
- General political and economic conditions in India;
- Change in government regulations;
- Competition from our existing as well as new competitors;
- Our ability to compete with and adapt to technological advances; and
- Occurrence of natural calamities or natural disasters affecting the areas in which our Company has operations.

For further discussion of factors that could cause our actual results to differ, see the section titled “*Risk Factors*” on page 14 of the Shelf Prospectus and the section titled “*Material Developments*” on page 115 of this Tranche V Prospectus.

All forward-looking statements are subject to risks, uncertainties and assumptions about our Company that could cause actual results and valuations to differ materially from those contemplated by the relevant statement. Additional factors that could cause actual results, performance or achievements to differ materially include, but are not limited to, those discussed under the sections titled “*Industry Overview*” on page 59 of the Shelf Prospectus and “*Our Business*” on page 30 of this Tranche V Prospectus. The forward-looking statements contained in this Tranche V Prospectus are based on the beliefs of management, as well as the assumptions made by and information currently available to management. Although our Company believes that the expectations reflected in such forward-looking statements are reasonable at this time, it cannot assure investors that such expectations will prove to be correct or will hold good at all times. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements. If any of these risks and uncertainties materialise, or if any of our Company’s underlying assumptions prove to be incorrect, our Company’s actual results of operations or financial condition could differ materially from that described herein as anticipated, believed, estimated or expected. All subsequent forward-looking statements attributable to our Company are expressly qualified in their entirety by reference to these cautionary statements.

Neither our Company, its Directors and officers, nor any of their respective affiliates or associates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI NCS Regulations, the Company and the Lead Manager will ensure that investors in India are informed of material developments between the date of filing this Tranche V Prospectus with the ROC and Stock Exchange and the date of commencement of listing and trading of the NCDs issued under the Tranche V Issue.

Credit Rating and Rationale

The NCDs proposed to be issued under this Issue have been rated [ICRA] AA+/Stable (pronounced as ICRA Double A plus rating with stable outlook) by ICRA vide its letter dated February 23, 2022 and further revalidated by rating letters dated March 23, 2022, May 12, 2022, September 19, 2022, November 7, 2022 and January 6, 2023. The aforesaid rating of the NCDs by ICRA indicates high degree of safety regarding timely servicing of financial obligations. Such instruments carry

very low credit risk. Rating given by the Credit Rating Agency is valid as on the date of this Tranche V Prospectus and shall remain valid until the ratings are revised or withdrawn. ICRA reserves the right to review and / or, revise the above rating at any time on the basis of new information or unavailability of information or such other circumstances, which ICRA believes, may have an impact on the rating assigned. In case of any change in the rating until the date of issuance or listing of NCDs, our Company will inform the investors through public notices/ advertisements in all those newspapers in which pre issue advertisement has been given. These ratings are not a recommendation to buy, sell or hold securities and investors should take their own decisions. For the rating letter, rationale / press release of these ratings, see pages 221 to 235 of this Tranche V Prospectus.

Impersonation

As a matter of abundant precaution, attention of the investors is specifically drawn to the provisions of sub-section (1) of section 38 of the Companies Act, 2013, relating to punishment for fictitious applications which is reproduced below:

“Any person who —

- makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or*
- makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or*
- otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name,*

shall be liable for action under Section 447.”

Minimum Subscription

In terms of the SEBI NCS Regulations, for an issuer undertaking a public issue of debt securities the minimum subscription for public issue of debt securities shall be 75% of the Base Issue, i.e. ₹750 million. If our Company does not receive the minimum subscription of 75% of the Base Issue i.e. ₹750 million, within the prescribed timelines under Companies Act and any rules thereto, the entire subscription amount shall be refunded to the Applicants within the timelines prescribed under Applicable Law. In the event, there is a delay, by our Company in making the aforesaid refund within the prescribed time limit, our Company will pay interest at the rate of 15% per annum for the delayed period.

Under Section 39(3) of the Companies Act, 2013 read with Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or Registrar, refunds will be made to the account prescribed. However, where our Company and/or Registrar does not have the necessary information for making such refunds, our Company and/or Registrar will follow the guidelines prescribed by SEBI in this regard included in the SEBI Operational Circular.

Recovery Expense Fund

Our Company has already created a recovery expense fund in the manner as specified by SEBI in circular no. SEBI/HO/MIRSD/CRADT/CIR/P/2020/207 dated October 22, 2020 as amended from time to time and Regulation 11 of SEBI NCS Regulations with the Designated Stock Exchange and informed the Debenture Trustee regarding the creation of such fund. The Recovery expense fund may be utilised by Debenture Trustee, in the event of default by our Company under the terms of the Debenture Trust Deed, for taking appropriate legal action to enforce the security.

* With respect to Options where interest is to be paid on a monthly basis, relevant interest will be calculated on the face value of the NCDs from the first day till the last date of every month during the tenor of such NCDs, and paid on the first day of every subsequent month. For the first interest payment for NCDs under the monthly options, interest from the Deemed Date of Allotment till the last day of the subsequent month will be clubbed and paid on the first day of the month next to that subsequent month. The last interest payment under monthly options will be made at the time of redemption of the NCDs.

** With respect to Options where interest is to be paid on an annual basis, relevant interest will be paid on each anniversary of the Deemed Date of Allotment on the face value of the NCDs. The last interest payment under annual Options will be made at the time of redemption of the NCDs.

(1) Please refer to Annexure FS – 5A for details pertaining to the cash flows of the Company in accordance with the SEBI Operational Circular.

(2) As regards the payment of additional incentive, such additional incentive shall be payable to only such NCD Holders who shall be individuals as on the Record Date.

(3) On Options I and II, monthly interest payment is not assumed to be reinvested for the purpose of calculation of Effective Yield (per annum).

(4) Subject to applicable tax deducted at source, if any.

Our Company would allot the Option III NCDs, as specified in this Tranche V Prospectus to all valid Applications, wherein the Applicants have not indicated their choice of the relevant option of NCD.

OUR BUSINESS

Overview

We are the largest gold loan NBFC in India in terms of loan portfolio. According to the ICRA Analytics Limited (Formerly known as ICRA Online Limited) Industry Report, Gold Loans Market in India, 2021 (“**ICRA Analytics Industry Report 2021**”), we were ranked the largest gold loan company in India in terms of loan portfolio as of March 31, 2021. We provide personal loans and business loans secured by gold jewelry, or Gold Loans, primarily to individuals who possess gold jewelry but are not able to access formal credit within a reasonable time, or to whom credit may not be available at all, to meet unanticipated or other short-term liquidity requirements. According to the ICRA Analytics Industry Report 2021, as of March 31, 2021 our branch network was the largest among gold loan NBFCs in India. Our Gold Loan portfolio as of September 30, 2022 comprised approximately 8.16 million loan accounts in India that we serviced through 4,641 branches across 22 states, the national capital territory of Delhi and six union territories in India. As of September 30, 2022 we employed 27,204 persons in our operations. Our branches act as the primary point of sale by assisting with our loan origination, disbursement and collection processes as well as facilitating customer interaction.

We are an “Upper Layer NBFC” (NBFC-UL) headquartered in the south Indian state of Kerala. Our operating history has evolved over a period of 83 years since M George Muthoot (the father of our Promoters) founded a gold loan business in 1939 under the heritage of a trading business established by his father, Ninan Mathai Muthoot, in 1887. Since our formation, we have broadened the scale and geographic scope of our gold loan operations so that, as of March 31, 2012, we were India’s largest provider of Gold Loans. For the years ended March 31, 2020, 2021 and 2022 revenues from our gold loan business constituted 96.81%, 95.88% and 96.67% respectively of our total income. In addition to our Gold Loans business, we provide money transfer services through our branches as sub-agents of various registered money transfer agencies and also provide collection agency services. We have started providing unsecured loans to salaried individuals and loans to traders and self-employed. We also provide micro-finance, housing finance, vehicle and equipment finance and insurance broking services through our subsidiaries. We believe that these services will enable us to improve our visibility, profitability as well as increase customer presence in our branches.

Historically, we raised capital by issuing secured non-convertible debentures called “Muthoot Gold Bonds” on a private placement basis to retail investors. Since 2013, we are issuing non-convertible debentures to retail investors through public issuance. Since July, 2013, we have raised ₹ 183,154.95 million in non-convertible debentures issued under the public issue route. As of September 30, 2022, 0.09 million high net-worth and retail individuals had invested in our secured and unsecured debentures (subordinated debt).

We also rely on loans from banks and financial institutions as our sources of funds. As of March 31, 2022, we had ₹ 276,630.69 million as borrowings from banks and financial institutions. We also raise capital by issuing commercial paper and listed and credit rated non-convertible debentures under private placement mode or through public issues to various institutional corporate, high net worth and retail investors. In FY 2019-20, we accessed external commercial borrowing through issuance of USD denominated Senior Secured Notes raising 1 billion USD.

Our customers are typically small businessmen, vendors, traders, farmers and salaried individuals, who for reasons of convenience, accessibility or necessity, avail of our credit facilities by pledging their gold jewelry with us rather than by taking loans from banks and other financial institutions. We provide retail loan products, primarily comprising Gold Loans. Our Gold Loans have a maximum 12 month term. Our average disbursed gold loan amount outstanding was ₹ 68,739 per loan account as of March 31, 2022. For the year ended March 31, 2022 our loan portfolio earned, on an average, interest of 1.67% per month, or 20.06% per annum.

As of March 31, 2020, 2021 and 2022 our portfolio of outstanding principal amount of gross Gold Loans under management was, ₹ 407,723.62 million, ₹ 519,265.70 million and ₹ 575,313.13 million respectively, and approximately 175.76 tons, 170.61 tons and 187.04 tons respectively, of gold jewelry was held by us as security for our Gold Loans. Stage 3 Loan Assets were at 2.16%, 0.88% and 2.99% of our gross loan assets (principal amount) as of March 31, 2020, 2021 and 2022 respectively.

For the year ended March 31, 2020, 2021 and 2022, our total income was at ₹ 87,227.91 million, ₹ 105,743.59 million and ₹ 110,983.93 million which shows a year over year increase of 26.77%, 21.23% and 4.96%. For the year ended March 31, 2020, 2021 and 2022 our profit after tax was at ₹ 30,183.00 million, ₹ 37,221.78 million and ₹ 39,543.04 million which shows a year over year increase of 53.05%, 23.32% and 6.24%. As of March 31, 2020, 2021 and 2022 our net worth was ₹ 115,718.13 million, ₹ 152,388.93 million and ₹ 183,445.72 million respectively.

Competitive Strengths

We believe that the following competitive strengths position us well for continued growth:

Market leading position in the gold loan business in India with pan-India reach and branch network

Gold Loans are the core products in our asset portfolio. We believe that our experience, through our Promoters, has enabled us to have a leading position in the gold loan business in India. Highlights of our market leading position include the following:

- We are the largest gold financing company in India in terms of loan portfolio as of March 31, 2021, according to the ICRA Analytics Industry Report 2021. Our loan portfolio as of March 31, 2021 comprised approximately 8.41 million loan accounts in India with Gold Loans outstanding of ₹ 519,265.70 million.
- We have the largest branch network among gold loan NBFCs as of March 31, 2021, according to the ICRA Analytics Industry Report 2021. Our branch network has expanded significantly from 373 branches as of March 31, 2005 to 4,641 branches as of September 30, 2022, comprising 799 branches in northern India, 2,773 branches in southern India, 759 branches in western India and 310 branches in eastern India covering 22 states, the national capital territory of Delhi and six union territories in India.
- We believe that due to our early entry we have built a recognizable brand in the rural and semi-urban markets of India, particularly in the south Indian states of Tamil Nadu, Kerala, Andhra Pradesh, Telangana and Karnataka. As of March 31, 2022, the south Indian states of Tamil Nadu, Kerala, Andhra Pradesh, Karnataka, Telangana and the Union Territory of Pondicherry and Andaman and Nicobar Islands constituted 50.48% of our total gold loan portfolio.
- We have a strong presence in under-served rural and semi-urban markets. A large portion of the rural population has limited access to credit either because of their inability to meet the eligibility requirements of banks and financial institutions or because credit is not available in a timely manner, or at all. We have positioned ourselves to provide loans targeted at this market.
- We offer products with varying loan amounts, advance rates (per gram of gold) and interest rates. The maximum and average maturity of our loan product is 12 months and approximately 3 to 6 months, respectively. Our average disbursed gold loan amount outstanding was ₹ 68,739 per loan account as of March 31, 2022 while interest rates on our Gold Loans usually range between 12.00% and 24.00% per annum.

Strong brand name, track record, management expertise and Promoter support

Our operating history has evolved over a period of 83 years since M George Muthoot (the father of our Promoters) founded a gold loan business in 1939. We believe that the experience, skills and goodwill acquired by our Promoters over these years cannot be easily replicated by competitors. We have a highly experienced and motivated management team that capitalizes on this heritage at both the corporate and operational levels. Our senior management team has extensive experience in the gold loan industry and has demonstrated the ability to grow our business through their operational leadership, strategic vision and ability to raise capital. Under the current management team, our loan assets portfolio has grown from ₹ 33,690.08 million as of March 31, 2009 to ₹ 580,531.76 million as of March 31, 2022. Our business is also well supported by our Promoters, who are members of the Muthoot family. We believe that our long operating history, track record, management expertise and Promoter support have established a strong brand name for us in the markets we serve. A strong brand name has contributed to our ability to earn the trust of individuals who entrust us with their gold jewelry, and will be key in allowing us to expand.

High-quality customer service and robust operating systems

We adhere to a strict set of market survey and location guidelines when selecting branch sites to ensure that our branches are set up close to our customers. We believe that our customers appreciate this convenience, as well as extended operating hours that we typically offer, which are often more compatible with our customers' work schedules. We provide our customers a clean and secure environment to transact their business with us. In addition to the physical environment, it is equally important to have professional and attentive staff at both the branch level and at our centralized customer support centers. Each of our branches across India is staffed with persons who possess local knowledge and understanding of customers' needs and who are trained to appraise collateral and disburse loans within a few minutes. Although disbursement time may vary depending on the loan ticket size and the number of items pledged, we usually are able to disburse an average loan ticket size of ₹ 20,000 within five minutes to repeat customers from the time the gold is tendered to the appraiser, except in case of first time customers where it may take up to half an hour for carrying out one-time-compliance with the KYC norms. Furthermore, since our loans are all over-collateralized by gold jewelry, there are minimal documentary and credit assessment requirements, thereby shortening our turnaround time. We believe our high quality customer service and short response time are significant competitive strengths that differentiate our services and products from those provided by commercial banks.

Strong capital raising ability to fund a high profitability business model

We have a track record of successfully raising capital from various sources at competitive costs. We regularly issue secured redeemable non-convertible debentures to retail investors, earlier on a private placement basis and now through public issue route as a means to access capital for our gold loan business. We have also issued Equity Shares in three tranches to institutional investors raising ₹ 2,556.90 million and completed an initial public offering of our Equity Shares in the month of May, 2011 raising ₹ 9,012.50 million and an Institutional Placement Programme in the month of April, 2014 raising ₹ 4,182.93 million and made twenty eight public issues of secured non-convertible debentures raising ₹ 1,96,278.92 million in total. We also issue subordinated debt which is considered as Tier II capital of our Company. Since our inception, we have relied on the proceeds of secured non-convertible debentures called “Muthoot Gold Bonds” placed through our branches. These debentures were issued on a private placement basis and were subscribed to, mainly by retail investors. Consequent to change in private placement regulations, debentures are now being issued to retail investors under public issue route. We believe that we are able to raise capital from retail investors because of our leadership, goodwill, trust, reputation, track record, performance, stability in our business and strong quality asset portfolio. We have diversified our resource pool with borrowings from banks and other financial institutions. As of March 31, 2020, 2021 and 2022 our outstanding borrowings from banks and financial institutions were ₹ 145,774.62 million, ₹ 198,331.43 million and ₹ 2,76,630.69 million respectively. We have developed stable long-term relationships with our lenders, and established a track record of timely servicing our debts. We further diversified our funding sources by accessing offshore market through External Commercial Borrowings. On October 31, 2019, we raised 450 million USD as Senior Secured Notes for a period of 3 years at a coupon of 6.125% on semi-annual basis and on March 02, 2020 we raised 550 million USD as Senior Secured Notes for a period of 3.50 years at a coupon of 4.40% on semi-annual basis in compliance with the guidelines issued by Reserve Bank Of India under Master Direction - External Commercial Borrowings, Trade Credits and Structured Obligations. For details in relation to our credit rating of our debt instruments, see “Our Strategies - Access to low-cost and diversified sources of funds” on page 74 of the Shelf Prospectus.

In-house training capabilities to meet our branch expansion requirements

Our ability to timely appraise the quality of the gold jewelry collateral is critical to the business. We do not engage third parties to assess the collateral for our Gold Loans, but instead employ in-house staff for this purpose. Assessing gold jewelry quickly is a specialized skill that requires assessing jewelry for gold content and quality manually without damaging the jewelry. We have regional training centers at each of our 76 regional offices. We use our regional training centers to train new employees in appraisal skills, customer relations and communication skills. We believe that our in-house training has built up a talent pool that enables us to staff new branches with qualified and skilled personnel as we seek to grow our branch network. Our in-house training capabilities also enable us to improve the skill sets of our existing personnel.

Our Strategies

Our business strategy is designed to capitalize on our competitive strengths and enhance our leading market position. Key elements of our strategy include:

Expand branch network and visibility to maintain our market leadership position

We intend to continue to grow our loan portfolio by expanding our network through the addition of new branches. In order to optimize our expansion, we carefully assess potential markets by analyzing demographic, competitive and regulatory factors, site selection and availability, and growth potential. We have a long-standing presence in southern India, and are among the first organized Gold Loan providers in northern and western and eastern India. Our strategy for branch expansion includes further strengthening our market leading position in south Indian states by providing higher accessibility to customers as well as leveraging our expertise and presence in southern India to enhance our presence in other regions of India, particularly in northern India, where we intend to open branches in most states. An RBI regulation, issued on September 16, 2013, required us and other Gold Loan NBFCs that had more than 1,000 branches to obtain RBI approval prior to opening new branches. We have added 186 branches in 2018-19, 149 branches in 2019-20 and 66 branches in 2020-21 and no new branches could be opened in 2021-22 in the absence of RBI approval for opening of branches. However, in July 2022, we received approval from RBI for opening 150 new branches. Since then we have opened 24 branches till September 30, 2022. We expect our branch network to grow in the future. Over the years we have created a well-developed and extensive branch network, resulting in us progressively reducing the rate of expansion of our branch network year on year. While we do not need to grow our branch network as aggressively as we have in the past, our branch network strategy remains key to our growth. We intend to increase our efforts on increasing the number of customers in our existing branches, thereby increasing our loan portfolio while continuing to expand our branch network.

At the core of our branch expansion strategy, we expect to penetrate new markets and expand our customer base to include customers who otherwise would rely on the unorganized sector. Moreover, our ethics, values, reliability, dependability, trustworthiness, integrity and goodwill, which have established our strong brand, will continue to be important factors in our expansion. In addition to increasing the visibility of our brand by sponsoring events and publicity, we will continue to build trust among our customers and enhance our brand with quality services and safety and security of our customers' collateral.

Continue to target new customer segments

The market for our loan products was traditionally confined to lower and middle income groups, who viewed Gold Loans as an option of the last resort in case of emergency. We have undertaken, and intend to continue undertaking sustained marketing efforts to diminish the stigma attached to pledging gold jewelry in India. We plan to work to position Gold Loans as a “lifestyle product” and expand our customer base to include upper-middle income and upper income groups. We intend to emphasize our Gold Loan products' key advantages of expediency and minimal documentation, and alter the image of Gold Loans from an option of the last resort to an option of convenience. We, in order to showcase how some of our gold loan customers, who come from humble backgrounds, transformed their lives to become self-reliant & successful business persons with timely help from us, launched “Muthoot Finance Sunheri Soch Series” (*golden thoughts*) which is a compilation of 5 truly inspiring real-life stories of common men & women, who realised their dreams by availing a gold loan from Muthoot Finance. “Muthoot Finance Sunheri Soch Season-2” which is launched in 2022 is on theme ‘Aatmanirbharta’ (Self-Reliance) which is testimonial-based, story-telling campaign to inspire millions of other Indians to also walk the path of self-reliance and become ‘Aatmanirbhar’ while we at Muthoot Finance remain ever ready to play the role of a facilitator or catalyst in their life journey. We believe that after listening to these inspiring stories, millions of first time loan seekers will avail gold loans from us and unlock the true potential of their emotional currency to achieve their aims and aspirations. Through this campaign, we believe in touching the lives of thousands of new customers through our plethora of attractive, affordable and convenient gold loan offers both through offline (Branches) and online (Muthoot Finance Loan@Home) channels.

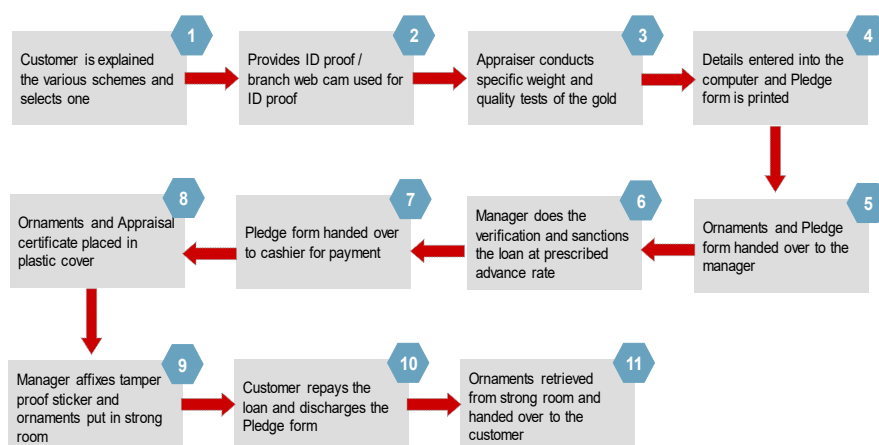

Access to low-cost and diversified sources of funds

We source our funds for our Gold Loan business primarily from the proceeds of private placements and public issuances of debentures in India and from secured and unsecured credit facilities from banks and other financial institutions. For the purpose of our Indian Rupee debt fund raising within India, we have been assigned a long-term rating of CRISIL AA+/ Stable rating by CRISIL and “[ICRA] AA+/(Stable)” and a short-term rating of “A1+” by CRISIL and “A1+” by ICRA. We intend to increase our efforts to access low-cost funds through rated debt instruments. For the purpose of offshore borrowings under External Commercial Borrowings, we have been assigned Issuer rating by Fitch Ratings ‘BB’ with ‘Stable’ Outlook; by S&P Global Ratings with ‘BB’ ‘Stable’ Outlook; Moody’s Investor Service with ‘Ba2’ Corporate Family Rating with ‘Stable’ Outlook. On October 31, 2019, we raised 450 million USD as Senior Secured Notes for a period of 3 years at a coupon of 6.125% and on March 02, 2020 we raised 550 million USD as Senior Secured Notes for a period of 3.50 years at a coupon of 4.40% on semi-annual basis in compliance with the guidelines issued by Reserve Bank Of India under Master Direction - External Commercial Borrowings, Trade Credits and Structured Obligations. We intend to keep the levels of our capital adequacy ratios in excess of regulatory requirements and strengthen our balance sheet with a view to have access to other sources of low-cost funds.

Strengthen our operating processes and risk management systems

Risk management forms an integral part of our business as we are exposed to various risks relating to the Gold Loan business. The objective of our risk management systems is to measure and monitor the various risks we are subject to and to implement policies and procedures to address such risks. We intend to continue to improve our operating processes and risk management systems that will further enhance our ability to manage the risks inherent to our business. For example, we have installed surveillance cameras in all our branches across India. Furthermore, we intend to continue to train existing and new employees in appraisal skills, customer relations, communication skills and risk management procedures to enable replication of talent and ensures smooth transition on employee attrition, update our employees with latest developments to mitigate risks against frauds, cheating and spurious gold and strengthen their gold assessment skills.

Gold Loan Business

Our core business is disbursement of Gold Loans, which are typically small ticket loans collateralized by gold jewelry. As of March 31, 2022 we had approximately 8.37 million loan accounts, respectively, representing an aggregate principal amount balance of ₹ 575,313.13 million. For the year ended March 31, 2022, our loan portfolio earned, on an average, interest of 1.67% per month, or 20.06% per annum. For the years ended March 31, 2020, 2021 and 2022 income from interest earned on our Gold Loans constituted 96.81%, 95.88% and 96.67% respectively, of our total income.

Loan disbursement process

The principal form of collateral accepted by us is gold jewelry. The amount that we finance against the security of gold jewelry is typically based on the value of the jewelry. We value the gold jewelry brought by our Gold Loan customers based on our centralized policies and guidelines, including policy on fixing interest rates. In terms of the extant RBI guidelines, we currently lend up to 75.00% of the previous 30 days average closing gold price of 22 carat gold of the gold content in the jewelry. We appraise the jewelry collateral solely based on the weight of its gold content, excluding weight and value of the stone studded in the jewelry. Our Gold Loans are therefore well collateralized because the actual value of the collateral in all cases will be higher than the underlying loan value at the time of loan disbursement.

The amount we lend against an item and the total value of the collateral we hold fluctuates according to the gold prices. However, an increase in gold price will not result automatically in an increase in our Gold Loan portfolio unless the per gram rate are revised by our corporate office. Similarly, since adequate margins are kept at the time of disbursement of loan, a decrease in the price of gold has little impact on our interest income from our existing loan portfolio. However, a sustained decrease in the market price of gold can cause a decrease in the size of our loan portfolio and our interest income.

We rely on the disposition of collateral to recover the principal amount of an overdue Gold Loan and the interest due thereon. We also have recourse against the customers for the Gold Loans taken by them. Since the disbursement of loans is primarily based on the value of collateral, the customer's creditworthiness is not a factor in the loan decision. However, we comply with KYC norms adopted by the Board and require proof of identification and address proof which are carefully documented and recorded. We also photograph customers with web-cameras installed in our branches.

All our Gold Loans have a maximum 12 month term. However, customers may redeem the loan at any time, and our Gold Loans are generally redeemed between 90 and 180 days. Interest is required to be paid only when the principal is repaid. However, the borrower has the flexibility to pay the interest or principal partly at any time. In the event that a loan is not repaid on time and after providing due notice to the customer, the unredeemed collateral is disposed off in satisfaction of the principal and all interest charges. In general, collateral is disposed of only when the recoverable amount is equal to or more than the realizable value of the collateral.

Loan appraisal process

Our Gold Loan approval process is generally linked with the appraisal of gold jewelry that serves as collateral, which takes only a few minutes. Each of our branches is staffed with persons who have been trained and have experience in appraising the gold content of jewelry. The appraisal process begins with weighing the jewelry using calibrated weighing machines. Jewelry is then subject to prescribed primary tests for the quality of gold, including stone tests and acid tests, followed by additional tests, if required, such as salt tests, sound tests, weight tests, pointed scratching tests, flexibility tests, color tests, smell tests, usability tests, magnifying glass tests and finishing tests. Once the jewelry passes these tests, loans are disbursed based on the rates per gram of gold as approved by the corporate office. Although disbursement time may vary depending on the loan ticket size and the number of items pledged, we usually are able to disburse an average loan ticket size of ₹ 20,000.00 in five minutes to repeat customers from the time the gold is tendered to the appraiser, except in case of first time customer where it may take up to half an hour for carrying out one-time-compliance with the KYC norms. While our customers are provided the option to accept loan disbursements in cash or by cheque or electronic mode, almost all of our customers prefer disbursements in cash.

At the time of disbursement, an undertaking is signed by the customer. It states the name and address of our Company's relevant branch office and the customer, a detailed description of the gold jewelry provided as collateral, the amount of the loan, the interest rate, the date of the loan, and other terms and conditions.

Where the responsibility for compliance with applicable law relating to loan appraisal and disbursement lies with us, we are in compliance with the IT Act and other related provisions.

Post-disbursement process

Custody of gold collateral

The pledged gold jewelry is separately packed by the staff of the branch, and then placed in a polythene pouch with the relevant documents on the loan and the customer and stored in the safe or strong room of the branch.

The safes and strong rooms in which the gold jewelry is kept are built as per industry standards and practices. The strong rooms are vaults with reinforced concrete cement structures. Currently, almost all of our branches are using strong rooms.

Inventory control

The pledged gold jewelry packed in pouches is identified by loan details marked on the cover. Tamper proof stickers are affixed on the jewelry packets to ensure inventory control. Additional stickers are used to seal packets by persons examining packages subsequently, including our internal auditors

Branch security and safety measures

Ensuring the safety and security of the branch premises is vital to our business since our cash reserves and gold inventory are stored in each branch. Our branch security measures mainly comprise the following:

Burglar alarms

Burglar alarms are installed in all branches.

Security guards

Security guards are deployed in branches where management perceive there to be heightened security risks.

Surveillance camera

We have installed surveillance cameras in all our branches across India.

Release of the pledge

We monitor our gold loan accounts and recovery of dues on an ongoing basis. Once a loan is fully repaid, the pledged gold jewelry is returned to the customer. When a customer does not repay a loan on or before its maturity, we initiate the recovery process and dispose of the collateral to satisfy the amount owed to us, including both the principal and the accrued interests. Before starting the recovery process, we inform the customer through registered letters or legal notices.

When a loan is repaid, we give the customer an option to pledge the security again and obtain another loan. The procedure of re-pledging entails the same procedure as that of a pledge and is accompanied by the same mode of documentation that a pledge entails. If the loan is not repaid when the loan falls due, we are able to sell the gold collateral through public auction in satisfaction of the amount due to us.

We also reserve the right to sell the collateral even before a loan becomes past due in the event the market value of the applicable portion of the underlying collateral is less than amounts outstanding on the loan, after serving notice to the customer.

Other Business Initiatives

Money transfer services

We provide fee based services including money transfer and foreign exchange services. For the years ended March 31, 2020, 2021 and 2022 our money transfer services business generated ₹ 191.14 million, ₹ 121.23 million and ₹ 121.44 million respectively, or 0.22%, 0.11% and 0.11% respectively, of our total income. We act as sub-agents to Indian representatives and enter into representation agreements for inward money transfer remittance. Under these agreements, we are entitled to receive a commission for the services provided depending on the number of transactions or the amount of money transferred and the location from which the money is transferred to us. In terms of applicable law governing the provision of money transfer services in India, as a sub-agent, our Company is not required to obtain any regulatory approvals for engaging in such business.

Collection services

We provide collection agency services to clients. We act as collection agents by receiving money for and on behalf of our clients who issue invoices to their customers for goods sold or service rendered. We receive commissions for each invoice for which remittance by a customer is made and money is collected by us. For the year ended March 31, 2020, 2021 and 2022 we generated ₹ 2.20 million, ₹ 1.92 million and ₹ 1.81 million respectively, from our collection services business.

Unsecured Loans

We are providing unsecured personal loans to salaried individuals and unsecured loans to traders and self employed. Personal loans are extended mainly to salaried employees of Public Sector units, other reputed institutions and self-employed individuals. The loans will be granted for meeting any personal purposes including consumption needs. Business Loans to traders and self

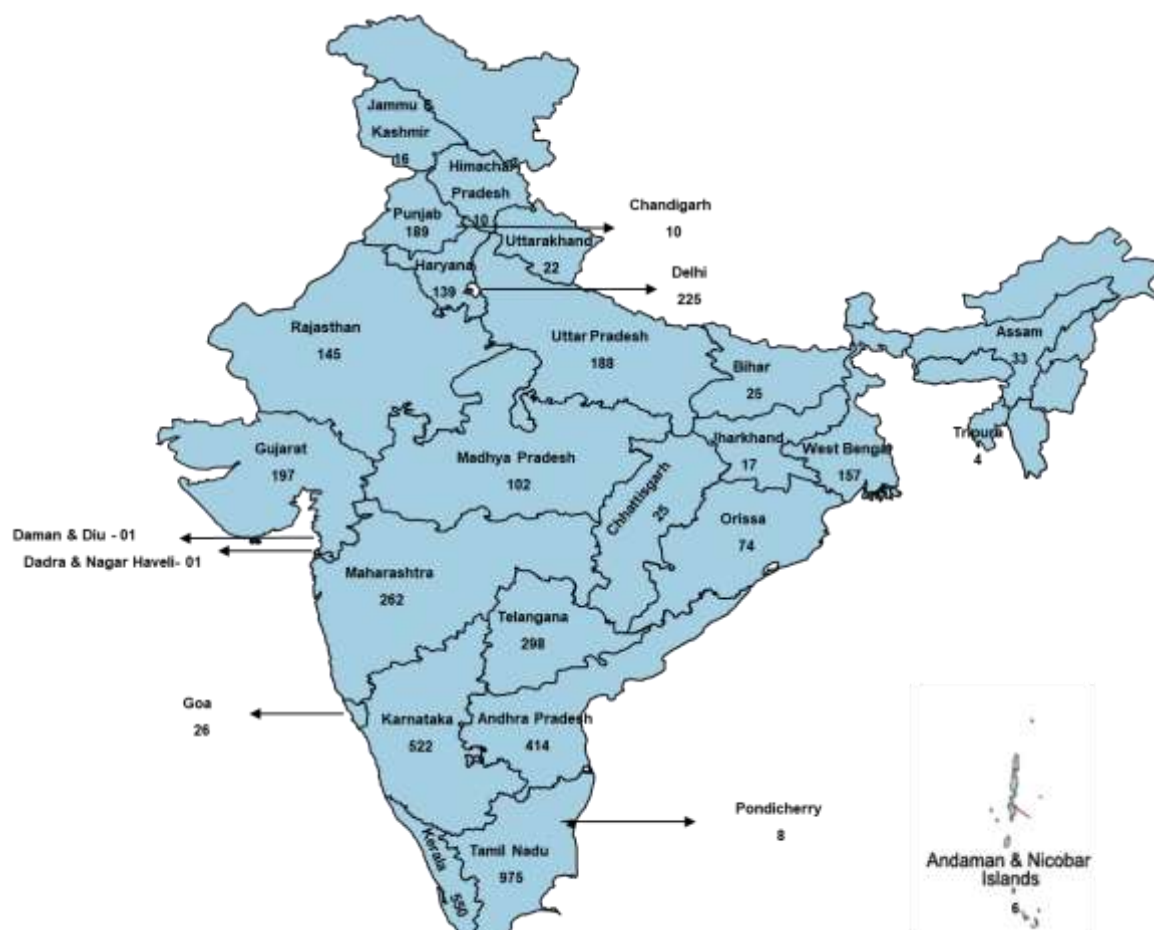

employed include loans to Wholesale and retail traders, Self-employed professionals like allopathic doctors, chartered accountants, company secretaries and architects etc. Such loans are extended for any genuine business purpose like working capital requirements, acquisition /repair/ renovation of fixed assets/ equipments / machinery etc. As of March 31, 2020, 2021 and 2022 our loan portfolio outstanding under the above stood at ₹ 3,845.77 million, ₹ 4,282.43 million and ₹ 4,293.36 million respectively.

Branch Network and Customer Service

As of September 30, 2022 we had branches located in 22 states, the national capital territory of Delhi and six union territories in India. The distribution of branches across India by region as of March 31, 2020, 2021, 2022 and as of September 30, 2022 is as set out in the following table:

As of March 31,	2020	2021	2022	As of September 30, 2022
Northern India	786	792	792	799
Southern India	2,738	2,777	2,762	2,773
Western India	741	754	754	759
Eastern India	302	309	309	310
Total Branches	4,567	4,632	4,617	4,641

A diagrammatic representation of the branch network across India, as of September 30, 2022 is as set out below:

Marketing, Sales and Customer Care

Our marketing and sales efforts centers around promoting our brand and positioning Gold Loans as a “lifestyle product”. In promoting our brand, our campaigns focus on the concept of “gold power” to differentiate our products from other financial institutions and stress the convenience, accessibility and expediency of Gold Loans. We also work to position Gold Loans as a “lifestyle product” because the market for Gold Loans was traditionally confined to lower and middle income groups, who viewed such loans as an option of the last resort in case of emergency. We have implemented aggressive marketing strategies to diminish the stigma attached to pledging gold jewelry. Furthermore, we target our efforts at small businessmen, vendors, traders and farmers, who may require credit on a regular basis.

Our sales and marketing efforts are led by a team of 97 managers as of September 30, 2022 who guide the marketing and sales efforts of their respective regions and who are supported by marketing and sales executives. Marketing executives make personal visits and direct their sales efforts at high net-worth clients. In addition, we carry out advertising campaigns with TV ads, print ads and road shows to increase the visibility of our brand and our Gold Loans products.

In addition, we are carrying out customer loyalty programs and a customer relations department which provides support over the phone servicing the needs of our customers.

Future Expansion

We have expanded by establishing new locations, and our business strategy is to leverage our extensive experience in disbursing gold loans in southern India to continue expanding our lending business within our existing geographic markets and into other markets that meet our risk/reward considerations. We have added 186 branches in the year ended March 31, 2019, 149 branches in the year ended March 31, 2020 and 66 branches in the year ended March 31, 2021 and 24 branches for quarter and half year ended September 30, 2022. Our Board believes that such expansion will continue to provide economies of scale in supervision, administration and marketing by decreasing the overall average cost of such functions per branch. By concentrating on multiple lending units in regional and local markets, we seek to expand market penetration, enhance brand recognition and reinforce marketing programs.

A new branch can be ready for business within four to six weeks. The construction of a new location involves construction of secured counters and installation of strong rooms or safe and security systems. Our branches are generally established on leased premises, thus requiring a lower set-up cost. The set-up cost required for furnishing the premises and purchasing equipment generally ranges between ₹ 1.00 million to ₹ 2.00 million per branch.

Asset Classification & Provision Policy from Financial Year 2019 under IND AS

For periods up to and including the year ended March 31, 2018, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 and guidelines issued by RBI (Indian GAAP or previous GAAP). The financial statements of the Company for the year ended March 31, 2019 have been prepared in accordance with Indian Accounting Standards (Ind AS)

notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) together with the comparative period data as at and for the year ended March 31, 2018. In preparing these financial statements, the Company's opening balance sheet was prepared as at April 01, 2017, the Company's date of transition to Ind AS.

With the introduction of Ind AS, our Company started recognising provisions based on expected credit loss model ("ECL") in accordance with Ind AS 109. The basis of provisioning may be significantly different between the Ind AS and Indian GAAP. ECL are a probability-weighted estimate of credit losses. A credit loss is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive discounted at the original effective interest rate. Because ECL considers the amount and timing of payments, a credit loss arises even if the entity expects to be paid in full but later than when contractually due.

Based on the above, the Company categorises its loan assets in to three stages as below:

Stage 1 includes financial instruments that have not had a significant increase in credit risk since initial recognition or that have low credit risk at the reporting date. For these assets, 12-month expected credit losses are recognised. 12-month ECL are the expected credit losses that result from default events that are possible within 12 months after the reporting date. It is not the expected cash shortfalls over the 12-month period but the entire credit loss on an asset weighted by the probability that the loss will occur in the next 12 months ("Stage 1").

Stage 2 includes financial instruments that have had a significant increase in credit risk since initial recognition (unless they have low credit risk at the reporting date) but that do not have objective evidence of impairment. For these assets, lifetime ECL are recognised. Lifetime ECL are the expected credit losses that result from all possible default events over the expected life of the financial instrument. Expected credit losses are the weighted average credit losses with the probability of default as the weight ("Stage 2").

Stage 3 includes financial assets that have objective evidence of impairment at the reporting date. For these assets, lifetime ECL are recognised ("Stage 3").

The table below sets out the details on the Company's Stage 3 Loan Assets for the years ended 2020, 2021 and 2022:

Stage 3 Loan Assets/NPA Recovery

Our credit department assigns interest collection targets for each branch, reviews performance against targets, makes visits to the branches, and advises on timely corrective measures and repossession action. We also have procedures in place to penalize branches for loans overdue beyond three months. We maintain strict control over recovery procedures followed in our various branches by linking employee compensation to the performance of the branch (loans disbursed, NPA levels, etc.) in which the employee is working. Once repossession is advised by our credit department, we conduct public auctions of the jewelry collateral after serving requisite legal notices.

Capital Adequacy Ratio

We are subject to the capital adequacy requirements of the RBI. As per the RBI regulations, we are required to maintain a capital adequacy ratio of minimum 15% of which Tier I capital should be minimum of 12%. We maintain a capital adequacy ratio above the minimum levels prescribed by the RBI and had a capital adequacy ratio of 25.47%, 27.39% and 29.97% as of March 31, 2020, 2021 and 2022 respectively. As of March 31, 2022 Tier I capital of the company stood at 29.10%.

Treasury Operations

Our treasury department undertakes liquidity management by seeking to maintain an optimum level of liquidity and monitors cash and bank balances. The objective is to ensure the sufficient cash reserves at all our branches while at the same time avoid holding cash in excess of what may be required in the ordinary course. Since almost all disbursements are made in cash, we maintain an average of ₹ 0.50 million in cash across our branches. Each regional office has the primary responsibility for directing branches within the region to move surplus funds to deficit branches. If there is a surplus of funds in the region as a whole, such surpluses are deposited in cash credit/overdraft accounts at the corporate level. Deficits at a region level are managed by cash transfers from our treasury department. We monitor cash and balances on daily basis using our management information systems, and have arrangements with various banks for the transfer of bank balances between locations. Cost of movement of cash also is taken into consideration while deciding optimum cash levels in each location. We use a RTGS facility if the remitting and receiving banks are different, or through internal transfer if both the branches belong to the same bank.

Risk Management

Risk management forms an integral element of our business strategy. As a lending institution, we are exposed to various risks that are related to our gold lending business and operating environment. Our objective in risk management processes is to appreciate measure and monitor the various risks we are subject to and to follow the policies and procedures to address these risks. The major types of risk we face are collateral risk, operational risk, liquidity risk, market risk (which includes interest rate risk), Foreign currency risk, Prepayment risk and Business cycle risk.

Collateral risk

Collateral risk arises from the decline in the value of the gold collateral due to fluctuation in gold prices. This risk is in part mitigated by a minimum 25% margin retained on the value of jewelry for the purpose of calculation of the loan amount. Further, we appraise the jewelry collateral solely based on the weight of its gold content, excluding weight and value of the stone studded in the jewelry. In addition, the sentimental value of the gold jewelry to the customers may induce repayment and redemption of the collateral even if the value of the collateral falls below the value of the repayment amount. An occasional decrease in gold prices will not increase collateral risk significantly on account of our adequate collateral security margins. However, a sustained decrease in the market price of gold can additionally cause a decrease in the size of our loan portfolio and our interest income.

Credit risk

Credit risk is the possibility of loss due to the failure of any counterparty to abide by the terms and conditions of any financial contract with us. We aim to reduce credit risk through a rigorous loan approval and collateral appraisal process, as well as a strong Stage 3 assets monitoring and collection strategy. This risk is diminished because the gold jewelry used as collateral for our loans can be readily liquidated, and in light of the fact that we do not lend more than 75% of the value of the collateral retained, the risk of recovering less than the amounts due to us is quite remote.

Operational risk

Operational risk is broadly defined as the risk of direct or indirect loss due to the failure of systems, people or processes, or due to external events.

We have instituted a series of checks and balances, including an operating manual, and both internal and external audit reviews. Although we disburse loans in very short periods of time, we have clearly defined appraisal methods as well as KYC compliance procedures in place to mitigate operational risks. Any loss on account of failure by employees to comply with defined appraisal mechanism is recovered out of their variable incentive. We also have detailed guidelines on physical movement and security measures in connection with cash or gold. We have also introduced centralized software which automates inter-branch transactions, enabling branches to be monitored centrally and thus reducing the risk of un-reconciled entries. In addition, we have installed surveillance cameras across our various branches, and subscribe to insurance covers for employee theft or fraud and burglary. Our internal audit department and our centralized monitoring systems assist in the management of operational risk.

Market risk

Market risk refers to potential losses arising from the movement in market values of interest rates in our business. The objective of market risk management is to avoid excessive exposure of our earnings and equity to loss and to reduce our exposure to the volatility inherent in financial instruments. The majority of our borrowings, and all the loans and advances we make, are at fixed rates of interest. Our interest rate risk is therefore minimal at present.

Liquidity risk

Liquidity risk is the risk of being unable to raise necessary funds from the market at optimal costs to meet operational and debt servicing requirements. The purpose of liquidity management is to ensure sufficient cash flow to meet all financial commitments and to capitalize on opportunities for business expansion. An Asset and Liabilities Committee (“ALCO”) meeting is held regularly to review the liquidity position based on future cash flow. In addition, we also track the potential impact of prepayment of loans at a realistic estimate of our near to medium-term liquidity position. We have developed and implemented comprehensive policies and procedures to identify, monitor and manage liquidity risks. The nature of our business is such that our source of funds (proceeds from the issue of debentures and term loans) has longer maturities than the loans and advances we make, resulting in low liquidity risk in our operations.

A summary of maturity pattern of certain items of assets and liabilities as of March 31, 2022, which is based on certain estimates, assumptions, RBI guidelines and our prior experience of the performance of its assets, is set out below:

*** Excluding foreign currency liabilities

Foreign currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates.

Foreign currency risk for the Company arises majorly on account of foreign currency borrowings. The Company's foreign currency exposures are managed in accordance with its Foreign Exchange Risk Management Policy which has been approved by its Board of Directors. The Company has hedged its foreign currency risk on its foreign currency borrowings as on March 31, 2022 by entering into cross currency swaps and forward contracts. The counterparties for such hedge transactions are banks.

Prepayment risk

Prepayment risk is the risk that the Company will incur a financial loss because its customers and counterparties repay or request repayment earlier or later than expected, such as fixed rate loans when interest rates fall.

Business cycle risk

Business cycle risk is the risk associated with the seasonal or cyclical nature of a business. As our customers include both individuals and business and our loan products are used by customers in various industries, trade cycles have limited impact on our business. Furthermore, the geographic spread of our branches will allow us to mitigate the cyclical pressures in the economic development of different regions.

Funding Sources

We have depended on borrowings from banks, issuance of redeemable non-convertible debentures, external commercial borrowings and issuance of Commercial Paper as the primary sources of our funding. The following table sets forth the principal components of our secured loans as of the periods indicated:

(₹ in million)

TOTAL	50,823.40	50,463.92	21,048.70

We have developed stable long-term relationships with our lenders, and established a track record of timely servicing our debts.

Since our inception, we have relied on the proceeds of secured non-convertible debentures called “Muthoot Gold Bonds” placed through our branches. These debentures were issued on a private placement basis and were subscribed to by retail investors. We believe that raising funds from retail investors is possible because of our leadership, goodwill, trust, reputation, track record, performance, stability in our business and strong quality asset portfolio. We have been able to mobilize these bonds in the newer geographies that we have entered. Since 2013, we are issuing non-convertible debentures to retail investors through public issue. Since July 2013, we have raised ₹ 183,154.95 million in non-convertible debentures issued under the public issue route.

For the purpose of our Indian Rupee debt fund raising within India, we have been assigned an “A1+” rating by ICRA and by CRISIL for our commercial paper programme. CRISIL has assigned “CRISIL AA+/ Stable” to our long term debt instruments - non-convertible debentures and subordinated debt. ICRA has assigned “[ICRA] AA+/(Stable)” rating for our long term debt instruments - non-convertible debentures and subordinated debt.

For the purpose of offshore borrowings under External Commercial Borrowings, we have been assigned Issuer rating by Fitch Ratings ‘BB’ with ‘Stable’ Outlook, by S&P Global Ratings with ‘BB’ Long Term and ‘B’ Short Term with ‘Stable’ Outlook, Moody’s Investor Service with ‘Ba2’ Corporate Family Rating with ‘Stable’ Outlook. On October 31, 2019, we raised 450 million USD as Senior Secured Notes for a period of 3 years at a coupon of 6.125% and on March 02, 2020 we raised 550 million USD as Senior Secured Notes for a period of 3.50 years at a coupon of 4.40% on semi-annual basis in compliance with the guidelines issued by Reserve Bank Of India under Master Direction - External Commercial Borrowings, Trade Credits and Structured Obligations.

We also raise capital by issuing Equity Shares from time to time, particularly to various institutional investors.

Asset and Liability Management

ALCO monitors and manages our day to day asset and liability mix. ALM committee of Board of Directors, will have overall responsibility of monitoring, supervision and control of the Asset and Liability Management mechanism. Most of our liabilities are short-to-medium-term and assets are short-term. We may in the future decide to pursue loan products with longer term maturities. We have a structural liquidity management system which measures our liquidity positions on an ongoing basis and also scrutinizes the reasons behind liquidity requirements evolving under different assumptions. For measuring net funding requirements, we prepare regular maturity gap analyses and use a maturity ladder to calculate the cumulative surplus or deficit of funds at selected maturity dates. Based on this analysis we re-price its assets and liabilities.

Technology

We use information technology as a strategic tool for our business operations to improve our overall productivity and efficiency. We believe that through our information systems which are currently in place, we are able to manage our nationwide operations efficiently, market effectively to our target customers, and effectively monitor and control risks. We believe that this system has improved customer service by reducing transaction time and has allowed us to manage loan-collection efforts better and to comply with regulatory record-keeping and reporting requirements.

All our branches are computerised. We have used the power of information technology in our operations to improve our customer services, efficiency and management information systems. In March 2013, we developed a powerful, user-friendly

core banking solution (“CBS”) and implemented the solution in all our branches across India. This solution has been designed and developed to meet our business requirements. The CBS takes care of centralized transaction processing, back-office and management information system across our branches and offices. The main objective of the CBS is to provide ubiquitous services to customers and enhance convenience, along with providing better control and cost-effectiveness to the Company. CBS has been rolled out with transaction processing and back-office functionalities so as to allow branches to provide fast and convenient services to customers.

Security Threats and Measures

The security threats we face can be broadly classified as external and internal threats. The principal security risks to our operations are robbery (external threat) and employee theft or fraud (internal threat). We have extensive security and surveillance systems and dedicated security personnel to counter external security threats. To mitigate internal threats, we undertake careful pre-employment screening, including obtaining references before appointment. We also have installed management information systems to minimize the scope for employee theft or fraud. We also have installed offsite surveillance cameras across our branches, which is connected to a centrally located database and allow the regional office / corporate office to remotely monitor the branches.

To protect against robbery, all branch employees work behind wooden, glass and steel counters, and the back office, strong-room and computer areas are locked and closed to customers. Each branch’s security measures include strong rooms with concrete walls, strong room door made of iron bars, burglary alarm systems, controlled entry to teller areas, and the tracking of employee movement in and out of secured areas. While we provide around the clock armed security guards for risk prone branches, the majority of our branches do not require security guards as the gold jewelry are stored securely in strong rooms.

Since we handle high volumes of cash and gold jewelry at our locations, daily monitoring, spot audits and immediate responses to irregularities are critical to our operations. We have an internal auditing program that includes unannounced branch audits and cash counts at randomly selected branches. As of, September 30, 2022, we had an internal audit team of 1,063 persons who conduct audits on branches either weekly or fortnightly or monthly depending on the size of the branch.

Competition

Although the business of extending loans secured by gold is a time-honored industry (unorganized pawn-broking shops being the main participants), the Gold Loan industry in India remains very fragmented. Our Board believes that we can achieve economies of scale and increased operating efficiencies by increasing the number of branches under operation and utilizing modern point-of-sale systems and proven operating methods. We believe that the primary elements of competition are the quality of customer service and relationship management, branch location and the ability to loan competitive amounts at competitive rates. In addition, we believe the ability to compete effectively will be based increasingly on strong general management, regional market focus, automated management information systems and access to capital.

Historically, our competition was primarily from a few Kerala based banks, including Federal Bank, South Indian Bank and Catholic Syrian Bank, and a few other Kerala based NBFCs. In recent years, our main competition has expanded to include various commercial banks and other NBFCs, including deposit accepting NBFCs.

Insurance Coverage

We maintain insurance coverage on all our assets located at our head office and on all our movable assets in branch premises owned by us against fire, earthquake and related perils. We also maintain insurance against burglaries at our head office and at our branches, and against loss by riots, strikes or terrorist activities, cash in transit and employee theft. We maintain special contingency insurance covering gold in transit, gold in branches and cash in transit against burglary. Our insurance policies are generally annual policies that we renew regularly.

Employees

As of September 30, 2022 we employ 27,204 persons. Our employee strength was at 25,554 persons as of March 31, 2020, 25,911 persons as of March 31, 2021 and 26,716 persons as of March 31, 2022. None of our employees are represented by a recognized labour union, and we believe that our relations with our employees are good.

Remuneration to our employees comprises a fixed component as well as variable pay. Variable pay consists of direct incentives and shared incentives. Our direct and shared incentives are linked to performance targets being achieved by employees and branches. We have an annual performance appraisal system for all employees. Annual increments are awarded only for employees who meet minimum performance standards in their job.

Training

Our ability to timely appraise the quality of the gold jewelry collateral is critical to the business, and requires us to employ persons possessing specialized skill sets in our various branches. We provide extensive training to our branch employees through training programs that are tailored to appraising the gold content in gold jewelry. A new employee is introduced to the business through an orientation program and through training programs covering job-appropriate topics. The experienced branch employee receives additional training and an introduction to the fundamentals of management to acquire the skills necessary to move into management positions within the organization. Manager training involves a program that includes additional management principles and more extensive training in topics such as income maximization, business development, staff motivation, customer relations and cost efficiency. We have regional training centers at each of our regional offices to provide training to new recruits as well as refresher training to existing employees.

Branding

As part of our larger marketing strategy to strengthen our brand presence, brand stature and significantly augment our brand visibility, we have continued our association with Padma Vibhushan Shri Amitabh Bachchan Ji as our Brand Ambassador. Recently, we have also engaged leading Bollywood Actress Mrs. Madhuri Dixit for one of our prominent and flagship annual marketing campaigns called Muthoot Finance Sunheri Soch Season-2. Another noted actress Mrs. Revathy has also been part of our Brand's communication journey for over 3 years. All these partnerships have significantly contributed in the Brand's Marketing Transformation journey. Under such partnerships, we have launched many tailor-made marketing communications with the primary objectives of growing the Gold Loan Category as a whole and creating significant business impact to the brand in terms of new customer acquisition; besides creating substantial brand awareness and brand recall. Some of these transformational marketing campaigns include Haathi Pe Bharosa Karogey toh Pakka Jeetogey, Gold Loan is Good, Soch Badaliye, Life Mein Aagey Badhiye, One Visit Gold Loan, Sunheri Soch to name a few.

We believe that our association with such prominent celebrities will continue to help us gain trust and deepen our relationships with our existing and new customers.

In the recent past we have also associated with a number of sporting leagues and teams such as Shri MS Dhoni led Chennai Super Kings – one of the top IPL teams as their Principal Team Partner (Title Sponsor), Jaipur Pink Panthers Kabaddi team as part of the Pro Kabaddi League (PKL) and the Indian Super League (ISL) as the Official Referee and Fair Play Sponsor. Such associations have also contributed majorly in making inroads to a new segment of customers through active fan engagement, periodic staff and customer reward programs, Meet & Greets with players, Match Tickets, Team & Player memorabilia etc.

As part of our marketing transformation program, we also carried out Semi-Naming rights led branding at two of India's most prominent metro stations by flagging off "The Muthoot Group Greater Kailash Metro Station" in New Delhi and "The Muthoot Group Nandanam Metro Station" in Chennai.

ANNEXURE A

STATEMENT OF POSSIBLE TAX BENEFITS AVAILABLE TO THE DEBENTURE HOLDERS

The following tax benefits will be available to the debenture holders as per the existing provisions of law. The tax benefits are given as per the prevailing tax laws under the provisions of the Income Tax Act, 1961, as on date, taking into account the amendments made by the Finance Act, 2022, and may vary from time to time in accordance with amendments to the law or enactments thereto. The Debenture Holder is advised to consider the tax implications in respect of subscription to the Debentures after consulting his tax advisor as alternate views are possible.

IMPLICATIONS UNDER THE INCOME-TAX ACT, 1961 ('I.T. ACT')

I. TO THE RESIDENT DEBENTURE HOLDER ("RESIDENT AS DEFINED UNDER SECTION 6 OF THE INCOME TAX ACT, 1961.

A. In Respect of Interest on Debentures (NCD)

1. Interest on NCD received by Debenture Holders would be subject to income tax at the normal rates of tax in accordance with and subject to the provisions of the Income Tax Act, 1961. Interest will be assessed to Income tax on receipt basis or mercantile basis (accrual basis) depending on the method of accounting regularly employed by the NCD holder under Section 145 of the Income Tax Act, 1961.
2. Income Tax is deductible at source on interest on debentures held by resident Indians as per the provisions of Section 193 of the Income Tax Act, 1961. However, no income tax is deductible under section 193 in the case of residents where such debentures are in dematerialized form and are listed on a recognized stock exchange. Accordingly, tax will not be withheld by the company from payment of interest on NCD held by a person resident in India.
3. As already mentioned, withholding tax is not applicable under section 193 of the Income Tax Act if the Debentures are held in dematerialized form. However, after the issue of debentures, if any debenture holder converts the NCD into physical form, withholding tax will be applicable. However, tax will be deducted at source at reduced rate or no tax will be deducted at source in the following cases:
 - a) When the Assessing Officer issues a certificate on an application by a Debenture Holder on satisfaction that the total income of the Debenture holder justifies no/lower deduction of tax at source as per the provisions of Section 197(1) of the I.T. Act; and that certificate is filed with the Company before the prescribed date of closure of books for payment of debenture interest.
 - b)
 - (i) When the resident Debenture Holder with Permanent Account Number ('PAN') (not being a company or a firm) submits a declaration as per the provisions of Section 197A(1A) of the I.T. Act in the prescribed Form 15G verified in the prescribed manner to the effect that the tax on his estimated total income of the financial year in which such income is to be included in computing his total income will be NIL. However, under Section 197A(1B) of the I.T. Act, Form 15G cannot be submitted nor considered for exemption from tax deduction at source if the dividend income referred to in Section 194, interest on securities, interest, withdrawal from NSS and income from units of mutual fund or of Unit Trust of India as the case may be or the aggregate of the amounts of such incomes credited or paid or likely to be credited or paid during the financial year in which such income is to be included exceeds the maximum amount which is not chargeable to income tax.
 - (ii) Senior citizens, who are 60 or more years of age at any time during the financial year, enjoy the special privilege to submit a self-declaration in the prescribed Form 15H for non-deduction of tax at source in accordance with the provisions of Section 197A(1C) of the I.T. Act even if the aggregate income credited or paid or likely to be credited or paid exceeds the maximum amount not chargeable to tax, provided that the tax due on the estimated total income of the year concerned will be NIL.
 - (iii) In all other situations, tax would be deducted at source as per prevailing provisions of the I.T. Act. Form No.15G with PAN / Form No.15H with PAN / Certificate issued u/s 197(1) has to be filed with the Company before the prescribed date of closure of books for payment of debenture interest without any withholding tax.

B. In respect of Capital Gains

1. Long Term Capital Gain

Under Section 2(29AA) read with section 2(42A) of the Income Tax Act, 1961, Listed Debentures held as Capital Asset as defined under section 2(14) of the Income Tax Act, 1961 is treated as long term capital asset if it is held for more than 12 Months. Debentures held as capital asset for a period of 12 Months or less will be treated as short term capital asset.

Long Term Capital Gain will be chargeable to tax under Section 112 of the Income Tax Act at the rate of 20% (plus applicable surcharge and education cess). However, in the case of listed debentures, as per first proviso to section 112(1) of the Income Tax Act, 1961, tax payable is only 10% (plus applicable surcharge and education cess). No indexation benefit is available for debentures. Hence, the tax payable on long term capital gains on transfer of NCD will be 10% (plus applicable surcharge and education cess) and the capital gains have to be computed without indexation.

In case of an individual or HUF, being a resident, where the total income as reduced by such long-term capital gains is below the maximum amount which is not chargeable to income-tax, then, such long-term capital gains shall be reduced by the amount by which the total income as so reduced falls short of the maximum amount which is not chargeable to income-tax and the tax on the balance of such long-term capital gains shall be computed at the rate mentioned above.

2. Short Term Capital Gains

Listed Debentures held as capital asset under Section 2(14) of the Income Tax Act, 1961 for a period of not more than 12 months would be treated as Short term capital asset under Section 2(42A) of the Income Tax Act, 1961. Short Term Capital Gains on transfer of NCD will be taxed at the normal rates of tax in accordance with the provisions of the Income tax Act, 1961. The provisions relating to maximum amount not chargeable to tax would apply to short term capital gains.

3. Capital Loss on transfer of Debentures

As per Section 74 of the I.T. Act, short-term capital loss on transfer of debentures suffered during the year is allowed to be set-off against short-term as well as long-term capital gains of the said year. Balance loss, if any could be carried forward for eight years for claiming set-off against subsequent years' short term as well as long-term capital gains. Long-term capital loss on debentures suffered during the year is allowed to be set-off only against long-term capital gains. Balance loss, if any, could be carried forward for eight years for claiming set-off against subsequent year's long-term capital gains.

4. Exemption available for Individuals and HUF for Long Term Capital gains U/s 54F of the Income Tax Act, 1961

As per the provisions of Section 54F of the I.T. Act, any long-term capital gains on transfer of a long term capital asset arising to a Debenture Holder who is an individual or Hindu Undivided Family, is exempt from tax if the entire net sales consideration is utilized, within a period of one year before, or two years after the date of transfer, in purchase of a new residential house in India, or for construction of residential house in India within three years from the date of transfer subject to conditions. If part of such net sales consideration is invested within the prescribed period in a residential house, then such gains would be chargeable to tax on a proportionate basis. This exemption is available, subject to the conditions stated therein.

C. In respect of Business Income

In case the Debentures are held as stock in trade by the debenture holder, the income/loss from transfer of debentures would be taxed as Income from Business. Such income is to be computed in accordance with the Income Computation and Disclosure Standard VIII which is notified by the Ministry of Finance, Government of India under Section 145(2) of the Income Tax Act, 1961. Where debentures are held as stock in trade and unpaid interest has accrued before acquisition of Debentures and is included in the price paid for the Debentures, subsequent receipt of interest is to be allocated between pre-acquisition and post-acquisition periods, the pre-acquisition portion of the interest is reduced from the actual cost and is to be treated as interest. In the case of Debentures held by Scheduled Bank and Public Financial Institutions, income is to be recognized in accordance with the guidelines issued by the Reserve Bank of India in this regard.

D. Debentures received as gift without consideration or inadequate consideration

As per section 56(2)(x) of the Income Tax Act, 1961, except in cases which are specifically exempted under this clause (such as gift received from relative as defined under the section), where the debentures are received without consideration where the aggregate market value of all gifts received exceeds Rs. 50,000/- the aggregate market value of the debentures shall be taxable as income in the hands of the recipient. Similarly, if debentures are received for inadequate consideration, the shortfall in the consideration will be treated as income of the recipient subject to the provisions contained in section 56(2)(x) of the Income Tax Act, 1961. There is no gift tax for the Donor of the Debentures.

II. TO THE NON RESIDENT DEBENTURE HOLDER.

1. A Non – Resident Indian has an option to be governed by Chapter XII – A of the I.T. Act, subject to the provisions contained therein which are given in brief as under:

- a) As per Section 115E of the I.T. Act, interest income from debentures acquired or purchased with or subscribed to in convertible foreign exchange will be taxable at 20%, whereas, long term capital gains on transfer of such Debentures will be taxable at 10% of such capital gains without indexation of cost of acquisition. Short-term capital gains will be taxable at the normal rates of tax in accordance with and subject to the provisions contained therein.
 - b) As per Section 115G of the I.T. Act, it shall not be necessary for a non-resident Indian to file a return of income under Section 139(1) of the I.T. Act, if his total income consists only of investment income as defined under Section 115C and/or long term capital gains earned on transfer of such investment acquired out of convertible foreign exchange, and the tax has been deducted at source from such income under the provisions of Chapter XVII- B of the I.T. Act in accordance with and subject to the provisions contained therein.
 - c) As per Section 115H of the I.T. Act, where a non-resident Indian becomes a resident in India in any subsequent year, he may furnish to the Assessing Officer a declaration in writing along with return of income under Section 139 for the assessment year for which he is assessable as a resident, to the effect that the provisions of Chapter XII – A shall continue to apply to him in relation to the investment income (other than on shares in an Indian Company) derived from any foreign exchange assets in accordance with and subject to the provisions contained therein. On doing so, the provisions of Chapter XII – A shall continue to apply to him in relation to such income for that assessment year and for every subsequent assessment year until the transfer or conversion (otherwise than by transfer) into money of such assets.
 - d) As per Section 115D (1) of the I.T. Act no deduction in respect of any expenditure or allowance shall be allowed under any provisions of the IT Act in the computation of income of a non-resident Indian under Chapter XII – A of the I. T. Act.
 - e) In accordance with and subject to the provisions of Section 115-I of the I. T. Act, a Non-Resident Indian may opt not to be governed by the provisions of Chapter XII – A of the I. T. Act.
 - f) Long Term capital gains on transfer of listed debentures would be subject to tax at the rate of 10% computed without indexation.
 - g) Interest income and Short – term capital gains on the transfer of listed debentures, where debentures are held for a period of not more than 12 months preceding the date of transfer, would be taxed at the normal rates of tax in accordance with and subject to the provisions of the I.T.Act.
 - h) Where debentures are held as stock in trade, the income on transfer of debentures would be taxed as business income or loss in accordance with and subject to the provisions of the I. T. Act.
2. Under Section 195 of the I. T. Act, the applicable rate of tax deduction at source is 20% on investment income and 10% on any long-term capital gains as per Section 115E, and 30% for Short Term Capital Gains if the payee debenture Holder is a Non Resident Indian.
 3. As per Section 74 of the I. T. Act, short-term capital loss on transfer of debentures suffered during the year is allowed to be set-off against short-term as well as long-term capital gains of the said year. Balance loss, if any could be carried forward for eight years for claiming set-off against subsequent years' short-term as well as long-term capital gains. Long-term capital loss on debentures suffered during the year is allowed to be set-

off only against long-term capital gains. Balance loss, if any, could be carried forward for eight years for claiming set-off against subsequent year's long-term capital gains.

4. The income tax deducted shall be increased by applicable surcharge and health and education cess.
5. As per Section 90(2) of the I.T. Act read with the Circular No. 728 dated October 30, 1995 issued by the Central Board of Direct Taxes, in the case of a remittance to a country with which a Double Tax Avoidance Agreement (DTAA) is in force, the tax should be deducted at the rate provided in the Finance Act of the relevant year or at the rate provided in the DTAA, whichever is more beneficial to the assessee. However, submission of tax residency certificate (TRC), is a mandatory condition for availing benefits under any DTAA. If the tax residency certificate does not contain the prescribed particulars as per CBDT Notification 57/2013 dated August 1, 2013, a self-declaration in Form 10F would need to be provided by the assessee along with TRC.
6. Alternatively, to avail non deduction or lower deduction of tax at source, as the case may be, the Debenture Holder should furnish a certificate under Section 195(2) and 195(3) of the I.T. Act, from the Assessing Officer before the prescribed date of closure of books for payment of debenture interest.
7. In case the Debentures are held as stock in trade by the debenture holder, the income/loss from transfer of debentures would be taxed as Income from Business. Such income is to be computed in accordance with the Income Computation and Disclosure Standard VIII which is notified by the Ministry of Finance, Government of India under Section 145(2) of the Income Tax Act, 1961. Where debentures are held as stock in trade and unpaid interest has accrued before acquisition of Debentures and is included in the price paid for the Debentures, subsequent receipt of interest is to be allocated between pre-acquisition and post-acquisition periods, the pre-acquisition portion of the interest is reduced from the actual cost and is to be treated as interest. In the case of Debentures held by Scheduled Bank, income is to be recognized in accordance with the guidelines issued by the Reserve Bank of India in this regard.
8. As per section 56(2)(x) of the Income Tax Act, 1961, except in cases which are specifically exempted under this clause (such as gift received from relative as defined under the section), where the debentures are received without consideration where the aggregate market value of all gifts received exceeds Rs. 50,000/- the aggregate market value of the debentures shall be taxable as income in the hands of the recipient. Similarly, if debentures are received for inadequate consideration, the shortfall in the consideration will be treated as income of the recipient subject to the provisions contained in section 56(2)(x) of the Income Tax Act, 1961. There is no gift tax for the Donor of the Debentures.
9. As per the provisions of Section 54F of the I.T. Act, any long-term capital gains on transfer of a long term capital asset arising to a Debenture Holder who is an individual or Hindu Undivided Family, is exempt from tax if the entire net sales consideration is utilized, within a period of one year before, or two years after the date of transfer, in purchase of a new residential house in India, or for construction of residential house in India within three years from the date of transfer subject to conditions. If part of such net sales consideration is invested within the prescribed period in a residential house, then such gains would be chargeable to tax on a proportionate basis. This exemption is available, subject to the conditions stated therein.

III. TO THE FOREIGN INSTITUTIONAL INVESTORS/ FOREIGN PORTFOLIO INVESTORS (FIIs/ FPIs)

1. As per Section 2(14)(b) of the I. T. Act, any securities held by FIIs which has invested in such securities in accordance with the regulations made under the Securities and Exchange Board of India Act, 1992, shall be treated as capital assets. Accordingly, any gains arising from transfer of such securities shall be chargeable to tax in the hands of FIIs as capital gains.

- b) Long term capital gains on transfer of debentures to the specified extent are taxable at 10% (benefit of provisions of the first proviso of section 48 of the I. T. Act will not apply); and
- c) Short-term capital gains are taxable at 30%.

Further, where any income in respect of NCD is payable to Specified Funds, tax shall be deducted at the rate of 10% on the income other than exempt under section 10(4D) with effect from November 1, 2020 as per Section 196D of the IT Act.

The income tax deducted shall be increased by applicable surcharge and health and education cess.

VI. REQUIREMENTS TO FURNISH PAN/FILING OF RETURNS UNDER THE I. T. ACT

1. SEC. 139A (5A):

Section 139A (5A) requires every person from whom income tax has been deducted at source under chapter XVII – B of the I. T. Act to furnish his PAN to the person responsible for deduction of tax at source.

2. SEC. 206AA:

- a) Section 206AA of the I. T. Act requires every person entitled to receive any sum, on which tax is deductible under Chapter XVII B (‘deductee’) to furnish his PAN to the deductor, failing which tax shall be deducted at the higher of the following rates:

- (i) at the rate specified in the relevant provision of the I. T. Act; or
- (ii) at the rate or rates in force; or
- (iii) at the rate of twenty per cent.

- b) A declaration under Section 197A (1) or 197A (1A) or 197A (1C) shall not be valid unless the person furnishes his PAN in such declaration and the deductor is required to deduct tax as per Para (a) above in such a case.
- c) Where a wrong PAN is provided, it will be regarded as non furnishing of PAN and Para (a) above will apply.
- d) As per Rule 37BC, the higher rate under section 206AA shall not apply to a non resident, not being a company, or to a foreign company, in respect of payment of interest, if the non-resident deductee furnishes the prescribed details inter alia TRC and Tax Identification Number (TIN).

3. SEC. 206AB:

Further, the Finance Act, 2021 inserted new section for punitive withholding tax rate for non-filers of return of income with effect from 1 July 2021 as per which payments made to the specified persons will be subject to TDS at higher of twice the applicable rate or 5% in respect of all TDS/TCS provisions except for specific exclusions.

NOTES FORMING PART OF STATEMENT OF TAX BENEFITS

1. The above Statement sets out the provisions of law in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the purchase, ownership and disposal of debenture/bonds.
2. The above statement covers only certain relevant benefits under the Income Tax Act, 1961 and does not cover benefits under any other law.
3. The above statement of possible tax benefits is as per the current direct tax laws relevant for the Assessment Year 2023-2024 (financial year 2022-23) and taking into account the amendments made by the Finance Act, 2022.
4. This statement is intended only to provide general information to the Debenture Holders and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of tax consequences, each debenture Holder is advised to consult his/her/its own tax advisor with respect to specific consequences of his/her/its holding in the debentures of the Company.
5. Several of the above tax benefits are dependent on the debenture holders fulfilling the conditions prescribed under the relevant tax laws and subject to Chapter X and Chapter XA of the Act.
6. The stated benefits will be available only to the sole/ first named holder in case the debenture is held by joint holders.
7. In respect of non-residents, the tax rates and consequent taxation mentioned above will be further subject to any benefits available under the relevant tax treaty, if any, between India and the country in which the non-resident has fiscal domicile.
8. In respect of non-residents, taxes paid in India could be claimed as a credit in accordance with the provisions of the relevant tax treaty and applicable domestic tax law.
9. No assurance is given that the revenue authorities/ courts will concur with the views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes. We shall not be liable to any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith or intentional misconduct. We will not be liable to any other person in respect of this statement.

MATERIAL DEVELOPMENTS

Material developments since the date of filing of the Shelf Prospectus:

Other than as described below, there are no recent material developments or material changes in relation to our Company since the filing of the Shelf Prospectus with the ROC, BSE and SEBI, including in respect of disclosure under the below sections titled “*Risk Factors*”, “*History and Main Objects*”, “*Our Management*”, “*Our Promoters*”, and “*Other Matters*”.

Unless stated otherwise, the financial data used in this section for the year ended March 31, 2022 is based on the audited financial statements, and financial data used in this section for the quarter and half year ended September 30, 2022 is based on the Limited Review Financial Results, and other information is based on the management information system of the Company.

Our Company further confirms that this Tranche V Prospectus to be read with Shelf Prospectus, contains all material disclosures which are true and adequate to enable prospective investors to make an informed investment decision in the Tranche V Issue, and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in light of the circumstances in which they were made, not misleading.

Any and all material updates as mentioned below shall be applicable to the Shelf Prospectus in its entirety, wherever necessary, and shall not correspond solely or exclusively to the specific sections mentioned below.

(A) Risk Factors

1. ***Risk Factor 1 on page no.14 of the Shelf Prospectus titled “Our business requires substantial capital, and any disruption in funding sources would have a material adverse effect on our liquidity and financial condition.”***

A significant portion of our debt matures each year. Out of our total outstanding debt of ₹ 498,700.85 million as of March 31, 2022, an amount of ₹ 282,393.81 million will mature during the next 12 months. In order to retire these instruments, we either will need to refinance this debt, which could be difficult in the event of volatility in the credit markets, or raise equity capital or generate sufficient cash to retire the debt. In the event that there are disruptions to our sources of funds, our business, results of operations and prospects will be materially adversely affected.

2. ***Risk Factor 5 on page no.15 of the Shelf Prospectus titled “Our financial performance is particularly vulnerable to interest rate risk. If we fail to adequately manage our interest rate risk in the future it could have an adverse effect on our net interest margin, thereby adversely affecting our business and financial condition.”***

As of March 31, 2022, 44.53% of our borrowings were at fixed rates of interest, comprising primarily of our secured and unsecured (subordinated debt) non-convertible redeemable debentures (which constituted 25.40% of our total borrowings).

3. ***Risk Factor 11 on page no.17 of the Shelf Prospectus titled “Because we handle high volume of cash and gold jewelry in a dispersed network of branches, we are exposed to operational risks, including employee negligence, fraud, petty theft, burglary and embezzlement, which could harm our results of operations and financial position.”***

As of March 31, 2022, we held cash balance of ₹ 1,907.74 million and gold jewelry of 187.04 tons. Our business involves carrying out cash and gold jewelry transactions that expose us to the risk of fraud by employees, agents, customers or third parties, theft, burglary, and misappropriation or unauthorised transactions by our employees. Our insurance policies, security systems and measures undertaken to detect and prevent these risks may not be sufficient to prevent or detect such activities in all cases, which may adversely affect our operations and profitability. Our employees may also become targets of the theft, burglary and other crimes if they are present when these crimes are committed, and may sustain physical and psychological injuries as a result. We may encounter difficulties recruiting and retaining qualified employees due to this risk and our business and operations may be adversely affected. For example, in the year ended March 31, 2022 (i) we encountered two instances of staff fraud at our Chamraj Nagar Branch in Karnataka and Karampura in Delhi where ₹ 2.79 million and ₹ 0.57 million, respectively were misappropriated by our employees, (ii) gold ornaments pledged by our customers at our Wyr Road - Khammam branch in Telangana, and Faridabad Neelam Flyover Sec-20 branch in Haryana, against loan amounts of ₹ 0.49 million and ₹ 0.39 million, respectively, were reported to be stolen goods and were seized by the police

Further, we may be subject to regulatory or other proceedings in connection with any unauthorised transaction, fraud or misappropriation by our representatives and employees, which could adversely affect our goodwill. The nature and size of the items provided as collateral allow these items to be misplaced or mis-delivered, which may have a negative impact on our operations and result in losses.

4. **Risk Factor 19 on page no.21 of the Shelf Prospectus titled “If we are not able to control or reduce the level of Stage 3 Loans Assets in our portfolio, the overall quality of our loan portfolio may deteriorate and our results of operations may be adversely affected.”**

Our total stage 3 loan assets for year ended March 31 2020, 2021 and 2022 were ₹ 8,991.54 million, ₹ 4,641.39 million and ₹ 17,372.24 million.

5. **Risk Factor 29 on page no.23 of the Shelf Prospectus titled “We may not be able to successfully sustain our growth strategy. Inability to effectively manage our growth and related issues could materially and adversely affect our business and impact our future financial performance.”**

Our shareholding in Belstar Microfinance Limited stood at 56.97% September 30, 2022.

6. **Risk Factor 31 on page no.24 of the Shelf Prospectus titled “A decline in our capital adequacy ratio could restrict our future business growth.”**

Our capital adequacy ratio was 29.97% as of March 31, 2022, with Tier I capital comprising of 29.10%.

7. **Risk Factor 33 on page no.25 of the Shelf Prospectus titled “Our indebtedness and the conditions and restrictions imposed by our financing agreements could restrict our ability to conduct our business and operations in the manner we desire.”**

As of March 31, 2022, we had an outstanding debt of ₹ 498,700.85 million.

8. **Risk Factor 36 on page no.26 of the Shelf Prospectus titled “We have certain contingent liabilities; in the event any of these contingent liabilities materialise, our financial condition may be adversely affected.”**

For the period ended March 31, 2022, we had certain contingent liabilities not provided for, amounting to ₹ 7,104.12 million. Set forth below is a table highlighting the main heads of contingent liabilities:

	(₹ million)
Claims against the Company, not acknowledged as debts	5,549.52
Counter Guarantee provided to banks	88.19
Corporate Guarantee issued in favour of NHB	1,466.41

In the event that any of these contingent liabilities materialise, our financial condition may be adversely affected.

9. **Risk Factor 39 on page no.27 of the Shelf Prospectus titled “Our results of operations could be adversely affected by any disputes with our employees.”**

As at September 30, 2022, we employed 27,204 personnel in our operations.

10. **Risk Factor 49 on page no.30 of the Shelf Prospectus titled “We continue to be controlled by our Promoters and they will continue to have the ability to exercise significant control over us. We cannot assure you that exercise of control by our Promoters will always favour our best interest.”**

Our Promoters and Promoter Group hold 73.35% of our outstanding Equity Shares as on December 31, 2022.

11. **Risk Factor 62 on page no.34 of the Shelf Prospectus titled “Credit ratings may not reflect all risks. Any downgrading in credit rating of our NCDs may adversely affect the value of NCDs and thus our ability to raise further debts.”**

The Secured NCDs proposed to be issued under the Issue have been rated “[ICRA] AA+/(Stable)” by ICRA vide its letter dated February 23, 2022 and further revalidated by rating letters dated November 07, 2022 and January 6, 2023. The rating of the Secured NCDs by ICRA indicates a high degree of safety regarding timely servicing of financial obligations. Credit rating may not reflect the potential impact of all risks related to structure, market, additional factors discussed here, and other factors that may affect the value of the NCDs.

The rating provided by ICRA may be suspended, withdrawn or revised at any time by the assigning rating agency and should be evaluated independently of any other rating. These ratings are not a recommendation to buy, sell or hold securities and investors should take their own decisions. Please refer to page 285 of the Shelf Prospectus for rating letters and rationale for the above rating.

12. **Risk Factor 63 on page no.34 of the Shelf Prospectus titled “Security on our Secured NCDs rank as pari passu with our Company’s secured indebtedness.”**

Substantially all of our Company’s current assets represented mainly by the Gold Loan receivables are being used to secure our Company’s debt. As of March 31, 2022, our Company’s secured debt was ₹ 477,652.16 million. Security on our Secured NCDs will rank *pari passu* with any of our Company’s secured obligations with respect to the assets that secure such obligations. The terms of the NCDs do not prevent our Company from incurring additional debt. In addition, the Secured NCDs will rank *pari passu* to the existing and future indebtedness and other secured liabilities and obligations of our Company.

13. **Risk Factor 72 on page no.35 of the Shelf Prospectus titled “This Shelf Prospectus includes certain unaudited financial information, which has been subjected to limited review, in relation to our Company. Reliance on such information should, accordingly, be limited.”**

SECTION III: ISSUE RELATED INFORMATION

TERMS OF THE ISSUE

Authority for the Tranche V Issue

At the meeting of the Board of Directors of our Company, held on June 02, 2021, the Directors approved the issuance to the public of secured redeemable non-convertible debentures of face value ₹ 1,000 each, aggregating up to ₹ 50,000 million.

The present issue through the Shelf Prospectus of Secured NCDs of face value of ₹ 1,000.00 each for an amount up to ₹ 30,000 million (“**Shelf Limit**”), hereinafter called the “**Issue**” is approved by NCD Committee meeting dated March 16, 2022. The NCDs will be issued in one or more tranches up to the Shelf Limit. The terms and conditions of the Tranche V Issue are as set out in this Tranche V Prospectus, which issue is being made as decided by NCD Committee of Board of Directors.

The present Tranche V Issue through this Tranche V Prospectus of Secured NCDs with a Base Issue size of ₹ 1000 million, with an option to retain oversubscription up to an amount of ₹ 4,000 million, aggregating up to ₹ 5,000 million, was approved by the NCD Committee at its meeting dated February 2, 2023.

Further, the present borrowing is within the borrowing limits under Section 180(1)(c) of the Companies Act, 2013 duly approved by the shareholders’ vide their resolution dated September 30, 2020.

Principal terms and conditions of this Tranche V Issue

The NCDs being offered as part of the Tranche V Issue are subject to the provisions of the SEBI NCS Regulations and the relevant provisions of the Companies Act, 2013, as on the date of this Tranche V Prospectus, our Memorandum and Articles of Association, the terms of this Tranche V Prospectus, the terms and conditions of the Debenture Trustee Agreement and the Debenture Trust Deed, other applicable statutory and/or regulatory requirements including those issued from time to time by SEBI/ the GoI/ Stock Exchanges/ RBI, and/or other statutory/regulatory authorities relating to the offer, issue and listing of securities and any other documents that may be executed in connection with the NCDs.

Ranking of the Secured NCDs

The Secured NCDs would constitute secured obligations of ours and shall rank *pari passu* inter se, and subject to any obligations under applicable statutory and/or regulatory requirements, shall also, with regard to the amount invested, be secured by way of a first *pari passu* charge on current assets, book debts, loans and advances, and receivables including gold loan receivables, both present and future. The Secured NCDs proposed to be issued under the Tranche V Issue and all earlier issues of debentures outstanding in the books of our Company having corresponding assets as security, shall rank *pari passu* without preference of one over the other except that priority for payment shall be as per applicable date of redemption. The Company is required to obtain permissions / consents from the prior creditors in favour of the debenture trustee for creation of such *pari passu* charge. The Company had applied to the prior creditors for such permissions / consents and has obtained all permissions / consents from such creditors thereby enabling it to undertake the Tranche V Issue.

Debenture redemption reserve

In accordance with the recent amendments to the Companies Act, 2013, and the Companies (Share Capital and Debentures) Rules 2014, read with Rule 16 of the SEBI NCS Regulations, any non-banking finance company that intends to issue debentures to the public are no longer required to create a DRR for the purpose of redemption of debentures. Pursuant to the amendment to the Companies (Share Capital and Debentures) Rules, 2014, notified on August 16, 2019, and as on the date of filing this Tranche V Prospectus, our Company is not required to create DRR for the purpose of redemption of the NCDs. Accordingly, no debenture redemption reserve shall be created by our Company for the purpose of redemption of the NCDs or in connection with the Tranche V Issue.

Investment in relation to maturing debentures

Section 71 of the Companies Act, 2013, read with Rule 18 made under Chapter IV of the Companies Act, 2013, requires that any listed company that intends to issue debentures to the public must, on or before the 30th day of April of each year, in respect of such publicly issued debentures, invest an amount not less than 15% of the amount of the debentures maturing during the financial year which is ending on the 31st day of March of the next year, in any one or more of the following methods: (a) in deposits with any scheduled bank, free from any charge or lien; (b) in unencumbered securities of the Central Government or any State Government; (c) in unencumbered securities mentioned under section 20 of the Indian Trusts Act, 1882; or (d) in unencumbered bonds issued by any other company which is notified under sub-clause (f) of section 20 of the Indian Trusts Act, 1882. Such invested amount shall not be used for any purpose other than for redemption for debentures maturing during the financial year which is ending on the 31st day of March of the next year. Further, the invested amount shall not, at any time, fall below 15% of the amount of the debentures maturing in such financial year.

Face Value

The face value of each of the Secured NCDs shall be ₹ 1,000.00.

NCD Holder not a shareholder

The NCD Holders will not be entitled to any of the rights and privileges available to the equity and/or preference shareholders of our Company, except to the extent as may be prescribed under the Companies Act, 2013, the SEBI LODR Regulations and any other applicable law.

Rights of the Secured NCD Holders

Some of the significant rights available to the Secured NCD Holders are as follows:

1. The Secured NCDs shall not, except as provided in the Companies Act, 2013 to the extent applicable as on the date of this Tranche V Prospectus, confer upon the Secured NCD Holders thereof any rights or privileges available to our members including the right to receive notices, or to attend and/or vote, at our general meeting. However, if any resolution affecting the rights attached to the Secured NCDs is to be placed before the members, the said resolution will first be placed before the concerned registered Secured NCD Holders for their consideration. In terms of section 136 of the Companies Act, the Secured NCD Holders shall be entitled to inspect a copy of the balance sheet and copy of trust deed at the registered office of the Company during business hours.
2. Subject to applicable statutory/ regulatory requirements, including requirements of the RBI, the rights, privileges and conditions attached to the Secured NCDs may be varied, modified and/or abrogated with the consent in writing of the holders of at least three-fourths of the outstanding amount of the Secured NCDs or with the sanction of a special resolution passed at a meeting of the concerned Secured NCD Holders, provided that nothing in such consent or resolution shall be operative against us, where such consent or resolution modifies or varies the terms and conditions governing the Secured NCDs, if the same are not acceptable to us.
3. In case of Secured NCDs held in (i) dematerialised form, the person for the time being appearing in the register of beneficial owners of the Depository; and (ii) physical form, the registered Secured NCD Holders or in case of joint-holders, the one whose name stands first in the register of debenture holders shall be entitled to vote in respect of such Secured NCDs, either in person or by proxy, at any meeting of the concerned Secured NCD Holders and every such Secured NCD Holder shall be entitled to one vote on a show of hands and on a poll, his/her voting rights on every resolution placed before such meeting of the Secured NCD Holders shall be in proportion to the outstanding nominal value of Secured NCDs held by him/her.
4. The Secured NCDs are subject to the provisions of the SEBI NCS Regulations, applicable provisions of the Companies Act, 2013, our Memorandum and Articles of Association, the terms of the Draft Shelf Prospectus, the Shelf Prospectus, and this Tranche V Prospectus, the terms and conditions of the Debenture Trust Deed, requirements of RBI, other applicable statutory and/or regulatory requirements relating to the issue and listing of securities and any other documents that may be executed in connection with the Secured NCDs.
5. For Secured NCDs in physical form, a register of debenture holders will be maintained in accordance with Section 88 of the Companies Act, 2013 and all interest and principal sums becoming due and payable in respect of the Secured NCDs will be paid to the registered holder thereof for the time being or in the case of joint-holders, to the person whose name stands first in the register of debenture holders as on the Record Date. For Secured NCDs in dematerialized form, all interest and principal sums becoming due and payable in respect of the Secured NCDs will be paid to the person for the time being appearing in the register of beneficial owners of the Depository. In terms of Section 88(3) of the Companies Act, 2013, the register of beneficial owners maintained by a Depository for any Secured NCDs in dematerialized form under Section 11 of the Depositories Act shall be deemed to be a register of debenture holders for this purpose. The same shall be maintained at the Registered Office of the Issuer under Section 94 of the Companies Act, 2013 unless the same has been moved to another location after obtaining the consent of the NCD holders as given thereunder.
6. Subject to compliance with RBI requirements, Secured NCDs can be rolled over only with the consent of the Secured NCD Holders of at least 75% of the outstanding amount of the Secured NCDs after providing at least 15 days prior notice for such roll over and in accordance with the SEBI NCS Regulations. Our Company shall redeem the debt securities of all the debt securities holders, who have not given their positive consent to the roll-over.

The aforementioned rights of the Secured NCD Holders are merely indicative. The final rights of the Secured NCD Holders will be as per the terms of this Tranche V Prospectus and the Debenture Trust Deed.

Minimum Subscription

In terms of the SEBI NCS Regulations, for an issuer undertaking a public issue of debt securities the minimum subscription for public issue of debt securities shall be 75% of the Base Issue, as specified in the Tranche V Prospectus. If our Company does not receive the minimum subscription of 75% of the Base Issue within the prescribed timelines under Companies Act and any rules thereto, the entire subscription amount shall be refunded to the Applicants within the timelines prescribed under Applicable Law. In the event, there is a delay, by our Company in making the aforesaid refund within the prescribed time limit, our Company will pay interest at the rate of 15% per annum for the delayed period.

Under Section 39(3) of the Companies Act, 2013 read with Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or Registrar, refunds will be made to the account prescribed. However, where our Company and/or Registrar does not have the necessary information for making such refunds, our Company and/or Registrar will follow the guidelines prescribed by SEBI in this regard including its circular bearing no. HO/MIRSD/DOP1/CIR/P/2018/73 dated April 20, 2018.

Market Lot and Trading Lot

The NCDs shall be allotted only in dematerialized form. As per the SEBI NCS Regulations, the trading of the NCDs shall be in dematerialised form only. Since trading of the NCDs is in dematerialised form, the tradable lot is one NCD.

Please note that the NCDs shall cease to trade from the Record Date (for payment of the principal amount and the applicable interest for such NCDs) prior to redemption of the NCDs.

Allotment in this Tranche V Issue will be in electronic form in multiples of one NCD. For details of Allotment see the section titled “*Issue Procedure*” at page 145 of this Tranche V Prospectus.

Nomination facility to NCD Holders

In accordance with Section 72 of the Companies Act, 2013, the sole NCD Holder or first NCD Holder, along with other joint NCD Holders (being individual(s)) may nominate any one person (being an individual) who, in the event of death of the sole holder or all the joint-holders, as the case may be, shall become entitled to the NCDs. A person, being a nominee, becoming entitled to the NCDs by reason of the death of the NCD Holder(s), shall be entitled to the same rights to which he would be entitled if he were the registered holder of the NCD. Where the nominee is a minor, the NCD Holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to the NCDs, in the event of the NCD Holder's death, during the minority of the nominee. A nomination shall stand rescinded upon sale of the NCDs by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. When the NCDs are held by two or more persons, the nominee shall become entitled to receive the amount only on the demise of all such NCD Holders. Fresh nominations can be made only in the prescribed form available on request at our Registered/ Corporate Office, at such other addresses as may be notified by us, or at the office of the Registrar to the Issue or the transfer agent.

NCD Holders are advised to provide the specimen signature of the nominee to us to expedite the transmission of the NCDs to the nominee in the event of demise of the NCD Holders. The signature can be provided in the Application Form or subsequently at the time of making fresh nominations. This facility of providing the specimen signature of the nominee is purely optional.

In accordance with the Section 72 read with Rules under Chapter IV of Companies Act, 2013, any person who becomes a nominee by virtue of the above said Section, shall upon the production of such evidence as may be required by our Board, elect either:

- (a) To register himself or herself as the holder of the NCDs; or
- (b) To make such transfer of the NCDs, as the deceased holder could have done.

NCD Holders who are holding NCDs in dematerialised form need not make a separate nomination with our Company. Nominations registered with the respective Depository Participant of the NCD Holder will prevail. If the NCD Holders require to changing their nominations, they are requested to inform their respective Depository Participant.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the NCDs, and if the notice is not complied with, within a period of 90 days, our Board may thereafter withhold payment of all interests or other monies payable in respect of the NCDs, until the requirements of the notice have been complied with.

A person, being a nominee, becoming entitled to Secured NCDs by reason of the death of the Secured NCD Holder shall be entitled to the same interests and other advantages to which he would have been entitled to if he were the registered Secured NCD Holder except that he shall not, before being registered as a Secured NCD Holder in respect of such Secured NCDs, be

entitled in respect of these Secured NCDs to exercise any right conferred by subscription to the same in relation to meetings of the Secured NCD Holders convened by the Company. Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the Secured NCDs, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of interests, bonuses or other moneys payable in respect of the said Secured NCDs, until the requirements of the notice have been complied with.

A nomination may be cancelled or varied by nominating any other person in place of the present nominee, by the Secured NCD Holder who has made the nomination, by giving a notice of such cancellation or variation in the prescribed manner as per applicable laws. The cancellation or variation shall take effect from the date on which the notice of such variation or cancellation is received.

Since the allotment of Secured NCDs will be made only in dematerialized mode, there is no need to make a separate nomination with our Company. Nominations registered with the respective Depository Participant of the Applicant would prevail. If the investors require changing their nomination, they are requested to inform their respective Depository Participant.

Succession

Where NCDs are held in joint names and one of the joint NCD Holder dies, the survivor(s) will be recognized as the NCD Holder(s). It will be sufficient for our Company to delete the name of the deceased NCD Holder after obtaining satisfactory evidence of his death. Provided, a third person may call on our Company to register his name as successor of the deceased NCD Holder after obtaining evidence such as probate of a will for the purpose of proving his title to the NCDs. In the event of demise of the sole or first holder of the NCDs, our Company will recognise the executors or administrator of the deceased NCD Holders, or the holder of the succession certificate or other legal representative as having title to the NCDs only if such executor or administrator obtains and produces probate or letter of administration or is the holder of the succession certificate or other legal representation, as the case may be, from an appropriate court in India. Our Directors, the Board, any committee of the Board or any other person authorised by the Board in their absolute discretion may, in any case, dispense with production of probate or letter of administration or succession certificate or other legal representation. In case of death of NCD Holders who are holding NCDs in dematerialised form, third person is not required to approach the Company to register his name as successor of the deceased NCD holder. He shall approach the respective Depository Participant of the NCD Holder for this purpose and submit necessary documents as required by the Depository Participant. Where a non-resident Indian becomes entitled to the NCDs by way of succession, the following steps have to be complied with:

1. Documentary evidence to be submitted to the Legacy Cell of the RBI to the effect that the NCDs were acquired by the non-resident Indian as part of the legacy left by the deceased NCD Holder.
2. Proof that the non-resident Indian is an Indian national or is of Indian origin.

Such holding by a non-resident Indian will be on a non-repatriation basis.

In terms of Regulation 7 of the SEBI NCS Regulations, the Company will make public issue of NCDs in the dematerialised form. However, in terms of Section 8 (1) of the Depositories Act, the Company, at the request of the Applicants who wish to hold the NCDs post allotment in physical form, will fulfill such request through the process of rematerialisation.

* *The subscription list shall remain open for subscription on Working Days from 10 A.M. to 5 P.M., during the period indicated in the Tranche V Prospectus, except that the Issue may close on such earlier date or extended date as may be decided by the Board or NCD Committee. In the event of such an early closure of or extension subscription list of the Tranche V Issue, our Company shall ensure that notice of such early closure or extension is given to the prospective investors through an advertisement in all the newspapers in which the pre-Issue advertisement has been given, on or before such earlier date or extended date of closure. On the Tranche V Issue Closing Date, the Application Forms will be accepted only between 10 A.M. and 3 P.M. (Indian Standard Time) and uploaded until 5 P.M. or such extended time as may be permitted by the BSE. Further, pending mandate requests for bids placed on the last day of bidding will be validated by 5 P.M. (Indian Standard Time) on one Working Day after the Issue Closing Date. For further details please refer to the section titled “Issue Related Information” on page 121 of this Tranche V Prospectus.*

While the Secured NCDs will be secured to the tune of 100% of the principal and interest amount or as per the terms of this Tranche V Prospectus in favour of Debenture Trustee, it is the duty of the Debenture Trustee to monitor that the security is maintained. However, the recovery of 100% of the amount shall depend on the market scenario prevalent at the time of enforcement of the security.

Nature of the Secured NCDs

We are offering Secured NCDs which shall have a fixed rate of interest. The Secured NCDs will be issued at a face value of ₹ 1,000.00 per NCD. Interest on the Secured NCDs shall be payable in the manner, as set out hereinafter. The terms of the Secured NCDs offered pursuant to the Tranche V Issue are as follows:

* With respect to Options where interest is to be paid on a monthly basis, relevant interest will be calculated on the face value of the NCDs from the first day till the last date of every month during the tenor of such NCDs, and paid on the first day of every subsequent month. For the first interest payment for NCDs under the monthly options, interest from the Deemed Date of Allotment till the last day of the subsequent month will be clubbed and paid on the first day of the month next to that subsequent month. The last interest payment under monthly options will be made at the time of redemption of the NCDs.

** With respect to Options where interest is to be paid on an annual basis, relevant interest will be paid on each anniversary of the Deemed Date of Allotment on the face value of the NCDs. The last interest payment under annual Options will be made at the time of redemption of the NCDs.

(1) Please refer to Annexure FS – 5A for details pertaining to the cash flows of the Company in accordance with the SEBI Operational Circular.

(2) As regards the payment of additional incentive, such additional incentive shall be payable to only such NCD Holders who shall be individuals as on the Record Date.

(3) On Options I and II, monthly interest payment is not assumed to be reinvested for the purpose of calculation of Effective Yield (per annum).

(4) Subject to applicable tax deducted at source, if any.

Our Company would allot the Option III NCDs, as specified in this Tranche V Prospectus to all valid Applications, wherein the Applicants have not indicated their choice of the relevant option of NCD.

Interest and Payment of Interest

For avoidance of doubt, with respect to Option I and Option II for Secured NCDs where interest is to be paid on a monthly basis, relevant interest will be calculated on the face value of NCDs from the first day till the last date of every month during the tenor of such Secured NCDs, and paid on the first day of every subsequent month. For the first interest payment for Secured NCDs under the monthly options, interest from the Deemed Date of Allotment till the last day of the subsequent month will be clubbed and paid on the first day of the month next to that subsequent month. The last interest payment under monthly options will be made at the time of redemption of the Secured NCDs.

With respect to Option III, Option IV and Option V where interest is to be paid on an annual basis, relevant interest will be paid on each anniversary of the Deemed Date of Allotment on the face value of the Secured NCDs. The last interest payment under Annual options will be made at the time of redemption of the Secured NCDs. With respect to Option VI and VII, the interest is not applicable.

Interest

In case of Option I Secured NCDs, interest would be paid on a monthly basis at 7.75% per annum to Category I and Category II investors, and at 8.25% per annum to Category III and Category IV investors (including additional incentive payable to only individuals as on the Record Date). Option I Secured NCDs shall be redeemed at the Face Value thereof along with the interest accrued thereon, if any, at the end of 37 months from the Deemed Date of Allotment.

In case of Option II Secured NCDs, interest would be paid on a monthly basis at 7.85% per annum to Category I and Category II investors, and at 8.35% per annum to Category III and Category IV investors (including additional incentive payable to only individuals as on the Record Date). Option II Secured NCDs shall be redeemed at the Face Value thereof along with the interest accrued thereon, if any, at the end of 61 months from the Deemed Date of Allotment.

In case of Option III Secured NCDs, interest would be paid on an annual basis at 7.75% per annum to Category I and Category II investors, and at 8.25% per annum to Category III and Category IV investors (including additional incentive payable to only individuals as on the Record Date). Option III Secured NCDs shall be redeemed at the Face Value thereof along with the interest accrued thereon, if any, at the end of 25 months from the Deemed Date of Allotment.

In case of Option IV Secured NCDs, interest would be paid on an annual basis at 8.00% per annum to Category I and Category II investors, and at 8.50% per annum to Category III and Category IV investors (including additional incentive payable to only individuals as on the Record Date). Option IV Secured NCDs shall be redeemed at the Face Value thereof along with the interest accrued thereon, if any, at the end of 37 months from the Deemed Date of Allotment.

In case of Option V Secured NCDs, interest would be paid on an annual basis at 8.10% per annum to Category I and Category II investors, and at 8.60% per annum to Category III and Category IV investors (including additional incentive

payable to only individuals as on the Record Date). Option V Secured NCDs shall be redeemed at the Face Value thereof along with the interest accrued thereon, if any, at the end of 61 months from the Deemed Date of Allotment.

Option VI Secured NCDs shall be redeemed at ₹ 1,268.11 for Category I and Category II Investors and at ₹ 1,286.34 for Category III and Category IV Investors at the end of 37 months from the Deemed Date of Allotment.

Option VII Secured NCDs shall be redeemed at ₹ 1,486.11 for Category I and Category II Investors and at ₹ 1,521.42 for Category III and Category IV Investors at the end of 61 months from the Deemed Date of Allotment

If the date of interest payment does not fall on a Working Day, then interest as due and payable on such day, would be paid on the next Working Day. Further, the future Interest Payment Dates shall remain intact and shall not be changed because of postponement of such interest payment on account of it falling on a holiday. Payment of interest would be subject to the deduction as prescribed in the I.T. Act or any statutory modification or re-enactment thereof for the time being in force.

Please note that in case the Secured NCDs are transferred and/or transmitted in accordance with the provisions of this Tranche V Prospectus read with the provisions of the Articles of Association of our Company, the transferee of such Secured NCDs or the deceased holder of Secured NCDs, as the case may be, shall be entitled to any interest which may have accrued on the Secured NCDs subject to such Transferee holding the Secured NCDs on the Record Date.

Taxation

As per clause (ix) of Section 193 of the IT Act, no tax is required to be withheld on any interest payable on any security issued by a company, where such security is in dematerialized form and is listed on a recognized stock exchange in India in accordance with the Securities Contracts (Regulation) Act, 1956 (42 of 1956) and the rules made thereunder. Accordingly, no tax will be deducted at source from the interest on listed Secured NCDs held in the dematerialised form.

However, in case of Secured NCDs held in physical form on account of rematerialisation, as per the current provisions of the IT Act, tax will not be deducted at source from interest payable on such Secured NCDs held by the investor, if such interest does not exceed ₹ 5,000 in any financial year. If interest exceeds the prescribed limit of ₹ 5,000 on account of interest on the Secured NCDs, then the tax will be deducted at applicable rate. However in case of Secured NCD Holders claiming non-deduction or lower deduction of tax at source, as the case may be, the Secured NCD Holder should furnish either (a) a declaration (in duplicate) in the prescribed form i.e. (i) Form 15H which can be given by individuals who are of the age of 60 years or more (ii) Form 15G which can be given by all applicants (other than companies, and firms), or (b) a certificate, from the Assessing Officer which can be obtained by all applicants (including companies and firms) by making an application in the prescribed form i.e. Form No.13. The aforesaid documents, as may be applicable, should be submitted at the office of the Registrar quoting the name of the sole/ first Secured NCD Holder, NCD folio number and the distinctive number(s) of the Secured NCD held, at least seven days prior to the Record Date to ensure non-deduction/lower deduction of tax at source from interest on the Secured NCD. The investors need to submit Form 15H/ 15G/certificate in original with the Assessing Officer for each financial year during the currency of the Secured NCD to ensure non-deduction or lower deduction of tax at source from interest on the Secured NCD.

Tax exemption certificate/document, if any, must be lodged at the office of the Registrar at least seven days prior to the Record Date or as specifically required, failing which tax applicable on interest will be deducted at source on accrual thereof in our Company's books and/or on payment thereof, in accordance with the provisions of the IT Act and/or any other statutory modification, enactment or notification as the case may be. A tax deduction certificate will be issued for the amount of tax so deducted.

Payment of Interest

For Secured NCDs subscribed under Option I and Option II, interest is to be paid on a monthly basis, relevant interest will be calculated on the face value of the NCDs from the first day till the last date of every month during the tenor of such Secured NCDs, and paid on the first day of every subsequent month. For the first interest payment for Secured NCDs under the monthly options, interest from the Deemed Date of Allotment till the last day of the subsequent month will be clubbed and paid on the first day of the month next to that subsequent month. On Option III, Option IV and Option V, the relevant interest will be paid on each anniversary of the Deemed Date of Allotment on the face value of the Secured NCD. The last interest payment for Secured NCDs subscribed under Option I, Option II, Option III, Option IV and Option V will be made at the time of redemption of the Secured NCDs.

On Option VI and Option VII, NCDs shall be redeemed at the end of 36 months and 60 months respectively from the Deemed Date of Allotment.

As regards the payment of additional incentive applicable for Category III and Category IV investors, such additional incentive shall be payable to only such NCD Holders who shall be individuals as on the Record Date.

Amount of interest payable shall be rounded off to the nearest Rupee. If the date of interest payment falls does not fall on a Working Day, then interest as due and payable on such day, would be paid on the next Working Day. Further, the future Interest payment dates shall remain intact and shall not be changed because of postponement of such interest payment on account of it falling on a holiday. Payment of interest would be subject to the deduction as prescribed in the IT Act or any statutory modification or re-enactment thereof for the time being in force.

Interest for each of the interest periods shall be calculated, on the face value of principal outstanding on the Secured NCDs at the applicable Coupon Rate for each Category rounded off to the nearest Rupee and same shall be paid annually. Interest shall be computed on a 365 days-a-year basis on the principal outstanding on the NCDs. However, if period from deemed date of allotment/anniversary date of allotment till one day prior to next anniversary date/redemption date includes February 29th, interest shall be computed on 366 days a-year basis.

Payment of Interest to Secured NCD Holders

Payment of interest will be made to (i) in case of Secured NCDs in dematerialised form the persons who for the time being appear in the register of beneficial owners of the Secured NCD as per the Depositories as on the Record Date and (ii) in case of Secured NCDs in physical form, the persons whose names appear in the register of debenture holders maintained by us (or to first holder in case of joint-holders) as on the Record Date.

We may enter into an arrangement with one or more banks in one or more cities for direct credit of interest to the account of the Secured NCD Holders. In such cases, interest, on the interest payment date, would be directly credited to the account of those investors who have given their bank mandate.

We may offer the facility of NACH, NEFT, RTGS, Direct Credit and any other method permitted by RBI and SEBI from time to time to effect payments to Secured NCD Holders. The terms of this facility (including towns where this facility would be available) would be as prescribed by RBI. For further details see the section titled “*Issue Structure - Manner of Payment of Interest / Refund / Redemption*” on page 138 of this Tranche V Prospectus.

Maturity and Redemption

For Secured NCDs subscribed under Option I, Option II, Option III, Option IV, Option V, Option VI and Option VII the relevant interest/redemption amount will be paid in the manner set out in “*Issue Structure – Interest and Payment of Interest*” at page 135 of this Tranche V Prospectus. The last interest payment under Option I, Option II, Option III, Option IV and Option V will be made at the time of redemption of the Secured NCDs.

Options	Maturity period/Redemption (as applicable)
I	37 months from the Deemed Date of Allotment
II	61 months from the Deemed Date of Allotment
III	25 months from the Deemed Date of Allotment
IV	37 months from the Deemed Date of Allotment
V	61 months from the Deemed Date of Allotment
VI	37 months from the Deemed Date of Allotment
VII	61 months from the Deemed Date of Allotment

Deemed Date of Allotment

Deemed Date of Allotment shall mean the date on which the Board or the NCD Committee of the Board constituted by resolution of the Board dated May 16, 2018 approves the Allotment of the NCDs for each Tranche Issue. The actual Allotment of NCDs may take place on a date other than the Deemed Date of Allotment. All benefits relating to the NCDs including interest on NCDs (as specified for each Tranche Issue by way of the relevant Tranche Prospectus) shall be available to the Debenture holders from the Deemed Date of Allotment.

Application Size

Each application should be for a minimum of 10 NCDs and multiples of 1 NCD thereafter. The minimum application size for each application for Secured NCDs would be ₹ 10,000 and in multiples of ₹1,000 thereafter.

Applicants are advised to ensure that applications made by them do not exceed the investment limits or maximum number of Secured NCDs that can be held by them under applicable statutory and or regulatory provisions.

Terms of Payment

The entire issue price per NCD, as specified in this Tranche V Prospectus, is blocked in the ASBA Account on application itself. In case of Allotment of lesser number of NCDs than the number of NCDs applied for, our Company shall unblock the excess amount paid on application to the applicant in accordance with the terms this Tranche V Prospectus.

Record Date

The Record Date for payment of interest in connection with the Secured NCDs or repayment of principal in connection therewith shall be 15 (fifteen) days prior to the date on which interest is due and payable, and/or the date of redemption. Provided that trading in the Secured NCDs shall remain suspended between the aforementioned Record Date in connection with redemption of Secured NCDs and the date of redemption or as prescribed by the relevant stock exchange(s), as the case may be. In case Record Date falls on a day when stock exchanges are having a trading holiday, the immediate subsequent trading day, or a date notified by the Company to the Stock Exchanges, will be deemed as the Record Date.

Manner of Payment of Interest / Refund / Redemption

The manner of payment of interest / refund / redemption in connection with the Secured NCDs is set out below:

For Secured NCDs applied / held in electronic form

The bank details will be obtained from the Depositories for payment of interest / refund / redemption as the case may be. Applicants who have applied for or are holding the NCDs in electronic form, are advised to immediately update their bank account details as appearing on the records of the depository participant. Please note that failure to do so could result in delays in credit of interest / refund / redemption amounts to the Applicant at the Applicant's sole risk, and neither the Lead Manager, our Company nor the Registrar to the Issue shall have any responsibility and undertake any liability for the same.

The Registrar to the Issue will issue requisite instructions to the relevant SCSBs to un-block amounts in the ASBA Accounts of the Applicants representing the amounts to be refunded to the Applicants.

For Secured NCDs held in physical form due to rematerialisation

The bank details will be obtained from the Registrar to the Issue for payment of interest / refund / redemption as the case may be.

In the event, the interest / payout of total coupon / redemption amount is a fraction and not an integer, such amount will be rounded off to the nearest integer. By way of illustration if the redemption amount is ₹ 1,837.50, then the amount shall be rounded off to ₹ 1,838.

The mode of interest / refund / redemption payments shall be undertaken in the following order of preference:

1. Direct Credit

Investors having their bank account with the Refund Bank, shall be eligible to receive refunds, if any, through direct credit. The refund amount, if any, would be credited directly to their bank account with the Refund Banker. Interest / redemption amount would be credited directly to the bank accounts of the Investors, if held with the same bank as the Company.

2. NACH

National Automated Clearing House which is a consolidated system of ECS. Payment of refund would be done through NACH for Applicants having an account at one of the centres specified by the RBI, where such facility has been made available. This would be subject to availability of complete bank account details including Magnetic Ink Character Recognition (MICR) code wherever applicable from the depository. The payment of refund through NACH is mandatory for Applicants having a bank account at any of the centres where NACH facility has been made available by the RBI (subject to availability of all information for crediting the refund through NACH including the MICR code as appearing on a cheque leaf, from the depositories), except where applicant is otherwise disclosed as eligible to get refunds through NEFT or Direct Credit or RTGS.

3. RTGS

Applicants having a bank account with a participating bank and whose interest payment/ refund/ redemption amounts exceed ₹ 200,000, or such amount as may be fixed by RBI from time to time, have the option to receive refund through RTGS. Such eligible Applicants who indicate their preference to receive interest payment/ refund/ redemption through RTGS are required to provide the IFSC code in the Application Form or intimate our Company and the Registrar to the Issue at least seven days prior to the Record Date. Charges, if any, levied by the Applicant's bank receiving the

credit would be borne by the Applicant. In the event the same is not provided, interest payment/ refund/ redemption shall be made through NACH subject to availability of complete bank account details for the same as stated above

4. **NEFT**

Payment of interest/ refunds/ redemption shall be undertaken through NEFT wherever the Applicants' banks have been assigned the Indian Financial System Code ("IFSC"), which can be linked to a Magnetic Ink Character Recognition ("MICR"), if any, available to that particular bank branch. The IFSC Code will be obtained from the website of RBI as on a date immediately prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Applicants have registered their nine digit MICR number and their bank account number while opening and operating the demat account, the same will be duly mapped with the IFSC Code of that particular bank branch and the payment of interest/ refund/ redemption will be made to the applicants through this method.

5. **Registered Post/Speed Post**

For all other applicants, including those who have not updated their bank particulars with the MICR code, the interest payment / refund / redemption orders shall be dispatched through speed post/ registered post.

Please note that applicants are eligible to receive payments through the modes detailed in (1), (2) (3), and (4) herein above provided they provide necessary information for the above modes and where such payment facilities are allowed / available.

Please note that our Company shall not be responsible to the holder of Secured NCD, for any delay in receiving credit of interest / refund / redemption so long as our Company has initiated the process of such request in time.

In case of ASBA Applicants, the Registrar to the Issue will issue requisite instructions to the relevant SCSBs to unblock amounts in the ASBA Accounts of the Applicants representing the amounts to be refunded to the Applicants.

The Registrar to the Issue shall instruct the relevant SCSB or in case of Bids by Retail Individual Investors applying through the UPI Mechanism to the Sponsor Bank, to revoke the mandate and to unblock the funds in the relevant ASBA Account to the extent of the Application Amount specified in the Application Forms for withdrawn, rejected or unsuccessful or partially successful Applications within six Working Days of the Tranche V Issue Closing Date.

Printing of Bank Particulars on Interest Warrants

As a matter of precaution against possible fraudulent encashment of interest/ redemption warrants due to loss or misplacement, the particulars of the Applicant's bank account are mandatorily required to be given for printing on the warrants. In relation to Secured NCDs applied and held in dematerialized form, these particulars would be taken directly from the depositories. In case of Secured NCDs held in physical form either on account of rematerialisation or transfer, the Secured NCD Holders are advised to submit their bank account details with our Company/ Registrar to the Issue at least seven days prior to the Record Date failing which the warrants will be dispatched to the postal address of the Secured NCD Holders as available in the records of our Company either through speed post or registered post.

Bank account particulars will be printed on the warrants which can then be deposited only in the account specified.

Loan against Secured NCDs

As per the RBI circular dated June 27, 2013, the Company is not permitted to extend loans against the security of its debentures issued by way of private placement or public issues. However, if the RBI subsequently permits the extension of loans by NBFCs against the security of its debentures issued by way of private placement or public issues, the Company may consider granting loans against the security of such Secured NCDs, subject to terms and conditions as may be decided by the Company at the relevant time, in compliance with applicable law.

Buy Back of Secured NCDs

Our Company may, at its sole discretion, from time to time, consider, subject to applicable statutory and/or regulatory requirements, buy-back the Secured NCDs, upon such terms and conditions as may be decided by our Company.

Form and Denomination

In case of Secured NCDs held in physical form on account of rematerialisation, a single certificate will be issued to the Secured NCD Holder for the aggregate amount of the Secured NCDs held ("**Consolidated Certificate**"). The Applicant can also request for the issue of Secured NCD certificates in denomination of one NCD ("**Market Lot**"). In case of NCDs held under different Options, as specified in this Tranche V Prospectus, by a Secured NCD Holder, separate Consolidated Certificates will be issued to the NCD Holder for the aggregate amount of the Secured NCDs held under each Option.

It is however distinctly to be understood that the Secured NCDs pursuant to this issue shall be traded only in demat form.

In respect of Consolidated Certificates, we will, only upon receipt of a request from the Secured NCD Holder, split such Consolidated Certificates into smaller denominations subject to the minimum of Market Lot. No fees would be charged for splitting of Secured NCD certificates in Market Lots, but stamp duty payable, if any, would be borne by the Secured NCD Holder. The request for splitting should be accompanied by the original NCD certificate which would then be treated as cancelled by us.

Procedure for Redemption by Secured NCD holders

The procedure for redemption is set out below:

Secured NCDs held in physical form on account of rematerialisation:

No action would ordinarily be required on the part of the Secured NCD Holder at the time of redemption and the redemption proceeds would be paid to those Secured NCD Holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of Redemption. However, our Company may require that the Secured NCD certificate(s), duly discharged by the sole holder/all the joint-holders (signed on the reverse of the Secured NCD certificates) be surrendered for redemption on maturity and should be sent by the Secured NCD Holders by Registered Post with acknowledgment due or by hand delivery to our office or to such persons at such addresses as may be notified by us from time to time. Secured NCD Holders may be requested to surrender the Secured NCD certificates in the manner as stated above, not more than three months and not less than one month prior to the redemption date so as to facilitate timely payment.

We may at our discretion redeem the Secured NCDs without the requirement of surrendering of the Secured NCD certificates by the holder(s) thereof. In case we decide to do so, the holders of Secured NCDs need not submit the Secured NCD certificates to us and the redemption proceeds would be paid to those Secured NCD holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of redemption of Secured NCDs. In such case, the Secured NCD certificates would be deemed to have been cancelled. Also see the para “*Payment on Redemption*” given below.

Secured NCDs held in electronic form:

No action is required on the part of Secured NCD holder(s) at the time of redemption of Secured NCDs.

Payment on Redemption

The manner of payment of redemption is set out below.

Secured NCDs held in physical form on account of rematerialisation

The payment on redemption of the Secured NCDs will be made by way of cheque/pay order/ electronic modes. However, if our Company so requires, the aforementioned payment would only be made on the surrender of Secured NCD certificates, duly discharged by the sole holder/ all the joint-holders (signed on the reverse of the Secured NCD certificates). Despatch of cheques/ pay orders, etc. in respect of such payment will be made on the redemption date or (if so requested by our Company in this regard) within a period of 30 days from the date of receipt of the duly discharged NCD certificate.

In case we decide to do so, the redemption proceeds in the manner stated above would be paid on the redemption date to those Secured NCD Holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of Redemption. Hence the transferees, if any, should ensure lodgment of the transfer documents with us at least seven days prior to the Record Date. In case the transfer documents are not lodged with us at least seven days prior to the Record Date and we dispatch the redemption proceeds to the transferor, claims in respect of the redemption proceeds should be settled amongst the parties inter se and no claim or action shall lie against us or the Registrar to the Issue.

Our liability to Secured NCD Holders towards their rights including for payment or otherwise shall stand extinguished from the redemption in all events and when we dispatch the redemption amounts to the Secured NCD Holders.

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the Secured NCDs.

Secured NCDs held in electronic form

On the redemption date, redemption proceeds would be paid by cheque/ pay order/ electronic mode to those Secured NCD Holders whose names appear on the list of beneficial owners given by the Depositories to us. These names would be as per the Depositories’ records on the Record Date fixed for the purpose of redemption. These Secured NCDs will be simultaneously extinguished to the extent of the amount redeemed through appropriate debit corporate action upon redemption of the

corresponding value of the Secured NCDs. It may be noted that in the entire process mentioned above, no action is required on the part of Secured NCD Holders.

Our liability to Secured NCD Holders towards his/their rights including for payment/ redemption in all events shall end when we dispatch the redemption amounts to the Secured NCD Holders.

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the Secured NCDs.

*In the event, the interest / payout of total coupon / redemption amount is a fraction and not an integer, such amount will be rounded off to the nearest integer. By way of illustration if the redemption amount is ₹ 1,837.5, then the amount shall be rounded off to ₹ 1,838.

Right to reissue Secured NCD(s)

Subject to the provisions of the Companies Act, 2013, where we have fully redeemed or repurchased any Secured NCDs, we shall have and shall be deemed always to have had the right to keep such Secured NCDs in effect without extinguishment thereof, for the purpose of resale or re-issue and in exercising such right, we shall have and be deemed always to have had the power to resell or reissue such Secured NCDs either by reselling or re-issuing the same Secured NCDs or by issuing other Secured NCDs in their place. The aforementioned right includes the right to reissue original Secured NCDs.

Transfer/Transmission of Secured NCD(s)

For Secured NCDs held in physical form on account of rematerialisation

The Secured NCDs shall be transferred or transmitted freely in accordance with the applicable provisions of Companies Act, 2013 applicable as on the date of this Tranche V Prospectus and all other applicable laws including FEMA and the rules and regulations thereunder. The provisions relating to transfer and transmission and other related matters in respect of our shares contained in the Articles and the relevant provisions of the Companies Act, 2013 applicable as on the date of this Tranche V Prospectus, and all applicable laws including FEMA and the rules and regulations thereunder, shall apply, *mutatis mutandis* (to the extent applicable to debentures) to the Secured NCDs as well. In respect of the Secured NCDs held in physical form on account of rematerialisation, a common form of transfer shall be used for the same. The Secured NCDs held in dematerialised form shall be transferred subject to and in accordance with the rules/ procedures as prescribed by NSDL/CDSL and the relevant Depository Participants of the transferor and the transferee and any other applicable laws and rules notified in respect thereof. The transferees should ensure that the transfer formalities are completed at prior to the Record Date. In the absence of the same, interest will be paid/ redemption will be made to the person, whose name appears in the register of debenture holders or the records as maintained by the Depositories. In such cases, claims, if any, by the transferees would need to be settled with the transferors and not with the Issuer or Registrar.

For Secured NCDs held in electronic form

The normal procedure followed for transfer of securities held in dematerialised form shall be followed for transfer of the NCDs held in electronic form. The seller should give delivery instructions containing details of the buyer's Depository Participant account to his depository participant.

In case the transferee does not have a Depository Participant account, the transferor can rematerialise the NCDs and thereby convert his dematerialised holding into physical holding. Thereafter these NCDs can be transferred in the manner as stated above for transfer of NCDs held in physical form.

In case the recipient of the NCDs in physical form wants to hold the NCDs in dematerialized form, he can choose to dematerialize the securities through his DP.

Any trading of the NCDs issued pursuant to this Issue shall be compulsorily in dematerialized form only.

Title

In case of:

- Secured NCDs held in the dematerialised form, the person for the time being appearing in the register of beneficial owners maintained by the Depository; and
- the Secured NCDs held in physical form on account of rematerialisation, the person for the time being appearing in the register of NCD Holders as Secured NCD holder,

shall be treated for all purposes by our Company, the Debenture Trustee, the Depositories and all other persons dealing with such person as the holder thereof and its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it or any writing on, theft or loss of the Consolidated NCD Certificates issued in respect of the Secured NCDs and no person will be liable for so treating the Secured NCD holder.

No transfer of title of a NCD will be valid unless and until entered on the register of NCD holders or the register of beneficial owners maintained by the Depository prior to the Record Date. In the absence of transfer being registered, interest and/or maturity amount, as the case may be, will be paid to the person, whose name appears first in the register of the NCD Holders maintained by the Depositories and/or our Company and/or the Registrar, as the case may be. In such cases, claims, if any, by the purchasers of the Secured NCDs will need to be settled with the seller of the Secured NCDs and not with our Company or the Registrar. The provisions relating to transfer and transmission and other related matters in respect of our Company's shares contained in the Articles of Association of our Company and the Companies Act 2013, mutatis mutandis (to the extent applicable) to the Secured NCD(s) as well.

Common form of transfer

The Issuer undertakes that there shall be a common form of transfer for the Secured NCDs and the provisions of the Companies Act, 2013 and all applicable laws including the FEMA and the rules and regulations thereunder shall be duly complied with in respect of all transfer of debentures and registration thereof.

Joint-holders

Where two or more persons are holders of any Secured NCD(s), they shall be deemed to hold the same as joint holders with benefits of survivorship subject to other provisions contained in the Articles.

Sharing of information

We may, at our option, use on our own, as well as exchange, share or part with any financial or other information about the Secured NCD Holders available with us, with our subsidiaries, if any and affiliates and other banks, financial institutions, credit bureaus, agencies, statutory bodies, as may be required and neither we or our affiliates nor their agents shall be liable for use of the aforesaid information.

Notices

All notices to the Secured NCD Holders required to be given by us or the Debenture Trustee will be sent by speed post or registered post or through email or other electronic media to the registered Secured NCD Holders from time to time.

Issue of Duplicate NCD Certificate(s) issued in physical form

If NCD certificate(s) is/ are mutilated or defaced or the cages for recording transfers of Secured NCDs are fully utilised, the same may be replaced by us against the surrender of such certificate(s). Provided, where the NCD certificate(s) are mutilated or defaced, the same will be replaced as aforesaid only if the certificate numbers and the distinctive numbers are legible.

If any NCD certificate is destroyed, stolen or lost then upon production of proof thereof to our satisfaction and upon furnishing such indemnity/ security and/or documents as we may deem adequate, duplicate Secured NCD certificates shall be issued. Upon issuance of a duplicate NCD certificate, the original NCD certificate shall stand cancelled.

Security

The Secured NCDs shall be secured by way of first *pari passu* floating charge on current assets, book debts, loans, advances and receivables including gold loan receivables both present and future, by way of hypothecation.

The issuer shall create and maintain security for the Secured NCDs in favour of the Debenture Trustee for the Secured NCD Holders on the book value of the above assets as appearing in the balance sheet from time to time to the extent of 100% of the amount outstanding in respect of Secured NCDs, including interest thereon, at any time.

At the request of the Company, the Debenture Trustee may release/ exclude a part of the assets mentioned above from the security to be created for the Secured NCDs, subject to the Company maintaining the security cover as mentioned above and subject to such other terms and conditions as may be stipulated by the Debenture Trustee.

The Company shall carry out subsequent valuation of the assets mentioned above, at the request of the Debenture Trustee, at the Company's cost.

While the Secured NCDs will be secured to the tune of 100% of the principal and interest amount as per the terms of this Tranche V Prospectus, in favour of Debenture Trustee, it is the duty of the Debenture Trustee to monitor that the security is maintained,

however, the recovery of 100% of the amount shall depend on the market scenario prevalent at the time of enforcement of the security.

Our Company intends to enter into an agreement with the Debenture Trustee (**‘Debenture Trust Deed’**), the terms of which will govern the appointment of the Debenture Trustee and the issue of the Secured NCDs. Our Company proposes to complete the execution of the Debenture Trust Deed before listing of Secured NCDs with the Designated Stock Exchange and utilize the funds only after the stipulated security has been created and upon receipt of listing and trading approval from the Designated Stock Exchange.

Under the terms of the Debenture Trust Deed, our Company will covenant with the Debenture Trustee that it will pay the Secured NCD Holders the principal amount on the Secured NCDs on the relevant redemption date and also that it will pay the interest due on Secured NCDs on the rate specified in the Draft Shelf Prospectus / the Shelf Prospectus / the relevant Tranche Prospectus and in the Debenture Trust Deed.

The Debenture Trust Deed will also provide that our Company may withdraw any portion of the security and replace with another asset of the same or a higher value subject to the security cover being maintained till the maturity date of the Secured NCDs.

Trustees for the Secured NCD holders

We have appointed IDBI Trusteeship Services Limited to act as the Debenture Trustees for the Secured NCD Holders. The Debenture Trustee and us will execute a Debenture Trust Deed, *inter alia*, specifying the powers, authorities and obligations of the Debenture Trustee and us. The Secured NCD Holders shall, without further act or deed, be deemed to have irrevocably given their consent to the Debenture Trustee or any of its agents or authorised officials to do all such acts, deeds, matters and things in respect of or relating to the Secured NCDs as the Debenture Trustee may in its absolute discretion deem necessary or require to be done in the interest of the Secured NCD Holders. Any payment made by us to the Debenture Trustee on behalf of the Secured NCD Holders shall discharge us pro tanto to the Secured NCD Holders.

The Debenture Trustee will protect the interest of the Secured NCD Holders in the event of default by us in regard to timely payment of interest and repayment of principal and they will take necessary action at our cost.

Events of Default:

The occurrence of any one of the following events (unless cured within the applicable cure period of 30 (thirty) days from the receipt by the Company of a written notice from the Debenture Trustee (acting on the instructions of the Majority NCD Holders) or such cure period which has been specified for a specific Event of Default in the clause itself) shall constitute an event of default by the Company (**“Event of Default”**):

- (a) default is committed in payment of any interest or principal amount of the Secured NCDs on the due date(s);
- (b) default is committed in the performance or observance of any term, covenant, condition or provision contained in the Shelf Prospectus, the relevant Tranche Prospectus, the Transaction Documents and the Debenture Trust Deed and, except where the Debenture Trustee certifies that such default is in its opinion incapable of remedy (in which case no notice shall be required), such default continues for thirty days after written notice has been given thereof by the Debenture Trustee to the Company requiring the same to be remedied;
- (c) any information given by the Company to the Secured NCD holders or the Debenture Trustee in the Transaction Documents and the warranties given or deemed to have been given by it to the Secured NCD holders or the Debenture Trustee is misleading or incorrect in any material respect, which is capable of being cured and is not cured within a period of 30 days from such occurrence;

- (e) an application is filed by the Company, the financial creditor or the operational creditor (as defined under the Insolvency and Bankruptcy Code, 2016, as amended from time to time) before a National Company Law Tribunal under the Insolvency and Bankruptcy Code, 2016, as amended from time to time and the same has been admitted by the National Company Law Tribunal.
- (f) proceedings are initiated against the Company under the insolvency laws or a resolution professional has been appointed under the insolvency laws and in any such event, the same is not stayed or discharged within 45 days.

- (g) if in the opinion of the Debenture Trustee further security should be created to secure the Secured NCDs and to maintain the security cover specified and on advising the Company, fails to create such security in favour of the Debenture Trustee to its reasonable satisfaction;
- (h) if without the prior written approval of the Debenture Trustee, the security or any part thereof is sold, disposed off, charged, encumbered or alienated, pulled down or demolished, other than as provided in the Debenture Trust Deed;
- (i) an encumbrancer, receiver or liquidator takes possession of the assets charged as security or any part thereof, or has been appointed or allowed to be appointed of all or any part of the undertaking of the Company and such appointment is, in the opinion of the Debenture Trustee, prejudicial to the security hereby created;
- (j) if an attachment has been levied on the assets charged as security or any part thereof or certificate proceedings have been taken or commenced for recovery of any dues from the Company;
- (k) the Company without the consent of Secured NCD Holders / Debenture Trustee cease to carry on its business or gives notice of its intention to do so;
- (l) one or more events, conditions or circumstances whether related or not, (including any change in Applicable Law) has occurred or might occur which could collectively or otherwise be expected to affect the ability of the Company to discharge its obligations under this Issue;
- (m) the Company enters into amalgamation, reorganisation or reconstruction without the prior consent of the Debenture Trustee in writing; and
- (n) in the opinion of the Debenture Trustee, the Security created for the benefit of Secured NCD Holders is in jeopardy.

Any event of default shall be called by the Debenture Trustee, upon request in writing of or by way of resolution passed by holders of 75% (seventy five percent) of the outstanding nominal value of all Secured NCDs at any point of time, as set out in the Debenture Trust Deed.

Subject to the approval of the debenture holders and the conditions as may be specified by the SEBI from time to time, the Debenture Trustee, on behalf of the debenture holders, may enter into inter-creditor agreements provided under the framework specified by the Reserve Bank of India.

Lien

As per the RBI circular dated June 27, 2013, the Company is not permitted to extend loans against the security of its debentures issued by way of private placement or public issues. The Company shall have the right of set-off and lien, present as well as future on the moneys due and payable to the Secured NCD holders or deposits held in the account of the Secured NCD holders, whether in single name or joint name, to the extent of all outstanding dues by the Secured NCD holders to the Company, subject to applicable law.

Lien on pledge of Secured NCDs

The Company may, at its discretion note a lien on pledge of Secured NCDs if such pledge of Secured NCD is accepted by any third party bank/institution or any other person for any loan provided to the Secured NCD holder against pledge of such Secured NCDs as part of the funding, subject to applicable law.

Future Borrowings

We shall be entitled to make further issue of secured debentures and/or raise secured term loans or raise further funds from time to time from any persons, banks, financial institutions or bodies corporate or any other agency by creating charge over security as defined in the Shelf Prospectus as well as corresponding Debenture Trust Deed provided stipulated security cover is maintained on Secured NCDs and, consent of the Debenture Trustee regarding the creation of a charge over such security is obtained.

Electronic Application Forms will also be available on the website of the Stock Exchange. A hyperlink to the website of the Stock Exchange for this facility will be provided on the website of the Lead Manager and the SCSBs. Further, Application Forms will also be provided to Designated Intermediaries at their request.

Method of Application

An eligible investor desirous of applying in the Issue can make Applications only through the ASBA process only.

All Applicants shall mandatorily apply in this Issue through the ASBA process only. Applicants intending to subscribe in the Issue shall submit a duly filled Application form to any of the Designated Intermediaries. Designated Intermediaries (other than SCSBs) shall submit/deliver the Application Form (except the Application Form from a retail individual investor bidding using the UPI mechanism) to the respective SCSB, where such investor has a bank account and shall not submit it to any non-SCSB bank or any escrow bank.

Applicants should submit the Application Form only at the bidding centres, i.e. to the respective Members of the Consortium at the Specified Locations, the SCSBs at the Designated Branches, the Registered Broker at the Broker Centres, the CRTAs at the Designated CRTA Locations or CDPs at the Designated CDP Locations. Kindly note that Application Forms submitted by Applicants at the Specified Locations will not be accepted if the SCSB with which the ASBA Account, as specified in the Application Form is maintained has not named at least one branch at that location for the Designated Intermediaries for deposit of the Application Forms. A list of such branches is available at <http://www.sebi.gov.in>.

The relevant Designated Intermediaries, upon receipt of physical Application Forms from ASBA Applicants, shall upload the details of these Application Forms to the online platform of the Stock Exchange and submit these Application Forms (except a Bid cum Application Form from RIBs using the UPI Mechanism) with the SCSB with whom the relevant ASBA Accounts are maintained. Further, the Application may also be submitted through the app or web interface developed by Stock Exchanges wherein the Application is automatically uploaded onto the Stock Exchange bidding platform and the amount is blocked using the UPI mechanism, as applicable.

Designated Intermediaries (other than SCSBs) shall not accept any Application Form from a RIB who is not applying using the UPI Mechanism. For RIBs using UPI Mechanism, the Stock Exchange shall share the bid details (including UPI ID) with the Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to RIBs for blocking of funds.

An Applicant shall submit the Application Form, in physical form, the Application Form shall be stamped at the relevant Designated Branch of the SCSB. Application Forms in physical mode, which shall be stamped, can also be submitted to be the Designated Intermediaries at the Specified Locations. The SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form.

Our Company, the Directors, affiliates, associates and their respective directors and officers, Lead Manager and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to ASBA Applications accepted by the Designated Intermediaries, Applications uploaded by SCSBs, Applications accepted but not uploaded by SCSBs or Applications accepted and uploaded without blocking funds in the ASBA Accounts. It shall be presumed that for Applications uploaded by SCSBs, the Application Amount has been blocked in the relevant ASBA Account. Further, all grievances against Designated Intermediaries in relation to this Issue should be made by Applicants directly to the relevant Stock Exchange.

In terms of the SEBI Operational Circular, an eligible investor desirous of applying in this Issue can make Applications through the following modes:

1. **Through Self-Certified Syndicate Bank (SCSB) or intermediaries** (viz. Lead Brokers, Registered Stock Brokers, Registrar and Transfer agent and Depository Participants)
 - (a) An investor may submit the bid-cum-application form, with ASBA as the sole mechanism for making payment, physically at the branch of a SCSB, i.e. investor's bank. For such applications, the existing process of uploading of bid on the Stock Exchange bidding platform and blocking of funds in investors account by the SCSB would continue.
 - (b) An investor may submit the completed bid-cum-application form to intermediaries mentioned above along with details of his/her bank account for blocking of funds. The intermediary shall upload the bid on the Stock Exchange bidding platform and forward the application form to a branch of a SCSB for blocking of funds.
 - (c) An investor may submit the bid-cum-application form with a SCSB or the intermediaries mentioned above and use his / her bank account linked UPI ID for the purpose of blocking of funds, if the application value is upto the UPI Application Limit. The intermediary shall upload the bid on the Stock Exchange bidding platform. The application amount would be blocked through the UPI mechanism in this case.
2. **Through Stock Exchange**
 - (a) An investor may submit the bid-cum-application form through the App or web interface developed by Stock Exchange (or any other permitted methods) wherein the bid is automatically uploaded onto the Stock Exchange bidding platform and the amount is blocked using the UPI Mechanism.
 - (b) The Stock Exchange has extended its web-based platform i.e 'BSEDirect' to facilitate investors to apply in public issues of debt securities through the web based platform and Mobile App with a facility to block funds through Unified Payments Interface (UPI) mechanism for application value upto UPI Application Limit. To place bid through 'BSEDirect' platform/ Mobile App the eligible investor is required to register himself/ herself with BSE Direct.
 - (c) An investor may use the following links to access the web-based interface developed by the Stock Exchange to bid using the UPI Mechanism: BSE: <https://www.bsedirect.com>.
 - (d) The BSE Direct mobile application can be downloaded from play store in android phones. Kindly search for 'BSEdirect' on Google Playstore for downloading mobile applications.
 - (e) For further details on the registration process and the submission of bids through the App or web interface, the Stock Exchange have issued operational guidelines and circulars available at BSE: <https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=20201228-60>, and <https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=2020122-61>.

APPLICATIONS FOR ALLOTMENT OF NCDs***Submission of Applications***

This section is for the information of the Applicants proposing to subscribe to the Issue. The Lead Manager and our Company are not liable for any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of this Tranche V Prospectus. Applicants are advised to make their independent investigations and to ensure that the Application Form is correctly filled up.

Our Company, our directors, affiliates, associates and their respective directors and officers, Lead Manager and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to Applications accepted by and/or uploaded by and/or accepted but not uploaded by Lead Brokers, Trading Members, Registered Brokers, CDPs, CRTAs and SCSBs who are authorised to collect Application Forms from the Applicants in the Issue, or Applications accepted and uploaded without blocking funds in the ASBA Accounts by SCSBs. It shall be presumed that for Applications uploaded by SCSBs, the Application Amount payable on Application has been blocked in the relevant ASBA Account. The list of branches of the SCSBs at the Specified Locations named by the respective SCSBs to receive Application Forms from the Members of the Syndicate is available on the website of SEBI (<http://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>) and updated from time to time or any such other website as may be prescribed by SEBI from time to time. For more information on such branches collecting Application Forms from the Members of the Syndicate at Specified Locations, see the website of the SEBI <http://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes> as updated from time to time or any such other website as may be prescribed by SEBI from time to time. The list of Registered Brokers at the Broker Centres, CDPs at the Designated CDP Locations or the CRTAs at the Designated CRTA Locations, respective lists of which, including details such as address and telephone number, are available at the websites of the Stock Exchange at www.bseindia.com. The list of branches of the SCSBs at the Broker Centres, named by the respective SCSBs to receive deposits of the Application Forms from the Registered Brokers will be available on the website of the SEBI (www.sebi.gov.in) and updated from time to time.

Applications can be submitted through either of the following modes:

- (a) Physically or electronically to the Designated Branches of the SCSB(s) with whom an Applicant's ASBA Account is maintained. In case of Application in physical mode, the Applicant shall submit the Application Form at the relevant Designated Branch of the SCSB(s). The Designated Branch shall verify if sufficient funds equal to the Application Amount are available in the ASBA Account and shall also verify that the signature on the Application Form matches with the Applicant's bank records, as mentioned in the Application Form, prior to uploading such Application into the electronic system of the Stock Exchange. If sufficient funds are not available in the ASBA Account, the respective Designated Branch shall reject such Application and shall not upload such Application in the electronic system of the Stock Exchange. If sufficient funds are available in the ASBA Account, the Designated Branch shall block an amount equivalent to the Application Amount and upload details of the Application in the electronic system of the Stock Exchange. The Designated Branch of the SCSBs shall stamp the Application Form and issue an acknowledgement as proof of having accepted the Application.

In case of Application being made in the electronic mode, the Applicant shall submit the Application either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for application and blocking funds in the ASBA Account held with SCSB, and accordingly registering such Application.

- (b) Physically through the Designated Intermediaries at the respective Bidding Centres. Kindly note that above Applications submitted to any of the Designated Intermediaries will not be accepted if the SCSB where the ASBA Account is maintained, as specified in the Application Form, has not named at least one branch at that Bidding Center where the Application Form is submitted (a list of such branches is available at <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>).
- (c) A UPI Investor making an Application in the Issue under the UPI Mechanism, where the Application Amount is upto the UPI Application Limit, can submit his Application Form physically to a SCSB or a Designated Intermediary. The Designated Intermediary shall upload the application details along with the UPI ID on the Stock Exchange's bidding platform using appropriate protocols. Kindly note that in this case, the Application Amount will be blocked through the UPI Mechanism once the mandate request has been successfully accepted by the Applicant.

A UPI Investor may also submit the Application Form for the Issue through BSE Direct, wherein the Application will be automatically uploaded onto the Stock Exchange's bidding platform and an amount equivalent to the Application Amount shall be blocked using the UPI Mechanism once the mandate request has been successfully accepted by the Applicant.

Upon receipt of the Application Form by the Designated Intermediaries, an acknowledgement shall be issued by the relevant Designated Intermediary, giving the counter foil of the Application Form to the Applicant as proof of having accepted the Application. Thereafter, the details of the Application shall be uploaded in the electronic system of the Stock Exchanges and the Application Form shall be forwarded to the relevant branch of the SCSB, in the relevant Collection Center, named by such SCSB to accept such Applications from the Designated Intermediaries (a list of such branches is available at <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>). Upon receipt of the Application Form, the relevant branch of the SCSB shall perform verification procedures including verification of the Applicant's signature with his bank records and check if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the Application Form. If sufficient funds are not available in the ASBA Account, the relevant Application Form is liable to be rejected. If sufficient funds are available in the ASBA Account, the relevant branch of the SCSB shall block an amount equivalent to the Application Amount mentioned in the Application Form. The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of this Issue or until withdrawal/ rejection of the Application Form, as the case may be.

In case of an Application not involving an Application by an RIB through UPI Mechanism, if sufficient funds are not available in the ASBA Account, the relevant Application Form is liable to be rejected. If sufficient funds are available in the ASBA Account, the relevant branch of the SCSB shall block an amount equivalent to the Application Amount mentioned in the Application Form. The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of the Tranche V Issue or until withdrawal/ rejection of the Application Form, as the case may be.

In case of Application involving an Application by an RIB through UPI Mechanism, if an Applicant submits the Application Form with a Designated Intermediary and uses his/ her bank account linked UPI ID for the purpose of blocking of funds, where the application value is upto UPI Application Limit, the Application Amount will be blocked through the UPI Mechanism once the mandate request has been successfully accepted by the Applicant and the Designated Intermediary shall upload the Application on the bidding platform developed by the Stock Exchange. If an Applicant submits the Application Form through the application or web interface developed by Stock Exchange, the bid will automatically be uploaded onto the Stock Exchange bidding platform and the amount will be blocked using the UPI Mechanism once the mandate request has been successfully accepted by the Applicant.

Applicants must note that:

- (a) Physical Application Forms will be available with the Designated Branches of the SCSBs and with the Designated Intermediaries (other than Trading Members of the Stock Exchanges) at the respective Collection Centers; and electronic Application Forms will be available on the websites of the SCSBs and the Stock Exchanges at least one day prior to the Issue Opening Date. Physical Application Forms will also be provided to the Trading Members of the Stock Exchanges at their request. The Application Forms would be serially numbered. Further, the SCSBs will ensure that the electronic version of this Tranche V Prospectus is made available on their websites. The physical Application Form submitted to the Designated Intermediaries shall bear the stamp of the relevant Designated Intermediary. In the event the Application Form does not bear any stamp, the same shall be liable to be rejected.

- (b) The Designated Branches of the SCSBs shall accept Applications directly from Applicants only during the Tranche V Issue Period. The SCSB shall not accept any Application directly from Applicants after the closing time of acceptance of Applications on the Issue Closing Date. However, the relevant branches of the SCSBs at Specified Locations can accept Application Forms from the Designated Intermediaries, after the closing time of acceptance of Applications on the Issue Closing Date, if the Applications have been uploaded. For further information on the Issue programme, please refer to “*Issue Structure*” on page 126 of this Tranche V Prospectus.
- (c) Physical Application Forms directly submitted to SCSBs should bear the stamp of SCSBs, if not, the same are liable to be rejected.

Please note that Applicants can make an Application for Allotment of NCDs in the dematerialized form only.

Payment instructions

In case of an Application not involving an Application by an RIB through UPI Mechanism, an Applicant shall specify details of the ASBA Account Number in the Application Form and the relevant SCSB shall block an amount equivalent to the Application Amount in the ASBA Account specified in the Application Form.

An Applicant may submit the completed Application Form to designated intermediaries along with details of his/her bank account for blocking of funds. The intermediary shall upload the bid on the Designated Stock Exchange bidding platform and forward the application form to a branch of a SCSB for blocking of funds.

In case of Application involving an Application by an RIB through UPI Mechanism, an Applicant may submit the Application Form with a SCSB or the Designated mentioned above and use his / her bank account linked UPI ID for the purpose of blocking of funds, if the application value is upto the UPI Application Limit. The intermediary shall upload the bid on the Stock Exchange bidding platform. The application amount would be blocked through the UPI Mechanism once the mandate request has been successfully accepted by the Applicant in this case.

An Applicant may submit the Application Form through the App or web interface developed by Stock Exchanges wherein the bid is automatically uploaded onto the Stock Exchange bidding platform and the amount is blocked using the UPI Mechanism once the mandate request has been successfully accepted by the Applicant.

Upon receipt of intimation from the Registrar to this Issue, the SCSBs shall, on the Designated Date, transfer such blocked amount from the ASBA Account to the Public Issue Account in terms of the Public Issue Account Agreement. The balance amount remaining after the finalisation of the Basis of Allotment shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the respective SCSB within 6 (six) Working Days of the Issue Closing Date. The Application Amount shall remain blocked in the ASBA Account until transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application, as the case may be.

Additional information for Applicants

1. Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected.
2. No separate receipts will be issued for the money blocked on the submission of Application Form. However, the collection centre of the Designated Intermediaries, will acknowledge the receipt of the Application Forms by stamping and returning to the Applicant the acknowledgement slip. This acknowledgement slip will serve as the duplicate of the Application Form for the records of the Applicant.
3. Applications should be submitted through the Application Form only. In the event that physical Application Forms do not bear the stamp of the Designated Intermediary or the relevant Designated Branch, they are liable to be rejected.
4. Application Forms submitted by Applicants shall be for allotment of NCDs only in dematerialized form.

Additional Instructions for retail individual investors using the UPI mechanism:

1. Before submission of the application form with the Designated Intermediary, a Retail Individual Investor shall download the mobile app for UPI and create a UPI ID (xyz@bankname) of not more than 45 characters with its bank and link it to his/ her bank account where the funds equivalent to the application amount is available.
2. The Retail Individual Investor shall fill in the bid details in the application form along with his/ her bank account linked UPI ID and submit the application with any of the intermediaries or through the stock exchanges App/ Web interface.
3. The Designated Intermediary, upon receipt of form, shall upload the bid details along with the UPI ID on the Stock Exchange(s) bidding platform using appropriate protocols.

4. Once the bid has been entered in the bidding platform, the Stock Exchange(s) shall undertake validation of the PAN and Demat account combination details of investor with the depository.
5. The Depository shall validate the aforesaid PAN and Demat account details on a near real time basis and send response to Stock Exchange(s) which would be shared by the Stock Exchange(s) with the Designated Intermediaries through its platform, for corrections, if any.
6. Once the bid details are uploaded on the Stock Exchange(s) platform, the Stock Exchange(s) shall send an SMS to the investor regarding submission of his / her application, at the end of day, during the bidding period. For the last day of bidding, the SMS may be sent the next Working Day.
7. Post undertaking validation with the Depository, the Stock Exchange(s) shall, on a continuous basis, electronically share the bid details along with investors UPI ID, with the Sponsor Bank appointed by the Company.
8. The Sponsor Bank shall initiate a mandate request on the investor i.e. request the investor to authorize blocking of funds equivalent to application amount and subsequent debit of funds in case of allotment.
9. The request raised by the Sponsor Bank, would be electronically received by the investor as a SMS / intimation on his / her mobile no. / mobile app, associated with the UPI ID linked bank account.
10. The investor shall be able to view the amount to be blocked as per his / her bid in such intimation. The investor shall be able to view an attachment wherein the bid details submitted by such investor will be visible. After reviewing the details properly, the investor shall be required to proceed to authorize the mandate. Such mandate raised by the Sponsor Bank would be a one-time mandate for each application in the Issue.
11. The investor is required to accept the UPI mandate latest by 5 pm on the third working day from the day of bidding on the stock exchange platform except for the last day of the Tranche V Issue period or any other modified closure date of the Tranche V Issue period in which case, he / she is required to accept the UPI mandate latest by 5 pm the next Working Day.
12. The investor shall not be allowed to add or modify the bid(s) of the application except for modification of either DP ID/Client ID, or PAN ID but not both. However, the investor can withdraw the bid(s) and reapply.
13. For mismatch bids, on successful validation of PAN and DP ID/ Client ID combination during T+1 (T being the Issue Closing Date) modification session, such bids will be sent to Sponsor Bank for further processing by the Exchange on T+1 (T being the Issue Closing Date) day till 1 pm
14. The facility of Re-initiation/ Resending the UPI mandate shall be available only till 5 pm on the day of bidding.
15. Upon successful validation of block request by the investor, as above, the said information would be electronically received by the investors' bank, where the funds, equivalent to application amount, would get blocked in investors account. Intimation regarding confirmation of such block of funds in investors account would also be received by the investor.
16. The information containing status of block request (e.g. accepted / decline / pending) would also be shared with the Sponsor Bank, which in turn would be shared with the Stock Exchange(s). The block request status would also be displayed on the Stock Exchange(s) platform for information of the intermediary.
17. The information received from Sponsor Bank, would be shared by Stock Exchange(s) with the Registrar to the Issue in the form of a file for the purpose of reconciliation.
18. Post closure of the Issue, the Stock Exchange(s) shall share the bid details with the Registrar to the Issue. Further, the Stock Exchange(s) shall also provide the Registrar to the Issue, the final file received from the Sponsor Bank, containing status of blocked funds or otherwise, along with the bank account details with respect to applications made using UPI ID.

Applicants are advised not to submit Application Forms to Public Issue Account Banks and the same will be rejected in such cases and the Applicants will not be entitled to any compensation whatsoever.

INSTRUCTIONS FOR FILLING-UP THE APPLICATION FORM

General Instructions

A. General instructions for completing the Application Form

- Applications must be made in prescribed Application Form only;
- Application Forms must be completed in block letters in English, as per the instructions contained in the Draft Shelf Prospectus, the Shelf Prospectus, the Abridged Prospectus and the Application Form.
- If the Application is submitted in joint names, the Application Form should contain only the name of the first Applicant whose name should also appear as the first holder of the depository account held in joint names.
- Applications must be for a minimum of 10 (Ten) NCDs and in multiples of 1 NCD thereafter. For the purpose of fulfilling the requirement of minimum application size of 10 (Ten) NCDs, an Applicant may choose to apply for 10 (Ten) NCDs or more in a single Application Form.
- If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.
- Applications should be made by Karta in case of HUFs. Applicants are required to ensure that the PAN details of the HUF are mentioned and not those of the Karta.
- Thumb impressions and signatures other than in English/Hindi/Gujarati/Marathi or any other languages specified in the 8th Schedule of the Constitution needs to be attested by a Magistrate or Notary Public or a Special Executive Magistrate under his/her seal;
- The Designated Intermediaries or the Designated Branches of the SCSBs, as the case may be, will acknowledge the receipt of the Application Forms by stamping and returning to the Applicants the acknowledgement slip. This acknowledgement slip will serve as the duplicate of the Application Form for the records of the Applicant. Applicants must ensure that the requisite documents are attached to the Application Form prior to submission and receipt of acknowledgement from the relevant Designated Intermediaries or the Designated Branch of the SCSBs, as the case may be.
- Every Applicant should hold a valid PAN and mention the same in the Application Form.
- All Applicants are required to tick the relevant column of “Category of Investor” in the Application Form.
- Applicants should correctly mention the ASBA Account number and UPI ID in case applying through UPI mechanism, and ensure that funds equal to the Application Amount are available in the ASBA Account before submitting the Application Form and also ensure that the signature in the Application Form matches with the signature in Applicant’s bank records, otherwise the Application is liable to be rejected
- Applicants must provide details of valid and active DP ID, UPI ID, Client ID and PAN clearly and without error. On the basis of such Applicant’s active DP ID, UPI ID, Client ID and PAN provided in the Application Form, and as entered into the electronic Application system of Stock Exchanges by SCSBs, the Designated Intermediaries, the Registrar will obtain from the Depository the Demographic Details. Invalid accounts, suspended accounts or where such account is classified as invalid or suspended may not be considered for Allotment of the NCDs. If the ASBA Account holder is different from the Applicant, the Application Form should be signed by the ASBA Account holder, in accordance with the instructions provided in the Application Form. Not more than five Applications can be made from one single ASBA Account;
- For Applicants, the Applications in physical mode should be submitted to the SCSBs or a member of the Syndicate or to the Trading Members of the Stock Exchanges on the prescribed Application Form. SCSBs

may provide the electronic mode for making Application either through an internet enabled banking facility or such other secured, electronically enabled mechanism for Application and blocking funds in the ASBA Account;

- Application Forms should bear the stamp of the Member of the Syndicate, Trading Member of the Stock Exchanges, Designated Intermediaries and/or Designated Branch of the SCSB. Application Forms which do not bear the stamp will be rejected.

The series, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Designated Intermediaries in the data entries as such data entries will be considered for allotment.

Applicants should note that neither the Designated Intermediaries nor the SCSBs, as the case may be, will be liable for error in data entry due to incomplete or illegible Application Forms.

B. Applicant's Beneficiary Account Details

Applicants must mention their DP ID, UPI ID (in case applying through UPI mechanism) and Client ID in the Application Form and ensure that the name provided in the Application Form is exactly the same as the name in which the beneficiary account is held. In case the Application Form is submitted in the first Applicant's name, it should be ensured that the beneficiary account is held in the same joint names and in the same sequence in which they appear in the Application Form. In case the DP ID, UPI ID, Client ID and PAN mentioned in the Application Form and entered into the electronic system of the Stock Exchanges do not match with the DP ID, UPI ID, Client ID and PAN available in the Depository database or in case PAN is not available in the Depository database, the Application Form is liable to be rejected. Further, Application Forms submitted by Applicants whose beneficiary accounts are inactive, will be rejected. On the basis of the Demographic details as appearing on the records of the DP, the Registrar to the Issue will issue Allotment Advice to the Applicants. Hence, Applicants are advised to immediately update their Demographic Details as appearing on the records of the DP and ensure that they are true and correct, and carefully fill in their beneficiary account details in the Application Form. Failure to do so could result in delays in delivery of Allotment Advice at the Applicants' sole risk, and neither our Company, the Lead Manager, Trading Members of the Stock Exchanges, Members of the Syndicate, Designated Intermediaries, Bankers to the Issue, SCSBs, Registrar to the Issue nor the Stock Exchanges will bear any responsibility or liability for the same. In case of Applications made under power of attorney, our Company in its absolute discretion, reserves the right to permit the holder of power of attorney to request the Registrar that for the purpose of printing particulars on the Allotment Advice, the demographic details obtained from the Depository of the Applicant shall be used.

By signing the Application Form, the Applicant would have deemed to have authorized the Depositories to provide, upon request, to the Registrar to the Issue, the required Demographic Details as available on its records. The Demographic Details given by Applicant in the Application Form would not be used for any other purpose by the Registrar to the Issue except in relation to the Issue.

With effect from August 16, 2010, the beneficiary accounts of Applicants for whom PAN details have not been verified shall be suspended for credit and no credit of Secured NCDs pursuant to the Issue will be made into the accounts of such Applicants. **Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected. Furthermore, in case no corresponding record is available with the Depositories, which matches the three parameters, namely, DP ID, UPI ID, Client ID and PAN, then such Application are liable to be rejected.**

C. Unified Payments Interface (UPI)

Pursuant to the SEBI Operational Circular, the UPI Mechanism is an applicable payment mechanism for public debt issues (in addition to the mechanism of blocking funds maintained with SCSBs under ASBA) for applications by retail individual bidders through Designated Intermediaries. All SCSBs offering the facility of making applications in public issues shall also provide the facility to make applications using UPI. The Company will be required to appoint one SCSB as a Sponsor Bank to act as a conduit between the Stock Exchange and National Payments Corporation of India in order to facilitate the collection of requests and/or payment instructions of the investors.

D. Permanent Account Number (PAN)

The Applicant should mention his or her PAN allotted under the IT Act. For minor Applicants, applying through the guardian, it is mandatory to mention the PAN of the minor Applicant. However, Applications on behalf of the central or state government officials and the officials appointed by the courts in terms of a SEBI circular dated June 30, 2008 and Applicants residing in the state of Sikkim who in terms of a SEBI circular dated July 20, 2006 may be exempt from specifying their PAN for transacting in the securities market. In accordance with Circular No. MRD/DOP/Cir-05/2007 dated April 27, 2007 issued by SEBI, the PAN would be the sole identification number for the participants transacting in the securities market, irrespective of the amount of transaction. **Any Application Form, without the**

PAN is liable to be rejected, irrespective of the amount of transaction. It is to be specifically noted that the Applicants should not submit the general index register number i.e. GIR number instead of the PAN as the Application is liable to be rejected on this ground.

However, the exemption for the central or state government and the officials appointed by the courts and for investors residing in the State of Sikkim is subject to the Depository Participants' verifying the veracity of such claims by collecting sufficient documentary evidence in support of their claims. At the time of ascertaining the validity of these Applications, the Registrar to the Issue will check under the Depository records for the appropriate description under the PAN field i.e. either Sikkim category or exempt category.

E. Joint Applications

Applications made in joint names (not exceeding three). In the case of joint Applications, all payments will be made out in favour of the first Applicant. All communications will be addressed to first named in the Application whose name appears in the Application Form and at the address mentioned therein. If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.

F. Additional/ Multiple Applications

An Applicant is allowed to make one or more Applications for the NCDs, for the same or other Options of NCDs, as specified in this Tranche V Prospectus, subject to a minimum Application size as specified in this Tranche V Prospectus for each Application, subject to a minimum application size of ₹ 10,000 and in multiples of ₹ 1,000 thereafter as specified in this Tranche V Prospectus. **Any Application for an amount below the aforesaid minimum application size will be deemed as an invalid application and shall be rejected.** Any Application made by any person in his individual capacity and an Application made by such person in his capacity as a karta of a HUF and/or as Applicant (second or third Applicant), shall not be deemed to be a multiple Application. For the purposes of allotment of NCDs under the Issue, Applications shall be grouped based on the PAN, i.e. Applications under the same PAN shall be grouped together and treated as one Application. Two or more Applications will be deemed to be multiple Applications if the sole or first Applicant is one and the same. For the sake of clarity, two or more applications shall be deemed to be a multiple Application for the aforesaid purpose if the PAN number of the sole or the first Applicant is one and the same.

Process for investor application submitted with UPI as mode of payment

- a. Before submission of the application with the intermediary, the investor would be required to have / create a UPI ID, with a maximum length of 45 characters including the handle (Example: InvestorID@bankname).
- b. An investor shall fill in the bid details in the application form along with his/ her bank account linked UPI ID and submit the application with any of the intermediaries or through the stock exchange App/ Web interface, or any other methods as may be permitted.
- c. The intermediary, upon receipt of form, shall upload the bid details along with the UPI ID on the stock exchange bidding platform using appropriate protocols.
- d. Once the bid has been entered in the bidding platform, the Stock Exchange shall undertake validation of the PAN and Demat account combination details of investor with the depository.
- e. The Depository shall validate the aforesaid PAN and Demat account details on a near real time basis and send response to stock exchange which would be shared by stock exchange with intermediary through its platform, for corrections, if any.
- f. Once the bid details are uploaded on the Stock Exchange platform, the Stock Exchange shall send an SMS to the investor regarding submission of his / her application, at the end of day, during the bidding period. For the last day of bidding, the SMS may be sent the next working day.
- g. Post undertaking validation with the Depository, the Stock Exchange shall, on a continuous basis, electronically share the bid details along with investors UPI ID, with the Sponsor Bank appointed by the issuer.
- h. The Sponsor Bank shall initiate a mandate request on the investor
- i. The request raised by the Sponsor Bank, would be electronically received by the investor as a SMS / intimation on his / her mobile no. / mobile app, associated with the UPI ID linked bank account.

- j. The investor shall be able to view the amount to be blocked as per his / her bid in such intimation. The investor shall be able to view an attachment wherein the public issue bid details submitted by investor will be visible. After reviewing the details properly, the investor shall be required to proceed to authorize the mandate. Such mandate raised by sponsor bank would be a one-time mandate for each application in the public issue.
- k. An investor is required to accept the UPI mandate latest by 5 pm on the third working day from the day of bidding on the stock exchange platform except for the last day of the issue period or any other modified closure date of the issue period in which case, he / she is required to accept the UPI mandate latest by 5 pm the next working day.
- l. An investor shall not be allowed to add or modify the bid(s) of the application except for modification of either DP ID/Client ID, or PAN ID but not both. However, the investor can withdraw the bid(s) and reapply.
- m. For mismatch bids, on successful validation of PAN and DP ID/ Client ID combination during T+1 modification session, such bids will be sent to Sponsor Bank for further processing by the Exchange on T+1 day till 1 PM.
- n. The facility of re-initiation/ resending the UPI mandate shall be available only till 5 pm on the day of bidding.
- o. Upon successful validation of block request by the investor, as above, the said information would be electronically received by the investors' bank, where the funds, equivalent to application amount, would get blocked in investors account. Intimation regarding confirmation of such block of funds in investors account would also be received by the investor.
- p. The information containing status of block request (e.g. accepted / decline / pending) would also be shared with the Sponsor Bank, which in turn would be shared with the Stock Exchange. The block request status would also be displayed on the Stock Exchange platform for information of the intermediary.
- q. The information received from Sponsor Bank, would be shared by stock exchange with RTA in the form of a file for the purpose of reconciliation.
- r. Post closure of the offer, the Stock Exchange shall share the bid details with RTA. Further, the Stock Exchange shall also provide the RTA, the final file received from the Sponsor Bank, containing status of blocked funds or otherwise, along with the bank account details with respect to applications made using UPI ID.
- s. The allotment of NCDs shall be done as per SEBI Operational Circular.
- t. The RTA, based on information of bidding and blocking received from the Stock Exchange, shall undertake reconciliation of the bid data and block confirmation corresponding to the bids by all investor category applications (with and without the use of UPI) and prepare the basis of allotment.
- u. Upon approval of the basis of allotment, the RTA shall share the 'debit' file with Sponsor bank (through Stock Exchange) and SCSBs, as applicable, for credit of funds in the public issue account and unblocking of excess funds in the investor's account. The Sponsor Bank, based on the mandate approved by the investor at the time of blocking of funds, shall raise the debit / collect request from the investor's bank account, whereupon funds will be transferred from investor's account to the public issue account and remaining funds, if any, will be unblocked without any manual intervention by investor or their bank.
- v. Upon confirmation of receipt of funds in the public issue account, the securities would be credited to the investor's account. The investor will be notified for full/partial allotment. For partial allotment, the remaining funds would be unblocked. For no allotment, mandate would be revoked and application amount would be unblocked for the investor.
- w. Thereafter, Stock Exchange will issue the listing and trading approval.
- x. Further, in accordance with the Operational Instructions and Guidelines for Making Application for Public Issue of Debt Securities through BSE Direct issued by BSE on December 28, 2020 the investor shall also be responsible for the following:
 - i. Investor shall check the Issue details before placing desired bids;
 - ii. Investor shall check and understand the UPI mandate acceptance and block of funds process before placing the bid;
 - iii. The receipt of the SMS for mandate acceptance is dependant upon the system response/ integration of UPI on Debt Public Issue System;
 - iv. Investor shall accept the UPI Mandate Requests within the stipulated timeline;

- v. Investor shall note that the transaction will be treated as completed only after the acceptance of mandates by the investor by way of authorising the transaction by entering their UPI pin and successfully blocking funds through the ASBA process by the investor's bank;
 - vi. Investor shall check the status of their bid with respect to the mandate acceptance and blocking of funds for the completion of the transaction; and
 - vii. In case the investor does not accept the mandate within stipulated timelines, in such case their bid will not be considered for allocation.
- y. The Investors are advised to read the operational guidelines mentioned for Making Application for Public Issue of Debt Securities through BSE Direct issued by BSE on December 28, 2020 before investing through the through the app/ web interface of Stock Exchange(s).

TERMS OF PAYMENT

The Application Forms will be uploaded onto the electronic system of the Stock Exchanges and deposited with the relevant branch of the SCSB at the Specified City named by such SCSB to accept such Applications from the Designated Intermediaries, (a list of such branches is available at <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>). The relevant branch of the SCSB shall perform verification procedures and block an amount in the ASBA Account equal to the Application Amount specified in the Application.

The entire Application Amount for the NCDs is payable on Application only. The relevant SCSB shall block an amount equivalent to the entire Application Amount in the ASBA Account at the time of upload of the Application Form. In case of Allotment of lesser number of NCDs than the number applied, the Registrar to the Issue shall instruct the SCSBs to unblock the excess amount in the ASBA Account. For Applications submitted directly to the SCSBs, the relevant SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application, before entering the Application into the electronic system of the Stock Exchanges. SCSBs may provide the electronic mode of application either through an internet enabled application and banking facility or such other secured, electronically enabled mechanism for application and blocking of funds in the ASBA Account. **Applicants should ensure that they have funds equal to the Application Amount in the ASBA Account before submitting the Application to the Designated Intermediaries, or to the Designated Branches of the SCSBs. An Application where the corresponding ASBA Account does not have sufficient funds equal to the Application Amount at the time of blocking the ASBA Account is liable to be rejected.**

The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of the Issue or until withdrawal/ rejection of the Application Form, as the case may be. Once the Basis of Allotment is approved and upon receipt of intimation from the Registrar, the controlling branch of the SCSB shall, on the Designated Date, transfer such blocked amount from the ASBA Account to the Public Issue Account. The balance amount remaining after the finalisation of the Basis of Allotment shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the respective SCSB within 6 (six) Working Days of the Closing Date. The Application Amount shall remain blocked in the ASBA Account until transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application, as the case may be.

Our Company and the Registrar shall credit the allotted NCDs to the respective beneficiary accounts, within 5 (five) Working Days from the Issue Closing Date.

Further,

- (a) Allotment of NCDs in the Issue shall be made within a time period of 4 (four) Working Days from the Issue Closing Date;
- (b) Credit to dematerialised accounts will be given within one Working Day from the Date of Allotment;
- (c) Interest at a rate of 15% per annum will be paid if the Allotment has not been made and/or the refund has not been effected within 5 (five) Working Days from the Issue Closing Date, for the delay beyond 5 (five) Working Days; and
- (d) Our Company will provide adequate funds to the Registrar for this purpose.

Retention of oversubscription

The base issue size of this Tranche V Issue is ₹ 1,000 million. Our Company shall have the option to retain oversubscription up to ₹ 4,000 million.

Basis of Allotment

The Registrar to the Issue will aggregate the Applications based on the Applications received through an electronic book from the Stock Exchange and determine the valid Applications for the purpose of drawing the Basis of Allotment. Grouping of the Applications received will be then done in the following manner:

Grouping of Applications and allocation ratio

For the purposes of the basis of allotment:

- A. Applications received from Category I Applicants: Applications received from Applicants belonging to Category I shall be grouped together, (**“Institutional Portion”**);
- B. Applications received from Category II Applicants: Applications received from Applicants belonging to Category II, shall be grouped together, (**“Non-Institutional Portion”**).
- C. Applications received from Category III Applicants: Applications received from Applicants belonging to Category III shall be grouped together, (**“High Net Worth Individual Investors Portion”**).
- D. Applications received from Category IV Applicants: Applications received from Applicants belonging to Category IV shall be grouped together, (**“Retail Individual Investors Portion”**).

For removal of doubt, the terms **“Institutional Portion”**, **“Non-Institutional Portion”**, **“High Net Worth Individual Investors Portion”** and **“Retail Individual Investors Portion”** are individually referred to as **“Portion”** and collectively referred to as **“Portions”**.

For the purposes of determining the number of Secured NCDs available for allocation to each of the abovementioned Portions, our Company shall have the discretion of determining the number of Secured NCDs to be allotted over and above the Base Issue, in case our Company opts to retain any oversubscription in a Tranche Issue upto an amount specified under the relevant Tranche Prospectus. The aggregate value of NCDs decided to be allotted over and above the Base Issue, (in case our Company opts to retain any oversubscription in any Tranche Issue), and/or the aggregate value of NCDs upto the Base Issue Size shall be collectively termed in the relevant Tranche Prospectus.

Basis of Allotment of Secured NCDs

Allocation Ratio:

Institutional Portion	Non-Institutional Portion	High Net Worth Individual Investors Portion	Retail Individual Investors Portion
5%	5%	40%	50%

(a) Allotments in the first instance:

- (i) Applicants belonging to the Institutional Portion, in the first instance, will be allocated Secured NCDs up to 5% of overall Tranche V Issue Size on first come first serve basis which would be determined on the date of upload of their Applications in to the electronic platform of the Stock Exchange;
- (ii) Applicants belonging to the Non-Institutional Portion, in the first instance, will be allocated Secured NCDs upto 5% of overall Tranche V Issue Size on first come first serve basis which would be determined on the date of upload of their Applications in to the electronic platform of the Stock Exchange;
- (iii) Applicants belonging to the High Net Worth Individual Investors Portion, in the first instance, will be allocated Secured NCDs upto 40% of overall Tranche V Issue Size on first come first serve basis which would be determined on the date of upload of their Applications in to the electronic platform of the Stock Exchange;
- (iv) Applicants belonging to the Retail Individual Investors Portion, in the first instance, will be allocated Secured NCDs upto 50% of overall Tranche V Issue Size on first come first serve basis which would be determined on the date of upload of their Applications in to the electronic platform of the Stock Exchange.

Allotments, in consultation with the Designated Stock Exchange, shall be made on date priority basis i.e. a first-come first-serve basis, based on the date of upload of each Application in to the Electronic Book with Stock Exchange, in each Portion subject to the Allocation Ratio indicated at the section titled “*Issue Procedure – Basis of Allotment – Allotments in the first instance*” at page 167 of this Tranche V Prospectus.

As per the SEBI Operational Circular, the allotment in this Tranche V Issue is required to be made on the basis of date of upload of each application into the electronic book of the Stock Exchange. However, on the date of oversubscription and thereafter, the allotments should be made to the applicants on proportionate basis.

- (b) *Under Subscription:* If there is any under subscription in any Category, priority in Allotments will be given to the Retail Individual Investors Portion, High Net Worth Individual Investors Portion, and balance, if any, shall be first made to applicants of the Non Institutional Portion, followed by the Institutional Portion on a first come first serve basis, on proportionate basis.
- (c) For each Category, all Applications uploaded on the same day onto the electronic platform of the Stock Exchange would be treated at par with each other. Allotment would be on proportionate basis, where Secured NCDs uploaded into the platform of the Stock Exchange on a particular date exceeds Secured NCDs to be Allotted for each portion respectively from the date of oversubscription and thereafter.
- (d) Minimum Allotments of 10 Secured NCDs and in multiples of 1 Secured NCD thereafter would be made in case of each valid Application to all Applicants.
- (e) *Allotments in case of oversubscription:* In case of an oversubscription in any category, allotments to the maximum extent, as possible, will be made on a first-come first-serve basis and thereafter on proportionate basis, i.e. full allotment of the Secured NCDs to the Applicants on a first come first basis up to the date falling 1 (one) day prior to the date of oversubscription and proportionate allotment of Secured NCDs to the applicants on the date of oversubscription and thereafter (based on the date of upload of each Application on the electronic platform of the Stock Exchange, in each Portion).
- (f) *Proportionate Allotments:* For each Portion, on the date of oversubscription and thereafter:
 - (1) Allotments to the Applicants shall be made in proportion to their respective Application size, rounded off to the nearest integer.
 - (2) If the process of rounding off to the nearest integer results in the actual allocation of Secured NCDs being higher than the Tranche V Issue size, not all Applicants will be allotted the number of Secured NCDs arrived at after such rounding off. Rather, each Applicant whose Allotment size, prior to rounding off, had the highest decimal point would be given preference.
 - (3) In the event, there are more than one Applicant whose entitlement remain equal after the manner of distribution referred to above, our Company will ensure that the basis of allotment is finalised by draw of lots in a fair and equitable manner.
- (g) *Applicant applying for more than one Options of Secured NCDs:* If an Applicant has applied for more than one Option of Secured NCDs and in case such Applicant is entitled to allocation of only a part of the aggregate number of Secured NCDs applied for, the Option-wise allocation of Secured NCDs to such Applicants shall be in proportion to the number of Secured NCDs with respect to each Options, applied for by such Applicant, subject to rounding off to the nearest integer, as appropriate in consultation with the Lead Manager and the Designated Stock Exchange. Further, in the aforesaid scenario, wherein the Applicant has applied for all the seven Options and in case such Applicant cannot be allotted all the seven Options, then the Applicant would be allotted Secured NCDs, at the discretion of the Company, the Registrar and the Lead Manager wherein the Secured NCDs with the least tenor i.e. Allotment of Secured NCDs with tenor of 36 months followed by Allotment of Secured NCDs with tenor of 60 months.
- (h) *Unblocking of Funds for withdrawn, rejected or unsuccessful or partially successful Applications:* The Registrar shall, pursuant to preparation of Basis of Allotment, instruct the relevant SCSB to unblock the funds in the relevant ASBA Account for withdrawn, rejected or unsuccessful or partially successful Applications within 6 (six) Working Days of the Tranche V Issue Closing Date.

All decisions pertaining to the basis of allotment of Secured NCDs pursuant to the Tranche V Issue shall be taken by our Company in consultation with the Lead Manager and the Designated Stock Exchange and in compliance with the aforementioned provisions of this Tranche V Prospectus. Any other queries / issues in connection with the Applications will be appropriately dealt with and decided upon by our Company in consultation with the Lead Manager.

Our Company would allot Option III NCDs to all valid applications, wherein the applicants have selected only Secured NCDs, but have not indicated their choice of the relevant Options of the Secured NCDs.

Applications where the Application Amount received is greater than the minimum Application Amount, and the Application Amount paid does not tally with the number of NCDs applied for may be considered for Allotment, to the extent of the Application Amount paid rounded down to the nearest ₹ 1,000.

Investor Withdrawals and Pre-closure

A. Lending Policy

Gold Loan Business

Our core business is disbursement of Gold Loans, which are typically small ticket loans collateralized by gold jewelry.

Loan disbursement process:

The principal form of collateral accepted by us is gold jewelry. The amount that we finance against the security of gold jewelry is typically based on the value of the jewelry. We value the gold jewelry brought by our Gold Loan customers based on our centralized policies and guidelines, including policy on fixing interest rates. In terms of the extant RBI guidelines, we currently lend up to 75.00% of the previous 30 days average closing gold price of 22 carat gold of the gold content in the jewelry. We appraise the jewelry collateral solely based on the weight of its gold content, excluding weight and value of the stone studded in the jewelry. Our Gold Loans are therefore well collateralized because the actual value of the collateral in all cases will be higher than the underlying loan value at the time of loan disbursement.

The amount we lend against an item and the total value of the collateral we hold fluctuates according to the gold prices. However, an increase in gold price will not result automatically in an increase in our Gold Loan portfolio unless the per gram rate are revised by our corporate office. Similarly, since adequate margins are kept at the time of disbursement of loan, a decrease in the price of gold has little impact on our interest income from our existing loan portfolio. However, a sustained decrease in the market price of gold can cause a decrease in the size of our loan portfolio and our interest income.

We rely on the disposition of collateral to recover the principal amount of an overdue Gold Loan and the interest due thereon. We also have recourse against the customers for the Gold Loans taken by them. Since the disbursement of loans is primarily based on the value of collateral, the customer's creditworthiness is not a factor in the loan decision. However, we comply with KYC norms adopted by the Board and require proof of identification and address proof which are carefully documented and recorded. We also photograph customers with web-cameras installed in our branches.

All our Gold Loans have a maximum 12 month term. However, customers may redeem the loan at any time, and our Gold Loans are generally redeemed between 90 and 180 days. Interest is required to be paid only when the principal is repaid. However, the borrower has the flexibility to pay the interest or principal partly at any time. In the event that a loan is not repaid on time and after providing due notice to the customer, the unredeemed collateral is disposed of in satisfaction of the principal and all interest charges. In general, collateral is disposed of only when the recoverable amount is equal to or more than the realizable value of the collateral.

Loan appraisal process:

Our Gold Loan approval process is generally linked with the appraisal of gold jewelry that serves as collateral, which takes only a few minutes. Each of our branches is staffed with persons who have been trained and have experience in appraising the gold content of jewelry. The appraisal process begins with weighing the jewelry using calibrated weighing machines. Jewelry is then subject to prescribed primary tests for the quality of gold, including stone tests and acid tests, followed by additional tests, if required, such as salt tests, sound tests, weight tests, pointed scratching tests, flexibility tests, color tests, smell tests, usability tests, magnifying glass tests and finishing tests. Once the jewelry passes these tests, loans are disbursed based on the rates per gram of gold as approved by the corporate office. Although disbursement time may vary depending on the loan ticket size and the number of items pledged, we usually are able to disburse an average loan ticket size of ₹ 20,000.0 in five minutes to repeat customers from the time the gold is tendered to the appraiser, except in case of first time customer where it may take up to half an hour for carrying out one-time-compliance with the KYC norms. While our customers are provided the option to accept loan disbursements in cash or by cheque or electronic mode, almost all of our customers prefer disbursements in cash.

At the time of disbursement, an undertaking is signed by the customer. It states the name and address of our Company's relevant branch office and the customer, a detailed description of the gold jewelry provided as collateral, the amount of the loan, the interest rate, the date of the loan, and other terms and conditions.

Where the responsibility for compliance with applicable law relating to loan appraisal and disbursement lies with us, we are in compliance with the IT Act and other related provisions.

Training:

Our ability to timely appraise the quality of the gold jewelry collateral is critical to the business, and requires us to employ persons possessing specialized skill sets in our various branches. We provide extensive training to our branch employees through training programs that are tailored to appraising the gold content in gold jewelry. A new employee is introduced to the business through an orientation program and through training programs covering job-appropriate topics. The experienced branch employee receives additional training and an introduction to the fundamentals of management to acquire the skills necessary to move into management positions within the organization. Manager training involves a program that includes additional management principles and more extensive training in topics such as income maximization, business development, staff motivation, customer relations and cost efficiency. We have regional training centers at each of our regional offices to provide training to new recruits as well as refresher training to existing employees.

Post-disbursement process:

Custody of gold collateral

The pledged gold jewelry is separately packed by the staff of the branch, and then placed in a polythene pouch with the relevant documents on the loan and the customer and stored in the safe or strong room of the branch.

The safes and strong rooms in which the gold jewelry is kept are built as per industry standards and practices. The strong rooms are vaults with reinforced concrete cement structures. Currently, almost all of our branches are using strong rooms.

Inventory control

The pledged gold jewelry packed in pouches is identified by loan details marked on the cover. Tamper proof stickers are affixed on the jewelry packets to ensure inventory control. Additional stickers are used to seal packets by persons examining packages subsequently, including our internal auditors

Branch security and safety measures

Ensuring the safety and security of the branch premises is vital to our business since our cash reserves and gold inventory are stored in each branch. Our branch security measures mainly comprise the following:

Burglar alarms

Burglar alarms are installed in all branches.

Security guards

Security guards are deployed in branches where management perceive there to be heightened security risks.

Surveillance camera

We have installed surveillance cameras in all our branches across India.

Release of the pledge:

We monitor our gold loan accounts and recovery of dues on an ongoing basis. Once a loan is fully repaid, the pledged gold jewelry is returned to the customer. When a customer does not repay a loan on or before its maturity, we initiate the recovery process and dispose of the collateral to satisfy the amount owed to us, including both the principal and the accrued interests. Before starting the recovery process, we inform the customer through registered letters or legal notices.

When a loan is repaid, we give the customer an option to pledge the security again and obtain another loan. The procedure of re-pledging entails the same procedure as that of a pledge and is accompanied by the same mode of documentation that a pledge entails. If the loan is not repaid when the loan falls due, we are able to sell the gold collateral through public auction in satisfaction of the amount due to us.

We also reserve the right to sell the collateral even before a loan becomes past due in the event the market value of the applicable portion of the underlying collateral is less than amounts outstanding on the loan, after serving notice to the customer.

Unsecured Loans

We have started providing unsecured personal loans to salaried individuals and unsecured loans to traders and self employed. Personal loans are extended mainly to salaried employees of Public Sector units, other reputed institutions and self-employed individuals. The loans will be granted for meeting any personal purposes including consumption needs. Business Loans to traders and self employed include loans to Wholesale and retail traders, Self-employed professionals like allopathic doctors, chartered accountants, company secretaries and architects etc. Such loans are extended for any genuine business purpose like working capital requirements, acquisition /repair/ renovation of fixed assets/ equipments / machinery etc.

Collections/Recovery

Our credit department assigns interest collection targets for each branch, reviews performance against targets, makes visits to the branches, and advises on timely corrective measures and repossession action. We also have procedures in place to penalize branches for loans overdue beyond three months. We maintain strict control over recovery procedures followed in our various branches by linking employee compensation to the performance of the branch (loans disbursed, NPA/Stage 3 asset levels, etc.) in which the employee is working. Once repossession is advised by our credit department, we conduct public auctions of the jewelry collateral after serving requisite legal notices.

Risk Management

Risk management forms an integral element of our business strategy. As a lending institution, we are exposed to various risks that are related to our gold lending business and operating environment. Our objective in risk management processes is to appreciate measure and monitor the various risks we are subject to and to follow the policies and procedures to address these risks. The Company's Risk Management Committee of the Board of Directors constituted in accordance with the Reserve Bank of India regulations has overall responsibility for overseeing the implementation of the Risk Management Policy. The committee meets at least twice in a year to review the Risk Management practices. Risk Management department periodically places its report to the committee for review. The committee's suggestions for improving the Risk Management Practices are implemented by the Risk Management department. Risk Management department shall be responsible for the following:

- a) Identifying the various risks associated with the activities of the Company and assessing their impact on the business.
- b) Measuring the risks and suggesting measures to effectively mitigate the risks.

However, the primary responsibility for managing the various risks on a day to day basis will be with the heads of the respective business units of the Company. The major types of risk we face are collateral risk, operational risk, liquidity risk, market risk (which includes interest rate risk), Foreign currency risk , Prepayment risk and Business cycle risk.

Collateral risk

Collateral risk arises from the decline in the value of the gold collateral due to fluctuation in gold prices. This risk is in part mitigated by a minimum 25% margin retained on the value of jewelry for the purpose of calculation of the loan amount. Further, we appraise the jewelry collateral solely based on the weight of its gold content, excluding weight and value of the stone studded in the jewelry. In addition, the sentimental value of the gold jewelry to the customers

may induce repayment and redemption of the collateral even if the value of the collateral falls below the value of the repayment amount. An occasional decrease in gold prices will not increase collateral risk significantly on account of our adequate collateral security margins. However, a sustained decrease in the market price of gold can additionally cause a decrease in the size of our loan portfolio and our interest income.

Credit risk

Credit risk is the possibility of loss due to the failure of any counterparty to abide by the terms and conditions of any financial contract with us. We aim to reduce credit risk through a rigorous loan approval and collateral appraisal process, as well as a strong NPA/Stage 3 assets monitoring and collection strategy. This risk is diminished because the gold jewelry used as collateral for our loans can be readily liquidated, and in light of the fact that we do not lend more than 75% of the value of the collateral retained, the risk of recovering less than the amounts due to us is quite remote.

Operational risk

Operational risk is broadly defined as the risk of direct or indirect loss due to the failure of systems, people or processes, or due to external events. We have instituted a series of checks and balances, including an operating manual, and both internal and external audit reviews. Although we disburse loans in very short periods of time, we have clearly defined appraisal methods as well as KYC compliance procedures in place to mitigate operational risks. Any loss on account of failure by employees to comply with defined appraisal mechanism is recovered out of their variable incentive. We also have detailed guidelines on physical movement and security measures in connection with cash or gold. We have also introduced centralized software which automates inter-branch transactions, enabling branches to be monitored centrally and thus reducing the risk of un-reconciled entries. In addition, we have installed surveillance cameras across our various branches, and subscribe to insurance covers for employee theft or fraud and burglary. Our internal audit department and our centralized monitoring systems assist in the management of operational risk.

Market risk

Market risk refers to potential losses arising from the movement in market values of interest rates in our business. The objective of market risk management is to avoid excessive exposure of our earnings and equity to loss and to reduce our exposure to the volatility inherent in financial instruments. The majority of our borrowings, and all the loans and advances we make, are at fixed rates of interest. Our interest rate risk is therefore minimal at present.

Liquidity risk

Liquidity risk is the risk of being unable to raise necessary funds from the market at optimal costs to meet operational and debt servicing requirements. The purpose of liquidity management is to ensure sufficient cash flow to meet all financial commitments and to capitalize on opportunities for business expansion. An Asset and Liabilities Committee (“ALCO”) meeting is held regularly to review the liquidity position based on future cash flow. In addition, we also track the potential impact of prepayment of loans at a realistic estimate of our near to medium-term liquidity position. We have developed and implemented comprehensive policies and procedures to identify, monitor and manage liquidity risks. The nature of our business is such that our source of funds (proceeds from the issue of debentures and term loans) has longer maturities than the loans and advances we make, resulting in low liquidity risk in our operations.

Foreign currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk for the Company arises majorly on account of foreign currency borrowings. The Company's foreign currency exposures are managed in accordance with its Foreign Exchange Risk Management Policy which has been approved by its Board of Directors. The Company has hedged its foreign currency risk on its foreign currency borrowings as on March 31, 2021 by entering into cross currency swaps and forward contracts. The counterparties for such hedge transactions are banks.

Prepayment risk

Prepayment risk is the risk that the Company will incur a financial loss because its customers and counterparties repay or request repayment earlier or later than expected, such as fixed rate loans when interest rates fall.

Business cycle risk

Business cycle risk is the risk associated with the seasonal or cyclical nature of a business. As our customers include both individuals and business and our loan products are used by customers in various industries, trade cycles have limited impact on our business. Furthermore, the geographic spread of our branches will allow us to mitigate the cyclical pressures in the economic development of different regions.

Asset and Liability Management

ALCO monitors and manages our day to day asset and liability mix. ALM committee of Board of Directors, will have overall responsibility of monitoring, supervision and control of the Asset and Liability Management mechanism. Most of our liabilities are short-to-medium-term and assets are short-term. We may in the future decide to pursue loan products with longer term maturities. We have a structural liquidity management system which measures our liquidity positions on an ongoing basis and also scrutinizes the reasons behind liquidity requirements evolving under different assumptions. For measuring net funding requirements, we prepare regular maturity gap analyses and use a maturity ladder to calculate the cumulative surplus or deficit of funds at selected maturity dates. Based on this analysis we re-price its assets and liabilities.

Technology

We use information technology as a strategic tool for our business operations to improve our overall productivity and efficiency. We believe that through our information systems which are currently in place, we are able to manage our nationwide operations efficiently, market effectively to our target customers, and effectively monitor and control risks. We believe that this system has improved customer service by reducing transaction time and has allowed us to manage loan-collection efforts better and to comply with regulatory record-keeping and reporting requirements.

All our branches are computerised. We have used the power of information technology in our operations to improve our customer services, efficiency and management information systems. In March, 2013, we developed a powerful, user-friendly core banking solution (“CBS”) and implemented the solution in all our branches across India. This solution has been designed and developed to meet our business requirements. The CBS takes care of centralized transaction processing, back-office and management information system across our branches and offices. The main objective of the CBS is to provide ubiquitous services to customers and enhance convenience, along with providing better control and cost-effectiveness to the Company. CBS has been rolled out with transaction processing and back-office functionalities so as to allow branches to provide fast and convenient services to customers.

Security Threats and Measures

The security threats we face can be broadly classified as external and internal threats. The principal security risks to our operations are robbery (external threat) and employee theft or fraud (internal threat). We have extensive security and surveillance systems and dedicated security personnel to counter external security threats. To mitigate internal threats, we undertake careful pre-employment screening, including obtaining references before appointment. We also have installed management information systems to minimize the scope for employee theft or fraud. We also have installed offsite surveillance cameras across our branches, which is connected to a centrally located database and allow the regional office / corporate office to remotely monitor the branches.

To protect against robbery, all branch employees work behind wooden, glass and steel counters, and the back office, strong-room and computer areas are locked and closed to customers. Each branch’s security measures include strong rooms with concrete walls, strong room door made of iron bars, burglary alarm systems, controlled entry to teller areas, and the tracking of employee movement in and out of secured areas. While we provide around the clock armed security guards for risk prone branches, the majority of our branches do not require security guards as the gold jewelry are stored securely in strong rooms.

Since we handle high volumes of cash and gold jewelry at our locations, daily monitoring, spot audits and immediate responses to irregularities are critical to our operations. We have an internal auditing program that includes unannounced branch audits and cash counts at randomly selected branches.

B. Classification of Loans given to associate or entities related to Board, senior management, Promoters, etc.

Company has not provided any loans/advances to associates, entities/persons relating to Board, senior management or Promoters. The Company has provided loans to its subsidiaries as under:

Litigations against the Company

Civil cases

1. Selvin Jayakumar, the owner of the branch located at Munnar, Kerala had filed a Rent Control Original Petition ("RCOP") seeking eviction of the Company from his premises and recovery damages. Company thereafter vacated the premises. Subsequently, the Company filed a suit for recovery of the rent advance from the landlord. Mr. Selvin Jayakumar set ex-party in this suit. Therefore, the matter was adjourned to March 30, 2021 for orders, where the court has passed an order to transfer the matter to the commercial court at Thodupuzha. On June 25, 2022 the matter (CS No. 384 of 2021) has been transferred to Munsiff's Court, Devikulam as the territorial jurisdiction is at Devikulam. The matter is currently pending.
2. Kamaljeet Singh Kumar, the plaintiff has filed a suit (No. 100 of 2008) dated April 23, 2009, before the Additional District Judge, Delhi against the Company, seeking arrears of rent, mesne profits and costs for alleged damage caused to the property by the Company amounting to ₹ 911,773. The plaintiff is the owner of the property that was leased to the Company. The plaintiff claims that the lease was terminated as the Company stopped making rent payments, but the Company is still in possession of the property and substantial damage has been caused to the property by the Company. The Company in its reply, has contended that it terminated the tenancy vide a communication to the plaintiff dated May 01, 2007 and called upon the plaintiff to take possession of the property. It has stated that the property has been lying vacant and locked since May 31, 2007 as the plaintiff is refusing to take possession of the same. It has also been stated that the rent amount till May 31, 2007 has been paid in full and further denied that any damage has been caused by the Company to the property. The Suit No. 100 of 2008 was

decreed against the Company. The Company has therefore filed an appeal before High Court being RFA 838/2018 and RFA 839/2018. The Regular First Appeal (“RFA”) is posted to July 14, 2023 for arguments. The matter is currently pending.

3. S. Devendran, the applicant, has filed an application (I.D. 34 of 2013) against the Company before the Labour Court at Kollam on April 4, 2013. The applicant had been working as a branch manager at the Nellimoodu branch of the Company. He was dismissed from service for allegedly receiving counterfeit notes in respect of a certain loan repayment, without conducting an enquiry and framing specific charges. The applicant has filed this application for a declaration to the effect that his dismissal from service was irregular and illegal and prayed for being reinstated in service with back wages, continuity in service and all other benefits. Case No. I.D 34 of 2013 was dismissed by the Labour Court. A writ petition bearing number W.P (38245/2018) has been filed by the employee before the High Court of Kerala in this regard. The case was last posted on November 26, 2018 and the matter is not moved further by the Petitioner.
4. The Director, Financial Intelligence Unit, Department of Revenue, Government of India has issued an order bearing No. 1/DIR/FIU-IND/2013 dated February 14, 2013, imposing a fine of ₹ 26,970,000 under section 13 of the Prevention of Money Laundering Act, 2002 for failing to furnish cash transaction reports for 2,697 cash transactions between the period of April 01, 2006 and November 30, 2010. The Company responded to the Director, Financial Intelligence Unit stating that they had no intentions to defy the law and deliberately act in its breach. The Company also raised certain legal grounds of challenge which were not upheld by the director of the Financial Intelligence Unit while passing the final order. Pursuant to this, the Company appealed against the said order before the Hon’ble Appellate Tribunal under the Prevention of Money Laundering Act, 2002 at New Delhi in FPA-PMLA-457/DLI/2013 and MP-PMLA-1007/DLI/2014. The Tribunal by way of an order dated July 09, 2015, directed the Company to pay an amount of ₹ 24,470,000 within 4 weeks. The Company has however obtained a stay from the Delhi High Court through an order dated August 07, 2015 after agreeing to deposit ₹ 5,000,000. The case (CrLA 865/2015) is posted to April 5, 2023 for hearing. The matter is currently pending.
5. Company has filed OS 90/2011 against Kancharla Venkata Murali Krishna for recovery of money along with an IA to attach the property. Suit is decreed in favour of the Company and filed E P 98/2015 to execute the decree. Meanwhile a third party named K.V.D. Umamaheswara Rao filed an E A 176/2018 in above mentioned E P against the Company and Kancharla Venkata Murali Krishna, before the court of the Hon’ble II Additional District Judge at Guntur in O.S. No. 90 of 2011, to set aside the attachment orders passed by the District Judge, Guntur on April 19, 2013 against certain scheduled property. The Company has filed a counter claim in the matter. The EP 98/2015 has been dismissed by the Court. Subsequently, a restoration petition had been filed and the petition has been restored bearing reference number ES 474 of 2022. The matter is currently pending.
6. The Labour Commissioner, Thiruvananthapuram alleged through a communication dated July 16, 2019 that our Company has violated provisions of the Kerala Industrial Establishment (National and Festival Holidays) Act, 1958 (the “Act”). Subsequently, the Company received show cause notices from various labour offices of several districts alleging the same (“Notices”). Pursuant to the Notices, criminal prosecutions were initiated before the Magistrates in different jurisdictions and summons were issued to office bearers and directors of the Company. The Company has filed a writ petition before the Kerala High Court on December 20, 2021 praying to quash the proceedings initiated for the alleged violation of provisions of the Act. High Court granted interim stay by their order dated June 29, 2022 and December 20, 2022 and the matter is currently pending.
7. The State of Kerala issued a proposal under the Minimum Wage Act, 1948 (the “Act”) to enhance the minimum wages of employees working in NBFCs and money lending institutions other than banks. The Kerala Non-Banking Finance Companies Welfare Association (“KNBFC”), along with our Company challenged the proposal on the ground that it was introduced without following due statutory requirements at the Kerala High Court (“Petition”). Judgment in the case was pronounced on November 14, 2019 (“Judgment”) and the Order was challenged in the Supreme Court by way of three Special Leave Petitions which are pending consideration. The Government of Kerala vide notification dated January 16, 2020 (“Notification”) revised the minimum wages, as applicable to NBFCs across the state in violation of the earlier Judgment of the High Court. An interim stay was granted by the Kerala High Court on the implementation of the notification by an order dated February 20, 2021. Despite this, the labour department consisting of various district labour officers and subordinate labour offices started issuing notices to various branches of the Company alleging non-compliance of the requirements of Minimum Wages Act as per the notification. Following the notices, action was initiated by the labour department against the Company before various local Magistrates and the Minimum Wage Authority. A writ petition was filed in the Kerala High Court to quash the proceedings for the alleged violation of Minimum Wage Act, 1948 (WP (C) 29891/2021). High Court granted interim stay by the order dated June 29, 2022 and December 20, 2022 and the matter is currently pending.

Criminal cases

Service tax cases

1. The Commissioner of Central Excise and Customs, Kochi has issued SCN bearing reference no. 199/2012/ST dated October 22, 2012 directing the Company to show cause why: (i) an amount of INR 1672.3 million as service tax (including education cess) had not been paid by the Company for the period from 2007-2008 to 2011-2012 in accordance with the provisions of the Finance Act, 1994 on account of providing taxable services (business auxiliary services) under the Finance Act, 1994 and (ii) penalties under sections 75, 76, 77, and 78 of the Finance Act, 1994 should not be levied against the Company. The Company has filed its reply to the SCN on February 19, 2013 stating that (i) services as collection agent are not taxable as the same cannot be viewed as a separate and independent service being rendered by the Company, the entire exercise is revenue neutral and the demand for service tax is time barred; and (ii) the Company is not liable for payment of penalties as it has not defaulted under the provisions of the Finance Act, 1994. The Commissioner of Central Excise, Customs and Service Tax, Cochin has issued an order on December 30, 2014 disposing SCN no. 199/2012 with a demand of ₹ 1,531,458,734 as service tax, education cess and secondary and higher education cess ("SHEC") payable on securitisation transactions with banks for the period from 2007 to 2012, along with interest under section 75 of the Finance Act, 1994, penalty at the rate of ₹ 200 per day or 20% of tax for every month whichever is higher under section 76, ₹ 10,000 under section 77 and ₹ 153,14,58,734 under section 78 of the Finance Act, 1994. Total liability including tax, interest and penalty under various sections if confirmed is estimated as ₹ 4,895,883,216. On writ petition, the High Court of Kerala by order WP(C) No. 6173 of 2015 dated March 02, 2015 directed the Company to file appeal before the Appellate Tribunal, without pre-deposit of tax. Appeal filed with CESTAT, Bangalore on March 31, 2015. The Government also has filed writ appeal before the High Court against the order of the Single Judge, on writ appeal by Government, the High Court has held that the Appellate Tribunal can take up the appeals filed by the Company. The matter is pending before the Tribunal. The Tribunal in their interim order no. 22 to 36/2016, dated February 17, 2016 stated that pre-deposit as per section 35F of the Central Excise Act, 1944 is to be deposited by the Company within 4 weeks from the date of the order. Notices received by the Company from Sub-Registrar

1. The Company received a show cause notice bearing number P.148/2016 dated December 07, 2016 (“SCN”) from the Sub-Registrar (in the cadre of district registrar), Virugambakkam seeking a response on why a deficit stamp duty amount of ₹ 200,000,000 along with a penalty of ₹ 1,000 should not be collected from the Company in relation to the stamp duty paid for the debenture trust deed dated May 11, 2016, executed between the Company and IDBI Trusteeship Services Limited. The Company has responded to this SCN by way of a letter dated January 16, 2017 stating that the document could not be construed to be a power with consideration but merely a debenture trust deed. The Company argued that the debenture trust deed would therefore attract article 40(b) of the Indian Stamps Act and not article 48(e). The Company requested that the SCN be withdrawn and the debenture trust deed be returned post registration. By way of an order dated October 20, 2017, the Sub – Registrar, Virugambakkam directed the Company to pay the deficit stamp duty of ₹ 200,000,000 along with a penalty of ₹ 1,000. The Company has filed a revision application before the Chief Controlling Revenue Authority – cum – Inspector General of Registration seeking an interim stay of all further proceedings and set aside the order passed by the respondent. The matter is currently pending.
2. The Company received a show cause notice bearing number P. 19/2016 dated July 06, 2016 (“SCN”) from the Sub-Registrar (in the cadre of district registrar), Virugambakkam seeking a response on why a deficit stamp duty amount of ₹ 200,000,000 along with a penalty of ₹ 1,000 should not be collected from the Company in relation to the stamp duty paid for the debenture trust deed dated January 20, 2016, executed between the Company and IDBI Trusteeship Services Limited. The Company responded to the show cause by way of a letter dated August 10, 2016, stating that the presumption of the sub-registrar that, the power of attorney under the debenture trust deed extended beyond a power of attorney to execute, sign and do any deeds to a power of attorney to sell with consideration was unfounded. The Company therefore sought that the SCN be withdrawn and the debenture trust deed be returned post registration. By way of an order dated October 20, 2017 the sub-registrar, Virugambakkam directed the Company to pay the deficit stamp duty of ₹ 200,000,000 along with a penalty of ₹ 1,000. The Company has filed a revision application before the Chief Controlling Revenue Authority – cum – Inspector General of Registration seeking an interim stay of all further proceedings and set aside the order passed by the respondent. The matter is currently pending.

Notices received by the Company from the RoC

1. The Company has received a SCN dated May 15, 2019 from the RoC in relation to alleged non-compliance with the provisions of section 134(3)(h) and section 188(1) of the Companies Act, 2013. The allegations by the RoC pertain to non-disclosure of a related party transaction in the Board’s report for the financial year ended March 31, 2017, being an acquisition by the Company of the shares of Muthoot Insurance Brokers Private Limited for an aggregate consideration of INR 200,000,000 at a price of INR 400 per share. The RoC has stated that such transaction cannot be termed as being in the “ordinary course of business” of the Company, and therefore not exempt from attendant compliance requirements for related party transactions. The Company has responded to such SCN on June 14, 2019 stating that: **(a)** such transaction was on an arms’ length basis as determined by its audit committee and the provisions of section 188(1) of the Companies Act, 2013 are not applicable; **(b)** the charter documents of the Company list insurance broking activities as one of the main objects of the Company; **(c)** the provisions of section 134(3)(h) are applicable only to transactions which are covered under section 188(1) of the Companies Act, 2013, and **(d)** the transaction involving the investment in the shares of Muthoot Insurance Brokers (P) Limited does not constitute a transaction falling under any of the matters specified under section 188(1) of the Companies Act, 2013 and hence the provisions of section 188 are not applicable. As on the date of this Tranche V Prospectus, no further communication has been received from the RoC. The matter is currently pending.

2. The Company has received a SCN dated May 15, 2019 from the RoC in relation to alleged non-compliance with the provisions of section 129(1) of the Companies Act, 2013, stating that a diminution in value of the long term quoted investments made by the Company were not reflected in the Company's financial statements, therefore resulting in non-compliance with statutorily prescribed accounting standards. The Company has responded to such SCN on June 14, 2019 stating that such diminution was temporary in nature and did not warrant any provisions in the Company's financial statements, as per the accounting standards. As on the date of this Tranche V Prospectus, no further communication has been received from the RoC. The matter is currently pending.
3. The Company has received SCNs dated May 15, 2019 from the RoC in relation to alleged non-compliance with the provisions of section 134(3)(h) and section 188(1) of the Companies Act, 2013, stating that the Company failed to furnish documentary evidence during an inquiry conducted by the RoC, to indicate that the rent and business promotion expenses made in the financial year ending March 31, 2017 were in the Company's ordinary course of business and conducted on an arms' length basis. The Company has submitted detailed responses to such SCNs on June 14, 2019, listing out the commercial terms of such transactions on a sample basis. The Company has also stated that the commercial terms are similar to the terms entered into with unrelated parties and such transactions do not fall within the category of "material transactions" of a listed Company as stipulated under the SEBI LODR. Additionally, the Company has stated that such related party transactions are in the ordinary course of business and conducted on an arms' length basis as scrutinised by the Company's audit committee and therefore, the provisions of section 188(1) and section 134(3)(h) of the Companies Act, 2013 are not applicable. As on the date of this Tranche V Prospectus, no further communication has been received from the RoC. The matter is currently pending.
4. The Company has received a SCN dated May 15, 2019 from the RoC in relation to alleged non-compliance with the provisions of Section 135 read with section 134(3)(o) of the Companies Act, 2013, alleging that the Company failed to spend a stipulated portion of its profits on corporate social responsibility during the financial years ending March 31, 2015, March 31, 2016 and March 31, 2017 and not furnished a justification for not spending such amount in the Board's report. The Company has responded to such SCN on June 14, 2019, stating that details of its expenditure on corporate social responsibility along with justification of unspent amount for the relevant financial years has been included in the Board's report for such financial years. Such reports have also been annexed to the response dated June 14, 2019. As on the date of this Tranche V Prospectus, no further communication has been received from the RoC. The matter is currently pending.
5. The Company has received a SCN dated May 15, 2019 from the RoC alleging that the Company has failed to pay interest on matured debentures as on the financial year ending March 31, 2017, resulting in the existing directors being potentially disqualified from re-appointment on the Board or from acting as directors of any Company for a period of five years. The Company has responded to such SCN on June 14, 2019, stating that the Company has always paid requisite amounts on matured debentures and any unpaid amounts, as reflected in the Company's financial statements, are on account of such amounts being unclaimed due to technical reasons or rejections due to non-submission of discharged debenture certificates or non-availability of the debenture holder. The Company stated that it has not defaulted in redeeming any debentures and the unpaid balance is solely on account of unclaimed amounts by the debenture holders. As on the date of this Tranche V Prospectus, no further communication has been received from the RoC. The matter is currently pending.
6. The Company has received a SCN dated July 26, 2019 from the RoC alleging that the Company has failed to take any penal action against an alleged act of fraud amounting to INR 1,800,000 by a former branch manager of the Company, Ahmed Khan G at the Sultanpalya Branch, Bangalore ("**Branch Manager**") and initiating proceedings under section 447 of the Companies Act, 2013 against the Company. The Company has responded to such SCN on August 21, 2019, stating that the Company has provided all assistance to the governmental authorities in the enquiry in relation to its management and affairs. The Company has further clarified that a police complaint has been filed against the Branch Manager on January 14, 2017 and that he has been dismissed from service with effect from January 1, 2017. The Company has also reported the alleged fraud in its Fraud Monitoring Report submitted to the Reserve Bank of India. Further, the Branch Manager has been arrested and sent to police custody, pending hearing of the proceedings before the High Court of Karnataka, at Bangalore. The Company has clarified that it does not carry on its business for any unlawful or fraudulent purpose to attract penalties under section 206(4) or section 447 of the Companies Act, 2013. As on the date of this Tranche V Prospectus, no further communication has been received from the RoC. The matter is currently pending.

Penalties levied by RBI

1. The RBI by an order dated November 19, 2020 imposed a monetary penalty of ₹ 1 million on the Company, for non-compliance with directions issued by the RBI on maintenance of Loan to Value ratio in gold loans and on obtaining copy of PAN card of the borrower while granting gold loans in excess of ₹ 0.50 million. The Company has duly remitted the monetary penalty imposed by RBI.

Notice received by the Company from the Competition Commission of India

1. Our Company filed information dated September 10, 2021 (“**Information**”) before the Competition Commission of India, New Delhi (“**CCI**”) against the Trusteeship Association of India and others (“**TAI**”) on the ground that TAI and its members have entered into an anti-competitive agreement, which is void under section 3 of the Competition Act, 2002 (“**Act**”). Our Company prayed before the CCI to *inter alia* (i) direct TAI and its members to not enter into an agreement fixing prices for providing trusteeship services; and (ii) direct TAI to discontinue the abuse of its dominant position. Pursuant to the Information, the CCI, by way of its order dated December 23, 2021 directed the Director General to investigate as it was of a view that there was a violation of section 3(3)(a) of the Act. Subsequently, the CCI, by way of an order dated March 29, 2022 directed our Company to confirm if we had approached the SEBI vide a complaint dated August 31, 2021, in respect of the subject matter of the Information. Our Company submitted a reply dated April 2, 2022 before the CCI. Thereafter, the CCI, by way of an order dated April 4, 2022 (“**Order**”), asked our Company to show cause as to why action for the alleged violation of section 45 of the Act should not be initiated for failure to inform the CCI of its complaint dated August 31, 2022 before the SEBI. Our Company has filed a writ petition before the High Court of Kerala at Ernakulam (“**High Court**”) against CCI and others, praying for *inter alia* (i) issuance of a writ of mandamus against the Order; (ii) issuance of a writ of certiorari to set aside the Order. The High Court passed an interim order dated May 10, 2022, staying the operations of the Order and all further proceedings thereon against our Company. The matter is currently pending before the High Court.

Litigations filed by our Company

Civil cases

1. The Company has filed writ petitions(WP 23275 of 2021) before the High Court of Kerala at Ernakulam (“**Court**”) against Union of India and others (“**Respondents**”) challenging the implementation of the circular bearing no. RBI/202-04-21/20 DOR.NO.BP.BC/7/21.04.048/2020-21 dated August 6, 2020 (“**First Circular**”) modified by circular bearing no. RBI/2021-22/77 DOR.CRE.REC.35/21.04.048/2021-22 dated August 04, 2021 (“**Second Circular**”) issued by the RBI. The Court issued interim directions on October 27, 2021 directing the Respondents to not take any coercive actions against the Company. The petitions challenging the First Circular and Second Circular are currently pending.
2. The Company has filed a writ petition (W.P. No. 18932 of 2012) against the State of Karnataka and certain others before the High Court of Karnataka seeking a writ of mandamus declaring that the Company is exempted from the provisions of the Karnataka Prohibition of Charging Exorbitant Interest Act, 2004 and that the Company is governed solely by regulations framed by the Reserve Bank of India. The Company has also sought a direction from the High Court of Karnataka directing the respondents to not interfere in the Company’s activities. The writ petition was allowed by the High Court of Karnataka by Order dated June 16, 2022.
3. The enquiry officer / CSR, K.V. Chakravarti, issued a notice dated December 16, 2014 stating that he had been appointed to enquire into certain fraudulent activities pertaining to jewels pledged for loans in the K746 OK Chettipalayam Primary Agricultural Co-operative Credit Society, which were allegedly removed and re-pledged at the branches of the Company for availing loans. The Company filed a writ petition before the High Court of Madras seeking directions to stay the operations initiated through the issue of the notice dated December 16, 2014. Pursuant to an order passed in CMP No. 3129 of 2014 dated December 22, 2014, the Company handed over the jewels pledged with them. The gold is thereby seized by the registrar of Co-operative Society. Subsequently the Company lodged a complaint with the Coimbatore police seeking appropriate action to be taken against the President and the Secretary of the said society for misusing their official position and removing the jewels seized from the Company. The Company also filed CMP No. 2348 of 2015 seeking interim custody of the jewels. The Company sought that the court pass an order directing the respondents to produce the quantity and the details of the persons and members to whom they had handed over the jewels seized from the Company. The respondents filed a counterstatement claiming that they should not be required to disclose any details as the Company was not the owner of the said jewels. Regardless, they claimed that the Company had already received information regarding the jewels and the borrowers. It was also claimed that the Company had violated the KYC requirements prescribed by the Reserve Bank of India and required to be followed in relation to issuance of loans. The matter was posted to February 02, 2018 for orders. The Company filed civil suits along with IA for ABJ against 8 customers including President and Secretary of Co-operative Society and attached their properties. Currently, parties have proceeded to the stage of evidence whereby examination-in-chief and cross-examination of the witnesses is currently under process for the eight civil cases. The Company also filed a petition under section 200 of the Code of Criminal Procedure, 1973 to instruct the police to take cognizance against the President and Secretary of the co-operative society under section 420 of the Indian Penal Code, 1860 on vicarious liability. The court rejected the petition on default. Both CMP 2448/2017 under section 451 of the Code of Criminal Procedure, 1973 (for the interim custody of the seized gold) and the petition under section 200 of the Code of Criminal Procedure, 1973, are dismissed. Out of the 8 civil cases filed by the Company, two cases were dismissed and the remaining are pending at various stages. Among the two dismissed cases, one has been restored. .

4. The Company filed civil suits before the Senior Civil Judge at Mangalore in OS 87/2013 & OS 88/2013 against Sathish Shetty, C. Seetharam and Reshmalatha, seeking a decree against the defendants jointly and severally, to recover a sum of ₹ 2,966,822 lost to the Company due to the fraudulent activities of the Br Staff colluded with customers along with an IA to attach the properties of the defendant and permit the Company to dispose the scheduled ornament via public Auction. A charge sheet bearing reference number CC 480/12 was filed against the Accused in criminal case. Charge has been framed. The property and the bond deposit of the defendant have been attached conditionally. Both OS 87/2013 and OS 88/2013 were partly decreed on February 16, 2018. The Company has filed appeals to modify the decrees before High Court of Karnataka. Aggrieved by the judgment in OS 87/2013 and OS 88/2013, the Company filed an appeal in the High Court and numbered as RFA 1058/2018 and RFA 1057/2018. The case is currently pending for hearing and has been posted February 16, 2023.

Separately, the police filed charge sheets as CC 545/2016 & CC 566/2016 and the court has issued summons to the accused to be present before the court. The petition filed by the Company under section 451 of the Code of Criminal Procedure, 1973 is also pending. CC 545/2016 and CC 566/2016 are re numbered as CC 680/16 and CC 681/16. Both the cases are posted to February 10, 2022. The matter is currently pending.
3. The Company filed CC 872/11 under section 138 of the Negotiable Instruments Act, 1881. This was dismissed by the court due to the demise of the accused. Separately, O.S. No. 90/2011 filed by the Company was decreed in its favour, as described above in paragraph 7 of 'Civil Cases' under 'Litigations against the Company'. The Company therefore filed an execution petition bearing EP No. 98/2015. We have filed counter against this EA and filed a Memo to disclose that the J D is no more and also filed an IA to implead the legal hires of the deceased defendant and the case is pending. Further, the police have filed a charge sheet in the criminal case bearing Cr No. 108/2011 as CC 191/16 (re-numbered as CC377/2017) and the case has been transferred to the 3rd Metropolitan Magistrate's Court. A7 & A8 of CC 191/2016 has filed a petition bearing number CrI.P 9362/2017 before High Court to quash the charges levelled against them. The Company has filed a counter against this petition before High Court, and the matter is currently pending.
4. Bank of Baroda employees Mr. Vunnam Ashok Kumar & Vunnam Kishore Kumar cheated by pledging gold in our Bapatla (0701) branch. After that, Bapatla police lodged Cr.192/2021 (Cheating) case. And Police approached our branches for seizure. We had filed writ petition (W.P 19995/2021) before High court to prevent police seizure. But meanwhile police obtained search warrant from magistrate court, then our writ petition became in fractious. Then police seized the gold from our branches. We filed a Petition undersection 451 of Cr.PC before the Magistrate court to get back our gold, Court dismissed our petition. Hence, we initiated recovery procedures through arbitration and Arbitrator was appointed.

Rationale

The ratings factor in Muthoot Finance Limited's (MFL) healthy financial risk profile and the scale-up in its consolidated portfolio, which was largely driven by the gold loan business. MFL's gold loan book has more than doubled over the last five years to Rs. 56,177 crore as of June 2022 and accounted for about 89% of its consolidated portfolio. The ratings also continue to factor in MFL's long track record and its leadership position in the gold loan segment, its established franchise with a pan-India branch network, and its efficient internal control and monitoring systems. MFL's ability to raise funds from diverse sources and the short-term nature of the gold loans result in a strong liquidity profile.

ICRA, however, notes the performance of the non-gold segments, which are of a relatively lower vintage. The sustained good quality growth and earnings performance of these segments would remain monitorable. Some of the asset segments, namely microfinance (7.4% of the consolidated AUM¹ as of June 2022), affordable housing (2.3%) and vehicle finance (0.3%), recorded gross stage 3 (GS3) of 7.3%, 2.6% and 7.8%, respectively, vis-à-vis 2.1% in the gold loan segment as of June 2022 (GS3 of 3.0% in March 2022). ICRA takes note of the sizeable gold loan auctions undertaken by MFL in Q1 FY2023 and FY2022 vis-à-vis FY2021 and FY2020, largely on account of the loans originated when gold prices were high. Gold loan auctions undertaken in Q1 FY2023 and FY2022 stood at Rs. 1,374 crore and Rs. 5,211 crore, respectively, vis-à-vis Rs. 171 crore in FY2021 (Rs. 579 crore in FY2020). The weighted average portfolio loan-to-value (LTV) stood at 68% in June 2022 and 65% in March 2022 compared to 73% in September 2021 (65% in December 2020 and 61% in September 2020).

¹ Assets under management

ICRA expects the consolidated earnings performance to remain healthy at 4.0-5.0% over the medium term, as gold loans continue to account for 85-90% of the overall lending portfolio. Moreover, recoveries from overdues are expected to be good, which would keep the credit costs under control. Managing the net interest margins (NIMs), going forward, in the increasing interest rate and competitive business environment, would be a monitorable. MFL's capitalisation profile, characterised by a consolidated managed gearing² of 2.7 times as of June 2022 and 2.9 times as of March 2022 (3.0-3.5 times during FY2018-FY2021), is expected to remain comfortable over the medium term, supported by the expected healthy accruals.

ICRA takes note of the geographical concentration of the branches and the loan book in South India. South India accounts for 60% of MFL's gold loan branches, contributing about 50% to the gold loan book. A demonstrated track record in the non-gold segments and a steady improvement in geographical diversity would be key, going forward, from a rating perspective.

The Stable outlook factors in ICRA's expectation that MFL will continue to benefit from its established operational track record in the gold loan business, which is expected to account for 85-90% of the consolidated AUM over the medium term, and the comfortable overall financial risk profile.

ICRA has reaffirmed and withdrawn the long-term rating on the Rs. 315.72-crore non-convertible debenture (NCD) programme and the Rs. 35.95-crore subordinated debt, as the instruments have been fully redeemed and no amount is outstanding against the same. The rating was withdrawn as per ICRA's policy on the withdrawal of credit ratings.

Key rating drivers and their description

Credit strengths

Established franchise and leadership position in gold loan segment – MFL has a track record of around two decades in the gold loan business and is India's largest gold loan focussed non-banking financial company (NBFC) with a total portfolio of Rs. 56,689 crore (of which 99% is gold loan) as on June 30, 2022; the portfolio grew by 7.7% on a year-on-year (YoY) basis. The consolidated portfolio stood at Rs. 63,444 crore in June 2022 compared to Rs. 58,135 crore in June 2021, of which gold, microfinance and housing accounted for 88.5%, 7.4% and 2.3%, respectively.

As on June 30, 2022, MFL had an extensive pan-India network of 4,617 branches; 60% of its branches are in South India, where it has an established franchise. The strong brand value of Muthoot, its experienced promoters and senior management team, and its efficient internal control and audit systems are expected to support the overall business growth going forward.

Healthy earnings performance; moderation in the recent past – The company's consolidated net profitability remained healthy, with its return on managed assets (RoMA) at 4.4% in Q1 FY2023, notwithstanding the moderation from 5.5% in FY2022 and 6.1% in FY2021 (6.5% in FY2020). The NIM {as a percentage of average managed assets (AMA)} moderated to 9.1% in Q1 FY2023 from 10.6% in FY2022 and 11.4% in FY2021, notwithstanding the improvement in the leverage, as MFL offered gold loans at lower yields for a short duration (H2 FY2022 and Q1 FY2023) due to competitive pressure. The operating profitability was also impacted due to the increase in the operating cost ratio to 3.5% in Q1 FY2023 because of advertising costs and higher corporate social responsibility (CSR) expenses from 3.0% in FY2022 (3.3% in FY2021; 4.3-4.6% during FY2017-FY2020). However, the earnings performance remains supported by the low credit costs (less than 1% over the last 10 years and average of 0.5%) in the gold loan business. ICRA expects the net profitability to stabilise at 4.0-5.0% over the medium term.

MFL's (standalone) net profitability was 4.7% in Q1 FY2023 and 5.9% in FY2022 (6.5% in FY2021 and 6.8% in FY2020). The annualised return on average net worth (standalone) moderated to 17.5% in Q1 FY2023 from 23.5% in FY2022 (27.8% and 28.3% in FY2021 and FY2020, respectively).

² Managed gearing – (borrowings + off-book AUM)/Net worth

Capitalisation to remain comfortable over the medium term – MFL has a comfortable capitalisation profile with the standalone gearing improving to 2.5 times as on June 30, 2022 from 2.8 times as on March 31, 2022 (3.1 times as on March 31, 2021). The improvement was driven by the limited portfolio growth and the moderation in the on-balance sheet liquidity, which led to a net decrease in the external borrowings. The consolidated managed gearing stood at 2.7 times as on June 30, 2022 (2.9 times as on March 31, 2022). The company is expected to be comfortably placed to meet the medium-term capital requirements of its subsidiaries without affecting its own capital structure. ICRA expects MFL's consolidated managed gearing to remain at around 3.0 times over the medium term.

Credit challenges

Performance of non-gold segments to remain a monitorable; sizeable share of gold loans would support overall portfolio quality – MFL's standalone portfolio almost entirely consists of gold loans and it has diversified its exposure via its subsidiaries, namely Belstar Microfinance Limited (Belstar; microfinance), Muthoot Homefin (India) Limited (MHL; affordable housing) and Muthoot Money Limited (MML; vehicle finance). The consolidated portfolio is currently concentrated towards gold loans, comprising 89% of the loan book while microfinance, affordable housing and vehicle finance accounted for 7.4%, 2.3% and 0.3%, respectively, as on June 30, 2022. The loan books of MHL and MML declined by 13% and 41%, respectively, as of June 2022 on a YoY basis while Belstar registered a growth of 53%. The GS3 for the subsidiary companies, viz. Belstar, MHL and MML, stood at 7.3%, 2.6% and 7.8%, respectively, in June 2022 vis-à-vis 3.7%, 5.9% and 18.9%, respectively, in June 2021. The performance of the non-gold segments was impacted by the Covid-19 pandemic-related disruptions because of the unsecured nature of the microfinance business and the average credit profile of the borrowers in the housing and vehicle finance segments.

MFL's GS3, however, stood at 2.1% in June 2022 (3.0% in March 2022 and 1.2% in June 2021). ICRA notes the company's track record in containing credit costs in the gold segment and achieving recoveries in auctions where it typically recovers the principal and a sizeable share of the accrued interest on such loans. ICRA takes note of the sizeable gold loan auctions undertaken by MFL in Q1 FY2023 and FY2022 vis-à-vis FY2021 and FY2020, largely on account of the loans originated when gold prices were high. Gold loan auctions undertaken in Q1 FY2023 and FY2022 stood at Rs. 1,374 crore and Rs. 5,211 crore, respectively, vis-à-vis Rs. 171 crore in FY2021 (Rs. 579 crore in FY2020). The weighted average portfolio LTV stood at 68% in June 2022 and 65% in March 2022 compared to 73% in September 2021 (65% in December 2020 and 61% in September 2020).

ICRA expects MFL's asset quality in the gold loan segment, which accounts for the bulk of the consolidated AUM, to remain under control with low credit costs. The overall asset quality and credit costs are expected to remain under control as the subsidiaries are expected to account for 10-15% of the consolidated portfolio over the medium term. MFL's ability to profitably grow its non-gold businesses while maintaining good asset quality would be crucial over the medium to long term, considering the unsecured nature of some of these businesses and the higher inherent risks in these segments compared to gold loans.

Operations concentrated in South India – MFL's operations are largely concentrated in South India, which constituted 60% of its total branch network and 50% of its total loan portfolio as on June 30, 2022. ICRA, however, notes that the share of the portfolio in South India has reduced from 57% in March 2015. Geographical diversification is expected to improve steadily over the medium to long term with an improvement in the scale of the gold loan portfolio and the stabilisation of the performance of the non-gold asset segments.

Liquidity position: Strong

MFL had cash and liquid investments of Rs. 8,265 crore and undrawn bank lines of 1,683 crore as on October 17, 2022, with a repayment obligation of Rs. 8,628 crore between October 18, 2022 and January 31, 2023. A sizeable portion of the repayments (Rs. 2,650 crore) comprises cash credit/short-term loans from banks, which are expected to be rolled over, while the NCD, external commercial borrowings (ECB) and term loan repayments are Rs. 638 crore, Rs. 3,614 crore and Rs. 1,727 crore, respectively, during the abovementioned period. The short-term nature of gold loans and the comfortable gearing levels provide support to the company's liquidity profile.

MFL has a fairly diversified funding profile with bank/financial institution (FI) loans constituting 51.4% of its total borrowings as on June 30, 2022, followed by NCDs (27.4%), ECBs (17.4%) and subordinated debt (0.3%). Diverse funding sources help the company maintain strong liquidity position.

Rating sensitivities

Positive factors – ICRA could change the outlook or upgrade the rating if MFL sustains a comfortable overall asset quality and capital profile over the medium to long term. A track record of good performance in the non-gold segments and improvement in geographical diversity would also positively impact the rating.

Negative factors – ICRA could change the outlook or downgrade MFL's ratings if the share of the unsecured asset segment goes beyond 15% or the asset quality weakens significantly, thereby impacting its earnings. The increase in the consolidated gearing beyond 4.5 times on a sustained basis would also negatively impact the ratings.

About the company

Muthoot Finance Limited (MFL) is the flagship company of the Kerala-based business house, The Muthoot Group, which has diversified operations in financial services, healthcare, education and hospitality. MFL was incorporated in 1997 and is India's largest gold loan focussed NBFC with total loan assets (standalone) of Rs. 56,689 crore and 4,617 branches as on June 30, 2022. The company derives a major portion of its business from South India (50% of the total gold loan portfolio as on March 31, 2022), where gold loans have traditionally been accepted as a means of availing short-term credit, although it has increased its presence beyond South India over the last few years.

MFL reported a standalone net profit of Rs. 3,954 crore on an asset base of Rs. 70,555 crore in FY2022 against a net profit of Rs. 3,722 crore on an asset base of Rs. 63,465 crore in FY2021. For Q1 FY2023, it reported a net profit of Rs. 802 crore on an asset base of Rs. 65,808 crore as on June 30, 2022. The consolidated portfolio stood at Rs. 63,444 crore as on June 30, 2022 compared to Rs. 64,494 crore as on March 31, 2022 (Rs. 58,280 crore as on March 31, 2021), with gold, microfinance and housing accounting for 89%, 7% and 2%, respectively.

Complexity level of the rated instruments

Instrument	Complexity indicator
NCD programme	Simple
Bank facilities	Simple
Subordinated debt programme	Moderately Complex
Commercial paper	Very Simple

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional or legal aspects. Details on the complexity levels of the instruments are available on ICRA's website: [Click Here](#)

ANNEXURE FS – 1A: AUDITED FINANCIAL STATEMENTS

(The reminder of this page has been intentionally left blank)

INDEPENDENT AUDITORS' REPORT

To The Members of MUTHOOT FINANCE LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Muthoot Finance Limited ('the Company'), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and Notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit, total comprehensive income, its cash flows and changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ('SAs'), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Standalone Financial Statements' section of our Report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	Auditors' Response
<p>1. Expected Credit Loss under IND AS 109 "Financial Instruments"</p> <p>The Company recognises Expected Credit Losses (ECL) on loan assets under IND AS 109 "Financial Instruments" based on the Expected Credit Loss model developed by the Company. The estimation of expected credit loss on financial instruments involves significant judgement and estimates. Key estimates involve determining Exposure at Default (EAD), Probability at Default (PD) and Loss Given Default (LGD) using historical information. Hence, we have considered the estimation of ECL as a Key Audit Matter.</p> <p>Refer Note 42 (Risk Management) to the standalone financial statements.</p>	<ul style="list-style-type: none"> Assessed the accounting policy for impairment of financial assets and its compliance with IND AS 109. Obtained an understanding of the Company's Expected Credit Loss (ECL) calculation and the underlying assumptions. Tested the key controls over the assessment and identification of significant increase in credit risk and staging of assets. Sample testing of the accuracy and appropriateness of information used in the estimation of Probability of Default (PD) and Loss Given Default (LGD). Tested the arithmetical accuracy of the computation of PD and LGD and also performed analytical procedures to verify the reasonableness of the computation. Assessed the disclosure made in relation to IND AS 109 for ECL allowance. Further, we also assessed whether the disclosure of key judgements and assumptions are adequate.

Key Audit Matter	Auditors' Response
2. Related Party Transactions We identified related party transactions as a key audit matter due to the significance of related party transactions, regulatory compliance and risk of such transactions remaining undisclosed in the financial statements.	<ul style="list-style-type: none"> Evaluated the Company's policies, processes and procedures in respect of identifying and disclosing related party transactions. Read the minutes of meetings of the shareholders, Board and Audit Committee regarding the Company's assessment of related party transactions for arm's length pricing. Assessed the compliance with Companies Act 2013, including authorisation and approvals as specified in sections 177 and 188 of the Companies Act, 2013, and Rules thereon and the Securities and Exchange Board of India regulations with respect to related party transactions. Tested on a sample basis related party transactions with the underlying contracts and other documents.
3. Compliance and disclosure requirements Compliance and disclosure requirements under the applicable Indian Accounting Standards, Reserve Bank of India (RBI) guidelines and other applicable statutory, regulatory and financial reporting framework.	<ul style="list-style-type: none"> Assessed the systems and processes laid down by the Company to appropriately ensure compliance and disclosures as per the applicable Indian Accounting Standards, RBI guidelines and other applicable statutory, regulatory and financial reporting framework. Designed and performed audit procedures to assess the completeness and correctness of the details disclosed having regard to the assumptions made by the management in relation to the applicability and extent of disclosure requirements. Relied on internal records of the Company and external confirmations wherever necessary.
4. Litigations The Company has various tax litigations pending under the Income Tax Act 1961, Goods and Services Tax Act 2017, service tax under Finance Act 1994 and Value Added Tax Acts of various states. The Company has disputed these in various forums and the outcome of these cases will depend on significant judgements, hence we have identified pending litigation as a Key Audit Matter.	In assessing the litigations, we have: <ul style="list-style-type: none"> Read the communications with the relevant tax authorities in respect to the pending tax litigations and also considered the submissions made by the management to the respective appellate authorities. We verified the accuracy of the disputed amounts with the relevant communication from the tax authority.
5. IT Systems and Controls The Company uses Information Technology (IT) application for financial accounts and reporting process. Any gap in the financial accounting and reporting process may result in a misstatement, hence we have identified IT systems and controls over financial reporting as a Key Audit Matter.	<ul style="list-style-type: none"> Understood the IT systems and controls over key financial accounting and reporting systems. Tested the general IT controls for design and operating effectiveness. Understood the changes made in the IT environment during the year and ascertained its effect on the financial statements controls and accounts. We also assessed, through sample tests, the information generated from these systems which were relied upon for our audit.

Information Other than the Standalone Financial Statements and Auditors' Report thereon (Other Information)

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Corporate Overview, Board's Report, Management Discussion and Analysis Report, Business Responsibility Report and Report on Corporate Governance in the Annual Report of the Company for the financial year 2021-22, but does not include

the standalone financial statements and our auditors' report thereon. The reports containing the other information as above are expected to be made available to us after the date of this auditors' report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

When we read the reports containing the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions as per applicable laws and regulations.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that

an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in respect of financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that individually or in aggregate, make it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial

statements may be influenced. We consider quantitative materiality and qualitative factors in

- (i) planning the scope of our audit work and in evaluating the results of our work; and
- (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As per the Companies (Auditor's Report) Order, 2020 ('the Order'), issued by the Central Government of India in terms of sub section (11) of section 143 of the Act, we give in 'Annexure A', a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books. Since the key operations of the Company are automated with the key applications integrated to core banking system/MIS, the audit is carried out centrally as all the necessary records and data required for the purposes of our audit are available therein.

- c. The standalone Balance sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with books of account;
- d. In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- e. On the basis of the written representation received from the directors as on March 31, 2022, taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2022, from being appointed as a director in terms of section 164(2) of the Act;
- f. With respect to the adequacy of the internal financial controls with reference to these standalone financial statements and the operating effectiveness of such controls, refer to our separate report in 'Annexure B' to this report;
- g. With respect to the other matters to be included in the Auditors' report in accordance with section 197(16) of the Act, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V to the Act; and
- h. With respect to other matters to be included in the Auditors' report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigation on its financial position in its standalone financial statements – Refer Note 38 to the standalone financial statements.
 - ii. The Company has made provisions, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. With respect to clause (e) of Rule 11 of the companies (Audit and Auditors) Amendment Rules, 2021;
 1. The Management has represented that, to the best of its knowledge and belief, as disclosed in the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company

- to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
2. The Management has represented, that, to the best of its knowledge and belief, as disclosed in the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding,
 3. whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 3. Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material misstatement.
 - v. The dividend declared/paid during the year by the Company is in compliance with section 123 of the Act.

'ANNEXURE B' REFERRED TO IN PARAGRAPH 2(f) UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF MUTHOOT FINANCE LIMITED FOR THE YEAR ENDED MARCH 31, 2022

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

Opinion

We have audited the internal financial controls over financial reporting of Muthoot Finance Limited ('the Company') as of March 31, 2022, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on 'Audit of Internal Financial Controls Over Financial Reporting' issued by the Institute of Chartered Accountants of India (the 'Guidance Note').

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal standalone financial controls based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ('the Act').

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the Institute of Chartered Accountants of India ('ICAI') and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and, both issued by the ICAI. Those Standards and the Guidance Note

require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal standalone financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal standalone financial control with reference to standalone financial statements includes those policies and procedures that:

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the Company; and

3. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the

possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES

forming part of Financial Statements

1. Corporate Information

Muthoot Finance Limited ("the Company") was incorporated as a private limited Company on 14th March, 1997 and was converted into a public limited Company on November 18, 2008. The Company was promoted by Late Mr. M. G. George Muthoot, Mr. George Thomas Muthoot, Mr. George Jacob Muthoot and Mr. George Alexander Muthoot who collectively operated under the brand name of "The Muthoot Group". The Company obtained permission from the Reserve Bank of India for carrying on the business of Non-Banking Financial Institutions on 13-11-2001 vide Regn No. N 16.00167. The Company is presently classified as Systemically Important Non-Deposit Taking NBFC (NBFC-ND-SI). The Registered Office of the Company is at 2nd Floor, Muthoot Chambers, Opposite Saritha Theatre Complex, Banerji Road, Kochi - 682 018, India.

The Company made an Initial Public Offer of 51,500,000 Equity Shares of the face value ₹ 10/- each at a price of ₹ 175/- raising ₹ 9,012.50 millions during the month of April 2011. The equity shares of the Company are listed on National Stock Exchange of India Limited and BSE Limited from May 6, 2011.

2. Basis of preparation and presentation

2.1 Statement of Compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). These financial statements may require further adjustments, if any, necessitated by the guidelines / clarifications / directions issued in the future by RBI, Ministry of Corporate Affairs, or other regulators, which will be implemented as and when the same are issued and made applicable.

2.2. Basis of measurement

The financial statements have been prepared on a historical cost basis, except for following assets and liabilities which have been measured at fair value:

- i) fair value through other comprehensive income (FVOCI) instruments,
- ii) derivative financial instruments,

- iii) other financial assets held for trading,
- iv) financial assets and liabilities designated at fair value through profit or loss (FVTPL)

2.3 The financial statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis.

2.4 Functional and presentation currency

The financial statements are presented in Indian Rupees (INR) which is also its functional currency and all values are rounded to the nearest million, except when otherwise indicated.

2.5 New Accounting Standards that are issued but not effective

There are no standards that are issued but not yet effective on March 31, 2022.

3. Significant accounting policies

3.1. Revenue Recognition

3.1.1 Recognition of interest income

The Company recognises Interest income by applying the effective interest rate (EIR) to the gross carrying amount of a financial asset except for purchased or originated credit-impaired financial assets and other credit-impaired financial assets.

For purchased or originated credit-impaired financial assets, the Company applies the credit-adjusted effective interest rate to the amortised cost of the financial asset from initial recognition.

For other credit-impaired financial assets, the Company applies effective interest rate to the amortised cost of the financial asset in subsequent reporting periods.

The effective interest rate on a financial asset is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. While estimating future cash receipts, factors like expected behaviour and life cycle of the financial asset, probable

NOTES

forming part of Financial Statements

fluctuation in collateral value etc are considered which has an impact on the EIR.

While calculating the effective interest rate, the Company includes all fees and points paid or received to and from the borrowers that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Interest income on all trading assets and financial assets required to be measured at FVTPL is recognised using the contractual interest rate as net gain on fair value changes.

3.1.2 Recognition of revenue from sale of goods or services

Revenue (other than for Financial Instruments within the scope of Ind AS 109) is measured at an amount that reflects the considerations, to which an entity expects to be entitled in exchange for transferring goods or services to customer, excluding amounts collected on behalf of third parties.

The Company recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation

Revenue from contract with customer for rendering services is recognised at a point in time when performance obligation is satisfied.

3.1.3 Recognition of Dividend Income

Dividend income (including from FVOCI investments) is recognised when the Company's right to receive the payment is established. This is established when it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably.

3.2. Financial instruments

A. Financial Assets

3.2.1. Initial recognition and measurement

All financial assets are recognised initially at fair value when the parties become party to the contractual provisions of the financial asset. In case of financial assets which are not recorded at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial assets, are adjusted to the fair value on initial recognition.

3.2.2. Subsequent measurement

The Company classifies its financial assets into various measurement categories. The classification depends on the contractual terms of the financial assets' cash flows and the Company's business model for managing financial assets.

a. Financial assets measured at amortised cost

A financial asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Financial assets measured at fair value through other comprehensive income (FVOCI)

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and contractual terms of financial asset give rise on specified dates to

NOTES

forming part of Financial Statements

cash flows that are solely payments of principal and interest on the principal amount outstanding.

c. Financial assets measured at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

3.2.3. Investments in Subsidiaries, Associates and Joint Ventures

The Company has accounted for its investments in Subsidiaries, Associates and Joint Ventures at cost less impairment loss, if any.

3.2.4. Other Equity Investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the changes in fair value through other comprehensive income (FVOCI).

B. Financial liabilities

3.2.5. Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The company's financial liabilities include trade and other payables, non-convertible debentures loans and borrowings including bank overdrafts.

3.2.6. Subsequent Measurement

Financial liabilities other than derivative financial instruments are subsequently carried at amortized cost using the effective interest method. Subsequent measurement of derivative financial instruments are at fair value as detailed under Note 3.7 'Derivative Financial Instruments'

3.3. Derecognition of financial assets and liabilities

3.3.1. Financial Asset

The Company derecognizes a financial asset when the contractual cash flows from the asset expire or it transfers its rights to receive contractual cash flows from the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. Any interest in transferred financial assets that is created or retained by the Company is recognized as a separate asset or liability.

3.3.2. Financial Liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of profit and loss.

3.4. Offsetting

Financial assets and financial liabilities are generally reported gross in the balance sheet. Financial assets and liabilities are offset and the net amount is presented in the balance sheet when the Company has a legal right to offset the amounts and intends to settle on a net basis or to realise the asset and settle the liability simultaneously in all the following circumstances:

- a. The normal course of business
- b. The event of default
- c. The event of insolvency or bankruptcy of the Company and/or its counterparties

3.5. Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' model (ECL), for evaluating impairment of financial assets other than those measured at Fair value through profit or loss.

3.5.1. Overview of the Expected Credit Loss (ECL) model

Expected Credit Loss, at each reporting date, is measured through a loss allowance for a financial asset:

- At an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.
- At an amount equal to 12-month expected credit losses, if the credit risk on a financial instrument has not increased significantly since initial recognition.

NOTES

forming part of Financial Statements

Lifetime expected credit losses means expected credit losses that result from all possible default events over the expected life of a financial asset.

12-month expected credit losses means the portion of Lifetime ECL that represent the ECLs that result from default events on financial assets that are possible within the 12 months after the reporting date.

The Company performs an assessment, at the end of each reporting period, of whether a financial assets credit risk has increased significantly since initial recognition. When making the assessment, the change in the risk of a default occurring over the expected life of the financial instrument is used instead of the change in the amount of expected credit losses.

Based on the above process, the Company categorises its loans into three stages as described below:

For non-impaired financial assets

- Stage 1 is comprised of all non-impaired financial assets which have not experienced a significant increase in credit risk (SICR) since initial recognition. A 12-month ECL provision is made for stage 1 financial assets. In assessing whether credit risk has increased significantly, the Company compares the risk of a default occurring on the financial asset as at the reporting date with the risk of a default occurring on the financial asset as at the date of initial recognition.
- Stage 2 is comprised of all non-impaired financial assets which have experienced a significant increase in credit risk since initial recognition. The Company recognises lifetime ECL for stage 2 financial assets. In subsequent reporting periods, if the credit risk of the financial instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then entities shall revert to recognizing 12 months ECL provision.

For impaired financial assets:

Financial assets are classified as stage 3 when there is objective evidence of impairment as a result of one or more loss events that have occurred after initial recognition with a negative impact on the estimated future cash flows of a loan or a portfolio of loans. The Company recognises lifetime ECL for impaired financial assets.

3.5.2. Estimation of Expected Credit Loss

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

Probability of Default (PD) - The Probability of Default is an estimate of the likelihood of default over a given time horizon.

The Company uses historical information where available to determine PD. Considering the different products and schemes, the Company has bifurcated its loan portfolio into various pools. For certain pools where historical information is available, the PD is calculated considering fresh slippage of past years. For those pools where historical information is not available, the PD/ default rates as stated by external reporting agencies is considered.

Exposure at Default (EAD) - The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest from missed payments.

Loss Given Default (LGD) - The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral.

Forward looking information

While estimating the expected credit losses, the Company reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Company analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD, LGD determined by the Company based on its internal data. While the internal estimates of PD, LGD rates by the Company may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

To mitigate its credit risks on financial assets, the Company seeks to use collateral, where possible. The collateral comes in various forms, such as cash,

NOTES

forming part of Financial Statements

securities, letters of credit/guarantees, vehicles, etc. However, the fair value of collateral affects the calculation of ECL. The collateral is majorly the property for which the loan is given. The fair value of the same is based on data provided by third party or management judgements.

Loans are written off (either partially or in full) when there is no realistic prospect of recovery. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the Statement of Profit and Loss.

3.6. Determination of fair value of Financial Instruments

The Company measures financial instruments, such as, investments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i. In the principal market for the asset or liability, or
- ii. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments –Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments–Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Company will classify the instruments as Level 3.

Level 3 financial instruments –Those that include one or more unobservable input that is significant to the measurement as whole.

3.7. Derivative financial instruments

The Company enters into derivative financial instruments such as foreign exchange forward contracts and cross currency swaps to manage its exposure to foreign exchange rate risk.

Derivatives are initially recognised at fair value on the date when a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date and carried as assets when their fair value is positive and as liabilities when their fair value is negative. The resulting gain/loss is recognised in the Statement of Profit and Loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the Statement of Profit and Loss depends on the nature of the hedge relationship. The Company has

NOTES

forming part of Financial Statements

designated the derivative financial instruments as cash flow hedges of recognised liabilities and unrecognised firm commitments.

Hedge accounting

In order to manage particular risks, the Company applies hedge accounting for transactions that meet specific criteria.

At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship and the risk management objective and strategy for undertaking the hedge. The company enters into derivative financial instruments that have critical terms aligned with the hedged item and in accordance with the Risk management policy of the company, the hedging relationship is extended to the entire term of the hedged item. The hedges are expected to be highly effective if the hedging instrument is offsetting changes in fair value or cash flows of the hedged item attributable to the hedged risk. The assessment of hedge effectiveness is carried out at inception and on an ongoing basis to determine that the hedging relationship has been effective throughout the financial reporting periods for which they were designated.

Cash Flow Hedges

A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction and could affect profit and loss. For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in Other Comprehensive Income (OCI) within equity (cash flow hedge reserve). The ineffective portion of the gain or loss on the hedging instrument is recognised immediately in the Statement of Profit and Loss. When the hedged cash flow affects the Statement of Profit and Loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the Statement of Profit and Loss. When a hedging instrument expires, is sold, terminated, exercised, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss that has been recognised in OCI at that time remains in OCI and is recognised when the hedged forecast transaction is ultimately recognised in the Statement of Profit and Loss. When

a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in OCI is immediately transferred to the Statement of Profit and Loss.

3.8. Cash and cash equivalents

Cash and cash equivalents comprise of cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts if any, as they are considered an integral part of the Company's cash management.

3.9. Property, plant and equipment

Property, plant and equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment, if any. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Advances paid towards the acquisition of fixed assets, outstanding at each reporting date are shown under other non-financial assets. The cost of property, plant and equipment not ready for its intended use at each reporting date are disclosed as capital work-in-progress.

Subsequent expenditure related to the asset are added to its carrying amount or recognised as a separate asset only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

3.9.1. Depreciation

Depreciation on Property, Plant and Equipment is calculated using written down value method (WDV) to write down the cost of property and equipment to their residual values over their estimated useful lives which is in line with the estimated useful life as specified in Schedule II of the Companies Act, 2013.

NOTES

forming part of Financial Statements

The estimated useful lives are as follows:

Particulars	Useful life
Furniture and fixture	10 years
Office equipment	5 years
Server and networking	6 years
Computer	3 years
Building	30 years
Vehicles	8 years
Wind Mill	22 years

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the Statement of Profit and Loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

3.10. Intangible assets

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

Subsequent expenditure related to the asset is added to its carrying amount or recognised as a separate asset

only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably.

Intangible assets comprising of software is amortised on straight line basis over a period of 5 years, unless it has a shorter useful life.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

3.11. Impairment of non-financial assets: Property, Plant and Equipment and Intangible Assets

The Company assesses, at each reporting date, whether there is any indication that any Property, Plant and Equipment and Intangible Assets or group of assets called Cash Generating Units (CGU) may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount to determine the extent of impairment, if any.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the

NOTES

forming part of Financial Statements

Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the Statement of Profit and Loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

3.12. Employee Benefits Expenses

3.12.1. Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services

3.12.2. Post-Employment Benefits

A. Defined contribution schemes

All eligible employees of the company are entitled to receive benefits under the provident fund, a defined contribution plan in which both the employee and the company contribute monthly at a stipulated percentage of the covered employee's salary. Contributions are made to Employees Provident Fund Organization in respect of Provident Fund, Pension Fund and Employees Deposit Linked Insurance Scheme at the prescribed rates and are charged to Statement of Profit and Loss at actuals. The company has no liability for future provident fund benefits other than its annual contribution.

B. Defined Benefit schemes

Gratuity

The Company provides for gratuity covering eligible employees under which a lumpsum payment is paid to vested employees at retirement, death, incapacitation or termination of employment, of an amount reckoned on the respective employee's salary and his tenor of employment with the Company. The Company accounts for its liability for future gratuity benefits based on actuarial valuation determined

at each Balance Sheet date by an Independent Actuary using Projected Unit Credit Method. The Company makes annual contribution to a Gratuity Fund administered by Trustees and separate schemes managed by Kotak Mahindra Old Mutual Life Insurance Limited and/or ICICI Prudential Life Insurance Company Limited.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Re-measurement, comprising of actuarial gains and losses (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

3.12.3. Other Long term employee benefits

Accumulated compensated absences

The Company provides for liability of accumulated compensated absences for eligible employees on the basis of an independent actuarial valuation carried out at the end of the year, using the projected unit credit method. Actuarial gains and losses are recognised in the Statement of Profit and Loss for the period in which they occur.

3.12.4. Employee share based payments

Stock options granted to the employees under the stock option scheme established are accounted as per the accounting treatment prescribed by the SEBI (Share Based Employee Benefits) Regulations, 2014 issued by Securities and Exchange Board of India.

NOTES

forming part of Financial Statements

The Company follows the fair value method of accounting for the options and accordingly, the excess of market value of the stock options as on the date of grant over the fair value of the options is recognised as deferred employee compensation cost and is charged to the Statement of Profit and Loss on graded vesting basis over the vesting period of the options.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

3.13.Provisions

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the Statement of Profit and Loss net of any reimbursement.

3.14.Taxes

Income tax expense represents the sum of current tax and deferred tax.

3.14.1 Current Tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible in accordance with applicable tax laws.

The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the end of reporting date in India where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e., either in other comprehensive income or in equity. Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity. Management periodically

evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

3.14.2 Deferred tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities used in the computation of taxable profit and their carrying amounts in the financial statements for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- i. Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- ii. In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- i. When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- ii. In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit

NOTES

forming part of Financial Statements

will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e., either in other comprehensive income or in equity. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

3.15. Contingent Liabilities and Assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The company does not have any contingent assets in the financial statements.

3.16. Earnings Per Share

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

3.17. Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency of the Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in the Statement of profit and loss.

3.18. Cash-flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

NOTES

forming part of Financial Statements

3.19. Leases

Effective 01 April 2019, the Company had applied Ind AS 116 'Leases' to all lease contracts existing on 01 April 2019 by adopting the modified retrospective approach.

The Company evaluates each contract or arrangement, whether it qualifies as lease as defined under Ind AS 116. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset.

The Company as a lessee

The Company has elected not to recognise right-of use assets and lease liabilities for short term leases that have a lease term of less than or equal to 12 months and leases with low value assets. The Company determines the lease term as the non-cancellable period of a lease, together with periods covered by an option to extend the lease, where the Company is reasonably certain to exercise that option.

The Company recognises the lease payments associated with these leases as an expense in Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern of the lessee's benefit. The related cash flows are classified as operating activities.

Wherever the above exception permitted under Ind AS 116 is not applicable, the Company at the time of initial recognition:

- measures lease liability as present value of all lease payments discounted using the Company's incremental cost of borrowing and directly attributable costs. Subsequently, the lease liability is increased by interest on lease liability, reduced by lease payments made and remeasured to reflect any reassessment or lease modifications specified in Ind AS 116 'Leases', or to reflect revised fixed lease payments.
- measures 'Right-of-use assets' as present value of all lease payments discounted using the Company's incremental cost of borrowing and any initial direct costs. Subsequently, 'Right-of-use assets' is measured using cost model i.e. at cost less any accumulated depreciation (depreciated on straight line basis over the lease period) and any accumulated impairment losses adjusted for any remeasurement of the lease liability specified in Ind AS 116 'Leases'

The Company as a lessor

Leases under which the Company is a lessor are classified as finance or operating leases. Lease contracts where all the risks and rewards are substantially transferred to the lessee, the lease contracts are classified as finance leases. All other leases are classified as operating leases. Lease payments from operating leases are recognised as an income in the Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished.

4. Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

4.1. Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect

NOTES

forming part of Financial Statements

the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

4.2. Effective Interest Rate (EIR) method

The Company's EIR methodology, recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, probable fluctuations in collateral value as well as expected changes to India's base rate and other fee income/expense that are integral parts of the instrument

4.3. Impairment of loans portfolio

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

4.4. Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ

from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

4.5. Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

4.6. Determination of lease term

Ind AS 116 "Leases" requires lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes assessment on the expected lease term on lease by lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of lease and the importance of the underlying to the Company's operations taking into account the location of the underlying asset and the availability of the suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

4.7. Other estimates

These include contingent liabilities, useful lives of tangible and intangible assets etc.

22.1 Nature and purpose of reserve

(a) Statutory reserve

Statutory Reserve represents the Reserve Fund created under Section 45 IC of the Reserve Bank of India Act, 1934. Accordingly an amount representing 20% of Profit for the period is transferred to the fund for the year.

(b) Securities Premium

This Reserve represents the premium on issue of equity shares and can be utilized in accordance with the provisions of the Companies Act, 2013.

(c) Debenture Redemption Reserve

Pursuant to Rule 18(7)(b)(iii) of the Companies (Share Capital and Debentures) Rules, 2014, as amended vide the Companies (Share Capital and Debentures) Amendment Rules dated August 16, 2019, the Company, being an NBFC registered with the Reserve Bank of India under Section 45 IA of the RBI Act, 1934, is not required to create a Debenture Redemption Reserve, in respect of public issue of debentures and debentures issued by it on a private placement basis.

(d) General Reserve

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of profit for the period at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

NOTES

(e) Share Options outstanding account

The fair value of equity settled share based payments transactions is recognised in the Statement of Profit and Loss with corresponding credit to Share option outstanding account.

(f) Retained earnings

This Reserve represents the cumulative profits of the Company. This Reserve can be utilized in accordance with the provisions of the Companies Act, 2013.

(g) Other Comprehensive Income

Equity instruments through Other Comprehensive Income

The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated in the FVOCI equity investments reserve. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.

Effective portion of Cash Flow Hedges and Cost of Hedging Reserve

Effective portion of cash flow hedges represents the cumulative gains/(losses) arising on changes

(₹ in millions, except for share data and unless otherwise stated)

in fair value of the derivative instruments designated as cash flow hedges through OCI. The amount recognized as effective portion of Cash flow hedge is reclassified to profit or loss when the hedged item affects profit or loss. The company designates the spot element of foreign currency forward contracts as hedging instruments. The changes in the fair value of forward element of the forward contract on reporting date is deferred and retained in the cost of hedging reserve.

Defined Benefit Plan

The Company has a defined benefit gratuity plan. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Every employee who has completed five years or more of service gets a gratuity on leaving the service of the company at 15 days salary (last drawn salary) for each completed year of service.

Gratuity liability is funded through a Gratuity Fund managed by Kotak Mahindra Old Mutual Life Insurance Limited and ICICI Prudential Life Insurance Company Limited.

The following tables summarise the components of net benefit expense recognized in the Statement of Profit and Loss and the funded status and amounts recognized in the Balance Sheet for the gratuity plan.

A quantitative sensitivity analysis for significant assumptions as at March 31, 2022 and March 31, 2021 are as shown below:

Assumptions	Sensitivity Level	As at March 31, 2022	As at March 31, 2021
Discount Rate	Increase by 1%	(69.90)	(69.41)
Discount Rate	Decrease by 1%	77.67	77.37
Further Salary Increase	Increase by 1%	76.31	75.70
Further Salary Increase	Decrease by 1%	(70.03)	(69.28)
Employee turnover	Increase by 1%	(5.75)	(7.15)
Employee turnover	Decrease by 1%	6.10	7.65
Mortality Rate	Increase in expected lifetime by 1 year	0.06	0.06
Mortality Rate	Increase in expected lifetime by 3 years	0.15	0.17

The sensitivity is performed on the DBO at the respective valuation date by modifying one parameter whilst retaining other parameters constant. There are no changes from the previous period to the methods and assumptions underlying the sensitivity analyses. The weighted average duration of the defined benefit obligation as at March 31, 2022 is 5 years (2021: 5 years). The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Description of Asset Liability Matching (ALM) Policy

The Company primarily deploys its gratuity investment assets in insurer-offered debt market-linked plans. As investment returns of the plan are highly sensitive to changes in interest rates, liability movement is broadly hedged by asset movement if the duration is matched.

Description of funding arrangements and funding policy that affect future contributions

The liabilities of the fund are funded by assets. The company aims to maintain a close to full-funding position at each Balance Sheet date. Future expected contributions are disclosed based on this principle.

The principal assumptions used in determining leave encashment obligations for the Company's plans are shown below:

The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations. The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments, mortality, withdrawals and other relevant factors.

Note 36: Maturity analysis of assets and liabilities

The table below shows the maturity analysis of assets and liabilities according to when they are expected to be recovered or settled and considering contractual terms. For Loans and advances to customers, maturity analysis is based on expected repayment behaviour.

Note 40: Capital

Capital Management

The primary objective of the Company's capital management policy is to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholder value.

The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions and requirements of the financial covenants. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

Regulatory capital	As at March 31, 2022	As at March 31, 2021

CET1 capital ratio	29.10%	26.31%
CET2 capital ratio	0.87%	1.08%
Total capital ratio	29.97%	27.39%

Regulatory capital consists of CET1 capital, which comprises share capital, share premium, statutory reserve, share option outstanding account, retained earnings including current year profit. Certain adjustments are made to Ind AS-based results and reserves, as prescribed by the Reserve Bank of India. The other component of regulatory capital is other Tier 2 Capital Instruments.

Note 41: Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

Fair Value Hierarchy of financial instruments measured at fair value

The fair value measurement hierarchy for financial instruments measured at fair value as at March 31, 2022 is as follows:

Valuation methodologies of financial instruments measured at fair value

Fair values of financial assets, other than those which are subsequently measured at amortised cost, have been arrived at as under:

Investments at fair value through profit or loss

For investments at fair value through profit and loss, valuation is done using quoted prices from active markets at the measurement date. The equity instruments which are actively traded on public stock exchanges with readily available active prices on a regular basis are classified as Level 1. Units held in mutual funds are measured based on their published net asset value (NAV), taking into account redemption and/or other restrictions are generally Level 1.

Derivative Financial Instruments (assets/liabilities) at fair value through other comprehensive income

The financial assets/liabilities on derivative contracts have been valued at fair value through other comprehensive income using closing rate and is classified as Level 2

Investments at fair value through other comprehensive income

Equity instruments in non-listed entities are initially recognised at transaction price and re-measured as per fair valuation report on a case-by-case basis and classified as Level 2. The equity instruments which are actively traded on public stock exchanges with readily available active prices on a regular basis are classified as Level 1.

Financial instruments not measured at fair value

Set out below is a comparison, by class, of the carrying amounts and fair values of the Company's financial instruments that are initially measured at fair value and subsequently carried at amortised cost in the financial statements. Valuation methodologies of financial instruments not measured at fair value

Short-term financial assets and liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include cash and cash equivalents, trade receivables, balances other than cash and cash equivalents and trade payables without a specific maturity.

Loans and advances to customers

The fair values of loans and receivables are estimated by discounted cash flow models that incorporate assumptions for credit risks, probability of default and loss given default estimates. Since comparable data is not available, Credit risk is derived using historical experience, management view and other information used in its collective impairment models.

Fair values of portfolios are calculated using a portfolio-based approach, grouping loans as far as possible into homogenous groups based on similar characteristics i.e., type of loan. The Company then calculates and extrapolates the fair value to the entire portfolio using effective interest rate model that incorporate interest rate estimates considering all significant characteristics of the loans. The credit risk is applied as a top-side adjustment based on the collective impairment model incorporating probability of defaults and loss given defaults. Hence, the carrying amount of such financial assets at amortised cost net of impairment loss allowance is of reasonable approximation of their fair value.

Investments- at amortised cost

For Government Securities, the market value of the respective Government stock as on the date of reporting has been considered for fair value computations.

Debt Securities

The fair value of debt securities is estimated by a discounted cashflow model incorporating interest rate estimates from market observable data such as secondary prices for its traded debt itself.

Financial liabilities at amortised cost

The fair values of financial liabilities held-to-maturity (financial liabilities other than trade payables and debt securities) are estimated using effective interest rate model based on contractual cash flows using actual yields. Since the cost of borrowing on the reporting date is not expected to be significantly different from the actual yield considered under effective interest rate model, the carrying value of such financial liabilities at amortised cost is considered a reasonable approximation of their fair value.

Note 42: Risk Management

The Company's principal financial liabilities comprise borrowings and trade and other payables. The main purpose of these financial liabilities is to finance and support the Company's operations. The Company's principal financial assets include loans, investments, cash and cash equivalents and other receivables that are derived directly from its operations. As a financial lending institution, Company is exposed to various risks that are related to lending business and operating environment. The principal objective in Company's risk management processes is to measure and monitor the various risks that Company is subject to and to follow policies and procedures to address such risks.

The Company's Risk Management Committee of the Board of Directors constituted in accordance with the Reserve Bank of India regulations has overall responsibility for overseeing the implementation of the Risk Management Policy. The committee meets at least twice in a year to review the Risk Management practices. Risk Management department periodically places its report to the committee for review. The committee's suggestions for improving the Risk Management Practices are implemented by the Risk Management department.

Risk Management department shall be responsible for the following:

- a) Identifying the various risks associated with the activities of the Company and assessing their impact on the business.
- b) Measuring the risks and suggesting measures to effectively mitigate the risks.

NOTES

forming part of Financial Statements

(₹ in millions, except for share data and unless otherwise stated)

However, the primary responsibility for managing the various risks on a day to day basis will be with the heads of the respective business units of the Company.

The Company is generally exposed to credit risk, liquidity risk, market risk and operational risk.

I) Credit Risk

Credit Risk arises from the risk of loss that may occur from the default of Company's customers under loan agreements. Customer defaults and inadequate collateral may lead to loan losses.

The Company addresses credit risk through following processes:

- a) Credit risk on Gold loan is considerably reduced as collateral is in the form of Gold ornaments which can be easily liquidated and there is only a distant possibility of losses due to adequate margin of 25% or more retained while disbursing the loan. Credit risk is further reduced through a quick but careful collateral appraisal and loan approval process. Hence overall, the Credit risk is normally low.
- b) Sanctioning powers for Gold Loans is delegated to various authorities at branches/controlling offices. Sanctioning powers are used only for granting loans for legally permitted purposes. The maximum Loan to Value does not exceed the limit stipulated by the Reserve Bank of India under any circumstances.
- c) Gold ornaments brought for pledge is the primary responsibility of Branch Manager. Branch executives should enquire with the customers about the ownership of the ornaments being pledged for loan and the loan should be granted only after they are convinced about the genuineness of the customer and his capacity to own that much quantity of gold. In addition to the above, customers are also required to sign a declaration of ownership of ornaments offered as security for the loan. Extra care is taken if the gold jewellery brought for pledge by any customer at any one time or cumulatively is more than 20 gm. The declaration should also contain an explanation specifically as to how the ownership was vested with the customer.
- d) Auctions are conducted as per the Auction Policy of the Company and the guidelines issued by Reserve Bank of India. Auction is generally conducted before loan amount plus interest exceeds realizable value of gold. After reasonable time is given to the customers for release after loan becomes overdue and on exhausting all efforts for persuasive recovery, auction is resorted to as the last measure in unavoidable cases. Loss on account of auctions are recovered from the customer. Any excess received on auctions are refunded to the customer.
- e) In case of loans other than Gold Loan, loans are given whether with primary/collateral security, like secured loans or without any primary/collateral security like unsecured loans, more than ordinary care is taken such that loans are granted only to persons/firms/companies of repute with credit worthiness, future cash flows to repay the loan and track record.

Impairment Assessment

The Company is mainly engaged in the business of providing gold loans. The tenure of the loans generally is for 12 months.

The Company also provides unsecured personal loans to salaried individuals and unsecured loans to traders and self employed. The tenure of the loans ranges from 12 months to 60 months.

The Company's impairment assessment and measurement approach is set out in this note. It should be read in conjunction with the Summary of significant accounting policies.

Definition of default and cure

"The Company considers a financial instrument as defaulted and therefore Stage 3 (credit-impaired) for Expected Credit Loss (ECL) calculations in all cases when the borrower becomes 91 days past due including the due date on its

NOTES

forming part of Financial Statements

(₹ in millions, except for share data and unless otherwise stated)

contractual payments.

As a part of a qualitative assessment of whether a customer is in default, the Company also considers a variety of instances that may indicate unlikeness to pay. When such events occur, the Company carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations.”

It is the Company’s policy to consider a financial instrument as ‘cured’ and therefore re-classified out of Stage 3 when none of the default criteria have been present for at least three consecutive months. The decision whether to classify an asset as Stage 2 or Stage 1 once cured depends on the updated credit grade, at the time of the cure, and whether this indicates there has been a significant increase in credit risk compared to initial recognition.

Company’s internal credit rating grades and staging criteria for loans are as follows:

Particulars	Loans Days past due (DPD) including the due date	Stages
High grade	Not yet due	Stage 1
Standard grade	1-30 DPD	Stage 1
Sub-standard grade	31-60 DPD	Stage 2
Past due but not impaired	61- 90 DPD	Stage 2
Individually impaired	91 DPD or More	Stage 3

Exposure at Default (EAD)

The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest.

Probability of Default (PD)

The Probability of Default is an estimate of the likelihood of default over a given time horizon. To calculate the ECL for a Stage 1 loan, the Company assesses the possible default events within 12 months for the calculation of the 12 month ECL. For Stage 2 and Stage 3 financial assets, the exposure at default is considered for events over the lifetime of the instruments. The Company uses historical information wherever available to determine PD. PD is calculated using Incremental 91 DPD approach considering fresh slippage using historical information.

Based on its review of macro-economic developments and economic outlook, the Company has assessed that no adjustment is required for temporary overlays to determine qualitative impact on its PD’s as at March 31, 2022 and March 31, 2021. Reference is drawn to Note 65 which explains the impact of COVID-19 pandemic.

Loss Given Default (LGD)

LGD is the estimated loss that the Company might bear if the borrower defaults. The Company determines its recovery (net present value) by analysing the recovery trends, borrower rating, collateral value and expected proceeds from sale of asset.

LGD Rates have been computed internally based on the discounted recoveries in defaulted accounts that are closed/ written off/ repossessed and upgraded during the year.

When estimating ECLs on a collective basis for a group of similar assets, the Company applies the same principles for assessing whether there has been a significant increase in credit risk since initial recognition.

Company has adopted 65% as the LGD which is the rate drawn reference from Internal Rating Based (IRB) approach guidelines issued by Reserve Bank of India for Banks to calculate LGD where sufficient past information is not available.

Collateral and other credit enhancements

The amount and type of collateral required depends on an assessment of the credit risk of the counterparty. Guidelines are in place covering the acceptability and valuation of each type of collateral.

The tables on the following pages show the maximum exposure to credit risk by class of financial asset. They also show the total fair value of collateral, any surplus collateral (the extent to which the fair value of collateral held is greater than the exposure to which it relates), and the net exposure to credit risk.

The main types of collateral are as follows: -

II) Liquidity risk

Liquidity risk is the risk of being unable to raise necessary funds from the market at optimal cost to meet operational and debt servicing requirements. The purpose of liquidity management is to ensure sufficient cash flow to meet all financial commitments and to capitalise on opportunities for business expansion. Board of Directors will have overall responsibility of monitoring, supervision and control of the Asset Liability Management (ALM) mechanism. Board will have a sub-committee of Directors (ALM Committee) to review the ALM position of the Company on at least half yearly intervals. An Asset Liability Committee (ALCO) consisting of senior executives of the Company including the Managing Director shall be responsible for the day to day as well as periodic monitoring and control of Asset Liability management.

Asset Liability Management (ALM)

The table below shows the maturity pattern of the assets and liabilities. In the case of loans, contracted tenor of gold loan is maximum of 12 months. However, on account of high incidence of prepayment before contracted maturity, the below maturity profile has been prepared by the management on the basis of historical pattern of repayments. In case of loans other than gold loan, the maturity profile is based on contracted maturity.

III) Market risk

Market Risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market factor. Such changes in the values of financial instruments may result from changes in the interest rates, credit, liquidity, and other market changes. The objective of market risk management is to avoid excessive exposure of our earnings and equity to loss and reduce our exposure to the volatility inherent in financial instruments. The Company is exposed to four types of market risk as follows:

a) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is subject to interest rate risk, primarily since it lends to customers at fixed rates and for maturity periods shorter than the funding sources. Majority of our borrowings are at fixed rates. However, borrowings at floating rates gives rise to interest rate risk. Interest rates are highly sensitive to many factors beyond control, including the monetary policies of the Reserve Bank of India, domestic and international economic and political conditions, inflation and other factors. In order to manage interest rate risk, the Company seek to optimize borrowing profile between short-term and long-term loans. The Company adopts funding strategies to ensure diversified resource-raising options to minimize cost and maximize stability of funds. Assets and liabilities are categorized into various time buckets based on their maturities and Asset Liability Management Committee supervise an interest rate sensitivity report periodically for assessment of interest rate risks. The Interest Rate Risk is mitigated by availing funds at very competitive rates through diversified borrowings and for different tenors.

The following table demonstrates the sensitivity to a reasonably possible change in the interest rates on the portion of borrowings affected. With all other variables held constant, the profit before taxes affected through the impact on floating rate borrowings are as follows:

Impact on Profit before taxes	As at March 31, 2022	As at March 31, 2021
On Floating Rate Borrowings		
1% increase in interest rates	2400.21	1,817.50
1% decrease in interest rates	(2,400.21)	(1,817.50)

b) Price risk

Sudden fall in the gold price and fall in the value of the pledged gold ornaments can result in some of the customers to default if the loan amount and interest exceeds the market value of gold. This risk is in part mitigated by a minimum 25% margin retained on the value of gold jewellery for the purpose of calculation of the loan amount. Further, we appraise the gold jewellery collateral solely based on the weight of its gold content, excluding weight and value of the stone studded in the jewellery. In addition, the sentimental value of the gold jewellery to the customers may induce repayment and redemption of the collateral even if the value of gold ornaments falls below the value of the repayment amount. An occasional decrease in gold prices will not increase price risk significantly on account of our adequate collateral security margins. However, a sustained decrease in the market price of gold can additionally cause a decrease in the size of our loan portfolio and our interest income.

Equity price risk is the risk that the fair value of equities decrease as the result of changes in level of equity indices and individual stocks. The trading equity price risk exposure arises from equity securities classified at FVTPL and the non-trading equity price risk exposure arises from equity securities classified at FVOCI.

NOTES

forming part of Financial Statements

(₹ in millions, except for share data and unless otherwise stated)

A 10% increase/(decrease) in the equity price (traded and non-traded) would have the impact as follows:

Particulars	Increase/ (Decrease) in percentage	Sensitivity of profit or loss	Sensitivity of Other Comprehensive Income
As at March 31, 2022	10/(10)	0.00/(0.00)	196.05/(196.05)
As at March 31, 2021	10/(10)	0.00/(0.00)	189.90/(189.90)

c) Foreign currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk for the Company arises majorly on account of foreign currency borrowings. The Company's foreign currency exposures are managed in accordance with its Foreign Exchange Risk Management Policy which has been approved by its Board of Directors. The Company has hedged its foreign currency risk on its foreign currency borrowings as on March 31, 2022 by entering into cross currency swaps and forward contracts with the intention of covering the entire term of foreign currency exposure. The counterparties for such hedge transactions are banks.

The Company's exposure on account of Foreign Currency Borrowings at the end of the reporting period expressed in Indian Rupees are as follows:

Particulars	Foreign currency	As at March 31, 2022	As at March 31, 2021
External Commercial Borrowings - Senior Secured Notes (principal amount and interest accrued but not due on reporting date)	USD	76,815.78	74,097.06

Since the foreign currency exposure is completely hedged by equivalent derivative instrument, there will not be any significant impact on sensitivity analysis due to the possible change in the exchange rates where all other variables are held constant. On the date of maturity of the derivative instrument, considering the hedging for the entire term of the foreign currency exposure, the sensitivity of profit and loss to changes in the exchange rates will be Nil.

d) Prepayment risk

Prepayment risk is the risk that the Company will incur a financial loss because its customers and counterparties repay or request repayment earlier or later than expected, such as fixed rate loans when interest rates fall.

IV) Operational and business risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. When controls fail to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The Company cannot expect to eliminate all operational risks, but it endeavours to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes including the use of internal audit.

Note 43: Disclosure with regard to dues to Micro Enterprises and Small Enterprises

Based on the information available with the Company and which has been relied upon by the auditors, none of the suppliers have confirmed to be registered under "The Micro, Small and Medium Enterprises Development ('MSMED') Act, 2006". Accordingly, no disclosures relating to principal amounts unpaid as at the period ended March 31, 2022 together with interest paid /payable are required to be furnished.

Note 44: Dividend remitted in foreign currency

There was no dividend remitted in foreign currency during the year ended March 31, 2022 and March 31, 2021.

Note 45: Segment reporting

The Company is engaged in the business segment of Financing, whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated and to assess its performance, and for which discrete financial information is available. Further other business segments do not exceed the quantitative thresholds as defined by the Ind AS 108 on "Operating Segment". Hence, there are no separate reportable segments, as required by the Ind AS 108 on "Operating Segment".

Note 46: Share based payments

Pursuant to approval by the shareholders at their meeting held on September 27, 2013, the Company has established "Muthoot ESOP 2013" scheme administered by the ESOP Committee of Board of Directors. The following options were granted as on March 31, 2022. The fair value of the share options is estimated at the grant date using a Black-Scholes pricing model, taking into account the terms and conditions upon which the share options were granted. However, the above performance condition is only considered in determining the number of instruments that will ultimately vest.

I The Company has formulated various share-based payment schemes for its employees. Details of all grants in operation during the year ended March 31, 2022 are as given below:

Disclosures on risk exposures of derivatives

Qualitative disclosures

"The Company has a Board approved policy in dealing with derivative transactions. The Company undertakes derivative transactions for hedging foreign currency exposures to mitigate the foreign currency risk. During the year, the company has hedged its foreign currency borrowings through forward exchange contracts and Cross Currency Swaps. The Asset Liability Management Committee monitors such transactions and reviews the risks involved.

The derivative transactions are accounted in accordance with Ind AS 109 and the accounting policy for recording hedge and non-hedge transactions and valuation of outstanding contracts is detailed in Note 3.7.

The aggregate impairment loss on application of expected credit loss method (ECL) as per Ind AS, as stated above, is more than the provisioning required under IRACP norms (including standard asset provisioning). Further, as stated in Note 19.1 the company has retained provision in excess of ECL in the books of account as a matter of prudence.

Note 54: Disclosure on Liquidity Coverage Ratio

Disclosure as per the circular no. RBI/2019-20/88 DOR.NBFC (PD) CC. No.102/03.10.001/2019-20 dated November 04, 2019 issued by Reserve Bank of India regarding Liquidity Coverage Ratio (LCR)

Maintenance of Liquidity Coverage Ratio (LCR)

Reserve Bank Of India vide its notification no. RBI/2019-20/88 DOR.NBFC (PD) CC. No.102/03.10.001/ 2019-20 dtd November 04,2019 introduced Liquidity Coverage Ratio for certain categories of NBFCs w.e.f December 01, 2020. All non-deposit taking NBFCs with asset size of ₹ 10,000 crore and above, and all deposit taking NBFCs irrespective of their asset size, shall maintain a liquidity buffer in terms of LCR which will promote resilience of NBFCs to potential liquidity disruptions by ensuring that they have sufficient High Quality Liquid Asset (HQLA) to survive any acute liquidity stress scenario lasting for 30 days. The stock of HQLA to be maintained by the NBFCs shall be minimum of 100% of total net cash outflows over the next

B) Qualitative Disclosure

"The Company has adopted Liquidity Risk Management (LRM) framework on liquidity standards as prescribed by the RBI guidelines and has put in place requisite systems and processes to enable periodical computation and reporting of the Liquidity Coverage Ratio (LCR). The mandated regulatory threshold is embedded into the Liquidity Risk Management framework of the Company thus subjecting LCR maintenance to Board oversight and periodical review. The Company computes the LCR and reports the same to the Asset Liability Management Committee (ALCO) as well as to the ALM Committee of the Board.

The Company follows the criteria laid down by RBI for calculation of High Quality Liquid Assets (HQLA), gross cash outflows and inflows within the next 30-day period. HQLA predominantly comprises unencumbered Cash and Bank balances, Government securities (viz., Treasury Bills, Central and State Government securities, Investments in TREPs (Triparty Repo trades in Government Securities provided by The Clearing Corporation of India)).

All significant outflows and inflows determined in accordance with RBI guidelines are included in the prescribed LCR computation template.

The Company monitors the concentration of funding sources from significant counterparties, significant instruments/products as part of the LRM framework. The Company follows internal limits on short term borrowings which form part of the LRM framework. The Company's funding sources are fairly dispersed across sources and maturities."

"The Board shall have the overall responsibility for management of liquidity risk. The Board shall decide the strategy, policies and procedures to manage liquidity risk in accordance with the liquidity risk tolerance/limits decided by it from time to time.

The ALM Committee of the Board of Directors shall be responsible for evaluating the liquidity risk.

The Asset-Liability Management Committee (ALCO) consisting of the NBFC's top management shall be responsible for ensuring adherence to the risk tolerance/limits set by the Board as well as implementing the liquidity risk management strategy of the NBFC. The Managing Director heads the Committee. The role of the ALCO with respect to liquidity risk include, inter alia, decision on desired maturity profile and mix of incremental assets and liabilities, sale of assets as a

CONSOLIDATED FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT

To The Members of MUTHOOT FINANCE LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Muthoot Finance Limited (hereinafter referred to as 'the Holding Company'), and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), which comprise the consolidated Balance Sheet as at March 31, 2022, the consolidated Statement of Profit and Loss (including other comprehensive income), the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and Notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the consolidated financial statements').

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries, referred to in the Other Matters section below, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013, as amended ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2022, and its consolidated profit, its consolidated

total comprehensive income, its consolidated cash flows and consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the audit of the consolidated financial statements' section of our Report. We are independent of the Group in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the other matters section below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

A) Key Audit Matters with reference to the Holding Company

Key Audit matters	Auditors' Response
<p>1. Expected Credit Loss under IND AS 109 "Financial Instruments"</p> <p>The Company recognises Expected Credit Losses (ECL) on loan assets under IND AS 109 "Financial Instruments" based on the Expected Credit Loss model developed by the Company. The estimation of ECL on financial instruments involves significant judgement and estimates. Key estimates involve determining Exposure at Default, Probability at Default and Loss Given Default using historical information. Hence, we have considered the estimation of ECL as a Key Audit Matter.</p> <p>Refer Note 44 (Risk Management) to the consolidated financial statements.</p>	<ul style="list-style-type: none"> Assessed the accounting policy for impairment of financial assets and its compliance with IND AS 109. Obtained an understanding of the Company's Expected Credit Loss (ECL) calculation and the underlying assumptions. Tested the key controls over the assessment and identification of significant increase in credit risk and staging of assets. Sample testing of the accuracy and appropriateness of information used in the estimation of Probability of Default (PD) and Loss Given Default (LGD). Tested the arithmetical accuracy of the computation of PD and LGD and also performed analytical procedures to verify the reasonableness of the computation. Assessed the disclosure made in relation to IND AS 109 for ECL allowance. Further, we also assessed whether the disclosure of key judgements and assumptions are adequate.

Key Audit matters	Auditors' Response
2. Related Party Transactions We identified related party transactions as a key audit matter due to the significance of related party transactions, regulatory compliance and risk of such transactions remaining undisclosed in the financial statements.	<ul style="list-style-type: none"> Evaluated the Company's policies, processes and procedures in respect of identifying and disclosing related party transactions. Read the minutes of meetings of the shareholders, Board and Audit Committee regarding the Company's assessment of related party transactions for arm's length pricing. Assessed the compliance with Companies Act 2013, including authorisation and approvals as specified in sections 177 and 188 of the Companies Act, 2013, and Rules thereon and the Securities and Exchange Board of India regulations with respect to related party transactions. Tested on a sample basis related party transactions with the underlying contracts and other documents.
3. Compliance and disclosure requirements Compliance and disclosure requirements under the applicable Indian Accounting Standards, Reserve Bank of India (RBI) guidelines and other applicable statutory, regulatory and financial reporting framework.	<ul style="list-style-type: none"> Assessed the systems and processes laid down by the Company to appropriately ensure compliance and disclosures as per the applicable Indian Accounting Standards, RBI guidelines and other applicable statutory, regulatory and financial reporting framework. Designed and performed audit procedures to assess the completeness and correctness of the details disclosed having regard to the assumptions made by the management in relation to the applicability and extent of disclosure requirements. Relied on internal records of the Company and external confirmations wherever necessary.
4. Litigations The Company has various tax litigations pending under the Income Tax Act 1961, Goods and Services Tax Act 2017, service tax under Finance Act 1994 and Value Added Tax Acts of various States. The Company has disputed these in various forums and the outcome of these cases will depend on significant judgements, hence we have identified pending litigation as a Key Audit Matter.	In assessing the litigations, we have: <ul style="list-style-type: none"> Read the communications with the relevant tax authorities in respect to the pending tax litigations and also considered the submissions made by the management to the respective appellate authorities. We verified the accuracy of the disputed amounts with the relevant communication from the tax authority.
5. IT Systems and Controls The Company uses Information Technology (IT) application for financial accounts and reporting process. Any gap in the financial accounting and reporting process may result in a misstatement, hence we have identified IT systems and controls over financial reporting as a Key Audit Matter.	<ul style="list-style-type: none"> Understood the IT systems and controls over key financial accounting and reporting systems. Tested the general IT controls for design and operating effectiveness. Understood the changes made in the IT environment during the year and ascertained its effect on the financial statements controls and accounts. We also assessed, through sample tests, the information generated from these systems which were relied upon for our audit.

B) Key Audit Matters with reference to subsidiaries

There are no specific key audit matters reported to us by the auditors of the subsidiary companies not audited by us, except as reported by the auditors of three subsidiary companies in their standalone audit report and reproduced by us, as below:

(i) In respect of subsidiary, Belstar Microfinance Limited

Key Audit matters	Auditors' Response
Expected Credit Losses on loan assets As on March 31, 2022, the Company has reported gross loan assets of ₹ 37,780.12 million against which an impairment loss of ₹ 2,237.59 million has been recorded. The Company recognised impairment provisions for loan assets based on the Expected Credit Loss approach laid down under 'Ind AS 109 – Financial Instruments'.	Our audit focused on assessing the appropriateness of Management's judgement and estimates used in the impairment analysis through procedures that included, but were not limited to, the following; <ul style="list-style-type: none"> Obtain an understanding of the modelling techniques adopted by the Company including the key inputs and assumptions. Since modelling assumptions and parameters are based on historical data, we assessed whether historical experience was representative of current circumstances and was relevant in view of the recent impairment losses incurred within the portfolios.

Key Audit matters	Auditors' Response
<p>The Expected Credit Loss ('ECL') approach as required under Ind AS 109, Financial instruments, involves high degree of complexity requiring significant judgement of the Management and the use of the different modelling techniques and assumptions which could have a material impact on the accompanying financial statements.</p> <p>The Management is required to determine the ECL that may occur over either 12-month period or the remaining life of an asset, depending on the categorization of the individual asset. Significant management judgement and assumptions involved in measuring ECL include:</p> <ul style="list-style-type: none"> • Categorisation of loans in Stage 1, 2 and 3 based on identification of exposures with Significant Increase in Credit Risk (SICR) since their origination and individually impaired/default exposures. • Techniques used to determine Probability of Default, Loss Given Default and Exposure at Default. • Factoring in future economic assumptions. <p>These parameters are derived from the Company's internally developed statistical models, other historical data and trends observed in macro-economic factors.</p> <p>Considering the significance of the above matters to the overall standalone financial statements, additional complexities involved in the current year on account of the ongoing impact of COVID-19 and extent of the Management's estimates and judgements involved and also the significant auditor attention required to test such complex accounting estimates, we have identified this as Key Audit Matters for the current year audit.</p> <p>We also draw attention to Note 2.3 of the accompanying standalone financial statements, which describes the potential impact of the continuing COVID-19 pandemic considering the uncertainties involved and on the appropriateness of the impairment losses provided on the above-mentioned loan assets as on March 31, 2022, as the same is fundamental to the understanding of the users of standalone financial statements.</p>	<ul style="list-style-type: none"> • Considered the Company's accounting policies for estimation of expected credit loss on loans and assessing compliance with the policies in terms of Ind AS 109. • Assessed and tested the design and operating effectiveness of the key controls over the completeness and accuracy of the key inputs and assumptions considered for calculation, recording and monitoring of the impairment loss recognised. Also, evaluated the controls over the modelling process, validation of the data and related approvals. • Performed a critical assessment of assumptions including management's assessment of the impact of COVID-19 on these assumptions, and input data used in the estimation of Expected Credit Loss models for specific key credit risk parameters, such as the transfer logic between stages, Probability of Default (PD) or Loss Given Default (LGD); • Performed an assessment of the adequacy of the credit losses expected within 12 months by reference to credit losses actually incurred on similar portfolios historically. • Obtained written representations from management on whether they believe significant assumptions used in calculation of expected credit losses are reasonable; and • Assessed the appropriateness and adequacy of the related presentation and disclosures in the accompanying Standalone Financial Statements in accordance with the applicable accounting standards related RBI circulars.
<p>Information technology ('IT') Systems and controls impacting financial reporting</p> <p>The financial accounting and reporting systems of the Company are fundamentally reliant on IT systems and controls to process significant transactions at numerous locations, such as loans, interest income and impairment of financial assets. Any significant gaps in the IT control environment of the financial and accounting records.</p> <p>Appropriate IT general controls and application controls are required to ensure that such IT systems are able to process the data, as required, completely, accurately and consistently for reliable financial reporting.</p> <p>In view of the pervasive nature and complexity of the IT environment, the assessment of the general IT controls and the application controls specific to the accounting and preparation of the financial information is considered to be a key audit matter.</p>	<p>As part of our Audit, we have carried out testing of the IT general controls, application controls and IT dependent manual controls.</p> <p>We tested the design and operating effectiveness of the Company's IT access controls over the key information systems, including changes made to the IT landscape during the audit period, that are critical to financial reporting.</p> <p>We tested IT general controls in the nature of controls over logical access, changes management, and other aspects of IT operational controls.</p> <p>Where deficiencies were identified, we tested compensating controls or performed alternate procedures.</p>

(ii) In respect of subsidiary, Muthoot Homefin (India) Limited

Key Audit matters	Auditors' Response
<p>1. Expected Credit Loss (ECL) on Loans and Advances</p> <p>As at March 31, 2022, the carrying value of loan assets measured at amortized cost, aggregated to ₹ 10295.63 million (net of allowance of ECL ₹ 257.12 million).</p> <p>The estimation of ECL on financial instruments involves significant judgement and estimates. As part of our risk assessment, we determined that the allowance for ECL on loan assets has a high degree of estimation uncertainty, with a potential range of reasonable outcomes for financial statements.</p> <p>The elements of estimating ECL which involved increased level of audit focus are the following:</p> <p>a) Data inputs – The application of ECL model requires several data inputs.</p> <p>b) Model estimations – Inherently judgemental models are used to estimate ECL which involves determining Probabilities of Default ("PD"), Loss Given Default ("LGD"), and Exposures at Default ("EAD"). The PD and the LGD are the key drivers of estimation complexity in ECL and as a result are considered the most significant judgemental aspect of the Company's modelling approach.</p> <p>c) Qualitative and quantitative factors used in staging the loan assets measured at amortized cost.</p> <p>d) Economic scenarios – IND AS 109 requires the Company to measure ECL on an unbiased forward-looking basis reflecting a range of future economic conditions. Significant management judgement is applied determining the economic scenarios used and the probability weights applied to them.</p>	<p>Our Audit Approach:</p> <p>Our audit approach was a combination of test of internal controls and substantive procedures which included the following:</p> <p>a) Testing the design and effectiveness of internal controls over the following:</p> <ul style="list-style-type: none"> Key controls over the completeness and accuracy to the key inputs, data and assumptions into the IND AS 109 impairment model. Key controls over the application of the staging criteria consistent with the definitions applied including the appropriateness of the qualitative factors. Management's controls over authorization and calculation of post model adjustments and management overlays to the output of ECL model. <p>b) On sample basis, ECL allowance on loan assets were tested over the following:</p> <ul style="list-style-type: none"> Sample testing over key inputs, data and assumptions impacting ECL calculations to assess the completeness, accuracy and relevance of data, reasonableness of economic forecasts, weights, and model assumptions applied. <p>c) We evaluated reasonableness of LGD estimates by comparing actual recoveries post the loan asset becoming credit impaired with estimates of LGD; and</p> <p>d) We tested the mathematical accuracy and computation of the allowances by using the same input data used by the Company.</p> <p>e) We also evaluated the adequacy of the adjustment after stressing the inputs used in determining the output as per the ECL Model.</p> <p>f) Testing management's controls on compliance with disclosures to confirm the compliance with the provisions of IND AS 109 and RBI.</p> <p>g) Evaluating the appropriateness of the Company's IND AS 109 impairment methodologies and reasonableness of assumptions used, including management overlays.</p> <p>h) For models which were changed or updated during the year, evaluating whether the changes were appropriate by assessing the updated model methodology.</p> <p>i) Read and assessed the disclosures included in the IND AS financial statements in respect of expected credit losses with the requirements of IND AS 107 and IND AS 109.</p>

(iii) In respect of foreign subsidiary, Asia Asset Finance PLC

Key Audit matters	Auditors' Response
<p>Impairment of loans and receivables</p> <p>The Company's gross loans and receivables amount to LKR 17.34 billion as at March 31, 2022 (2021: LKR 14 billion) and impairment allowance for the year amounts to LKR 493 million (2021: LKR 383 million)</p> <p>Due to significance of loans and receivables it was considered to be a key audit matter.</p> <p>The impairment provision is considered separately on an individual and collective basis.</p> <p>In calculating the impairment provision on a collective basis, statistical models are used. The following inputs to these models require significant management judgement:</p> <ul style="list-style-type: none"> • The Probability of Default (PD); • The Exposure at Default (EAD); • The Loss Given Default (LGD); and • The Effective Interest Rates <p>In assessing loans and receivables on an individual basis, significant judgements, estimates and assumptions have been made by management to:</p> <ul style="list-style-type: none"> • Determine if the loan or advance is credit impaired; • Evaluate the adequacy and recoverability of collateral; • Determine the expected cash flows to be collected; and • Estimate the timing of the future cash flows <p>Key areas of significant judgements, estimates and assumption used by management related to the impact of COVID-19 in the assessment of the impairment allowance included the following:</p> <ul style="list-style-type: none"> • The probable impacts of COVID-19 and related industry responses (e.g., government stimulus packages and debt moratorium relief measures granted by the Company); • The determination on whether or not customer contracts have been substantially modified due to such COVID-19 related stimulus and relief measures granted and related effects on the amount of interest income recognised on affected loans and advances; • Forward-looking macroeconomic factors, including developing and incorporating macroeconomic scenarios, given the wide range of potential economic outcomes and probable impact from COVID-19 that may affect future expected credit losses. 	<p>Our procedures included the following:</p> <ul style="list-style-type: none"> • We obtained an understanding of management's process and tested controls over credit origination, credit monitoring and credit remediation. • We assessed the appropriateness of the accounting policies and loan impairment methodologies applied by comparing these to the requirements of SLFRS 9: Financial Instruments including consideration of current economic crisis, COVID-19 impact and related industry response based on the best available information up to the date of our report. • We test-checked the underlying calculations and data. <p>In addition to the above, we performed the following specific procedures:</p> <ul style="list-style-type: none"> • We assessed the completeness of the underlying information in loans and receivables used in the impairment calculations by agreeing details to the Company's source documents and information in IT systems. • We also considered the reasonableness of macro-economic and other factors used by management by comparing them with publicity available data and information sources. This included assessing and challenging the reasonableness of macroeconomic scenarios considered and certain forward-looking economic data developed by the Company, with a particular focus on the impact of current economic crisis and COVID-19 in light of certain available information and consensus views. <p>For loans and receivables individually assessed for impairment:</p> <ul style="list-style-type: none"> • We assessed the main criteria used by the management for determining whether an impairment event had occurred. • Where impairment indicators existed, we assessed the reasonableness of management's estimate future recoveries including the expected future cash flows, discount rates and the valuation of collateral held. • Evaluating the reasonableness of the provisions made with particular focus on the impact of COVID-19 on the elevated risk industries, strategic responsive actions taken, collateral values, and the value and timing of future cash flows. <p>For loans and advances affected by government stimulus and debt moratorium relief measures granted:</p> <ul style="list-style-type: none"> • Assessing the appropriateness of judgements, reasonableness of calculations and data used to determine whether customer contracts have been substantially modified or not and to determine the resulting accounting implications; and • Evaluate the reasonableness of the interest income recognised on such affected loans and advances

Information Other than the Consolidated Financial Statements and Auditors' Report thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Corporate Overview, Board's Report, Management Discussion and Analysis Report, Business Responsibility Report and Report on Corporate Governance in the Annual Report of the Holding Company

for the financial year 2021-22, but does not include the consolidated financial statements, and our Auditors' Report thereon. The reports containing the other information as above are expected to be made available to us after the date of this Auditors' report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

When we read the reports containing the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions as per applicable laws and regulations.

Responsibilities of Management and those Charged with Governance for the consolidated financial statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate its respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the respective companies in the Group.

Auditors' responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatements of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements including the disclosures, and whether the consolidated financial

statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of business activities included in the consolidated financial statements of which we are the independent auditors. For the business activities of other subsidiaries included in the consolidated financial statements, which has been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in

- planning the scope of our audit work and in evaluating the results of our work; and
- to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements, of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the current year and are therefore the key audit matters. We describe these matters in our Auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements/financial information of six subsidiaries (incorporated in India) and one foreign subsidiary, whose financial statements reflect total assets of ₹ 57,617.83 million as at March 31, 2022, total revenue ₹ 3,512.45 million and net cash flows of ₹ 2,088.63 million for the year ended March 31, 2022 as considered in the consolidated financial statements. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of such other auditors.

Our opinion above on the consolidated financial statements, and our report on 'Other Legal and Regulatory Requirements' below, is not modified in respect of the above matter with respect to our reliance on the work done and reports of the other auditors.

Report on Other Legal and Regulatory Requirements

- As per the Companies (Auditor's Report) order 2020 ('the Order'), issued by the Central Government of India in terms of sub section (11) of section 143 of the Act, we give in 'Annexure A', a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- As required by section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements of the subsidiaries referred to in the other matters section above, we report, to the extent applicable, that:
 - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Group so far as it appears from our examination of those books, returns and the reports of the other auditors. Since the key operations of the Holding Company are automated with the key applications integrated to core banking system/MIS, the audit of the Holding Company is carried out centrally as all the necessary records and data required for the purposes of our audit are available therein.

- c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and Consolidated Statements of Changes in Equity dealt with by this Report are in agreement with books of account maintained for the purpose of preparation of the consolidated financial statements.
- d. In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2022 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies, is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Group and the operating effectiveness of such controls, refer to our separate report 'Annexure B' to this report which is based on the auditors' reports of the Holding Company and subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to financial statements of those companies.
- g. With respect to the other matters to be included in the Auditors' report in accordance with section 197(16) of the Act, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Holding Company and Subsidiary Companies incorporated in India to its directors during the year is in accordance with the provisions of section 197 read with Schedule V to the Act; and
- h. With respect to other matters to be included in the Auditors' report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Group has disclosed the impact of pending litigation on its financial position in its consolidated financial statements – Refer Note 41 to the consolidated financial statements.
 - ii. The Group has made provisions, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India during the year ended March 31, 2022.
 - iv. With respect to clause (e) of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended;

'ANNEXURE B' REFERRED TO IN PARAGRAPH 2(f) UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF MUTHOOT FINANCE LIMITED FOR THE YEAR ENDED MARCH 31, 2022

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to financial statements of Muthoot Finance Limited (hereinafter referred to as the Holding Company) and its subsidiary companies incorporated in India, as of that date.

Opinion

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the other matters paragraph below, the Holding Company and its Subsidiary Companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to consolidated financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the criteria for internal financial controls with reference to consolidated financial statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on 'Audit of Internal Financial Controls Over Financial Reporting' issued by the Institute of Chartered Accountants of India (the 'Guidance Note').

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to consolidated financial statements criteria established by the Holding Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ('the Act').

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies incorporated in India in terms of their reports is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system with reference to consolidated financial statements.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to six subsidiary companies incorporated in India is based on the corresponding reports of the auditors of such companies.

Our opinion is not modified in respect of the above matter.

Meaning of Internal Financial Controls over Financial reporting

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that:

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in

accordance with authorisations of management and directors of the company; and

3. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements reporting

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1. Corporate Information

Muthoot Finance Limited ("the Company") was incorporated as a private limited Company on 14th March, 1997 and was converted into a public limited company on November 18, 2008. The Company was promoted by Late Mr. M. G. George Muthoot, Mr. George Thomas Muthoot, Mr. George Jacob Muthoot and Mr. George Alexander Muthoot who collectively operated under the brand name of "The Muthoot Group". The Company obtained permission from the Reserve Bank of India for carrying on the business of Non-Banking Financial Institutions on 13-11-2001 vide Regn. No. N 16.00167. The Company is presently classified as Systemically Important Non-Deposit Taking NBFC (NBFC-ND-SI). The Registered Office of the Company is at 2nd Floor, Muthoot Chambers, Opposite Saritha Theatre Complex, Banerji Road, Kochi - 682 018, India.

The Company made an Initial Public Offer of 51,500,000 Equity Shares of the face value ₹ 10/- each at a price of ₹ 175/- raising ₹ 9,012.50 million during the month of April 2011. The equity shares of the Company are listed on National Stock Exchange of India Limited and BSE Limited from May 6, 2011.

Basis of Consolidation

The Consolidated financial statements relate to Muthoot Finance Limited and its subsidiaries which constitute the 'Group' hereinafter. Following subsidiary companies have been considered in the preparation of the consolidated financial statements:-

Name of the Company (Country of Incorporation)	Abbreviation used	Relationship with the company	% of holding as at March 31, 2022	% of holding as at March 31, 2021
Asia Asset Finance PLC (Sri Lanka)	AAF	Subsidiary Company	72.92	72.92
Muthoot Homefin (India) Limited (India)	MHIL	Wholly owned subsidiary Company	100.00	100.00
Belstar Microfinance Limited (India)	BML	Subsidiary Company	60.69	70.01
Muthoot Insurance Brokers Private Limited (India)	MIBPL	Wholly owned subsidiary Company	100.00	100.00
Muthoot Money Limited (India)	MML	Wholly owned subsidiary Company	100.00	100.00
Muthoot Asset Management Private Limited (India)	MAMPL	Wholly owned subsidiary Company	100.00	100.00
Muthoot Trustee Private Limited (India)	MTPL	Wholly owned subsidiary Company	100.00	100.00

As stated in Note 9.2 of the consolidated financial statements, the Company held 2,163,000 equity shares of Nepalese Rupee 100/- each in United Finance Limited as at March 31, 2021. Since the management did not have significant influence over the entity as specified in Ind AS-28 - Investments in Associates and Joint Ventures; had elected to recognise and measure the investment at fair value through OCI as per the requirements of Ind AS 109 - Financial Instruments. On July 11, 2021, United Finance Limited was acquired by Nabil Bank Limited, Nepal in share swap 1 : 0.35 and accordingly the Company holds 1,011,418 equity shares of Nepalese Rupee 100/- (i.e. 0.5468% shareholding) each as at March 31, 2022.

2. Basis of preparation and presentation

2.1 Statement of Compliance

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, (as amended from time to time). These financial statements may require further adjustments, if any, necessitated by the guidelines / clarifications / directions issued in the future by RBI, Ministry of Corporate Affairs, or other regulators, which will be implemented as and when the

same are issued and made applicable.

2.2. Principles of Consolidation

2.2.1. Business Combination:

The Group applies Ind AS 103, Business Combinations, to business combinations. In accordance with Ind AS 103, the Group accounts for these business combinations using the acquisition method when control is transferred to the Group. The consideration transferred for the business combination is generally measured at fair value as at the date the control is acquired (acquisition date), as are the net identifiable

NOTES

forming part of Financial Statements

assets acquired. Any goodwill that arises is tested annually for impairment. Any gain on bargain purchase is recognised in Other Comprehensive Income (OCI) and accumulated in equity as capital reserve if there exist clear evidence of the underlying reason for classifying the business combination as resulting in bargain purchase; otherwise the gain is recognised directly in equity as capital reserve. Transaction cost are expensed as incurred, except to the extent related to debt or equity securities.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships with the acquiree. Such amounts are generally recognised in the statement of profit and loss.

Any contingent consideration is measured at fair value at the date of acquisition. If an obligation to pay contingent consideration that meets the definition of a financial instrument is classified as equity, then it is not remeasured subsequently and settlement is accounted for within equity. Other contingent consideration is remeasured at fair value at each reporting date and changes in the fair value of the contingent consideration are recognised in the statement of profit and loss.

If business combination is achieved in stages, any previously held equity interest of the acquirer in the acquiree is remeasured to its acquisition date fair value and any resulting gain or loss is recognised in the Statement of Profit and Loss or OCI, as appropriate.

2.2.2. Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has right to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

2.2.3. Non-controlling interests (NCI)

NCI are measured at their proportionate share of the acquiree's net identifiable assets at the date of acquisition. Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

2.2.4. Loss of control

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related NCI and other component of equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognised in the Statement of Profit and Loss.

2.2.5. Transactions eliminated on consolidation

Intra group balances and transactions, and any unrealised income and expenses arising from intra group transactions are eliminated.

2.2.6. Foreign operations

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition, are translated into at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into at the exchange rates at the dates of the transactions.

The Group recognises foreign currency translation differences in OCI and accumulated in equity (as exchange difference on translating the financial statements of foreign operations), except to the extent that the exchange differences are allocated to NCI.

When a foreign operation is disposed off in its entirety or partially such that control or significant influence is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to the Statement of Profit and Loss as part of the gain or loss on disposal. If the Group disposes off part of its interest in a subsidiary but retains control, then the relevant proportion of the cumulative amount is reattributed to NCI.

2.2.7. The financial statement of the subsidiary companies used in the consolidation are drawn up to the same reporting date as that of the Company i.e., year ended March 31, 2022.

2.2.8. Consolidated financial statements are prepared using uniform accounting policies except as stated in Notes 3.9 and 3.10 of Consolidated Financial Statements. The adjustments arising out of the same are not considered material.

2.3. Basis of measurement

The consolidated financial statements have been prepared on a historical cost basis, except for following

NOTES

forming part of Financial Statements

assets and liabilities which have been measured at fair value:

- i) fair value through other comprehensive income (FVOCI) instruments,
- ii) derivative financial instruments,
- iii) other financial assets held for trading
- iv) financial assets and liabilities designated at fair value through profit or loss (FVTPL)

2.4. The financial statements of the Group are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis.

2.5. Functional and presentation currency

The consolidated financial statements are presented in Indian Rupees (INR) which is also its functional currency and all values are rounded to the nearest million, except when otherwise indicated.

2.6. New Accounting Standards that are issued but not effective

There are no standards that are issued but not yet effective on March 31, 2022.

3. Significant accounting policies

3.1. Revenue Recognition

3.1.1. Recognition of interest income

The Group recognises Interest income by applying the effective interest rate (EIR) to the gross carrying amount of a financial asset except for purchased or originated credit-impaired financial assets and other credit-impaired financial assets.

For purchased or originated credit-impaired financial assets, the Group applies the credit-adjusted effective interest rate to the amortised cost of the financial asset from initial recognition.

For other credit-impaired financial assets, the Group applies effective interest rate to the amortised cost of the financial asset in subsequent reporting periods.

The effective interest rate on a financial asset is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. While estimating future cash receipts, factors like expected behaviour and life cycle of the financial asset, probable fluctuation in collateral value etc are considered which has an impact on the EIR.

While calculating the effective interest rate, the Group includes all fees and points paid or received to and from the borrowers that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Interest income on all trading assets and financial assets required to be measured at FVTPL is recognised using the contractual interest rate as net gain on fair value changes.

3.1.2. Recognition of revenue from sale of goods or services

Revenue (other than for Financial Instruments within the scope of Ind AS 109) is measured at an amount that reflects the considerations, to which an entity expects to be entitled in exchange for transferring goods or services to customer, excluding amounts collected on behalf of third parties.

The Group recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the respective company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract

NOTES

forming part of Financial Statements

that has more than one performance obligation, the respective company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the respective company satisfies a performance obligation.

Revenue from contract with customer for rendering services is recognised at a point in time when the performance obligation is satisfied.

3.1.3. Recognition of Dividend Income

Dividend income (including from FVOCI investments) is recognised by the Group when the respective Company's right to receive the payment is established. This is established when it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably.

3.2. Financial instruments

A. Financial Assets

3.2.1. Initial recognition and measurement

All financial assets are recognised initially at fair value when the parties become party to the contractual provisions of the financial asset. In case of financial assets which are not recorded at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial assets, are adjusted to the fair value on initial recognition.

3.2.2. Subsequent measurement

The Companies in the Group classify its financial assets into various measurement categories. The classification depends on the contractual terms of the financial assets' cash flows and the respective company's business model for managing financial assets.

a. Financial assets measured at amortised cost

A financial asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Financial assets measured at fair value through other comprehensive income (FVOCI)

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and contractual terms of financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c. Financial assets measured at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

3.2.3. Other Equity Investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Group has elected to present the changes in fair value through other comprehensive income (FVOCI)

B. Financial liabilities

3.2.4. Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include trade and other payables, Non-Convertible Debentures loans and borrowings including bank overdrafts.

3.2.5. Subsequent Measurement

Financial liabilities other than derivative financial instruments are subsequently carried at amortized cost using the effective interest method. Subsequent measurement of derivative financial instruments are at fair value as detailed under Note 3.7 'Derivative Financial Instruments'.

3.3. Derecognition of financial assets and liabilities

3.3.1. Financial Asset

The Group derecognizes a financial asset when the contractual cash flows from the asset expire or it transfers its rights to receive contractual cash flows from the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. Any interest in transferred financial assets that is created or retained by the Group is recognized as a separate asset or liability.

NOTES

forming part of Financial Statements

An entity has transferred the financial asset if, and only if, either:

- a) it has transferred its contractual rights to receive cash flows from the financial asset or
- b) It retains the rights to the cash flows, but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement

Pass-through arrangements are transactions whereby the respective Company retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a contractual obligation to pay those cash flows to one or more entities (the 'eventual recipients'), on satisfying specific conditions.

3.3.2. Financial Liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of profit and loss.

3.4. Offsetting

Financial assets and financial liabilities are generally reported gross in the balance sheet. Financial assets and liabilities are offset and the net amount is presented in the balance sheet when the Group has a legal right to offset the amounts and intends to settle on a net basis or to realise the asset and settle the liability simultaneously in all the following circumstances:

- a. The normal course of business
- b. The event of default
- c. The event of insolvency or bankruptcy of the Group and/or its counterparties

3.5. Impairment of financial assets

In accordance with Ind AS 109, the Group uses 'Expected Credit Loss' model (ECL), for evaluating impairment of financial assets other than those

measured at Fair value through profit or loss. The Group follows simplified approach for recognition of impaired loss allowance on:

- a) Trade Receivables or contract revenue receivables; and
- b) All lease receivables resulting from transactions within the scope of Ind AS 116.

3.5.1. Overview of the Expected Credit Loss (ECL) model

Expected Credit Loss, at each reporting date, is measured through a loss allowance for a financial asset:

- At an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.
- At an amount equal to 12-month expected credit losses, if the credit risk on a financial instrument has not increased significantly since initial recognition.

Lifetime expected credit losses means expected credit losses that result from all possible default events over the expected life of a financial asset.

12-month expected credit losses means the portion of Lifetime ECL that represent the ECLs that result from default events on financial assets that are possible within the 12 months after the reporting date.

The Group performs an assessment, at the end of each reporting period, of whether a financial asset's credit risk has increased significantly since initial recognition. When making the assessment, the change in the risk of a default occurring over the expected life of the financial instrument is used instead of the change in the amount of expected credit losses.

Based on the above process, the Group categorises its loans into three stages as described below:

For non-impaired financial assets

- Stage 1 is comprised of all non-impaired financial assets which have not experienced a significant increase in credit risk (SICR) since initial recognition. A 12-month ECL provision is made for stage 1 financial assets. In assessing whether credit risk has increased significantly, The Companies in

NOTES

forming part of Financial Statements

the Group compares the risk of a default occurring on the financial asset as at the reporting date with the risk of a default occurring on the financial asset as at the date of initial recognition.

- Stage 2 is comprised of all non-impaired financial assets which have experienced a significant increase in credit risk since initial recognition. The Companies in the Group recognises lifetime ECL for stage 2 financial assets. In subsequent reporting periods, if the credit risk of the financial instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then entities shall revert to recognizing 12 months ECL provision.

For impaired financial assets:

Financial assets are classified as stage 3 when there is objective evidence of impairment as a result of one or more loss events that have occurred after initial recognition with a negative impact on the estimated future cash flows of a loan or a portfolio of loans. The Group recognises lifetime ECL for impaired financial assets.

3.5.2. Estimation of Expected Credit Loss

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

Probability of Default (PD) - The Probability of Default is an estimate of the likelihood of default over a given time horizon.

The Group uses historical information where available to determine PD. Considering the different products and schemes, the Group has bifurcated its loan portfolio into various pools. For certain pools where historical information is available, the PD is calculated considering fresh slippage of past years. For those pools where historical information is not available, the PD/default rates as stated by external reporting agencies is considered.

Exposure at Default (EAD) - The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected draw downs on committed facilities, and accrued interest from missed payments.

Loss Given Default (LGD) - The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral.

Forward looking information

While estimating the expected credit losses, the Group reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Group analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD, LGD determined by the Group based on its internal data. While the internal estimates of PD, LGD rates by the Group may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

To mitigate its credit risks on financial assets, the Group seeks to use collateral, where possible. The collateral comes in various forms, such as cash, securities, letters of credit/guarantees, vehicles, etc. However, the fair value of collateral affects the calculation of ECLs. The collateral is majorly the property for which the loan is given. The fair value of the same is based on data provided by third party or management judgements.

Loans are written off (either partially or in full) when there is no realistic prospect of recovery. This is generally the case when the Group determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the Statement of Profit and Loss.

3.6. Determination of fair value of Financial Instruments

The Group measures financial instruments, such as, investments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

NOTES

forming part of Financial Statements

- i. In the principal market for the asset or liability, or
- ii. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments – Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Group has access to at the measurement date. The Group considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments– Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable

to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Group will classify the instruments as Level 3.

Level 3 financial instruments – Those that include one or more unobservable input that is significant to the measurement as whole.

3.7. Derivative financial instruments

The Company enters into derivative financial instruments such as foreign exchange forward contracts and cross currency swaps to manage its exposure to foreign exchange rate risk.

Derivatives are initially recognised at fair value on the date when a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date and carried as assets when their fair value is positive and as liabilities when their fair value is negative. The resulting gain/loss is recognised in the Statement of Profit and Loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the Statement of Profit and Loss depends on the nature of the hedge relationship. The Company has designated the derivative financial instruments as cash flow hedges of recognised liabilities and unrecognised firm commitments.

Hedge accounting

In order to manage particular risks, the Company applies hedge accounting for transactions that meet specific criteria.

At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship and the risk management objective and strategy for undertaking the hedge. The company enters into derivative financial instruments that have critical terms aligned with the hedged item and in accordance with the Risk management policy of the company, the hedging relationship is extended to the entire term of the hedged item. The hedges are expected to be highly effective if the hedging instrument is offsetting changes in fair value or cash flows of the hedged item attributable to the hedged risk. The assessment of hedge effectiveness is carried out at inception and on an ongoing basis to determine that the hedging relationship has been effective throughout the financial reporting periods for which they were designated.

NOTES

forming part of Financial Statements

Cash Flow Hedges

A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction and could affect profit and loss. For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in OCI within equity (cash flow hedge reserve). The ineffective portion of the gain or loss on the hedging instrument is recognised immediately in the Statement of Profit and Loss. When the hedged cash flow affects the Statement of Profit and Loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the Statement of Profit and Loss. When a hedging instrument expires, is sold, terminated, exercised, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss that has been recognised in OCI at that time remains in OCI and is recognised when the hedged forecast transaction is ultimately recognised in the Statement of Profit and Loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in OCI is immediately transferred to the Statement of Profit and Loss.

3.8. Cash and cash equivalents

Cash and cash equivalents comprise of cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consist of cash and short-term deposits, as defined above and investment in reverse re-purchase against treasury bills and bonds, net of outstanding bank overdrafts if any, as they are considered an integral part of the Group's cash management.

3.9. Property, plant and equipment

Property, plant and equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment, if any. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly

attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Advances paid towards the acquisition of fixed assets, outstanding at each reporting date are shown under other non-financial assets. The cost of property, plant and equipment not ready for its intended use at each reporting date are disclosed as capital work-in-progress.

Subsequent expenditure related to the asset are added to its carrying amount or recognised as a separate asset only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

3.9.1. Depreciation

Depreciation on Property, Plant and Equipment is calculated by the Company and subsidiary companies incorporated in India using written down value method (WDV) to write down the cost of property and equipment to their residual values over their estimated useful lives which is in line with the estimated useful life as specified in Schedule II of the Companies Act, 2013 or useful life estimated by the respective management based on technical evaluation.

The estimated useful lives are as follows:

Particulars	Useful life
Leasehold Improvements	10 years
Furniture and fixture	10 years
Plant	15 years
Office equipment (MML, MHIL, BML, MFL)	5 years
Office equipment (MIBPL)	10 years
Server and networking	6 years
Computers	3 years
Building	30 years
Vehicles (MML, MFL)	8 years
Vehicles (MIBPL, BML)	10 years
Wind Mill	22 years

In respect of foreign subsidiary AAF, the Property, Plant and Equipment are depreciated on straight line method over the estimated useful life of the assets.

NOTES

forming part of Financial Statements

The estimated useful lives are as follows:

Particulars	Useful life
Building	8 years
Plant	8 years
Furniture and fixture	6 years
Office equipment	6 years
Vehicles	6.5 years
Computers	6 years

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income/expense in the Statement of Profit and Loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

3.10. Intangible assets

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Group.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

Subsequent expenditure related to the assets added to its carrying amount or recognised as a separate asset only if it increases the future benefits of the existing

asset, beyond its previously assessed standards of performance and cost can be measured reliably.

Intangible assets comprising of software is amortised by the Company and MML and MIBPL on straight line basis over a period of 5 years, unless it has a shorter useful life. In respect of BML and AAF computer software are amortized over a period of 3 years and 8 years respectively. In respect of MHIL, intangible assets are amortised on a WDV basis over a period of 5 years, unless it has a shorter useful life.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

3.11. Investment Property

Properties, held to earn rentals and/or capital appreciation are classified as investment property and measured and reported at cost, including transaction costs.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of property is recognised in the Statement of Profit and Loss in the same period.

The fair value of investment property is disclosed in the notes accompanying the consolidated financial statements. Fair value has been determined by independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued.

3.12. Impairment of non-financial assets: Property, Plant and Equipment, Intangible Assets and Investment property

The Group assesses, at each reporting date, whether there is any indication that any Property, Plant and Equipment, Intangible Assets, investment property or group of assets called Cash Generating Units (CGU) may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount to determine the extent of impairment, if any.

NOTES

forming part of Financial Statements

An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the Statement of Profit and Loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

3.13. Employee Benefits Expenses

3.13.1. Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services

3.13.2. Post-Employment Benefits

A. Defined contribution schemes

All eligible employees of the Group are entitled to receive benefits under the provident fund, a defined contribution plan in which both the employee and the Group contribute monthly at a stipulated percentage of the covered employee's salary. Contributions are made to Employees Provident Fund Organization in respect of Provident Fund, Pension Fund and Employees Deposit Linked Insurance Scheme at the prescribed rates and are charged to Statement of Profit and Loss at actuals. The Group has no liability for future provident fund benefits other than its annual contribution.

B. Defined Benefit schemes

Gratuity

The Company and its subsidiaries BML, MHIL and MML provides for gratuity covering eligible employees under which a lump sum payment is paid to vested employees at retirement, death, incapacitation or termination of employment, of an amount reckoned on the respective employee's salary and his tenor of employment with the Group. The said companies in the Group accounts for its liability for future gratuity benefits based on actuarial valuation determined at each Balance Sheet date by an Independent Actuary using Projected Unit Credit Method. The Companies makes annual contribution to a Gratuity Fund administered by Trustees and separate schemes managed by Kotak Mahindra Old Mutual Life Insurance Limited and/or ICICI Prudential Life Insurance Company Limited. In respect of subsidiary BML, contribution to gratuity fund is made through Life Insurance Corporation of India group gratuity fund. In respect of subsidiaries MHIL and MML gratuity liability is not funded. In respect of its foreign subsidiary AAF, future gratuity benefits are accounted for as liability based on actuarial valuation by Project Unit Credit Method in accordance with LKAS 19. The gratuity liability is not externally funded.

The obligation is measured at the present value of the estimated future cash flows.

NOTES

forming part of Financial Statements

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Re-measurement, comprising of actuarial gains and losses (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

3.13.3. Other Long term employee benefits

Accumulated compensated absences

The Group provides for liability of accumulated compensated absences for eligible employees on the basis of an independent actuarial valuation carried out at the end of the year, using the projected unit credit method. Actuarial gains and losses are recognised in the Statement of Profit and Loss for the period in which they occur.

3.13.4. Employee share based payments

Stock options granted to the employees of the Company under the stock option scheme established are accounted as per the accounting treatment prescribed by the SEBI (Share Based Employee Benefits) Regulations, 2014 issued by Securities and Exchange Board of India.

The Company follows the fair value method of accounting for the options and accordingly, the excess of market value of the stock options as on the date of grant over the fair value of the options is recognised as deferred employee compensation cost and is charged to the Statement of Profit and Loss on graded vesting basis over the vesting period of the options.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

3.14. Provisions (other than employee benefits)

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the Statement of Profit and Loss net of any reimbursement.

3.15. Taxes

Income tax expense represents the sum of current tax and deferred tax.

3.15.1. Current Tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible in accordance with applicable tax laws.

The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the end of reporting date where the respective Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e., either in other comprehensive income or in equity. Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

3.15.2. Deferred tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities used in the computation of taxable profit and their carrying amounts in the consolidated financial statements for financial reporting purposes.

NOTES

forming part of Financial Statements

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- i. Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- ii. In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- i. When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- ii. In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e., either in other comprehensive income or in equity. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

3.16. Contingent Liabilities and Assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The Group does not have any contingent assets in the financial statements.

3.17. Earnings Per Share

The Group reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.

NOTES

forming part of Financial Statements

For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

3.18. Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency of the Group at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in the Statement of Profit and Loss.

3.19. Cash-flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Group are segregated.

3.20. Leases

Effective 01 April 2019, the Group had applied Ind AS 116 'Leases'/SLFRS 16 to all lease contracts existing on 01 April 2019 by adopting the modified retrospective approach.

The Group evaluates each contract or arrangement, whether it qualifies as lease as defined under Ind AS 116/SLFRS 16. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset.

The Group as a lessee

The Group has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of less than or equal to 12 months and leases with low value assets. The Group determines the lease term as the non-cancellable period of a lease, together with periods covered by an option to extend the lease, where the Group is reasonably certain to exercise that option.

The Group recognises the lease payments associated with these leases as an expense in Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern of the lessee's benefit. The related cash flows are classified as operating activities.

Wherever the above exception permitted under Ind AS 116 is not applicable/or as per SLFRS 16, the Group at the time of initial recognition:

- measures lease liability as present value of all lease payments discounted using the Group's incremental cost of borrowing and directly attributable costs. Subsequently, the lease liability is increased by interest on lease liability, reduced by lease payments made and remeasured to reflect any reassessment or lease modifications specified in the standard, or to reflect revised fixed lease payments.
- measures 'Right-of-use assets' as present value of all lease payments discounted using the Group's incremental cost of borrowing and any initial direct costs. Subsequently, 'Right-of-use assets' is measured using cost model i.e. at cost less any accumulated depreciation (depreciated on straight line basis over the lease period) and any accumulated impairment losses adjusted for any re-measurement of the lease liability specified in the standard.

The Group as a lessor

Leases under which the Group is a lessor are classified as finance or operating leases. Lease contracts where all the risks and rewards are substantially transferred to the lessee, the lease contracts are classified as finance leases. All other leases are classified as operating leases. Lease payments from operating leases are recognised as an income in the Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished.

4. Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis.

Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statements is included in the following notes:

4.1. Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The respective companies in the Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

4.2. Effective Interest Rate (EIR) method

The Group's EIR methodology, recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, probable fluctuations in collateral value as well as expected changes to India's base rate and other fee income/expense that are integral parts of the instrument

4.3. Impairment of loans portfolio

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

It has been the Group's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

4.4. Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

4.5. Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where

NOTES

forming part of Financial Statements

this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

4.6. Determination of lease term

Ind AS 116 “Leases” requires lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes assessment on the expected lease term on lease by lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating

the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of lease and the importance of the underlying to the Group’s operations taking into account the location of the underlying asset and the availability of the suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

4.7. Other estimates

These include contingent liabilities, useful lives of tangible and intangible assets etc.

8.2 Belstar Microfinance Limited

Belstar Microfinance Limited has sold some loans and advances measured at fair value through other comprehensive income, as a source of finance. As per terms of the deal, risk and reward has been transferred to the customer. Hence, as per the derecognition criteria of IND AS 109, including transfer of substantially all risks and rewards relating to assets being transferred to the buyer being met, the assets have been derecognised.

The table below summarises the carrying amount of the derecognised financial assets as in BML:

Particulars	March 31, 2022	March 31, 2021
Carrying amount of derecognised financial assets *	6,543.26	4,395.41
Interest only strip	427.59	417.13
Gain/(loss) from derecognition	458.73	242.68

* In previous year derecognized financials asset changed from Gross value to carrying value.

Transferred financial assets that are not derecognised in their entirety

BML uses securitisations as a source of finance and a means of risk transfer. BML securitised its microfinance loans to different entities. These entities are not related to the BML. Also, BML neither holds any equity or other interest nor control them.

As per the terms of the agreement, BML is exposed to first loss amounting to 5% to 10% of the amount securitised and therefore continues to be exposed to significant risk and rewards relating to the underlying microfinance loans. These receivables are not derecognised and proceeds received are recorded as a financial liability under borrowings.

The table below outlines the carrying amounts and fair values of all financial assets transferred that are not derecognised in their entirety and associated liabilities.

Particulars	March 31, 2022	March 31, 2021
Carrying amount of assets re - recognised due to non transfer of assets	-	78.58
Carrying amount of associated liabilities	-	6.16

The carrying amount of above assets and liabilities is a reasonable approximation of fair value.

Interest in unconsolidated structured entity:

These are entities which are not consolidated because BML does not control them through voting rights, contract, funding agreements, or other means.

The following table describes the types of structured entities that BML does not consolidate but in which it holds an interest.

Type of Structured Entity	Nature and Purpose	Interest held by BML
Securitisation Vehicle for loans	To generate	- Servicing fee
	- Funding for BML's lending activities	- Credit Enhancement provided by BML
	- Spread through sale of assets to investors	- Excess interest spread
	- Fees for servicing loan	

8.3 Muthoot Homefin (India) Limited has assigned a pool of certain loans amounting to ₹1,679.43 million (PY: ₹1,000 million) by way of a direct assignment transaction. These loan assets have been de-recognised from the loan portfolio of the company as the sale of loan assets is an absolute assignment and transfer on a 'no-recourse' basis. The Company continues to act as a servicer to the assignment transaction on behalf of assignee. In terms of the assignment agreement, the Company pays to assignee, on a monthly basis, the pro-rata collection amounts.

25.1 Nature and purpose of reserve

(a) Statutory reserve

Statutory Reserve represents the Reserve Fund created under Section 45 IC of the Reserve Bank of India Act, 1934. Accordingly an amount representing 20% of Profit for the period is transferred to the fund for the year.

(b) Securities Premium

This Reserve represents the premium on issue of equity shares and can be utilized in accordance with the provisions of the Companies Act, 2013.

(c) Debenture Redemption Reserve

Pursuant to Rule 18(7)(b)(iii) of the Companies (Share Capital and Debentures) Rules, 2014, as amended vide the Companies (Share Capital and Debentures) Amendment Rules, August 16, 2019, the Company, being an NBFC registered with the Reserve Bank of India under Section 45 IA of the RBI Act, 1934, is not required to create a Debenture Redemption Reserve, in respect of public issue of debentures and debentures issued by it on a private placement basis.

NOTES

forming part of Financial Statements

(₹ in millions, except for share data and unless otherwise stated)

(d) General Reserve

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of profit for the period at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

(e) Share Options outstanding account

The fair value of equity settled share based payments transactions is recognised in the Statement of Profit and Loss with corresponding credit to Share option outstanding account.

(f) Retained earnings

This Reserve represents the cumulative profits of the Company. This Reserve can be utilized in accordance with the provisions of the Companies Act, 2013.

(g) Capital Redemption Reserve

The amount in Capital Redemption Reserve is equal to nominal amount of the Non-Convertible Redeemable Preference Shares redeemed. The Group may issue fully paid up bonus shares to its members out of the capital redemption reserve account.

(h) Capital Reserve

A capital reserve is used for contingencies or to offset capital losses. It is derived from the accumulated capital surplus created out of capital profit.

(i) Other Comprehensive Income

Equity instruments through Other Comprehensive Income

The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated in the FVOCI equity investments reserve. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.

Effective portion of Cash Flow Hedges and Cost of Hedging Reserve

Effective portion of cash flow hedges represents the cumulative gains/(losses) arising on changes in fair value of the derivative instruments designated as cash flow hedges through OCI. The amount recognized as effective portion of Cash flow hedge is reclassified to profit or loss when the hedged item affects profit or loss. The company designates the spot element of foreign currency forward contracts as hedging instruments. The changes in the fair value of forward element of the forward contract on reporting date is deferred and retained in the cost of hedging reserve.

Remeasurement of defined benefit plans

It represents the gain/(loss) on remeasurement of Defined Benefit Obligation and of Plan assets.

25.2 Dividend proposed to be distributed to equity shareholders for the period

Note 37: Segment Information

The Group is engaged primarily in the business of Financing, where operating results are regularly reviewed by the respective entity's chief operating decision maker to make decisions about resources to be allocated and to assess its performance, and for which discrete financial information is available. Further other business segments do not exceed the quantitative thresholds as defined by the Ind AS 108 on "Operating Segment". Hence, there are no separate reportable segments, as required by the Ind AS 108 on "Operating Segment".

Note 38: Retirement Benefit Plan

Defined Contribution Plan

The Group makes contributions to Provident Fund which are defined contribution plan for qualifying employees.

Defined Benefit Plan

The Company and five subsidiaries (AAF, BML, MHIL, MML and MIBPL) have defined benefit gratuity plans. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Every employee who has completed five years or more of service gets a gratuity on leaving the service of the Group at 15 days salary (last drawn salary) for each completed year of service. Gratuity schemes are funded by Insurance companies except in the case of AAF.

The following tables summaries the components of net benefit expense recognized in the Statement of Profit and Loss and the funded status and amounts recognized in the Balance Sheet for the gratuity plan.

Further Salary Increase	Decrease by 1%	(8.22)	(10.81)

Description of Asset Liability Matching (ALM) Policy

The Group primarily deploys its gratuity investment assets in insurer-offered debt market-linked plans. As investment returns of the plan are highly sensitive to changes in interest rates, liability movement is broadly hedged by asset movement if the duration is matched.

Description of funding arrangements and funding policy that affect future contributions

The liabilities of the fund are funded by assets. The Group aims to maintain a close to full-funding position at each Balance Sheet date. Future expected contributions are disclosed based on this principle.

The principal assumptions used in determining leave encashment obligations for the Group's plans are shown below:

The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations. The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments, mortality, withdrawals and other relevant factors.

Note 39: Maturity analysis of assets and liabilities

The table below shows the maturity analysis of assets and liabilities according to when they are expected to be recovered or settled. For Loans and advances to customers, the Group uses the same basis of expected repayment behaviour as used for estimating the EIR. Issued debt reflect the contractual coupon amortisations.

Note 43: Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

Fair Value Hierarchy of financial instruments measured at fair value

I. The following table shows an analysis of financial instruments recorded at fair value

The fair value measurement hierarchy for financial instruments measured at fair value as at March 31, 2022 is as follows:

Particulars	At Fair Value Through Profit or Loss			
	Level-1	Level-2	Level-3	Total
Investments	952.92	179.26	-	1,132.18

Particulars	At Fair Value Through Other Comprehensive Income

Derivative Financial Instruments (liabilities)	-	4,797.97	-	4,797.97

The fair value measurement hierarchy for financial instruments measured at fair value as at March 31, 2021 is as follows:

Particulars	At Fair Value Through Profit or Loss			
	Level-1	Level-2	Level-3	Total
Investments	455.28	208.50	-	663.78

Derivative Financial Instruments (liabilities)	-	3,305.19	-	3,305.19

Valuation methodologies of financial instruments measured at fair value

Fair values of financial assets, other than those which are subsequently measured at amortised cost, have been arrived at as under :

Investment at fair value through profit and loss

For investment at fair value through profit and loss, valuation is done using quoted prices from active markets at the measurement date. The equity instruments which are actively traded on public stock exchanges with readily available active prices on a regular basis are classified as Level 1. Units held in mutual funds are measured based on their published net asset value (NAV), taking into account redemption and/or other restrictions are generally Level 1.

Derivative Financial Instruments (assets/liabilities) at fair value through other comprehensive income

The financial assets/liabilities on derivative contracts has been valued at fair value through other comprehensive income using closing rate and is classified as Level 2.

Investments at fair value through other comprehensive income

Equity instruments in non-listed entities are initially recognised at transaction price and re-measured as per fair valuation report on a case-by-case and classified as Level 2. The equity instruments which are actively traded on public stock exchanges with readily available active prices on a regular basis are classified as Level 1.

Loans at fair value through other comprehensive income

For loans at FVOCI, valuation is done using a discounted cash flow model based on contractual cash flows using actual or estimated yields.

II. The following tables show the reconciliation of the opening and closing amounts of Level 3 financial assets and liabilities measured at fair value:

March 31, 2022	As at April 01, 2021	Issuances and Settlements (Net)	Transfers into Level 3	Transfers from Level 3	Net interest income	Other Comprehensive Income	As at March 31, 2022

III. Impact on fair value of Level 3 financial instruments measured at fair value of changes to key assumptions

The table summarises the valuation techniques together with the significant unobservable inputs used to calculate the fair value of loans classified at Level 3

Particulars	Level 3 Assets March 31, 2022	Valuation Technique	Significant Unobservable Input
Loans	-	Discounted Projected cash flow	Discount/Margin Spread

Particulars	Level 3 Assets March 31, 2021	Valuation Technique	Significant Unobservable Input
Loans	1,034.45	Discounted Projected cash flow	Discount/Margin Spread

The respective subsidiary company (BML) has taken one discount rate to discount the loans. The discount rate taken in March 2021 is 20.86%.

IV. Sensitivity of fair value measurements to changes in unobservable market data

Although the subsidiary company (BML) believes that its estimates of fair value are appropriate, the use of different methodologies or assumptions could lead to different measurements of fair value. For fair value measurements in Level 3, changing one or more of the assumptions used to reasonably possible alternative assumptions would have the following effects.

Valuation methodologies of financial instruments not measured at fair value

Short-term financial assets and liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and cash equivalents, trade receivables, balances other than cash and cash equivalents and trade payables without a specific maturity.

Loans and advances to customers

The fair values of loans and receivables are estimated by discounted cash flow models that incorporate assumptions for credit risks, probability of default and loss given default estimates. Since comparable data is not available, Credit risk is derived using, historical experience, management view and other information used in its collective impairment models.

Fair values of portfolios are calculated using a portfolio-based approach, grouping loans as far as possible into homogenous groups based on similar characteristics i.e., type of loan. The respective company then calculates and extrapolates the fair value to the entire portfolio using effective interest rate model that incorporate interest rate estimates considering all significant characteristics of the loans. The credit risk is applied as a top-side adjustment based on the collective impairment model incorporating probability of defaults and loss given defaults. Hence, the carrying amount of such financial assets at amortised cost net of impairment loss allowance is of reasonable approximation of their fair value.

Investments- at amortised cost

For Government Securities, the market value of the respective Government stock as on the date of reporting has been considered for fair value computations.

Debt Securities

The fair value of debt securities is estimated by a discounted cash flow model incorporating interest rate estimates from market observable data such as secondary prices for its traded debt itself.

NOTES

forming part of Financial Statements

(₹ in millions, except for share data and unless otherwise stated)

Financial liabilities at amortised cost

The fair values of financial liabilities held-to-maturity (financial liabilities other than trade payables and debt securities) are estimated using effective interest rate model based on contractual cash flows using actual yields. Since the cost of borrowing on the reporting date is not expected to be significantly different from the actual yield considered under effective interest rate model, the carrying value of financial liabilities at amortised cost is considered a reasonable approximation of their fair value.

Note 44: Risk Management

Risk is an integral part of the Group's business and sound risk management is critical to the success. Further, the Group is exposed to risks that are particular to its lending and the environment within which it operates and primarily includes credit, liquidity and market risks. The companies in the Group has a risk management policy which covers risk associated with the financial assets like loans, investments, cash and cash equivalents, other receivables, etc. and financial liabilities like borrowings, debt securities, subordinate liabilities, trade and other payables. The risk management policy is approved by the Board of Directors.

The Group has identified and implemented comprehensive policies and procedures to assess, monitor and manage risk throughout the Group. The risk management process is continuously reviewed, improved and adapted in the changing risk scenario and the agility of the risk management process is monitored and reviewed for its appropriateness in the changing risk landscape. The process of continuous evaluation of risks includes taking stock of the risk landscape on an event-driven basis.

The Group has an elaborate process for risk management. Major risks identified by the businesses and functions are systematically addressed through mitigating actions on a continuing basis. The Group is generally exposed to credit risk, liquidity risk, market risk and operational risk.

A. Credit Risk

Credit risk is the risk that a customer or counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group's major income generating activity is gold loan, housing loan, receivables through financing activity, vehicle loan, personal loans and others. Therefore credit risk is a principal risk. Credit risk mainly arises from loans and advances to customers and investments in debt securities that are an asset position. The Group considers all elements of credit risk exposure such as counterparty default risk, risk of not taking collateral against loans, geographical risk and sector risk for risk management purposes. The Group also follow a systematic methodology in the opening of new branches, which takes into account factors such as demand for credit in the area; income and market potential; and socio-economic and law and order risks in the proposed area.

I. Policies and procedures for credit risk for different products

The Group addresses credit risk by following different processes for different products:

a) Gold Loan

- a) Credit risk on Gold loan is considerably reduced as collateral is Gold ornaments which can be easily liquidated and there is only a distant possibility of losses due to adequate margin of 25% or more retained while disbursing the loan. Credit risk is further reduced through a quick but careful collateral appraisal and loan approval process. Hence overall, the credit risk is normally low.
- b) Sanctioning powers for Gold Loans is delegated to various authorities at branches/controllers offices. Sanctioning power is used only for granting loans for legally permitted purposes. The maximum Loan to Value does not exceed the limit stipulated by the Reserve Bank of India under any circumstances.
- c) Gold ornaments brought for pledge is the primary responsibility of Branch Manager. Branch executives should enquire with the customers about the ownership of the ornaments being pledged for loan and the loan should

NOTES

forming part of Financial Statements

(₹ in millions, except for share data and unless otherwise stated)

be granted only after they are convinced about the genuineness of the customer and his capacity to own that much quantity of gold. In addition to the above, customers are also required to sign a declaration of ownership of ornaments offered as security for the loan. Extra care is taken if the gold jewellery brought for pledge by any customer at any one time or cumulatively is more than 20 gm. The declaration should also contain an explanation specifically as to how the ownership was vested with the customer.

- d) Auctions are conducted as per the Auction Policy of the Group and the guidelines issued by Reserve Bank of India. Auction is generally conducted before loan amount plus interest exceeds realizable value of gold. After reasonable time is given to the customers for release after loan becomes overdue and exhausting all efforts for persuasive recovery, auction is resorted to as the last measure in unavoidable cases. Loss on account of auctions are recovered from the customer. Any excess received on auctions are refunded to the customer.
- e) In case of loans other than Gold Loan, loans are given whether with primary/collateral security, like secured loans or without any primary/collateral security like unsecured loans, more than ordinary care is taken such that loans are granted only to persons/firms/companies of repute with credit worthiness, future cash flows to repay the loan and track record.

b) Housing loan and Vehicle loan

The credit risk management policy of the Group seeks to have following controls and key metrics that allows credit risks to be identified, assessed, monitored and reported in a timely and efficient manner in compliance with regulatory requirements:

- Standardize the process of identifying new risks and designing appropriate controls for these risks.
- Minimize losses due to defaults or untimely payments by borrowers.
- Maintain an appropriate credit administration and loan review system.
- Establish metrics for portfolio monitoring.
- Design appropriate credit risk mitigation techniques.

Risk assessment and measurement

Group is having a robust risk assessment framework to address each of the identified risks. The following is the framework implemented in order to ensure completeness and robustness of the risk assessment for housing loan and receivables under financing activity.

- Selection of client base - Adequate due diligence is carried out for selection of customers.
- Credit assessment - credit rating and credit bureau check.
- Follow up and regular monitoring of the group.

Risk Mitigation

The following risk mitigation measures have been suggested at each stage of loan life cycle:

- Loan Origination - site screening, independent visit by manager, adequate training to officers.
- Loan underwriting - Risk rating, independent assessment, etc.
- Loan Pre and Post Disbursement - disbursement at the branch premises and in the bank account only, tracking to avoid misuse of funds.
- Loan monitoring - credit officers to attend group meeting, reminder of payment of EMI's on time, etc.
- Loan collection and recovery - monitor repayments, confirmation of balances.

c) Receivables under financing activity

Risk Identification

Credit risk may originate in one or multiple of following ways mentioned below:

- Adverse selection of members for group formation (eg. bogus members, defaulters, etc.).
- Adverse selection of groups for undertaking lending activity (unknown members due to geographical vicinity, etc.).
- Gap in credit assessment of borrower's credit worthiness (Failure to collect KYC documents, verify residential address, assess income source, etc.).
- Undue Influence of Animator/Representative on group members (misuses of savings of group, etc.).
- Sanction of higher loan amount.
- Improper use of loan amount than the designated activity.
- Over-concentration in any geography/branch/zone etc.
- Change in the savings pattern/meeting pattern of group post availing loan (eg. failure of members to deposit minimum savings amount each month, absence of members from meetings, etc.).

Risk assessment and measurement

Group is having a robust risk assessment framework to address each of the identified risks. The following is the framework implemented in order to ensure completeness and robustness of the risk assessment.

- Selection of client base for group formation - Adequate due diligence is carried out for selection of women borrowers who are then brought together for SHG formation. (eg. members with same level of income, only one member from family, annual per capita income, etc.).
- Adequate Training and Knowledge of SHG operations.
- Credit assessment - credit rating and credit bureau check.
- Follow up and regular monitoring of the Group.

Risk Mitigation

- Loan Origination - site screening, independent visit by manager, adequate training to officers.
- Loan underwriting - Risk rating, independent assessment, etc.
- Loan Pre and Post Disbursement - disbursement at the branch premises and in the bank account only, tracking to avoid misuse of funds.
- Loan monitoring - credit officers to attend group meeting, reminder of payment of EMI on time, etc.
- Loan collection and recovery - monitor repayments, confirmation of balances.

II. Impairment assessment

Definition of default and cure

The Group considers a financial instrument defaulted and therefore stage 3 (credit - impaired) for ECL calculations in all cases when the borrower becomes 90 days past due on its contractual payments.

As a part of a qualitative assessment of whether a customer is in default, the Group also considers a variety of instances that may indicate unlikeness to pay. When such event occurs, the Group carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as stage 3 for ECL calculations.

It is the Group's policy to consider a financial instrument as 'cured' and therefore re-classified out of Stage 3 when the due amount have been paid. The decision whether to classify an asset as Stage 2 or Stage 1 once cured depends on the updated credit grade, at the time of the cure, and whether this indicates there has been a significant increase in credit risk compared to initial recognition.

NOTES

(₹ in millions, except for share data and unless otherwise stated)

Group's internal credit rating grades and staging criteria for loans are as follows:

Rating	Loans Days past due (DPD)	Stages
High grade	Not yet due	Stage 1
Standard grade	1-30 DPD	Stage 1
Sub-standard grade	31-60 DPD	Stage 2
Past due but not impaired	61-90 DPD	Stage 2
Impaired	91 DPD or More	Stage 3

Exposure at Default (EAD)

The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest.

Probability of Default (PD)

The Probability of Default is an estimate of the likelihood of default over a given time horizon. To calculate the ECL for a Stage 1 loan, the Group assesses the possible default events within 12 months for the calculation of the 12month ECL. For Stage 2 and Stage 3 financial assets, the exposure at default is considered for over the lifetime of the instruments. The Group uses historical information where available to determine PD. Considering the different products and schemes, the Group has bifurcated its loan portfolio into various pools. PD is calculated using Incremental 91 DPD approach considering fresh slippage using historical information.

Based on its review of macro-economic developments and economic outlook, the Group has assessed that no adjustment is required for temporary overlays to determine qualitative impact on its PD's as at March 31, 2022 and March 31, 2021.

Loss Given Default (LGD)

LGD is the estimated loss that the Group might bear if the borrower defaults. The Group determines its recovery (net present value) by analysing the recovery trends, borrower rating, collateral value and expected proceeds from sale of asset.

The LGD rates have been computed internally based on the discounted recoveries in default accounts that are closed / written off / repossessed and upgrade during the year. When estimating ECLs on a collective basis for group of similar assets, the group applies same principles for assessing whether there has been a significant increase in credit risk since initial recognition.

B. Liquidity Risk

Liquidity risk refers to the risk that the Group may not meet its financial obligations. Liquidity risk arises due to the unavailability of adequate funds at an appropriate cost or tenure. The objective of liquidity risk management, is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Group consistently generates sufficient cash flows from operating and financial activities to meet its financial obligations as and when they fall due. The Group mobilises funds from multiple sources, including from banks, financial institutions and capital markets to maintain a healthy mix of sources. The focus is on diversifying fund raising sources, managing interest rate risks and maintaining a strong relationship with banks, financial institutions, mutual funds, insurance companies, other domestic and foreign financial institutions and rating agencies to ensure that credit concerns are addressed and thereby liquidity risk is well addressed.

The maturity schedule for all financial liabilities and assets are regularly reviewed and monitored. The companies in the Group has an asset liability management (ALM) policy and ALM Committee to review and monitor the liquidity risk and ensure the compliance with the prescribed regulatory requirement. The ALM Policy prescribes the detailed guidelines for managing the liquidity risk.

The table below provide details regarding the contractual maturities of significant financial assets and liabilities (including balances on account of Inter-company transactions) of the Company, BML, MHIL, MML and AAF as on:-

C. Market Risk

Market Risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market factor. Such changes in the values of financial instruments may result from changes in the interest rates, credit, liquidity, and other market changes. The objective of market risk management is to avoid excessive exposure of our earnings and equity to loss and reduce our exposure to the volatility inherent in financial instruments. The Group is exposed to two types of market risk as follows:

NOTES

forming part of Financial Statements

(₹ in millions, except for share data and unless otherwise stated)

(a) Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group is subject to interest rate risk, primarily since it lends to customers at fixed rates and for maturity periods shorter than the funding sources. Majority of our borrowings are at fixed rates. However, borrowings at floating rates gives rise to interest rate risk. Interest rates are highly sensitive to many factors beyond control, including the monetary policies of the Reserve Bank of India, domestic and international economic and political conditions, inflation and other factors. In order to manage interest rate risk, the Group seek to optimize borrowing profile between short-term and long-term loans. The Group adopts funding strategies to ensure diversified resource-raising options to minimize cost and maximize stability of funds. Assets and liabilities are categorized into various time buckets based on their maturities and Asset Liability Management Committee supervise an interest rate sensitivity report periodically for assessment of interest rate risks. The Interest Rate Risk is mitigated by availing funds at very competitive rates through diversified borrowings and for different tenors.

The following table demonstrates the sensitivity to a reasonably possible change in the interest rates on the portion of borrowings affected. With all other variables held constant, the profit before taxes affected through the impact on floating rate borrowings are as follows:

Muthoot Finance Limited

Particulars	Effect on Statement of Profit and Loss for the year 2021-22	Effect on Statement of Profit and Loss for the year 2020-21
1% increase in interest rates	2,400.21	1,817.50

Muthoot Homefin (India) Limited

1% increase in interest rates	97.33	134.60
1% decrease in interest rates	(97.33)	(134.60)

(b) Price Risk

For Gold loan

Sudden fall in the gold price and fall in the value of the pledged gold ornaments can result in some of the customers to default if the loan amount and interest exceeds the market value of gold. This risk is in part mitigated by a minimum 25% margin retained on the value of jewellery for the purpose of calculation of the loan amount. Further, we appraise the jewellery collateral solely based on the weight of its gold content, excluding weight and value of the stone studded

NOTES

forming part of Financial Statements

(₹ in millions, except for share data and unless otherwise stated)

in the jewellery. In addition, the sentimental value of the gold jewellery to the customers may induce repayment and redemption of the collateral even if the value of gold ornaments falls below the value of the repayment amount. An occasional decrease in gold prices will not increase price risk significantly on account of our adequate collateral security margins. However, a sustained decrease in the market price of gold can additionally cause a decrease in the size of our loan portfolio and our interest income.

Equity price risk is the risk that the fair value of equities decrease as the result of changes in level of equity indices and individual stocks. The trading equity price risk exposure arises from equity securities classified at FVTPL and the non-trading equity price risk exposure arises from equity securities classified at FVOCI.

A 10% increase/(decrease) in the equity price (traded and non-traded) would have the impact as follows:

Particulars	Increase / (Decrease) in percentage	Sensitivity of profit or loss	Sensitivity of other comprehensive income
As at March 31, 2022	10/(10)	0.00/(0.00)	196.05/(196.05)
As at March 31, 2021	10/(10)	0.00/(0.00)	189.90/(189.90)

For Housing loan and receivables under financing activity

The Group's exposure to price risk is not material and it is primarily on account of investment of temporary treasury surplus in the highly liquid debt funds for very short durations. The Group has a board approved policy of investing its surplus funds in highly rated debt mutual funds and other instruments having insignificant price risk, not being equity funds/ risk bearing instruments.

(c) Prepayment risk

Prepayment risk is the risk that the Group will incur a financial loss because its customers and counterparties repay or request repayment earlier or later than expected, such as fixed rate loans like ours when interest rates fall.

(d) Foreign currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk for the Company arises majorly on account of foreign currency borrowings. The Company's foreign currency exposures are managed in accordance with its Foreign Exchange Risk Management Policy which has been approved by its Board of Directors. The Company has hedged its foreign currency risk on its foreign currency borrowings as on March 31, 2022 by entering into cross currency swaps and forward contracts with the intention of covering the entire term of foreign currency exposure. The counterparties for such hedge transactions are banks.

The Company's exposure on account of Foreign Currency Borrowings at the end of the reporting period expressed in Indian Rupees are as follows:

Particulars	Foreign currency	As at March 31, 2022	As at March 31, 2021
External Commercial Borrowings - Senior Secured Notes	USD	76,815.78	74,097.06

Since the foreign currency exposure is completely hedged by equivalent derivative instrument, there will not be any significant impact on sensitivity analysis due to the possible change in the exchange rates where all other variables are held constant. On the date of maturity of the derivative instrument, considering the hedging for the entire term of the foreign currency exposure, the sensitivity of profit and loss to changes in the exchange rates will be Nil.

D. Operational and business risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. When controls fail to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The Group cannot expect to eliminate all operational risks, but it endeavours to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes, including the use of internal audit.

Independent Auditors' Review Report
on the Quarterly Unaudited Standalone Financial Results of the Company
pursuant to Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure
Requirements) Regulations, 2015, as amended

The Board of Directors
Muthoot Finance Limited

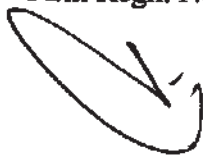

1. We have reviewed the accompanying statement of unaudited standalone financial results of Muthoot Finance Limited ("the Company") for the quarter ended June 30, 2022 ("the Statement"). This statement has been prepared by the Company pursuant to the requirements of Regulation 33 and Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the 'Listing Regulations'), read with relevant circulars issued by the SEBI.
2. The Statement which is the responsibility of the Company's Management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, ('Ind AS 34') "Interim Financial Reporting", prescribed under section 133 of the Companies Act, 2013, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with the Listing Regulations. Our responsibility is to issue a conclusion on these Statements based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 - "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited financial results, prepared in accordance with applicable accounting standards and other recognized accounting practices and policies, generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations read with the relevant circulars issued by the SEBI, including the manner in which it is to be disclosed, or that it contains any material misstatement.

5. The Statement includes comparative financial figures of the Company for the quarter ended June 30, 2021, which have been reviewed by the predecessor auditor vide their reports dated August 06, 2021, in which the predecessor auditor has expressed unmodified conclusions.

Our conclusion is not modified in respect of this matter.

Independent Auditors' Review Report
on the Quarterly Unaudited Consolidated Financial Results of the Company
pursuant to Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure
Requirements) Regulations, 2015, as amended

The Board of Directors
Muthoot Finance Limited

1. We have reviewed the accompanying Statement of Unaudited Consolidated Financial Results of Muthoot Finance Limited ("the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group") for the quarter ended June 30, 2022 (the "Statement"), being submitted by the Parent pursuant to the requirement of Regulation 33 and Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the 'Listing Regulations') read with relevant circulars issued by the SEBI.
2. This Statement, which is the responsibility of the Parent's Management and approved by the Parent's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 as amended read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements ("SRE") 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", and Standards on Auditing (SA) 600 "Using the work of another auditor", issued by the Institute of Chartered Accountants of India ("ICAI"). This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of Parent's personnel responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the Circular No. CIR/CFD/CMD 1/44/2019 dated March 29, 2019, issued by the SEBI under Regulation 33(8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

4. The Statement includes the results of the following entities:

- i. Asia Asset Finance PLC
- ii. Muthoot Homefin (India) Limited
- iii. Belstar Microfinance Limited
- iv. Muthoot Insurance Brokers Private Limited
- v. Muthoot Asset Management Private Limited
- vi. Muthoot Trustee Private Limited
- vii. Muthoot Money Limited

5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of the other auditors referred to in paragraph 6 below, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited consolidated financial results, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations read with relevant circulars issued by the SEBI including the manner in which it is to be disclosed, or that it contains any material misstatement.
6. We did not review the interim financial results of the 7 subsidiaries included in the consolidated unaudited financial results, whose interim financial results reflect total assets of Rs.58,044.43 million as at June 30, 2022, and total revenues of Rs.2,844.70 million, total net profit after tax of Rs.229.52 million and total comprehensive income of Rs.117.89 million for the quarter ended June 30, 2022, as considered in the Statement.

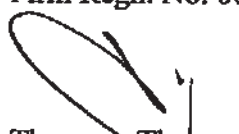

These interim financial results have been reviewed by the other auditors whose reports have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the report of the other auditors and the procedures performed by us as stated in paragraph 3 above.

Our conclusion on the Statement is not modified in respect of the above matter.

7. The Statement includes comparative financial figures of the Group for the quarter ended June 30, 2021, which have been reviewed by the predecessor auditor vide their report dated August 06, 2021, respectively, in which the predecessor auditor has expressed unmodified conclusions.

Our conclusion is not modified in respect of this matter.

Independent Auditors' Review Report

on the Quarterly and Year to Date Unaudited Standalone Financial Results of the Company
 pursuant to Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure
 Requirements) Regulations, 2015, as amended

The Board of Directors Muthoot Finance Limited

1. We have reviewed the accompanying statement of unaudited standalone financial results of Muthoot Finance Limited ("the Company") for the quarter and six months ended September 30, 2022 ("the Statement"). This statement has been prepared by the Company pursuant to the requirements of Regulation 33 and Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the 'Listing Regulations'), read with relevant circulars issued by the SEBI.
2. The Statement which is the responsibility of the Company's Management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, ('Ind AS 34') "Interim Financial Reporting", prescribed under section 133 of the Companies Act, 2013, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with the Listing Regulations. Our responsibility is to issue a conclusion on these Statements based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 - "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited financial results, prepared in accordance with applicable accounting standards and other recognized accounting practices and policies, generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations read with the relevant circulars issued by the SEBI, including the manner in which it is to be disclosed, or that it contains any material misstatement.

5. The Statement includes comparative financial figures of the Company for the quarter and six months ended September 30, 2021, which have been reviewed by the predecessor auditor vide their report dated November 04, 2021, in which the predecessor auditor has expressed unmodified conclusion.

Our conclusion is not modified in respect of this matter.

Independent Auditors' Review Report

**on the Quarterly and Year to Date Unaudited Consolidated Financial Results of the Company
pursuant to Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure
Requirements) Regulations, 2015, as amended**

The Board of Directors
Muthoot Finance Limited

1. We have reviewed the accompanying Statement of Unaudited Consolidated Financial Results of Muthoot Finance Limited ("the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group") for the quarter and six months ended September 30, 2022 (the "Statement"), being submitted by the Parent pursuant to the requirement of Regulation 33 and Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the 'Listing Regulations') read with relevant circulars issued by the SEBI.
2. This Statement, which is the responsibility of the Parent's Management and approved by the Parent's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 as amended read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements ("SRE") 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", and Standards on Auditing (SA) 600 "Using the work of another auditor", issued by the Institute of Chartered Accountants of India ("ICAI"). This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of Parent's personnel responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the Circular No. CIR/CFD/CMD 1/44/2019 dated March 29, 2019, issued by the SEBI under Regulation 33(8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

4. The Statement includes the results of the following entities:

- i. Asia Asset Finance PLC
- ii. Muthoot Homefin (India) Limited

- iii. Belstar Microfinance Limited
- iv. Muthoot Insurance Brokers Private Limited
- v. Muthoot Asset Management Private Limited
- vi. Muthoot Trustee Private Limited
- vii. Muthoot Money Limited

5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of the other auditors referred to in paragraph 6 below, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited consolidated financial results, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations read with relevant circulars issued by the SEBI including the manner in which it is to be disclosed, or that it contains any material misstatement.
6. We did not review the interim financial results of the 7 subsidiaries included in the consolidated unaudited financial results, whose interim financial results reflect total assets of Rs.58,509.25 million as at September 30, 2022, and total revenues of Rs.3,271.19 million, total net profit after tax of Rs.344.08 million and total comprehensive income of Rs.356.03 million for the quarter ended September 30, 2022, and total revenues of Rs.6115.89 million, total net profit after tax of Rs.573.60 million, total comprehensive income of Rs.473.92 million, and total net cash outflows of Rs.1945.35 million for the six months ended September 30, 2022, as considered in the Statement.

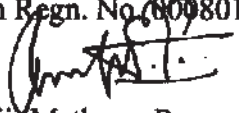

These interim financial results have been reviewed by the other auditors whose reports have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the report of the other auditors and the procedures performed by us as stated in paragraph 3 above.

Our conclusion on the Statement is not modified in respect of the above matter.

7. The Statement includes comparative financial figures of the Group for the quarter and six months ended ended September 30, 2021, which have been reviewed by the predecessor auditor vide their report dated November 04, 2021, respectively, in which the predecessor auditor has expressed unmodified conclusion.

Our conclusion is not modified in respect of this matter.
